(a) starts on the income stream’s commencement day; and
(b) is at least as long as the primary beneficiary’s life expectancy (rounded up, if not consisting of a whole number of years, to the next whole number) on the commencement day; and

(ii) the period (rounded up, if not consisting of a whole number of years, to the next whole number) starting on the commencement day and ending on the day on which the primary beneficiary reaches age 100 (assuming that the primary beneficiary lives until then).

(4) An income stream’s term complies with this subsection if it is a period of whole years that:

Total amount payable in each financial year—general rule

(5) For each financial year wholly or partly within the income stream’s term, the total amount of the payments to be made under the income stream must not be less than 90%, nor greater than 110%, of the amount worked out under the formula:

\[
\text{Account balance} \times \text{PF}
\]

where:

\(\text{account balance}\) means:

(b) otherwise—the account balance for the income stream at the start of the financial year.

\(\text{PF}\) means the payment factor for the income stream for the financial year, worked out under principles determined by the Commission under subsection (5A).

(5A) The Commission must, by legislative instrument, determine principles for the purposes of the definition of \(\text{PF}\) in subsection (5).
Other rules about payments under the income stream

(6) If the income stream’s commencement day is not a 1 July, a total amount worked out under subsection (5) for the financial year starting on the preceding 1 July must be reduced on a pro-rata basis by reference to the number of days in the financial year that are on and after the commencement day.

(7) If:
   (a) the income stream’s commencement day happens in June; and
   (b) no payment is made under the income stream for the financial year in which the commencement day happens;

subsection (5) and (6) do not apply to the income stream for that financial year.

(8) If the amount (the test amount) of a payment to be made under the income stream on a day in a financial year:
   (a) is worked out by reference to a total amount worked out under subsection (5) (and subsection (6), if applicable) for the financial year; and
   (b) exceeds the income stream’s account balance on that day;

then:
   (c) the account balance (if any) must be paid instead of the test amount; and
   (d) that total amount described in paragraph (a) must be reduced by the amount of the excess.

(9) If the income stream has a positive account balance at the end of its term, a payment equal to that account balance must be made within 28 days after the end of the term.

Determination that income stream not asset-test exempt

(10) The Commission may determine that an income stream that meets the requirements of subsection (2) is not an asset-test exempt income stream if the Commission is satisfied that:

Part I  Preliminary

(b) on at least 3 of those occasions, the commutation happened within 6 months after the commencement day of the income stream concerned.

Determination that income stream is asset-test exempt

(11) The Commission may determine, in writing, that an income stream is an asset-test exempt income stream for the purposes of this Act. In making the determination, the Commission must have regard to the guidelines (if any) determined under subsection (12).

(11A) To avoid doubt, a determination under subsection (11) may be made in respect of an income stream regardless of the income stream’s commencement day.

(11B) A determination under subsection (11) is not a legislative instrument.

Guidelines to be complied with in making determination

(12) The Commission may determine, by legislative instrument, guidelines to be complied with when making a determination under subsection (11).

5JD Asset-tested status of secondary FLA income streams

(1) If a primary FLA income stream is, or would be if the income stream were assessed for the purposes of this Act:

(a) an asset-tested income stream (long term); or

(b) an asset-tested income stream (short term);
then the secondary FLA income stream to which it is related is also to be treated as if it were assessed as an income stream of that kind.

If there is no primary FLA income stream

(2) If:

(a) there is no primary FLA income stream in relation to a secondary FLA income stream; and

(b) had there been a primary FLA income stream in relation to that secondary FLA income stream it would have been assessed for the purposes of this Act as either an asset-tested income stream (long term) or an asset-tested income stream (short term);
then the secondary FLA income stream is to be treated as if it were assessed as an income stream of that kind.

5LA Principal home definition for the purpose of the assets test

Principal home

(1) A reference in this Act to the principal home of a person includes a reference to:
Veterans’ Entitlements Act 1986

Section 5LA

(a) if the principal home is a dwelling-house—the land adjacent to the dwelling-house to the extent that:
   (i) the land is held on the same title document as the land on which the dwelling-house is located; and
   (ii) the private land use test in subsection (3) is satisfied in relation to the land or, if the person is one to whom the extended land use test applies in relation to the land, the extended land use test in subsection (6) is satisfied in relation to the land;

(b) if the principal home is a flat or home unit—a garage or storeroom that is used primarily for private or domestic purposes in association with the flat or home unit.

(2) The Commission may determine that land is to be treated, for the purpose of subparagraph (1)(a)(i), as if it were held on the same title document as other land if any of the following apply:
   (a) the dwelling-house is located on both blocks of land;
   (b) the dwelling-house is located on one of the blocks of land but that block and the other block, taken together, are a place, or are part of a place, that is protected under a law of the Commonwealth, or of a State or Territory, because of its natural, historic or indigenous heritage;
   (c) the alienation of one of the blocks of land without the other would seriously undermine the function of the house as a dwelling.

Note: A mere loss of amenity, such as the loss of a swimming pool, garden, tennis court or view, would not seriously undermine the function of a house as a dwelling.

Private land use test

(3) The private land use test is satisfied in relation to land if:
   (a) the area of land, together with the area of the ground floor of the dwelling-house, is not more than 2 hectares; and
   (b) the land is used primarily for private or domestic purposes in association with the dwelling-house.

To whom does the extended land use test apply?

(4) The extended land use test applies to a person in relation to land adjacent to the dwelling-house if:
   (a) the person has reached the qualifying age; and
Section 5LA

(b) the person is eligible to receive a service pension or income support supplement and that pension or supplement is payable to the person; and

(c) the dwelling-house has been the person’s principal home for 20 years or more continuously.

Note: For qualifying age see section 5Q.

(a) the extended land use test applies to the first person’s partner (the second person); and

(6) The extended land use test is satisfied in relation to land if:

(a) the area of the land, together with the area of the ground floor of the dwelling-house, is more than 2 hectares; and

(3AB) If the whole or any part of an amount that is not rent in relation to a person as mentioned in subsection (3AA) is, or will or may become, repayable to the person, any amount by which the amount so repayable is reduced is not rent in relation to the person (either at the time when the reduction occurs or at any later time).

5R Determinations having interpretative effect

Continuous full-time service determination; member of unit of Defence Force determination

(1) The Minister may, by notice in writing published in the Gazette, make, in respect of a person, or of persons included in a class of persons, specified in the notice, all or any of the following determinations:

(a) a determination that this Act, or specified provisions of this Act, are to apply to and in relation to the person, or a person included in that class of persons, as if he or she was, while he or she was rendering service of a kind specified in the notice (in this subsection referred to as relevant service), a member of the Defence Force who was rendering continuous full-time service;

(b) a determination that this Act, or specified provisions of this Act, are to apply to and in relation to the person (being a member of the Defence Force), or a person included in that class of persons (being members of the Defence Force), as if he or she was, while he or she was rendering relevant service, rendering continuous full-time service;

(c) a determination that this Act, or specified provisions of this Act, are to apply to and in relation to the person, or a person included in that class of persons, as if he or she was, while he
or she was rendering relevant service, a member of a specified unit of the Defence Force;

and, if the Minister does so, this Act applies, or the specified provisions of this Act apply, as the case may be, accordingly.

Note: for continuous full-time service and member of a unit of the Defence Force see subsection 5C(1).

Allied veteran determination

(2) If a person who is a claimant for an age service pension or an invalidity service pension satisfies the Commission:

(a) that the person had been appointed or enlisted as a member of the forces or services of:

(i) an allied country, being forces or services of a kind referred to in the definition of defence force established by an allied country; or

(ii) the government-in-exile of an allied country, being forces or services of a kind referred to in subsection 5C(3); and

(b) that those forces or services were raised and operated in such a manner that the members of those forces and services:

(i) were formally appointed to, or enlisted in, those forces or services; and

(ii) were subject to the rules and conventions of warfare; and

(c) that the person was not required, as such a member, to wear a uniform or insignia distinguishing the person as a member of those forces or services or to carry arms at all or to carry arms openly; and

(d) that it would have been unreasonable, having regard to the conditions existing, at the time the person served in those forces or services, in the parts of that country in which the person so could serve, for the person to have been required to wear a uniform or insignia or to carry arms or to carry arms openly;

the Commission must determine that the person is, for the purposes of the definition of allied veteran in subsection 5C(1) to be treated as a person who has been appointed or enlisted as a member of the defence force established by that allied country or that government-in-exile.
Section 5R

Person may be treated as not being a member of a couple

(3) The Commission may determine, for any special reason, that a person who is a member of a couple is not to be treated as a member of a couple for the purposes of this Act.

   (b) they are unable to live together in their home as a result of the illness or infirmity of either or both of them; and
   (c) because of that inability to live together, their living expenses are, or likely to be greater than they would otherwise be; and
   (d) that inability is likely to continue indefinitely;

the Commission may make a written determination that the 2 people are members of an illness separated couple for the purposes of this Act.

Respite care couple determination

(6) If the Commission is satisfied that:
   (a) 2 people are members of a couple; and
   (b) one of the members of the couple is in respite care; and
   (c) the member who is in respite care has remained, or is likely to remain, in that care for at least 14 consecutive days;

the Commission may make a written determination that the 2 people are members of a respite care couple for the purposes of this Act.

Note: For in respite care, see subsection 5NC(8).

(7) A determination under subsection (6) takes effect from the day specified by the Commission in the determination, being a day not earlier than 3 months before the Commission is notified that the person is in respite care.
Remote area determination—current or future absence from remote area

(11) If the Commission is satisfied that:
   (a) a person’s age or invalidity service pension or income support supplement includes an amount of remote area allowance; and
   (b) the person’s remote area allowance includes an amount for an FTB child or a regular care child; and
   (d) the absence is, or is likely to be, longer than 8 weeks; and
   (e) the absence is due to special circumstances (for example, the person’s medical treatment or the person’s attendance at a rehabilitation or training course);

the Commission may make a written determination that, despite that absence, the person’s rate of pension or income support supplement continues to include remote area allowance for the period specified in the determination while the person has an FTB child, or a regular care child, (as the case requires).

Note 1: For an FTB child and a regular care child see subsection 5F(1).

Note 2: a person whose absence from a remote area is longer than 8 weeks would not normally continue to be entitled to remote area allowance (see subsection 5Q(2)).

(12) If the Commission is satisfied that, in relation to a period:
   (a) a person is receiving an age or invalidity service pension or income support supplement; and
   (b) the person’s usual place of residence is in a remote area; and
   (c) because the person is absent from the remote area for longer than 8 weeks, the person’s rate of service pension or income support supplement ceases to include an amount by way of remote area allowance; and
   (d) immediately before the person’s rate ceases to include remote area allowance, the remote area allowance includes an amount for an FTB child or a regular care child;

the Commission may make a written determination that, despite that absence, the person’s rate of pension or income support supplement continues to include remote area allowance for the period specified in the determination while the person has an FTB child, or a regular care child, (as the case requires).
Part I Preliminary

    substantial time after he or she ceased to perform duty at that
    place (otherwise than for a reason connected with the
    performance of the veteran’s duties) unless, in the
    circumstances of the particular case, the nature of the risk of

    substantially changed, and the extent of that risk was not
    substantially increased, by that delay or by anything that
    happened during that delay;
(b) to an accident that occurred while the veteran was travelling

(c) to an accident that occurred while the veteran was travelling on a part of a journey made after a substantial interruption of the journey, being an interruption made for a reason unconnected with the performance of the veteran’s duties, unless, in the circumstances of the particular case, the nature of the risk referred to in subparagraph (b)(ii) was not substantially changed, and the extent of that risk was not substantially increased, by reason of that interruption.

(5) Paragraph (1)(e) does not apply to the death of a veteran from an injury or disease, being injury or disease that has been contributed to in a material degree by, or aggravated by, eligible war service rendered by the veteran, unless the veteran has rendered operational service or the period of the eligible war service rendered by the veteran that so contributed to the injury or disease, or by which the injury or disease was aggravated, was 6 months or longer.

(6) Despite subsection (1), the death of a veteran is taken not to have been war-caused if the veteran’s death is related to the veteran’s eligible war service only because:

(a) in the case of a veteran who had not used tobacco products before 1 January 1998—the veteran used tobacco products after 31 December 1997; or

(e) the injury suffered, or disease contracted, by the veteran:
   (i) was suffered or contracted while the veteran was rendering eligible war service, but did not arise out of that service; or
   (ii) was suffered or contracted before the commencement of the period, or last period, of eligible war service rendered by the veteran, but not while the veteran was rendering eligible war service;

and, in the opinion of the Commission, the injury or disease was contributed to in a material degree by, or was aggravated by, any eligible war service rendered by the veteran, being service rendered after the veteran suffered that injury or contracted that disease;

but not otherwise.

(2) For the purposes of this Act, where any incapacity of a veteran was, in the opinion of the Commission, due to an accident that would not have occurred, or due to a disease that would not have been contracted, but for his or her having rendered eligible war service or but for changes in the veteran’s environment consequent upon his or her having rendered eligible war service:

(a) if that incapacity was due to an accident—that incapacity shall be deemed to have arisen out of the injury suffered by the veteran as a result of the accident and the injury so suffered shall be deemed to be a war-caused injury suffered by the veteran; or

(b) if the incapacity was due to a disease—the incapacity shall be deemed to have arisen out of that disease and that disease shall be deemed to be a war-caused disease contracted by the veteran.

   (b) arose from:
      (i) a serious breach of discipline committed by the veteran; or
      (ii) an occurrence that happened while the veteran was committing a serious breach of discipline.

(4) Subsections (1) and (2) do not apply to an injury suffered, or disease contracted, by a veteran if the incapacity of the veteran from that injury or disease resulted from the serious default or wilful act of the veteran that happened after the veteran ceased, or last ceased, to render eligible war service.

(5) Paragraph (1)(c) does not apply:
   (a) to an accident that occurred while the veteran was travelling on a journey from the veteran’s place of work in a case where the veteran had delayed commencing the journey for a substantial period after he or she ceased to perform duty at that place (otherwise than for a reason connected with the performance of the veteran’s duties) unless, in the circumstances of the particular case, the nature of the risk of sustaining an injury, or contracting a disease, was not substantially changed, and the extent of that risk was not substantially increased, by that delay or by anything that happened during that delay;
   (b) to an accident that occurred while the veteran was travelling on a journey, or a part of a journey, by a route that was not reasonably direct having regard to the means of transport used, unless:
      (i) the journey, or that part of the journey, was made by that route for a reason connected with the performance of the veteran’s duty; or
      (ii) in the circumstances of the particular case, the nature of the risk of sustaining an injury, or contracting a disease, was not substantially changed, and the extent of the risk was not substantially increased, by reason that the journey, or that part of the journey, was made by that route; or
Section 9A

(c) to an accident that occurred while the veteran was travelling on a part of a journey made after a substantial interruption of the journey, being an interruption made for a reason unconnected with the performance of the veteran’s duties, unless, in the circumstances of the particular case, the nature of the risk referred to in subparagraph (b)(ii) was not substantially changed, and the extent of that risk was not substantially increased, by reason of that interruption.

(6) Paragraph (1)(e) does not apply to an injury suffered, or disease contracted, by a veteran (being an injury or disease that has been contributed to in a material degree by, or aggravated by, eligible war service rendered by the veteran):

(a) if the aggravation of the injury or disease:
   (i) resulted from the veteran’s serious default or wilful act;
   (ii) arose from a serious breach of discipline committed by the veteran; or

(b) unless the veteran had rendered operational service or the period of eligible war service rendered by the veteran that so contributed to the injury or disease, or by which the injury or disease was aggravated, was 6 months or longer.

(7) Despite subsection (1), the injury or disease of a veteran is taken not to have been war-caused if that injury or disease is related to the veteran’s eligible war service only because:

(a) in the case of a veteran who had not used tobacco products before 1 January 1998—the veteran used tobacco products after 31 December 1997; or

(b) in the case of a veteran who had used tobacco products before 1 January 1998—the veteran increased his or her use of tobacco products after 31 December 1997.

9A Most war-caused injuries, diseases and deaths no longer covered by this Act

(1) A veteran’s injury, disease or death is taken not to be war-caused if:

Section 10

(i) relates to service rendered by the person on or after that date; or
(ii) relates to service rendered by the person before, and on or after, that date.

Note: After the MRCA commencement date, compensation is provided under the MRCA (instead of this Act) for such injuries, diseases and deaths.

(2) If an injury or disease of a veteran has been aggravated, or materially contributed to, by service, the aggravation or material contribution is taken not to be war-caused if:
   
   (a) the aggravation or material contribution occurs on or after the MRCA commencement date (even if the original injury is sustained, or the original disease is contracted, before that date); and
   
   (b) the aggravation or material contribution either:
       
       (i) relates to service rendered by the person on or after that date; or
       
       (ii) relates to service rendered by the person before, and on or after, that date; and

   (c) if section 12 of the CTPA applies to the veteran—after receiving a notice under that section, the veteran makes a claim under section 319 of the MRCA (or continues with a claim already made under that section) in respect of the aggravated injury or disease.

Note 1: After the MRCA commencement date, compensation is provided under the MRCA (instead of this Act) for such aggravations and material contributions.

Note 2: Compensation remains payable under this Act for the original injury or original disease.

(3) To avoid doubt, service is rendered before, and on or after, the MRCA commencement date whether the service spans the commencement date or is rendered during separate periods before and on or after that date.

       marriage or entry into the de facto relationship occurred; and

Section 13

(b) a decision granting a pension to the dependant under this section made after the commencement of this Act by the Commission, the Board or the Administrative Appeals Tribunal after that re-marriage, marriage or entry into the de facto relationship occurred (including a decision granting such a pension as from a date before that re-marriage, marriage or entry into the de facto relationship occurred) is void and of no effect unless the decision was made upon consideration or re-consideration of a claim for that pension made as described in subparagraph (a)(ii).

Note: For the meaning of reinstated pensioner see section 11AA.

(8A) Where a dependant of a deceased veteran (not being a reinstated pensioner or a child of the veteran) has re-married or married after the death of the veteran but on or before 28 May 1984:

(a) the Commonwealth is not liable to pay a pension to the dependant under this section unless the decision by the Commission, the Board or the Administrative Appeals Tribunal, as the case may be, to grant the pension was made before the commencement of section 7 of the Veterans’ Affairs Legislation Amendment Act 1988; and

(b) a decision granting a pension to the dependant under this section made after the commencement referred to in paragraph (a) by the Commission, the Board or the Administrative Appeals Tribunal (including a decision granting such a pension as from a date before that commencement) is void and of no effect.

the Forces, or a member of a Peacekeeping Force, as defined by subsection 68(1).

(10) Where a person who is in receipt of, or is eligible to receive, a pension under this Part as the child of a deceased person, being a veteran, would, but for this subsection, become eligible to receive a pension under this Part or Part IV as the child of another deceased person, being a veteran, or a member of the Forces, or a member of a Peacekeeping Force, as defined by subsection 68(1), the Commonwealth is liable to pay a pension to the person under this Part or Part IV as the child of only one of those deceased persons, and, if the rate at which that pension would be payable as the child of one of those deceased persons (in this subsection referred to as the relevant deceased person) is higher than the rate at which that pension would be payable as the child of the other of those deceased persons, then:

(a) if the relevant deceased person is a veteran—the Commonwealth is liable to pay a pension to the person under this Part as the child of the relevant deceased person; or

(b) in any other case—the Commonwealth is not liable to pay a pension to the person under this Part.

(11) In this section (other than in subsections (7A), (8), (8A), (8B), (9) and (10)), a reference to a veteran shall be read as a reference to a person (including a deceased person) who is, because of section 7, taken to have rendered eligible war service.

   (c) the veteran:
      (i) was, immediately before the veteran’s death, a veteran to whom subsection 22(4) or section 23, 24 or 25 applied; or
      (ii) was, immediately before the veteran’s death, a veteran to whom section 22 applied who was in receipt of a pension the rate of which had been increased under subsection 27(2) by an amount specified in any of items 1 to 8 of the Table in subsection 27(1); or
      (iii) is a veteran to whom subsection 13(3) applies;
   the pension payable to the dependant in respect of the death of the veteran is payable:
      (d) without the dependant having to make a claim for the pension under section 14; and
      (e) without the Commission having to make a determination under section 19.

Note:  for the dependant’s eligibility for pension see subsection 13(2).

(1A) If:
   (a) a veteran dies; and
   (b) the veteran is survived by a person who is a dependant of the veteran; and
   (c) the veteran was a prisoner of war at a time when the veteran was on operational service; and
   (d) at the time when the veteran dies, the Secretary:
      (i) is aware of the person’s existence; and
      (ii) is aware that the person is a dependant of the veteran; and
(iii) has enough information about the veteran’s and the person’s circumstances to know that a pension is payable to the dependant under subsection 13(2A); the pension payable to the dependant in respect of the death of the veteran is payable:

(e) without the dependant having to make a claim for the pension under section 14; and

(f) without the Commission having to make a determination under section 19.

Note: for the dependant’s eligibility for pension see subsection 13(2A).

(2) The pension is payable from and including the day after the veteran died.

Note: for the rate at which the pension is payable to the dependant see section 30.

Part II  Pensions, other than service pensions, for veterans and their dependants
Division 3  Claims for pensions and applications for increases in pensions

Section 14

Note 2:  if it is uncertain whether a person is a dependant and as a result a pension is not payable to the person under section 13A, the person may make a claim for the pension under section 14. The Commission will determine whether the person is entitled to be granted a pension (see subsection 19(3)).

(2) Where a determination under this Act is in force determining that any incapacity from which a veteran is suffering resulted from war-caused injury or war-caused disease, or both, but a pension was not granted to the veteran on the ground that the extent of the incapacity was insufficient to justify the grant of a pension, subsection (1) does not apply to a claim for a pension in respect of that incapacity.

(3) A claim for a pension:

(a) shall be in writing and in accordance with a form approved by the Commission;

(b) shall be accompanied by such evidence available to the claimant as the claimant considers may be relevant to the claim; and

(c) is to be lodged at an office of the Department in Australia in accordance with section 5T and is taken to have been made on a day determined under that section.

(4) Subsection (3) shall not be taken to impose any onus of proof on a claimant or to prevent a claimant from submitting evidence in support of the claim subsequently to the making, but before the determination, of the claim.

(5) Where:

(a) a veteran has made a claim for a pension under this section in respect of incapacity from a particular injury or disease; and

(b) the claim has not been finally determined;

the veteran is not empowered to make another claim for a pension under this section in respect of incapacity from that injury or disease.

(6) Where:

(a) a person has made a claim for a pension under this section in respect of the death of a veteran; and

(b) the claim has not been finally determined;

the person is not empowered to make another claim for a pension under this section in respect of the death of that veteran.

178  Veterans’ Entitlements Act 1986
(7) For the purposes of this section, a claim is finally determined when either:

(a) a decision that has been made in respect of the claim is not subject to any form of appeal or review; or

(b) a decision that has been made in respect of the claim was subject to some form of appeal or review, but the period within which such an appeal or review could be instituted has ended without an appeal or review having been instituted.

15 Application for increase in pension

(1) A veteran who is in receipt of a pension under this Part in respect of the incapacity of the veteran may apply, in accordance with subsection (3) of this section, for an increase in the rate of the pension on the ground that the incapacity of the veteran has increased since the rate of the pension was assessed or last assessed.

(1A) However, a veteran who:

(a) receives a notice under section 12 of the CTPA in respect of an aggravation of, or a material contribution to, an injury or disease; and

(b) after receiving the notice, makes a claim under section 319 of the MRCA (or continues with a claim already made under that section) in respect of the aggravation or material contribution;

is not entitled to apply for an increase in the rate of the pension on the ground that the veteran’s incapacity has increased because of that aggravation or material contribution.

Note: Under section 12 of the CTPA, a veteran who has a war-caused or defence-caused injury or disease that is aggravated or materially contributed to by service after the MRCA commencement date can choose whether the MRCA or the VEA will apply to the aggravated injury or disease.

(2) Where there is in force in respect of the incapacity of a veteran a determination of a kind referred to in subsection 14(2) but a pension has not been granted to the veteran on the ground that the extent of the incapacity is insufficient to justify the grant of a pension under this Part, the veteran may make application, in accordance with subsection (3) of this section, for a pension on the ground that the incapacity of the veteran has increased since the
grant of a pension in respect of the incapacity was refused or last refused.

(3) An application under subsection (1) or (2):
(a) shall be in writing and in accordance with a form approved by the Commission;
(b) shall be accompanied by such evidence available to the applicant as the applicant considers may be relevant to the application; and

(3) The Commission may determine that the degree of incapacity of a veteran from war-caused injury or war-caused disease, or both, is less than 10% (including 0%), and, where it does so, it shall not assess a rate of pension, but shall refuse to grant a pension to the veteran on the ground that the extent of the incapacity of the veteran from that war-caused injury or war-caused disease, or both, is insufficient to justify the grant of a pension.

22 General rate of pension and extreme disablement adjustment

(b) the veteran’s incapacity from war-caused injury or war-caused disease, or both, is, of itself alone, of such a nature as to render the veteran incapable of undertaking remunerative work otherwise than on a part-time basis or intermittently; and

(c) the veteran is, by reason of incapacity from war-caused injury or war-caused disease, or both, alone, prevented from continuing to undertake remunerative work that the veteran was undertaking and is, by reason thereof, suffering a loss of salary or wages, or of earnings on his or her own account, that the veteran would not be suffering if the veteran were free from that incapacity; and

(d) section 24 or 25 does not apply to the veteran.

(2) Paragraph (1)(b) shall not be taken to be fulfilled in respect of a veteran who is undertaking, or is capable of undertaking, work of a particular kind:

(b) where a veteran, not being a veteran who has attained the age of 65 years, who has not been engaged in remunerative work satisfies the Commission that he or she has been genuinely seeking to engage in remunerative work, that he or she would, but for that incapacity, be continuing so to seek to engage in remunerative work and that that incapacity is the substantial cause of his or her inability to obtain remunerative work in which to engage, the veteran shall be treated as having been prevented, by reason of that incapacity, from continuing to undertake remunerative work that the veteran was undertaking.

      for a continuous period of at least 10 years that began before the veteran turned 65; and

(h) section 24 or 25 does not apply to the veteran.

(3B) For the purposes of paragraph (3A)(e), a veteran who is incapacitated from war-caused injury or war-caused disease or both, to the extent set out in paragraph (1)(b) is not taken to be suffering a loss of salary or wages, or of earnings on his or her own account, because of that incapacity if:

   (a) the veteran has ceased to engage in remunerative work for reasons other than his or her incapacity from that war-caused injury or war-caused disease, or both; or

      (ii) the veteran is incapacitated, or prevented, from engaging in remunerative work for some other reason; and
   (b) where a veteran, not being a veteran who has attained the age of 65 years, who has not been engaged in remunerative work satisfies the Commission that he or she has been genuinely seeking to engage in remunerative work, that he or she would, but for that incapacity, be continuing so to seek to engage in remunerative work and that that incapacity is the substantial cause of his or her inability to obtain remunerative work in which to engage, the veteran shall be treated as having been prevented by reason of that incapacity from continuing to undertake remunerative work that the veteran was undertaking.

   (a) the veteran has made a claim under section 14 for a pension, or an application under section 15 for an increase in the rate of the pension that he or she is receiving; and
   (b) the veteran had turned 65 before the claim or application was made; and
   (c) paragraphs (1)(a) and (1)(b) apply to the veteran; and
   (d) the veteran is, because of incapacity from war-caused injury or war-caused disease or both, alone, prevented from continuing to undertake the remunerative work (last paid work) that the veteran was last undertaking before he or she made the claim or application; and
   (e) because the veteran is so prevented from undertaking his or her last paid work, the veteran is suffering a loss of salary or wages, or of earnings on his or her own account, that he or she would not be suffering if he or she were free from that incapacity; and
Part II  Pensions, other than service pensions, for veterans and their dependants

Division 4  Rates of pensions payable to veterans

Section 24

(f) the veteran was undertaking his or her last paid work after
the veteran had turned 65; and

(g) when the veteran stopped undertaking his or her last paid
work, the veteran:

(i) if he or she was then working as an employee of another
person—had been working for that person, or for that
person and any predecessor or predecessors of that
person; or

(ii) if he or she was then working on his or her own account
in any profession, trade, employment, vocation or
calling—had been so working in that profession, trade,
employment, vocation or calling;

for a continuous period of at least 10 years that began before
the veteran turned 65; and

(h) section 25 does not apply to the veteran.

(2B) For the purposes of paragraph (2A)(e), a veteran who is
incapacitated from war-caused injury or war-caused disease or
both, is not taken to be suffering a loss of salary or wages, or of
earnings on his or her own account, because of that incapacity if:

(a) the veteran has ceased to engage in remunerative work for
reasons other than his or her incapacity from that war-caused
injury or war-caused disease, or both; or

(b) the veteran is incapacitated, or prevented from engaging in
remunerative work for some other reason.

(3) This section also applies to a veteran who has been blinded in both
eyes as a result of war-caused injury or war-caused disease, or
both.

(4) Subject to subsections (5) and (6), the rate at which pension is
payable to a veteran to whom this section applies is $919.40 per
fortnight.

(5) The rate at which pension is payable to a veteran to whom
section 115D applies (veterans working under rehabilitation
scheme) is the reduced amount worked out using the following
formula:

\[
\text{General rate} + \left( 14 \times \frac{\text{Reduced daily pension amount}}{\text{worked out under section 115D}} \right)
\]
(6) If section 25A applies to a veteran, the rate at which pension is payable to the veteran is the rate per fortnight specified in subsection (4) or (5) of this section, reduced in accordance with section 25A.

24A Continuation of rates of certain pensions

(1) Subject to subsections (1A) and (2), if the Commonwealth is or becomes liable to pay a pension to a veteran at the rate applicable under section 23 or 24, that rate continues, while a pension continues to be payable to the veteran, to apply to the veteran unless:

(a) the decision to apply that rate of pension to the veteran would not have been made but for a false statement or misrepresentation made by a person;

(b) in the case of a veteran to whom section 23 applies:
   (i) the veteran is undertaking or is capable of undertaking remunerative work of a particular kind for 50% or more of the time (excluding overtime) ordinarily worked by persons engaged in work of that kind on a full time basis; or
   (ii) in a case where subparagraph (i) is inapplicable to the work which the veteran is undertaking or is capable of undertaking—the veteran is undertaking or is capable of undertaking that work for 20 or more hours per week; or

(c) in the case of a veteran to whom section 24 applies—the veteran is undertaking or is capable of undertaking remunerative work for periods aggregating more than 8 hours per week.

(1A) However, subsection (1) does not prevent a rate applicable under subsection 24(4) or (5) from being reduced to give effect to subsection 24(6).

(2) Paragraphs (1)(b) and (c) do not apply to a veteran if the veteran is undertaking a rehabilitation program under the Veterans’ Vocational Rehabilitation Scheme or section 115D applies to the veteran.
Part II  Pensions, other than service pensions, for veterans and their dependants
Division 4  Rates of pensions payable to veterans

Section 25

25  Temporary payment at special rate

(1) Where the Commission is satisfied that:
   (a) a veteran is temporarily incapacitated from war-caused injury
       or war-caused disease, or both; and
   (b) if the veteran were so incapacitated permanently, the veteran
       would be a veteran to whom section 24 applies;
       the Commission shall determine the period during which, in its
       opinion, that incapacity is likely to continue and this section
       applies to the veteran in respect of that period.

(2) Where this section applies to a veteran in respect of a period, the
    rate at which pension is payable to the veteran in respect of that
    period is the rate applicable under subsection 24(4), (5) or (6).

(3) The Commission may, under this section:
    (a) determine a period that commenced before the date on which
        the determination is made; and
    (b) determine a period in respect of a veteran that commenced or
        commences upon the expiration of a period previously
        determined by the Commission under subsection (1) in
        respect of the veteran.

25A  Offsetting certain SRCA payments

(1) This section applies to a veteran:
    (a) to whom section 23, 24 or 25 applies; or
    (b) who is granted a loss of earnings allowance under
        section 108;
    in respect of the incapacity of the veteran from a war-caused injury
    or a war-caused disease if the veteran has received an amount of
    compensation, whether before or after the commencement of this
    section, under section 24, 25 or 27 of the Safety, Rehabilitation and
    Compensation Act 1988 for that injury or disease, or any other
    injury or disease, in relation to some other incapacity of the
    veteran.

(2) That amount of compensation is to be converted to a fortnightly
    amount in accordance with advice from the Australian Government
    Actuary.

200  Veterans’ Entitlements Act 1986
(3) The rate at which:
   (a) a pension is payable to the person under section 23, 24 or 25; or
   (b) a loss of earnings allowance under section 108 is payable to the person;
   apart from this section, is reduced, but not below zero, by the fortnightly amount worked out under subsection (2) of this section.

26 Reduction in rate of pension in certain cases

(1) Where:
   (a) a veteran is entitled to receive, or is in receipt of, a pension in respect of incapacity from war-caused injury or war-caused disease, or both; and
   (b) the veteran is also entitled to receive, or is also in receipt of, periodical payments, or a lump-sum payment:
      (i) under the law of a foreign country; or
      (ii) under the law of a State;
   in respect of incapacity resulting from his or her employment in connection with war-like operations in which the Crown was engaged, being incapacity only from injury or disease or both referred to in paragraph (a);
   the rate of the pension referred to in paragraph (a) shall be assessed at the rate per year at which it would, but for this subsection, be assessed, reduced by the rate per year of the periodical payments referred to in paragraph (b) or an amount per year determined by the Commission to be the periodical payment equivalent of that lump-sum payment, as the case may be.

(2) Where:
   (a) a veteran is entitled to receive, or is in receipt of, a pension in respect of incapacity from war-caused injury or war-caused disease, or both; and
   (b) the veteran is also entitled to receive, or is also in receipt of, periodical payments, or a lump-sum payment:
      (i) under the law of a foreign country; or
      (ii) under the law of a State;

was engaged, not being incapacity only from the injury or disease, or both, referred to in paragraph (a);
the rate of those periodical payments, or the amount of that lump-sum payment, as the case may be, shall be taken into account in assessing the rate of the pension referred to in paragraph (a) so that the total of the payments by way of that pension and of the payments or payment referred to in paragraph (b) do not exceed the total of the payments that the veteran would be entitled to receive by way of pension under this Part in respect of the incapacity referred to in paragraphs (a) and (b), assuming, for the purposes only of this subsection, that the incapacity referred to in paragraph (b) was wholly incapacity from war-caused injury for the purposes of this Part.

(3) Where:

(a) the rate per year by which the rate of a veteran’s pension is required by subsection (1) to be reduced exceeds the rate that, but for that subsection, would be the rate per year of that pension; or

(b) the rate of the periodical payments or amount of the lump sum payment that is required by subsection (2) to be taken into account in assessing the rate of a veteran’s pension is such as to require the assessment of the rate of that pension at a rate that does not exceed nought per centum;

the veteran is not entitled to be paid pension.

27 Increased rates of pension in certain cases

(1) This section applies to a veteran (other than a veteran to whom section 24 applies) who is being paid, or is eligible to be paid, a pension under this Part in respect of incapacity from a war-caused injury or a war-caused disease of a kind described in column 1 of the following table:

(a) if section 25A applies to the veteran—the rate specified in subsection 24(6); or

(b) otherwise—the rate specified in subsection 24(4); the rate must be reduced by the amount of the excess.

Division 4  Rates of pensions payable to veterans

Section 27A

(4) For the purpose of the application of a table in subsection (1) to and in relation to a veteran:

(a) amputation of an arm of a veteran below the elbow shall, if the elbow action is lost as a result of the amputation, be treated as if an arm of the veteran had been amputated above the elbow;

(b) amputation of a leg of a veteran below the knee shall, if the knee action is lost as a result of the amputation, be treated as if a leg of the veteran had been amputated above the knee;

(c) amputation of a foot of a veteran shall be treated as amputation of a leg of the veteran below the knee;

(d) amputation of a hand of a veteran shall be treated as amputation of an arm of the veteran below the elbow; and

(e) a leg, foot, hand or arm that has been rendered permanently and wholly useless shall be treated as having been amputated.

27A Calculation of arrears of pension

(1) This section applies if:

(a) a pension becomes payable, or becomes payable at an increased rate, under this Part to a veteran from a date (the operative date) before the date on which a decision to grant the pension, or to increase the rate of the pension, (the decision) is made; and

(b) the veteran is a member of a couple or was a member of a couple at any time during the period (the arrears period) between:

(i) the operative date; and

(ii) immediately before the first pension period during which an instalment of the pension, or an instalment of the pension at the increased rate, is paid to the person; and

(c) the veteran’s partner was receiving:

(i) a social security pension or benefit; or

(ii) income support supplement;

at any time during the arrears period; and

(d) the rate at which the social security pension or benefit, service pension or income support supplement is payable to the veteran’s partner is reduced as a result of the pension.
becoming payable to the veteran, or becoming payable to the veteran at an increased rate, as the case requires; and

(e) an amount (the *recovered amount*), or no amount, in respect of that reduction has been deducted under section 205 or section 205AA.

Note: The amount of arrears of pension payable to a veteran may also be affected by section 205 or 205AA.

(2) The amount of the pension payable to the veteran in respect of the arrears period is reduced by an amount calculated as follows:

In determining, for the purposes of paragraph 23(1)(b) or 24(1)(b), whether a veteran who is incapacitated from war-caused injury or war-caused disease, or both, is incapable of undertaking remunerative work, and in determining for the purposes of section 24A whether a veteran who is so incapacitated is capable of undertaking remunerative work, the Commission shall have regard to the following matters only:

(a) the vocational, trade and professional skills, qualifications and experience of the veteran;

(b) the kinds of remunerative work which a person with the skills, qualifications and experience referred to in paragraph (a) might reasonably undertake; and

29 Guide to the assessment of rates of veterans’ pensions

(1) The Commission may, from time to time, prepare a written document, to be known as the “Guide to the Assessment of Rates of Veterans’ Pensions” setting out:
   (a) criteria by reference to which the extent of the incapacity of a veteran resulting from war-caused injury or war-caused disease, or both, shall be assessed; and
   (b) methods by which the extent of that incapacity, as assessed in accordance with those criteria, shall be expressed as a percentage of incapacity from that injury or disease, or both, being a percentage not exceeding 100 per centum.

(2) The Commission may, from time to time, by instrument in writing, vary or revoke the approved Guide to the Assessment of Rates of Veterans’ Pensions prepared by it.

(3) A document prepared by the Commission in accordance with subsection (1), and an instrument under subsection (2), have no force or effect unless and until approved by the Minister.

(4) Where the Commission, the Board or the Administrative Appeals Tribunal is required to assess or re-assess, or review the assessment or re-assessment of, the extent of the incapacity of a veteran resulting from war-caused injury or war-caused disease, or both, the provisions of the approved Guide to the Assessment of Rates of Veterans’ Pensions are binding on the Commission, the Board or the Administrative Appeals Tribunal, as the case may be, in, and in connection with, the carrying out by it of that assessment, re-assessment or review, and the assessment, re-assessment or review of the extent of that incapacity made by it shall be in accordance with the relevant provisions of the approved Guide to the Assessment of Rates of Veterans’ Pensions.

(5) The percentage of incapacity of a veteran from war-caused injury or war-caused disease, or both, ascertained in accordance with the methods referred to in paragraph (1)(b) may be nought per centum.
(6) In preparing criteria by reference to which the extent of incapacity of a veteran from war-caused injury or war-caused disease, or both, shall be assessed, or in varying those criteria, the Commission shall have regard to medical opinion concerning the nature and effect (including possible effect) of the injury or disease and the extent (if any) to which incapacity resulting from the injury or disease may reasonably be capable of being reduced or removed.

(8) The Commission shall make copies of the Guide to the Assessment of Rates of Veterans’ Pensions that has been approved by the Minister, and of any variation of that Guide that has been so approved, available upon application and payment of the prescribed fee (if any).

   (a) a person is taken to be in receipt of payments of compensation at a particular rate per fortnight under subsection (1), (2) or (3); and
   (b) but for this subsection, pension referred to in paragraph (1)(c), (2)(c) or (3)(c) would be payable to the person at a particular rate per fortnight;

   after the lump sum payment is made, the rate per fortnight of the pension is to be reduced by the rate per fortnight of compensation.

(5) If, under subsection (4), the rate per fortnight of compensation is equal to or exceeds the rate per fortnight of pension, pension is not payable to the person.

Pension payable to 2 or more persons

(6) If:
   (a) a lump sum payment is made to a person or persons in respect of the incapacity of a veteran from injury or disease or the death of the veteran; and
   (b) the person or persons are taken to be in receipt of compensation under subsection (1), (2) or (3); and
   (c) apart from this subsection, pensions under this Part in respect of the same incapacity of the veteran from that or any other injury or disease, or in respect of that death, would be payable to 2 or more persons at particular rates per fortnight;

   after the lump sum payment is made, the sum of those rates per fortnight of pensions is to be reduced by the rate per fortnight of compensation that the person is, or the sum of the rates per fortnight of compensation that the persons are, taken to be in receipt of.

   Note: Subsections (8), (9) and (10) set out how the reduction is to be made.

(7) If, under subsection (6), the rate or the sum of the rates per fortnight of compensation is equal to or exceeds the sum of the rates per fortnight of pensions, pensions are not payable to the persons.

*How reduction is to be made*

(8) In giving effect to subsection (6), if:

(a) pensions are payable to 2 or more persons; and

(b) one pension is to be preferred to another under subsection (12);

the preferred pension is not to be reduced until the other pension ceases to be payable because its rate per fortnight is reduced to nil.

(9) If:

(a) the rate of a pension or the rates of 2 or more pensions are reduced to nil under subsection (8); and

(b) there are 2 or more pensions that are not to be preferred to each other;

the reduction in the rate per fortnight for each of those pensions is to be worked out using the following formula:

\[
\frac{\text{Pension to be reduced}}{\text{Pensions payable}} \times \frac{\text{Excess compensation payable}}{\text{Pensions payable}}
\]

where:

- **pension to be reduced** is the rate per fortnight of the pension to be reduced.
- **pensions payable** is the sum of the rates per fortnight of the pensions referred to in paragraph (b).
- **excess compensation payable** is the rate per fortnight of compensation that is payable after the pension or pensions referred to in paragraph (a) are reduced to a nil rate.

(10) If:

(a) pensions are payable to 2 or more persons; and

(b) subsections (8) and (9) do not apply;

the reduction in the rate per fortnight for each pension is to be worked out using the following formula:

\[
\frac{\text{Pension to be reduced}}{\text{Total pensions payable}} \times \frac{\text{Total compensation payable}}{\text{Total pensions payable}}
\]
where:

**pension to be reduced** is the rate per fortnight of the pension to be reduced.

**total pensions payable** is the sum of the rates per fortnight of pensions payable to the persons.

**total compensation payable** is the sum of the rates per fortnight of compensation that the persons are taken to be in receipt of.

(11) If:

(a) an amount of damages payable to a veteran, or to a dependant of a veteran, is paid to the Commonwealth under section 30G or 30H; or

(b) the liability of the Commonwealth to pay damages to a veteran or to a dependant of a veteran, is, under section 30K, taken to have been discharged to the extent of a particular amount;

subsection (1) of this section applies to the veteran or the dependant as if pension commences to be payable, only after the veteran or dependant receives payments by way of instalments of pension equal to the amount referred to in paragraph (a) or (b).

**Preferred pensions**

(12) For the purposes of this section:

(a) a pension payable under this Part to the veteran is to be preferred to such a pension payable to a dependant of the veteran; and

(b) a pension payable under this Part to a partner or non-illness separated spouse of a veteran is to be preferred to such a pension payable to a child of the veteran; and

(c) a pension payable under this Part to the widow or widower of a deceased veteran is to be preferred to such a pension payable to a child of the veteran; and

(d) a pension payable under this Part to an older child of a veteran is to be preferred to such a pension payable to a younger child of the veteran.

(13) For the purposes of this section, a payment by way of compensation made on behalf of, or for the benefit of, a person is taken to have been made to the person.

Section 30D

### 30D Periodic payment of compensation

(1) If:

(a) periodic payments of compensation are made to a person who is a veteran or a dependant of the veteran; and  
(b) the compensation payments are made in respect of the incapacity of the veteran from injury or disease or the death of the veteran; and  
(c) the person receives, or is subsequently granted, a pension under this Part in respect of the same incapacity of the veteran from that or any other injury or disease or in respect of that death;

the rate per fortnight of the person’s pension that would, apart from this subsection, be payable to the person for the periodic payments period is to be reduced by the rate per fortnight of the periodic compensation.

Note 1: For periodic payments period see subsection (10).  
Note 2: Pensions under this Part are payable in respect of the incapacity of a veteran from a war-caused injury or disease or in respect of the death of the veteran (see section 13).

(2) If, under subsection (1), the rate per fortnight of the periodic compensation is equal to or exceeds the rate per fortnight of pension, pension is not payable to the person.

**Pension payable to 2 or more persons**

(3) If:

(a) periodic payments of compensation are made to a person or persons in respect of the incapacity of a veteran from injury or disease or the death of the veteran; and  
(b) apart from this subsection, pensions under this Part in respect of the same incapacity of the veteran from that or any other injury or disease, or in respect of that death, would be payable to 2 or more persons for the periodic payments period at particular rates per fortnight;

the sum of those rates per fortnight of pensions for the periodic payments period is to be reduced by the rate per fortnight of the periodic compensation or the sum of the rates per fortnight of the periodic compensation.

Note: Subsections (5), (6) and (7) set out how the reduction is to be made.
(4) If, under subsection (3), the rate or the sum of the rates per fortnight of periodic compensation is equal to or exceeds the sum of the rates per fortnight of pensions, pensions are not payable to the persons.

**How reduction is to be made**

(5) In giving effect to subsection (3), if:
   (a) pensions are payable to 2 or more persons; and
   (b) one pension is to be preferred to another under subsection (8);

the preferred pension is not to be reduced until the other pension ceases to be payable because its rate per fortnight is reduced to nil.

(6) In giving effect to subsection (3), if:
   (a) the rate of a pension or the rates of 2 or more pensions are reduced to nil under subsection (5); and
   (b) there are 2 or more pensions that are not to be preferred to each other;

the reduction in the rate per fortnight for each of those pensions is to be worked out using the following formula:

\[
\frac{\text{Pension to be reduced}}{\text{Pensions payable}} \times \text{Excess compensation payable}
\]

where:

- **pension to be reduced** is the rate per fortnight of the pension to be reduced.
- **pensions payable** is the sum of the rates per fortnight of the pensions referred to in paragraph (b).
- **excess compensation payable** is the rate per fortnight of periodic compensation that is payable after the pension or pensions referred to in paragraph (a) are reduced to a nil rate.

(7) If:
   (a) pensions are payable to 2 or more persons; and
   (b) subsections (5) and (6) do not apply;

the reduction in the rate per fortnight for each pension is to be worked out using the following formula:
Part II Pensions, other than service pensions, for veterans and their dependants
Division 5A Effect of certain compensation payments on rates of pension

Section 30D

\[
\text{Pension to be reduced} \times \frac{\text{Compensation payable}}{\text{Pensions payable}}
\]

where:

- \textit{pension to be reduced} is the rate per fortnight of the pension to be reduced.
- \textit{pensions payable} is the sum of the rates per fortnight of pensions payable to the persons.
- \textit{compensation payable} is the sum of the rates per fortnight of periodic compensation that is payable to the persons.

Preferred pensions

(8) For the purposes of this section:
   (a) a pension payable under this Part to the veteran is to be preferred to such a pension payable to a dependant of the veteran; and
   (b) a pension payable under this Part to a partner or non-illness separated spouse of a veteran is to be preferred to such a pension payable to a child of the veteran; and
   (c) a pension payable under this Part to the widow or widower of a veteran is to be preferred to such a pension payable to a child of the veteran; and
   (d) a pension payable under this Part to an older child of a veteran is to be preferred to such a pension payable to a younger child of the veteran.

(9) For the purposes of this section, a payment by way of compensation made on behalf of, or for the benefit of, a person is taken to have been made to the person.

(10) In this section:

- \textit{periodic payments period} means:
   (a) the period to which a periodic compensation payment, or a series of periodic compensation payments, relates; or
   (b) in the case of a payment of arrears of periodic compensation payments—the period to which those payments would have related if they had not been made by way of arrears payment.
30E Proceedings against third party

If:

(a) a pension is payable or has been paid under this Part in respect of:
   (i) the incapacity of a veteran from a war-caused injury or disease; or
   (ii) the death of a veteran; and
(b) a person other than the Commonwealth appears legally liable to pay damages in respect of the same incapacity of the veteran from that or any other injury or disease or in respect of that death; and
(c) the veteran, a dependant of the veteran or a person on behalf of the dependant has:
   (i) not instituted proceedings against the person for the recovery of damages in respect of the same incapacity of the veteran or in respect of that death; or
   (ii) not properly prosecuted proceedings that have been instituted; or
   (iii) discontinued proceedings that have been instituted; the Commission may, by written notice, request the veteran or dependant:
   (d) to institute proceedings or new proceedings against the person; or
   (e) properly to prosecute proceedings against the person.

30F Failure to comply with Commission’s request made under section 30E

(1) If, within a reasonable time after a notice under section 30E is given to a veteran or a dependant of a veteran, the veteran or dependant:
   (a) refuses or fails to institute proceedings; or
   (b) discontinues proceedings that have been instituted; the Commission may, on behalf of the veteran or dependant, institute proceedings or new proceedings against the person for recovery of damages in respect of the incapacity or death.

(2) If, within a reasonable time after a notice is given, a veteran or a dependant of a veteran fails to prosecute properly proceedings that
have been instituted, the Commission may take over the conduct of the proceedings.

(3) If a veteran or a dependant of a veteran institutes proceedings under a notice but refuses or fails to prosecute the proceedings properly, the Commonwealth may take over the conduct of the proceedings.

Commonwealth liability to pay costs

(4) The Commonwealth is liable to pay all the plaintiff’s costs of, or incidental to, the proceedings. The Commonwealth is not liable to pay costs that the plaintiff unreasonably incurs.

Commonwealth may settle etc. proceedings

(5) If the Commonwealth:

(a) institutes proceedings; or

(b) takes over the conduct of the proceedings;

the Commonwealth may:

(c) settle the proceedings, with or without obtaining judgment; and

(d) if a favourable judgment is given in favour of the plaintiff— take such steps as are necessary to enforce that judgment.

Veteran or dependant of veteran must sign all documents relating to proceedings

(6) The veteran, or a dependant of the veteran, must sign any document relevant to the proceedings, including settlement of the proceedings, that the Commonwealth requires the veteran or the dependant to sign.

(7) If the veteran or the dependant fails to sign any such document, the court or tribunal in which the proceedings are being held may direct that the document be signed on his or her behalf by a person appointed by the court or tribunal for that purpose.

30G Payment of damages by third party to Commonwealth

(1) Subject to subsection (2), if:

(a) a pension is payable or has been paid under this Part in respect of:
(i) the incapacity of a veteran from a war-caused injury or disease; or
(ii) the death of the veteran; and
(b) a person other than the Commonwealth appears to be legally liable to pay damages in respect of the same incapacity of the veteran from that or any other injury or disease or in respect of that death;

the Commission may, by written notice to the person, require the person to pay to the Commonwealth a specified amount of the damages.

Note: Damages in this section do not include certain amounts paid under the Safety, Rehabilitation and Compensation Act 1988 (see subsection 30B(3)).

(2) The specified amount must not exceed the total amount of pension paid under this Part, up to the time the payment of damages is made to the Commonwealth, to the veteran or dependant in respect of the incapacity or death.

(3) The person must comply with the notice if:
   (a) the person agrees to pay damages to a veteran or dependant in respect of the incapacity or the death; or
   (b) damages against the person are awarded to the veteran or dependant in proceedings instituted in respect of the incapacity or death.

30H Payment of damages by third party where agreement, or an award against the person, to pay damages has been made

(1) Subject to subsection (4), if:
   (a) pension is payable or has been paid under this Part in respect of:
      (i) the incapacity of a veteran from a war-caused injury or disease; or
      (ii) the death of a veteran; and
   (b) an amount of damages is payable by a person other than the Commonwealth in respect of the same incapacity of the veteran from that or any other injury or disease or in respect of that death because:
      (i) the person agreed to pay such damages; or
Part II  Pensions, other than service pensions, for veterans and their dependants  
Division 5A  Effect of certain compensation payments on rates of pension

Section 30I

(ii) damages against the person were awarded to the veteran or dependant in proceedings instituted in respect of the same incapacity of the veteran or in respect of that death;

the Commission may, by written notice to the person, require the person to pay to the Commonwealth a specified amount of the damages.

Note: Damages in this section do not include certain amounts paid under the Safety, Rehabilitation and Compensation Act 1988 (see subsection 30B(3)).

(2) The specified amount must not exceed the total amount of pension paid under this Part, up to the time the payment of damages is made to the Commonwealth, to the veteran or dependant in respect of the incapacity or death.

(3) The person must comply with the notice.

Effect of notice where damages already paid

(4) If, before a notice under subsection (1) was received by a person, the person had paid to, or in respect of, the veteran or dependant the whole or any part of the damages to which the notice relates, then:

(a) if the whole of the damages had been paid—the notice has no force or effect; or

(b) if part of the damages had been paid—the specified amount of damages is the amount of damages that has not been paid.

30I  Debt due to the Commonwealth

If a person fails to pay an amount to the Commonwealth under a notice under section 30G or 30H, the Commonwealth may recover the amount from the person as a debt due to the Commonwealth by action in a court of competent jurisdiction.

30J  Discharge of liability

The payment of an amount to the Commonwealth under a notice under section 30G or 30H is, to the extent of the amount paid, a discharge of the liability of that person to the veteran or the dependant.
30K Discharge of liability of Commonwealth to pay damages

If:

(a) pension is payable, or has been paid, under this Part in respect of:
   (i) the incapacity of a veteran from a war-caused injury or disease; or
   (ii) the death of a veteran; and

(b) damages have been awarded against the Commonwealth:
   (i) to a veteran in proceedings instituted to recover damages in respect of the same incapacity of the veteran from that or any other injury or disease; or
   (ii) to a dependant of a deceased veteran in proceedings instituted to recover damages in respect of the death of the veteran; and

the liability of the Commonwealth to pay those damages (excluding any part of them that represents expenses incurred in medical or hospital treatment) is taken to have been discharged to the extent of the total of the amounts of the pension that have been paid to the veteran or the dependant.

30L Other payments of compensation

If:

(a) any pension has been paid under this Part in respect of:
   (i) the incapacity of the veteran from war-caused injury or disease; or
   (ii) the death of the veteran; and

(b) any compensation is paid:
   (i) under the law of a country other than Australia; or
   (ii) by, or under a scheme arranged by, an international organisation;

   to, or in respect of:
   (iii) a veteran in respect of the same incapacity of the veteran from that or any other injury or disease; or
   (iv) a dependant of a deceased veteran in respect of the death of the veteran;
the Commonwealth may recover from the veteran or dependant, by action in a court of competent jurisdiction, an amount equal to the amount of compensation paid that does not exceed the total of the pension paid under this Part to the veteran or dependant.

Note: For international organisation see subsection 30B(4).

30M Commission may require a statutory declaration

The Commission may, by notice in writing to a claimant or recipient of a pension under this Part, require the person to give the Commission, within a reasonable period specified in the notice, a statutory declaration stating whether any compensation:
(a) has been paid to, or in respect of, the person; or
(b) has been claimed by, or in respect of, the person;
under a law of a country other than Australia, or under a scheme arranged by an international organisation in respect of the same incapacity or death for which the person claims or receives a pension under this Part.

Note: For international organisation see subsection 30B(4).

30N Failure to comply with statutory declaration requirement

(1) If a person refuses or fails to comply with a notice given under section 30M, the person’s right:
(a) to pension under this Part in respect of the incapacity or death to which the notice relates; and
(b) to institute or take any proceedings under this Act in relation to that pension or a claim for that pension;
is suspended until the statutory declaration has been given to the Commission.

(2) If a person’s right to pension under this Part is suspended under subsection (1), the person is not entitled to be paid pension under this Part for the period of the suspension.
30P Overpayments of pension

(1) If:

(a) an amount of pension is payable or has been paid under this Part in respect of:

(i) the incapacity of the veteran from a war-caused injury or disease; or
(ii) the death of the veteran; and

(b) because of section 25A, 30C or 30D, that amount of pension was not payable to the veteran or dependant;

an amount equal to the amount of pension paid is recoverable from the veteran or dependant.

(2) The amount may be recovered, either in whole or in part, by deduction from any amount of pension payable under this Part to the veteran or dependant.

(3) Subsection (2) does not prevent the recovery of the amount in a manner other than the one provided for in that subsection. An amount is not to be recovered as provided and also in a manner that is not provided for in subsection (2).
Division 6—Reviews of pensions by Commission

31 Review by Commission

(1) Where:
   
   (a) the time has not expired for making application to the Board under section 135 for a review of a decision of the Commission with respect to:
      
      (i) a claim for a pension in accordance with section 14;
      
      (ii) an application for an increased pension, or for a pension, in accordance with section 15; or
      
      (iii) an application for attendant allowance under section 98;
   
   or

   (b) an application has been duly made to the Board under section 135 for a review of such a decision of the Commission but has not been determined by the Board;

the Commission may, in its discretion, review that decision and, if it varies that decision, it may approve as the date as from which the variation shall operate a date not earlier than the earliest date as from which the decision as so varied could have operated if it had been made by the Board, in substitution for the original decision, upon a review of the original decision.

(2) Where application has been duly made, otherwise than by the Commission, to the Administrative Appeals Tribunal under section 175 for a review of:

   (a) a decision of the Commission that has been affirmed by the Board; or

   (b) a decision made by the Board in substitution for a decision of the Commission;

but the review has not been determined, the Commission may, in its discretion, review that decision and, with the consent of the applicant, vary that decision and, if it varies that decision, it may approve as the date as from which the variation shall operate a date not earlier than the earliest date as from which the decision as so varied could have operated if the variation had been made by the Administrative Appeals Tribunal upon a review of the decision.
(3) The Commission may, for the purpose only of correcting a manifest error, vary the date approved by the Board as the date as from which a decision of the Board made in substitution for a decision of the Commission is to operate.

(4) Where the Commission is satisfied that evidence before the Commission when it made a decision was false in a material particular, the Commission may, in its discretion, review the decision and, if it varies the decision, it may approve as the date as from which the variation shall operate a date, which may be a date before or after the commencement of the review, considered by the Commission to be appropriate in all the circumstances.

(5) For the purposes only of approving a date under subsection (1) as the date as from which a variation of a decision to which paragraph (1)(a) applies shall operate, the Commission shall assume that an application had been made to the Board to review the decision on the date on which the Commission commenced its review of the decision.

(5A) The Commission may, for the purpose of reviewing a decision under this section, of exercising its powers under subsection (6) for a reason specified in paragraph (6)(a) or (b) or of exercising its powers under subsection (8), by notice in writing served on a veteran who is in receipt of a pension under this Part, request the veteran:

(a) to undergo, as provided in the notice, a medical examination for the purpose of the review, or the exercise of those powers, as the case may be; or

(b) to consent to the release to the Commission of information concerning the veteran of a kind described in the notice, being information that, in the opinion of the Commission, may be relevant to the review, or the exercise of those powers, as the case may be.

(6) Where the Commission is satisfied that:

(a) having regard to any matter that affects the payment of a pension or attendant allowance, being a matter that was not before the Commission, the Board or the Administrative Appeals Tribunal, as the case requires, when the decision to grant the pension or attendant allowance, or a decision to vary the rate of the pension or attendant allowance, was made;
(b) by reason of a refusal or failure of any person to comply with a provision of this Act;
(c) by reason of a refusal or failure of a veteran to comply with a notice served on the veteran under subsection (5A) or with a request made under paragraph 32(1)(c); or
(d) by reason of the circumstances referred to in a paragraph of section 24A being applicable to the veteran;
in a case to which paragraph (a), (b) or (c) applies, a pension or attendant allowance should be cancelled or suspended or is being paid at a higher rate than it should be or, in a case to which paragraph (d) applies, a pension is being paid at a higher rate than it should be, the Commission may, by determination in writing, cancel or suspend or decrease the rate of the pension or attendant allowance, or decrease the rate of the pension, as the case may be, with effect, subject to subsection (7), from the day on which the determination was made or such later day as is specified in the determination.

(6A) Where the Commission is, under subsection (6), satisfied that the rate of a pension payable to a veteran is higher than it should be by reason that the degree of incapacity of the veteran from war-caused injury or war-caused disease, or both, is less than 10 per centum (including nought per centum), it shall cancel the pension that was payable to the veteran.

(6B) The cancellation of a pension payable to a veteran under subsection (6A) does not affect any decision of the Commission, the Board or the Administrative Appeals Tribunal that is in force determining that the veteran is suffering from a war-caused injury or a war-caused disease, or both.

(7) Where a determination is made under subsection (6):

(aa) by reason of the Commission having regard to a matter that affects the payment of a pension or attendant allowance in the circumstances specified in paragraph (6)(a); or

(a) by reason of the refusal or failure of a person to comply with a provision of this Act, other than:
(i) subsection 127(4) in relation to a notice under paragraph 127(1)(f); or
(ii) subsection 128(4); or
(b) by reason that an amount has been paid by way of pension or attendant allowance that, but for the false statement or misrepresentation of any person, would not have been paid; a date earlier than the date of the determination may be specified in the determination as the date as from which the cancellation, suspension or decrease, as the case may be, is to take effect.

(7A) Subsection (7) does not apply to a determination made under subsection (6) for a reason set out in paragraph (6)(c).

(8) Where the Commission is satisfied that, having regard to any matter that affects the payment of a pension or attendant allowance, the rate of the pension or attendant allowance is less than it should be, the Commission may, by determination in writing, increase the rate of the pension or attendant allowance with effect from the date of the determination, or such earlier date, or such later date, as is specified in the determination.

(9) Where the Commission determines that a pension or attendant allowance be suspended:

(a) the Commission may, in the same determination, fix the date of re-commencement of the pension or attendant allowance; or

(b) if the Commission does not so fix the date of re-commencement, the Commission shall, in a subsequent determination, fix the date of re-commencement of the pension or attendant allowance unless it makes a further determination cancelling the pension or attendant allowance.

(10) If the Commission refuses or fails to review, under this section, a decision in relation to a pension or attendant allowance, the refusal or failure is not subject to review by the Board or by the Administrative Appeals Tribunal.

(11) A decision by the Commission upon its review under this section of a decision in relation to a pension or attendant allowance is not subject to review by the Board or the Administrative Appeals Tribunal unless the Commission cancels or suspends the pension or attendant allowance, or varies the decision, reviewed by the Commission.
Part II  Pensions, other than service pensions, for veterans and their dependants
Division 6 Reviews of pensions by Commission

Division 7—Procedural

32 Commission may take evidence

(3) Where a claimant requests the Commission for an opportunity:
   (a) to attend before the Commission and discuss the claim with
       the Commission; or
   (b) to discuss the claim with the Commission by telephone;
       the Commission shall, if it is of the opinion that the request is in all
       the circumstances reasonable, comply with the request.

(4) The oath or affirmation to be taken or made by a person for the
    purposes of this section is an oath or affirmation that the evidence
    the person will give will be true.

(5) The powers and duties of the Commission under this section may
    be exercised or performed on behalf of the Commission:
    (a) in relation to a claim—by a person to whom the Commission

    (b) in relation to a review under section 31—by a person to
        whom the Commission has delegated its powers under that
        section;
    and, for the purpose of the exercise of those powers or the
    performance of those duties, subsections (1), (2) and (3) and (6) to
    (10), inclusive, of this section have effect as if a reference to the
    Commission included a reference to that person.

(6) A person who has been summoned to appear as a witness before
    the Commission shall not, after tender of reasonable expenses, fail
    to appear in answer to the summons.
    Penalty: $1,000 or imprisonment for 6 months, or both.

    Note: For strict liability, see section 6.1 of the Criminal Code.

(7) A person who appears before the Commission as a witness in
    answer to a summons shall not refuse to be sworn or make an
    affirmation.
    Penalty: $1,000 or imprisonment for 6 months, or both.

(8) Subject to subsection (9), a person who appears before the
    Commission as a witness, otherwise than in answer to a summons,
    may be requested by the Commission to give evidence on oath,
    and, if the person declines to be sworn or make an affirmation, the
    person’s evidence shall not be received.

234 Veterans’ Entitlements Act 1986
(9) Subsection (8) does not apply to a person who attends before the Commission for a discussion of a claim or review at the request of the Commission under subsection (1) or at his or her own request under subsection (3) or has a discussion with the Commission by telephone under subsection (3).

(10) A person who has been sworn, or made an affirmation, as a witness before the Commission shall not refuse to produce documents or to answer a question that the person is required to answer by the Commission.

Penalty: $1,000 or imprisonment for 6 months, or both.

(11) A person who has been sworn, or made an affirmation, as a witness before the Commission shall not give evidence that is false or misleading in a material particular.

Penalty: $2,000 or imprisonment for 12 months, or both.

(11A) A person does not commit an offence under this section if the person has a reasonable excuse.

Note: The defendant bears an evidential burden in relation to the matter in subsection (11A). See subsection 13.3(3) of the Criminal Code.

(12) In this section:

claim includes application.

claimant includes applicant.

33 Withdrawal of claim or application

(1) A claimant or applicant may, at any time before the claim or application is determined by the Commission, by notice in writing lodged in accordance with section 5T, withdraw the claim or application.

(2) The withdrawal of a claim or application does not prevent the claimant from subsequently making another claim under section 14, or the applicant from subsequently making another application under section 15.
34 Reasons for decisions to be given

(1) Where the Commission makes a decision:
   (a) with respect to a claim for a pension in accordance with section 14, or an application for a pension or increased pension in accordance with section 15;
   (b) by way of assessing the rate of a pension or attendant allowance, or determining the date of commencement or cessation of a pension or attendant allowance;
   (c) to vary a decision upon a review carried out under section 31;
   (d) to cancel or suspend a pension or attendant allowance under subsection 31(6); or
   (e) to decrease the rate of a pension or attendant allowance under subsection 31(6) or to increase the rate of a pension or attendant allowance under subsection 31(8);

the Commission shall make a written record of its decision together with a statement in writing setting out its findings on material questions of fact, referring to the evidence or other material on which those findings are based and giving its reasons for the decision.

(2) As soon as practicable after the Commission makes a decision referred to in subsection (1), the Commission shall, subject to subsection (3), cause to be served:
   (a) in the case of a decision in respect of a claim or application—
       on the claimant or applicant; or
   (b) in the case of a decision of a kind referred to in paragraph (1)(b), (c), (d) or (e)—on the person affected by the decision;

a copy of its decision and of the statement relating to the decision made by it in accordance with subsection (1), together with particulars of the right of the person on whom it is served to have the decision reviewed by the Board.

(3) Where the statement prepared by the Commission in pursuance of subsection (1) upon the making of a decision referred to in that subsection contains or refers to any information, opinion or other matter:
   (a) that, in the opinion of the Commission, is of a confidential nature; or
(b) that, in the opinion of the Commission, it might be prejudicial to the physical or mental health or well-being of the person on whom a copy of the statement is required to be served to communicate to that person;
the document served on the person in pursuance of subsection (2) shall not contain or refer to that information, opinion or matter.
Part III—Service pensions

Division 1—General features

35 Order and structure of Divisions

(1) In this Part:
   (a) Division 2 deals with claims for qualifying service; and
   (b) Divisions 3, 4 and 5 deal with the 3 kinds of service pension
        (age, invalidity and partner service pension respectively).

(2) In Divisions 3, 4 and 5 (dealing with each kind of service pension)
    this is the order in which the provisions are presented:
        (a) eligibility provisions (who is entitled to the pension);
        (b) claim provisions (how a claim is made);
        (c) rates provisions (how much the payment will be).

(3) Other relevant provisions are referred to in notes at the bottom of
    key provisions in the Division.

35A Eligibility for and payability of service pension

Before a person can be paid a service pension under this Part:
   (a) the person must be eligible for the pension; and
   (b) there must be nothing in this Act that makes the pension not
       payable to the person (for example, a dual pension
       provision): the pension must be payable to the person.
Division 2—Claim for qualifying service

Subdivision A—Claim

35B Need for a claim

(1) A veteran who wants to establish that he or she has rendered qualifying service must make a proper claim for a determination that he or she has rendered such service.

(2) A person who wants to establish for the purposes of paragraph 38(1)(aa) or (e) that his or her partner or deceased partner has rendered qualifying service must make a proper claim for a determination that the person’s partner or deceased partner has rendered such service.

Note 1: a veteran will need to establish the rendering of qualifying service in order to be eligible for age service pension or invalidity service pension (see subsections 36(1) and 37(1)).

Note 2: for qualifying service see section 7A.

35C Who can claim?

(1) Subject to subsection (2), a claim for a qualifying service determination must be made by:
   (a) the veteran who wants to establish that he or she has rendered qualifying service; or
   (b) with the approval of the veteran—another person on the veteran’s behalf; or
   (c) a person who wants to establish for the purposes of paragraph 38(1)(aa) or (e) that his or her partner or deceased partner has rendered qualifying service; or
   (d) with the approval of the person referred to in paragraph (c) of this subsection—another person on the person’s behalf.

(2) If the veteran is unable, because of physical or mental incapacity, to approve another person to make the claim on his or her behalf, the Commission may approve another person to make the claim.
Part III  Service pensions
Division 2  Claim for qualifying service

Section 35D

35D Making a claim

(1) To be a proper claim, the claim must be:
   (a) made in writing; and
   (b) in accordance with a form approved by the Commission; and
   (c) accompanied by any evidence available to the claimant that
       the claimant considers may be relevant to the claim; and
   (d) lodged at an office of the Department in Australia in
       accordance with section 5T.

(2) A claim lodged in accordance with section 5T is taken to have been
    made on a day determined under that section.

35F Claim may be withdrawn

(1) A claimant for qualifying service or a person on behalf of a
    claimant may withdraw a claim that has not been determined.

(2) A claim that is withdrawn is taken to have not been made.

(3) A withdrawal may be made either orally or by document lodged at
    an office of the Department in Australia in accordance with
    section 5T.

35FB Oral withdrawal of a claim

An oral withdrawal of a claim must be made to a person in an
office of the Department in Australia.

35FC Acknowledgment of oral withdrawal of a claim

As soon as practicable after receiving an oral withdrawal of a
claim, the Secretary must give the claimant an acknowledgment
notice in writing stating that:
   (a) an oral withdrawal of the claim was made; and
   (b) the claimant, or a person on behalf of the claimant, may,
       within 28 days from the day the acknowledgment notice is
       given, request the Secretary to treat the withdrawal as if it
       had not been made.
Service pensions  Part III
Claim for qualifying service  Division 2

Section 35FD

35FD  Reactivating the withdrawn claim

If, within 28 days from the day on which the Secretary gave the acknowledgment notice, a claimant, or a person on behalf of a claimant, requests the Secretary to treat the oral withdrawal of the claim as if it had not been made, the oral withdrawal is taken not to have been made.

Note: A request made under paragraph 35FC(b) has the effect of reactivating the claim. In particular, the commencement day of the claim stays the same.

Subdivision B—Investigation of claim

35G  Secretary to investigate claim and submit it to Commission

(1) If a veteran makes a proper claim for a determination that he or she has rendered qualifying service, the Secretary must cause an investigation to be made into the matters to which the claim relates.

(2) When the investigation is completed, the Secretary must cause the claim to be submitted to the Commission for consideration and determination.

(3) When the claim is submitted to the Commission it must be accompanied by:
   (a) any evidence supplied by the claimant in support of the claim; and
   (b) any documents or other evidence obtained by the Department in the course of the investigation that are relevant to the claim; and
   (c) any other documents or other evidence under the control of the Department that are relevant to the claim.

Subdivision C—Consideration and determination of claim

35H  Duties of Commission in relation to claim

Determination of claim

(1) When the claim is submitted to the Commission, the Commission must consider all matters that are, in the Commission’s opinion, relevant to the claim and must then determine the claim.
(2) In considering the claim, the Commission must:
   (a) satisfy itself with respect to; or
   (b) determine;
   (as the case requires) all matters relevant to the determination of
   the claim.

(3) Without limiting subsection (1), the Commission, in considering
   the claim, must consider:
   (a) the evidence submitted with the claim under section 35G;
   and
   (b) any further evidence subsequently submitted to the
       Commission in relation to the claim.

Record of determination and reasons

(4) When the Commission determines the claim it must make a written
    record of its determination.

(5) The Commission must also make a statement in writing about the
determination that:
   (a) sets out the Commission’s findings on material questions of
       fact; and
   (b) refers to the evidence or other material on which those
       findings are based; and
   (c) provides reasons for the Commission’s determination.

Notification of determination

(6) As soon as practicable after the Commission determines a claim
under subsection (1), the Commission must give the person who
made the claim:
   (a) a copy of the record of the Commission’s determination; and
   (b) subject to subsection (7), a copy of the statement about the
determination referred to in subsection (5); and
   (c) particulars of the right of the person who made the claim to
       have the determination reviewed by the Commission.

(7) If the statement referred to in paragraph (6)(b) contains any matter
that, in the opinion of the Commission:
   (a) is of a confidential nature; or
(b) might, if communicated to the person who made the claim, be prejudicial to his or her physical or mental health or well-being;
the copy given to the person is not to contain that matter.

Note: a claimant may apply to the Commission for review of a determination made under this section (see Division 16 of Part IIIB).

35J Determination of qualifying service to be proof of qualifying service

A determination by the Commission that a veteran has rendered qualifying service is proof, for all purposes of this Act, that the veteran has rendered qualifying service.

Note: this provision also applies to a decision of the Administrative Appeals Tribunal that a person has rendered qualifying service. This is because subsection 43(6) of the Administrative Appeals Tribunal Act 1975 provides that the Tribunal’s decision is taken to be the decision of the original decision-maker (in this case, the Commission).
Part III  Service pensions
Division 3  Age service pension

Section 36

Division 3—Age service pension

Subdivision A—Eligibility for and payability of age service pension

36 Eligibility for age service pension

(1) Subject to subsection (4), a person is eligible for an age service pension if the person:
   (a) is a veteran; and
   (b) has rendered qualifying service; and
   (c) has reached pension age.

Note 1A: For veteran see subsection 5C(1).
Note 1: for qualifying service see section 7A.
Note 2: For pension age see section 5QA.

Additional eligibility criterion for Commonwealth veterans, allied veterans and allied mariners

(2) Subject to subsection (2A), a person who is a veteran by reason only of being a Commonwealth veteran, an allied veteran or an allied mariner must, in addition to meeting the requirements of subsection (1), have been an Australian resident for a continuous period of at least 10 years.

(2A) Subsection (2) does not apply to:
   (a) a refugee; or
   (b) a former refugee.

(3) Where:
   (a) a veteran has been an Australian resident during more than one period; and
   (b) the longer or longest of those periods is less than 10 years but is not less than 5 years; and
   (c) the aggregate of those periods is more than 10 years;

   in the application of subsection (2) to the veteran, the period of 10 years specified in that subsection is to be reduced by a period equal to the period by which the aggregate is more than 10 years.
Service pensions  Part III
Age service pension  Division 3

Section 36A

(4) If:
   (a) a veteran lodges a proper claim for an age service pension before meeting the eligibility requirements referred to in subsection (1); and
   (b) the veteran ceases to be an Australian resident after lodging the claim and before the claim is determined;
the veteran is not eligible for age service pension unless:
   (c) the day on which the veteran met all the eligibility requirements; and
   (d) the day from which age service pension would, if the claim were granted, be payable;
are earlier than the day on which the veteran ceased to be an Australian resident.

36A  Age service pension may not be payable in some circumstances

(1) Even though a veteran is eligible for an age service pension, the pension may not be payable to the veteran because:
   (a) the pension has not commenced to be payable (see section 36B); or
   (b) the veteran is in gaol or in psychiatric confinement (see sections 55 and 55A); or
   (c) the veteran is receiving another pension (see section 36C); or
   (d) the pension is cancelled or suspended:
      (i) under this Act (see sections 56E, 56EA, 56J and 56K); or
      (ii) under Part 3C (schooling requirements) of the Social Security (Administration) Act 1999; or
   (e) the person has not provided a tax file number for the person or the person’s partner (see section 128A).

(2) Subject to subsections (3) and (4), an age service pension is not payable to a veteran if the veteran’s age service pension rate would be nil.

Note:  a veteran whose rate might otherwise be nil under the Rate Calculator may not have a nil rate after the application of the financial hardship provisions (sections 52Y and 52Z).
Section 36B

(3) Subsection (2) does not apply to a veteran if the veteran’s rate would be nil merely because:
   (a) an election by the veteran under subsection 60A(1) is in force; or
   (b) the veteran has been paid an advance pharmaceutical allowance under Part 2.23 of the Social Security Act.

(4) Subsection (2) does not apply to a veteran if the veteran’s rate is nil merely because of the operation of Part IVA.

36B Age service pension generally not payable before claim

Provisional commencement day

(1) An age service pension is not payable to a veteran before the veteran’s provisional commencement day.

(1A) Subject to subsection (2), a veteran’s provisional commencement day is the day on which the veteran claims the age service pension.

Initial incorrect claim followed by proper claim

(2) If:
   (a) a veteran makes a claim (in this subsection called the initial claim) for age service pension; and
   (b) the claim is not a proper claim; and
   (c) on the day on which the veteran makes the initial claim, the veteran is eligible for age service pension; and
   (d) the veteran subsequently makes a proper claim:
      (i) within 3 months after being notified that the initial claim was not a proper claim; or
      (ii) if the veteran was not so notified—at any time;
   then the veteran’s provisional commencement day is the day on which the initial claim was lodged.

36C Restrictions on dual pensions

An age service pension is not payable to a veteran if the veteran is receiving:
   (a) another service pension; or
   (b) a social security pension; or

246 Veterans’ Entitlements Act 1986
(c) a social security benefit.

Note: Social security benefit includes newstart allowance.

36CA Exclusion of certain participants in ABSTUDY Scheme

If:

(a) a payment is made in respect of a person under the ABSTUDY Scheme; and
(b) the payment is made on the basis that the person is a full-time student; and
(c) in the calculation of the payment, an amount identified as living allowance is included; and
(d) the payment relates to a period;

age service pension is not payable to the person in respect of any part of the period.

Subdivision B—Claim for age service pension

36D Need for a claim

A veteran who wants to be granted an age service pension must make a proper claim for that pension.

36E Who can claim?

(1) Subject to subsection (2), the claim must be made by:

(a) the veteran who wants to be granted the age service pension; or
(b) with the approval of the veteran—another person on the veteran’s behalf.

(2) If the veteran is unable, because of physical or mental incapacity, to approve another person to make the claim on his or her behalf, the Commission may approve another person to make the claim.

36F Making a claim

(1) To be a proper claim, the claim must be:

(a) made in writing; and
(b) in accordance with a form approved by the Commission; and
Part III  Service pensions  
Division 3  Age service pension  

Section 36H

(c) accompanied by any evidence available to the claimant that the claimant considers may be relevant to the claim; and  
(d) lodged at an office of the Department in Australia in accordance with section 5T.  

(2) The approved form may require the claimant to disclose whether the claimant is registered as a member of:  
(a) the pension bonus scheme (see Part IIIAB); or  
(b) the corresponding scheme under Part 2.2A of the Social Security Act.  

(3) A claim lodged in accordance with section 5T is taken to have been made on a day determined under that section.  

36H Claimant must be Australian resident and in Australia  

(1) Subject to subsection (2), a claim is not a proper claim unless the veteran making the claim, or on whose behalf the claim is being made, is:  
(a) an Australian resident; and  
(b) in Australia;  
on the day on which the claim is lodged.  

Note: for Australian resident see section 5G.  

(2) Subsection (1) does not apply to a veteran’s claim if:  
(a) the veteran is outside Australia and is receiving:  
(i) invalidity service pension; or  
(ii) partner service pension; or  
(iii) income support supplement; or  
(iv) a social security pension; and  
(b) the veteran would, if that pension or allowance were cancelled, be eligible for age service pension.  

Note 1: if the veteran ceases to be an Australian resident after having made a proper claim and after having met all the eligibility requirements (section 36), the veteran’s eligibility is not affected.  

Note 2: For social security pension see subsection 5Q(1).  

36J Claim may be withdrawn  

(1) A claimant for age service pension or a person on behalf of a claimant may withdraw a claim that has not been determined.
(2) A claim that is withdrawn is taken to have not been made.

(3) A withdrawal may be made either orally or by document lodged at an office of the Department in Australia in accordance with section 5T.

### 36JB Oral withdrawal of a claim

An oral withdrawal of a claim must be made to a person in an office of the Department in Australia.

### 36JC Acknowledgment of oral withdrawal of a claim

As soon as practicable after receiving an oral withdrawal of a claim, the Secretary must give the claimant an acknowledgment notice in writing stating that:

(a) an oral withdrawal of the claim was made; and

(b) the claimant, or a person on behalf of the claimant, may, within 28 days from the day the acknowledgment notice is given, request the Secretary to treat the withdrawal as if it had not been made.

### 36JD Reactivating the withdrawn claim

If, within 28 days from the day on which the Secretary gave the acknowledgment notice, a claimant, or a person on behalf of a claimant, requests the Secretary to treat the oral withdrawal of the claim as if it had not been made, the oral withdrawal is taken not to have been made.

Note: A request made under paragraph 36JC(b) has the effect of reactivating the claim. In particular, the commencement day of the claim stays the same.

### 36JE Secretary may require claimant or claimant’s partner to take action to obtain a comparable foreign pension

(1) If:

(a) a person has claimed an age service pension; and

(b) the Secretary is satisfied that the claimant may be entitled to a comparable foreign pension if the claimant applied for that pension;

---

*Veterans’ Entitlements Act 1986* 249
the Secretary may give the claimant a notice that requires the claimant to take reasonable action to obtain the comparable foreign pension.

(1A) If:
   (a) a person has claimed an age service pension; and
   (b) the Secretary is satisfied that the claimant’s partner (if any) may be entitled to a comparable foreign pension if the partner applied for that pension;

the Secretary may give the claimant a notice that requires the partner to take reasonable action to obtain the comparable foreign pension.

(2) A notice under subsection (1) or (1A):
   (a) must be in writing; and
   (b) must be given personally or by post; and
   (c) must specify the period within which the reasonable action is to be taken.

(3) The period specified under paragraph (2)(c) must end at least 14 days after the day on which the notice is given.

(4) The Commission may reject a claim if:
   (a) the claimant is given a notice under subsection (1) or (1A); and
   (b) the Commission is satisfied that the claimant, or the claimant’s partner, has not taken reasonable action to obtain the comparable foreign pension within the period specified in the notice.

(5) For the purposes of this section, a person takes reasonable action to obtain a comparable foreign pension only if the person takes reasonable action to obtain the pension at the highest rate applicable to the person.
Subdivision C—Investigation of claim

36K Secretary to investigate claim and submit it to Commission

(1) If a person makes a proper claim for age service pension, the Secretary must cause an investigation to be made into the matters to which the claim relates.

(2) When the investigation is completed, the Secretary must cause the claim to be submitted to the Commission for consideration and determination.

(3) When the claim is submitted to the Commission it must be accompanied by:
   (a) any evidence supplied by the claimant in support of the claim; and
   (b) any documents or other evidence obtained by the Department in the course of the investigation that are relevant to the claim; and
   (c) any other documents or other evidence under the control of the Department that are relevant to the claim.

Subdivision D—Consideration and determination of claim

36L Duties of Commission in relation to claim

Determination of claim

(1) When the claim is submitted to the Commission, the Commission must:
   (a) consider the claim; and
   (b) satisfy itself with respect to all matters relevant to the determination of the claim; and
   (c) determine all matters requiring determination before the claim can be determined; and
   (d) determine the claim as provided by subsection (4).

(3) Without limiting subsection (1), the Commission, in considering the claim, must consider:
   (a) the evidence submitted with the claim under section 36K; and
(b) any further evidence subsequently submitted to the Commission in relation to the claim.

(4) The Commission must determine the claim as follows:
   (a) first, the Commission must determine whether the pension is to be granted to the person; and
   (b) if the Commission determines that the pension is to be granted to the person, the Commission then must:
      (i) work out the person’s age service pension rate under section 36N; and
      (ii) determine that the pension is payable to the person at that rate.

Record of determination and reasons

(5) When the Commission determines the claim it must make a written record of its determination.

(6) The Commission must also make a statement in writing about the determination that:
   (a) sets out the Commission’s findings on material questions of fact; and
   (b) refers to the evidence or other material on which those findings are based; and
   (c) provides reasons for the Commission’s determination.

Notification of determination

(7) As soon as practicable after the Commission determines a claim under subsection (1), the Commission must give the person who made the claim:
   (a) a copy of the record of the Commission’s determination; and
   (b) subject to subsection (8), a copy of the statement about the determination referred to in subsection (6); and
   (c) particulars of the right of the person who made the claim to have the determination reviewed by the Commission.

(8) If the statement referred to in paragraph (7)(b) contains any matter that, in the opinion of the Commission:
   (a) is of a confidential nature; or
(b) might, if communicated to the person who made the claim, be prejudicial to his or her physical or mental health or well-being;

the copy given to the person is not to contain that matter.

Note: a claimant may apply to the Commission for review of a determination made under this section (see Division 16 of Part IIIB).

36M Date of effect of determination

If the Commission determines under section 36L that age service pension is payable to the person:

(a) the determination takes effect on the day on which the determination is made or on such later or earlier day as is specified in the determination; and

(b) subject to this Act, age service pension is payable to the person at the rate specified in the determination.

Note: Age service pension is not payable to a person who is receiving another service pension or a social security pension or benefit (see section 36C).

Subdivision E—Rate of age service pension

36N How to work out the rate of a veteran’s age service pension

A veteran’s age service pension rate is worked out in accordance with the Rate Calculator.

Note 1: Module A of the Rate Calculator establishes the overall rate calculation process and the remaining Modules provide for the calculation of the component amounts used in the overall rate calculation process.

Note 2: The rate obtained by applying the Rate Calculator may be reduced because of the receipt of payments under the New Enterprise Incentive Scheme (see Division 9 of Part IIIB).
Division 4—Invalidity service pension

Subdivision A—Eligibility for and payability of invalidity service pension

Section 37

(1) Subject to subsection (6), a person is eligible for an invalidity service pension if the person:
   (a) is a veteran; and
   (b) has rendered qualifying service; and
   (c) is permanently incapacitated for work in accordance with a determination under section 37AA.

Note 1: For veteran see subsection 5C(1).
Note 2: For qualifying service see section 7A.

Additional eligibility criterion for Commonwealth veterans, allied veterans and allied mariners

(3) Subject to subsection (3A), a person who is a veteran by reason only of being a Commonwealth veteran, an allied veteran or an allied mariner must, in addition to meeting the requirements of subsection (1), have been an Australian resident for a continuous period of at least 10 years.

(3A) Subsection (3) does not apply to:
   (a) a refugee; or
   (b) a former refugee.

(4) For the purpose of applying subsection (3), where:
   (a) a veteran has been an Australian resident during more than one period; and
   (b) the longer or longest of those periods is less than 10 years but is not less than 5 years; and
   (c) the aggregate of those periods is more than 10 years;
   in the application of subsection (3) to the veteran, the period of 10 years specified in that subsection is to be reduced by a period equal to the period by which the aggregate is more than 10 years.
(5) Subsection (3) does not apply to a veteran if:
   (a) the veteran became permanently incapacitated for work while
       the veteran was an Australian resident; and
   (b) the veteran’s permanent incapacity for work was not brought
       about with a view to obtaining a service pension or a social
       security pension; and
   (c) the veteran does not have an enforceable claim against any
       person, under any law or contract, for adequate compensation
       in respect of the permanent incapacity.

(6) If:
   (a) a veteran lodges a proper claim for an invalidity service
       pension before meeting the eligibility requirements referred
       to in subsection (1); and
   (b) the veteran ceases to be an Australian resident after lodging
       the claim and before the claim is determined;
the veteran is not eligible for invalidity service pension unless:
   (c) the day on which the veteran met all the eligibility
       requirements; and
   (d) the day from which invalidity service pension would, if the
       claim were granted, be payable;
are earlier than the day on which the veteran ceased to be an
Australian resident.

37AA Commission must determine circumstances in which persons
are permanently incapacitated for work

(1) The Commission must, by written determination, specify the
    circumstances in which persons are permanently incapacitated for
    work for the purposes of paragraph 37(1)(c).

Variation or revocation

(2) The Commission may, by written determination, vary or revoke a
determination under subsection (1).

Legislative instrument

(3) A determination under this section is a legislative instrument.
Part III  Service pensions  
Division 4  Invalidity service pension

Section 37AAA

37AAA  Continued eligibility for invalidity service pension if person undertaking a rehabilitation program etc.

If:

(a)  a person is receiving an invalidity service pension; and
(b)  the person ceases to be permanently incapacitated for work while, or as a result of, undertaking a rehabilitation program under the Veterans’ Vocational Rehabilitation Scheme;

the person does not cease to be eligible for the invalidity service pension from the time at which the person ceases to be permanently incapacitated for work until the end of the period of 5 years mentioned in subsection 115G(2).

37A  Invalidity service pension may not be payable in some circumstances

(1)  Even though a veteran is eligible for an invalidity service pension, the pension may not be payable to the veteran because:

(a)  the pension has not commenced to be payable (see section 37B); or

(b)  the veteran is in gaol or in psychiatric confinement (see sections 55 and 55A); or

(c)  the veteran is receiving another pension (see section 37C); or

(d)  the pension is cancelled or suspended:

(i)  under this Act (see sections 56E, 56EA, 56J and 56K); or

(ii)  under Part 3C (schooling requirements) of the Social Security (Administration) Act 1999; or

(e)  the person has not provided a tax file number for the person or the person’s partner (see section 128A); or

(f)  the person or the person’s partner is entitled to receive compensation (see Division 3 of Part IIIC).

(2)  Subject to subsections (3) and (4), an invalidity service pension is not payable to a veteran if the veteran’s invalidity service pension rate would be nil.

Note:  a veteran whose rate might otherwise be nil under the Rate Calculator may not have a nil rate after the application of the financial hardship provisions (sections 52Y and 52Z).
(3) Subsection (2) does not apply to a veteran if the veteran’s rate would be nil merely because:
   (a) an election by the veteran under subsection 60A(1) is in force; or
   (b) the veteran has been paid an advance pharmaceutical allowance under Part 2.23 of the Social Security Act.

(4) Subsection (2) does not apply to a veteran if the veteran’s rate is nil merely because of the operation of Part IVA.

37B Invalidity service pension generally not payable before claim

Provisional commencement day

(1) An invalidity service pension is not payable to a veteran before the veteran’s provisional commencement day.

(1A) Subject to subsection (2), a veteran’s provisional commencement day is the day on which the veteran claims the invalidity service pension.

Initial incorrect claim followed by proper claim

(2) If:
   (a) a veteran makes a claim (in this subsection called the initial claim) for invalidity service pension; and
   (b) the claim is not a proper claim; and
   (c) on the day on which the veteran makes the initial claim, the veteran is eligible for invalidity service pension; and
   (d) the veteran subsequently makes a proper claim:
      (i) within 3 months after being notified that the initial claim was not a proper claim; or
      (ii) if the veteran was not so notified—at any time;
then the veteran’s provisional commencement day is the day on which the initial claim was lodged.

37C Restrictions on dual pensions

An invalidity service pension is not payable to a veteran if the veteran is receiving:
   (a) another service pension; or
(b) a social security pension; or
(c) a social security benefit.

Note: Social security benefit includes newstart allowance.

### 37CA Exclusion of certain participants in ABSTUDY Scheme

If:

(a) a payment is made in respect of a person under the ABSTUDY Scheme; and
(b) the payment is made on the basis that the person is a full-time student; and
(c) in the calculation of the payment, an amount identified as living allowance is included; and
(d) the payment relates to a period;

invalidity service pension is not payable to the person in respect of any part of the period.

### Subdivision B—Claim for invalidity service pension

#### 37D Need for a claim

A veteran who wants to be granted an invalidity service pension must make a proper claim for that pension.

#### 37E Who can claim?

(1) A veteran may not claim an invalidity service pension if he has turned 65 or she has reached pension age (within the meaning of subsections 5QB(3), (4) and (5)).

(2) Subject to subsection (3), a claim for invalidity service pension must be made by:

(a) the veteran who wants to be granted the invalidity service pension; or
(b) with the approval of the veteran—another person on the veteran’s behalf.

(3) If the veteran is unable, because of physical or mental incapacity, to approve another person to make the claim on his or her behalf, the Commission may approve another person to make the claim.
Service pensions Part III
Invalidity service pension Division 4
Section 37F

37F Making a claim

(1) To be a proper claim, the claim must be:
   (a) made in writing; and
   (b) in accordance with a form approved by the Commission; and
   (c) accompanied by any evidence available to the claimant that
       the claimant considers may be relevant to the claim; and
   (d) lodged at an office of the Department in Australia in
       accordance with section 5T.

(2) A claim lodged in accordance with section 5T is taken to have been
    made on a day determined under that section.

37H Claimant must be Australian resident and in Australia

(1) Subject to subsection (2), a claim is not a proper claim unless the
    veteran making the claim, or on whose behalf the claim is being
    made, is:
    (a) an Australian resident; and
    (b) in Australia;
    on the day on which the claim is lodged.

Note: for Australian resident see section 5G.

(2) Subsection (1) does not apply to a veteran’s claim if:
    (a) the veteran is outside Australia and is receiving:
        (i) age service pension; or
        (ii) partner service pension; or
        (iii) income support supplement; or
        (iv) a social security pension; and
    (b) the veteran would, if that pension or allowance were
        cancelled, be eligible for invalidity service pension.

Note 1: if the veteran ceases to be an Australian resident after having made a
        proper claim and after having met all the eligibility requirements
        (section 37), the veteran’s eligibility is not affected.

Note 2: For social security pension see subsection 5Q(1).

37J Claim may be withdrawn

(1) A claimant for invalidity service pension or a person on behalf of a
    claimant may withdraw a claim that has not been determined.
Part III  Service pensions  
Division 4  Invalidity service pension

Section 37JB

(2) A claim that is withdrawn is taken to have not been made.

(3) A withdrawal may be made either orally or by document lodged at
an office of the Department in Australia in accordance with
section 5T.

37JB  Oral withdrawal of a claim

An oral withdrawal of a claim must be made to a person in an
office of the Department in Australia.

37JC  Acknowledgment of oral withdrawal of a claim

As soon as practicable after receiving an oral withdrawal of a
claim, the Secretary must give the claimant an acknowledgment
notice in writing stating that:

(a) an oral withdrawal of the claim was made; and

(b) the claimant, or a person on behalf of the claimant, may,
within 28 days from the day the acknowledgment notice is
given, request the Secretary to treat the withdrawal as if it
had not been made.

37JD  Reactivating the withdrawn claim

If, within 28 days from the day on which the Secretary gave the
acknowledgment notice, a claimant, or a person on behalf of a
claimant, requests the Secretary to treat the oral withdrawal of the
claim as if it had not been made, the oral withdrawal is taken not to
have been made.

Note:  A request made under paragraph 37JC(b) has the effect of reactivating
the claim. In particular, the commencement day of the claim stays the
same.

37JE  Secretary may require claimant or claimant’s partner to take
action to obtain a comparable foreign pension

(1) If:

(a) a person has claimed an invalidity service pension; and

(b) the Secretary is satisfied that the claimant may be entitled to
a comparable foreign pension if the claimant applied for that
pension;

260  Veterans’ Entitlements Act 1986
the Secretary may give the claimant a notice that requires the claimant to take reasonable action to obtain the comparable foreign pension.

(1A) If:
(a) a person has claimed an invalidity service pension; and
(b) the Secretary is satisfied that the claimant’s partner (if any) may be entitled to a comparable foreign pension if the partner applied for that pension;
the Secretary may give the claimant a notice that requires the partner to take reasonable action to obtain the comparable foreign pension.

(2) A notice under subsection (1) or (1A):
(a) must be in writing; and
(b) must be given personally or by post; and
(c) must specify the period within which the reasonable action is to be taken.

(3) The period specified under paragraph (2)(c) must end at least 14 days after the day on which the notice is given.

(4) The Commission may reject a claim if:
(a) the claimant is given a notice under subsection (1) or (1A); and
(b) the Commission is satisfied that the claimant, or the claimant’s partner, has not taken reasonable action to obtain the comparable foreign pension within the period specified in the notice.

(5) For the purposes of this section, a person takes reasonable action to obtain a comparable foreign pension only if the person takes reasonable action to obtain the pension at the highest rate applicable to the person.

Subdivision C—Investigation of claim

37K Secretary to investigate claim and submit it to Commission

(1) If a veteran makes a proper claim for an invalidity service pension, the Secretary must cause an investigation to be made into the matters to which the claim relates.
Part III  Service pensions
Division 4  Invalidity service pension

Section 37L

(2) When the investigation is completed, the Secretary must cause the claim to be submitted to the Commission for consideration and determination.

(3) When the claim is submitted to the Commission it must be accompanied by:
   (a) any evidence supplied by the claimant in support of the claim; and
   (b) any documents or other evidence obtained by the Department in the course of the investigation that are relevant to the claim; and
   (c) any other documents or other evidence under the control of the Department that are relevant to the claim.

Subdivision D—Consideration and determination of claim

37L. Duties of Commission in relation to claim

Determination of claim

(1) When the claim is submitted to the Commission, the Commission must:
   (a) consider the claim; and
   (b) satisfy itself with respect to all matters relevant to the determination of the claim; and
   (c) determine all matters requiring determination before the claim can be determined; and
   (d) determine the claim as provided by subsection (4).

(3) Without limiting subsection (1), the Commission, in considering the claim, must consider:
   (a) the evidence submitted with the claim under section 37K; and
   (b) any further evidence subsequently submitted to the Commission in relation to the claim.

(4) The Commission must determine the claim as follows:
   (a) first, the Commission must determine whether the pension is to be granted to the person; and
(b) if the Commission determines that the pension is to be granted to the person, the Commission then must:
   (i) work out the person’s invalidity service pension rate under section 37N; and
   (ii) determine that the pension is payable to the person at that rate.

Record of determination and reasons

(5) When the Commission determines the claim it must make a written record of its determination.

(6) The Commission must also make a statement in writing about the determination that:
   (a) sets out the Commission’s findings on material questions of fact; and
   (b) refers to the evidence or other material on which those findings are based; and
   (c) provides reasons for the Commission’s determination.

Notification of determination

(7) As soon as practicable after the Commission determines a claim under subsection (1), the Commission must give the person who made the claim:
   (a) a copy of the record of the Commission’s determination; and
   (b) subject to subsection (8), a copy of the statement about the determination referred to in subsection (6); and
   (c) particulars of the right of the person who made the claim to have the determination reviewed by the Commission.

(8) If the statement referred to in paragraph (7)(b) contains any matter that, in the opinion of the Commission:
   (a) is of a confidential nature; or
   (b) might, if communicated to the person who made the claim, be prejudicial to his or her physical or mental health or well-being;
the copy given to the person is not to contain that matter.

Note: a claimant may apply to the Commission for review of a determination made under this section (see Division 16 of Part IIIB).
37M Date of effect of determination

If the Commission determines under section 37L that invalidity service pension is payable to the person:

(a) the determination takes effect on the day on which the determination is made or on such later or earlier day as is specified in the determination; and

(b) subject to this Act, invalidity service pension is payable to the person at the rate specified in the determination.

Note: Invalidity service pension is not payable to a person who is receiving another service pension or a social security pension or benefit (see section 37C).

Subdivision E—Rate of invalidity service pension

37N How to work out the rate of a veteran’s invalidity service pension

A veteran’s invalidity service pension rate is worked out in accordance with the Rate Calculator.

Note 1: Module A of the Rate Calculator establishes the overall rate calculation process and the remaining Modules provide for the calculation of the component amounts used in the overall rate calculation process.

Note 2: The rate obtained by applying the Rate Calculator may be reduced because of the receipt of payments under the New Enterprise Incentive Scheme (see Division 9 of Part IIIB).
Division 5—Partner service pension

Subdivision A—Eligibility for and payability of partner service pension

38 Eligibility for partner service pension

(1) Subject to this section, a person is eligible for a partner service pension if the person:
(a) is a person:
   (i) who is a member of a couple; and
   (ii) whose partner is a veteran who is receiving an age service pension or invalidity service pension, or who would be receiving such a pension if not for the operation of one or more disqualifying provisions; or
(aa) is a person:
   (i) who is a member of a couple; and
   (ii) whose partner is a veteran who has rendered qualifying service; and
   (iii) who is qualified for an age pension under the Social Security Act, or would be so qualified if, in spite of subsection 7(4) of that Act, residence of a person in Norfolk Island was taken to be residence of the person in Australia; or
(b) is a person:
   (i) who is the non-illness separated spouse of a veteran; and
   (ii) whose non-illness separated spouse is receiving an age service pension or an invalidity service pension, or would be receiving such a pension if not for the operation of one or more disqualifying provisions; or
(c) is a person:
   (i) who is the widow or widower of a veteran; and
   (ia) whose partner or non-illness separated spouse, immediately before his or her death, was receiving an age service pension or an invalidity service pension, or would have been receiving such a pension if not for the operation of one or more disqualifying provisions; and
(ii) who was receiving a partner service pension or a social security pension immediately before the veteran’s death; or

(d) is a person:
   (i) who is the widow or widower of a veteran; and
   (ii) who had, before the veteran’s death, made a claim for a partner service pension which had not been determined at the date of the death; and
   (iii) whose partner or non-illness separated spouse:
      (A) was, immediately before his or her death, receiving an age service pension or invalidity service pension; or
      (B) had, before his or her death, made a claim for an age service pension or invalidity service pension which had not been determined at the date of the death but which the Commission determines would have been granted if the veteran had not died; or

(e) is a person:
   (i) who is the widow or widower of a veteran who has rendered qualifying service; and
   (ii) who is qualified for an age pension under the Social Security Act, or would be so qualified if, in spite of subsection 7(4) of that Act, residence of a person in Norfolk Island was taken to be residence of the person in Australia; or

(f) is a person:
   (i) who is a member of a couple; and
   (ii) whose partner is a veteran who is registered as a member of the pension bonus scheme (see Part IIIAB); or

(g) is a person:
   (i) who is the non-illness separated spouse of a veteran; and
   (ii) whose non-illness separated spouse is registered as a member of the pension bonus scheme (see Part IIIAB); or

(h) is a person:
   (i) who is the widow or widower of a veteran; and
(ii) whose partner or non-illness separated spouse, immediately before his or her death, was registered as a member of the pension bonus scheme (see Part IIIAB), was receiving an age service pension or an invalidity service pension, or would have been receiving such a pension if not for the operation of one or more disqualifying provisions; and

(iii) who, immediately before the veteran’s death, was registered as a member of the pension bonus scheme (see Part IIIAB) or of the corresponding scheme under Part 2.2A of the Social Security Act or was receiving a partner service pension or a social security pension; or

(i) is a person:

(ii) who is the widow or widower of a veteran; and

(ii) who had, before the veteran’s death, made a claim for a partner service pension which had not been determined at the date of the death; and

(iii) whose partner or non-illness separated spouse was, immediately before his or her death, registered as a member of the pension bonus scheme (see Part IIIAB).

(1A) For the purposes of subsection (1), a disqualifying provision is a section of this Part or of Part IIIIB or IIIC that has the effect that an age service pension or an invalidity service pension that would otherwise be payable to a person is not, or ceases to be, payable.

(1B) Subject to subsections (1C) and (1D), a person is not eligible for a partner service pension under subsection (1) unless the person:

(a) has a dependent child when he or she makes a claim for the pension; or

(b) if subsection (1BA) applies in relation to the person—has reached 50 years of age; or

(c) has reached qualifying age.

Note: For qualifying age see section 5Q.

(1BA) This subsection applies in relation to a person if:

(a) paragraph (1)(a) or (f) applies in relation to the person; and

(b) one of the following applies:

(i) the veteran concerned is a veteran to whom subsection 22(4) or section 23 or 25 applies;
Part III  Service pensions  
Division 5  Partner service pension

Section 38

(ii) the veteran concerned is a veteran to whom section 22 applies who is in receipt of a pension the rate of which has been increased because the pension is in respect of an incapacity described in item 1, 2, 3, 4, 5 or 6 of the table in subsection 27(1);

(iii) the veteran concerned suffers an impairment (within the meaning of the MRCA) and the Military Rehabilitation and Compensation Commission has determined under Part 2 of Chapter 4 of the MRCA that the impairment constitutes at least 80 impairment points (within the meaning of the MRCA).

(1C) Subsection (1B) does not apply to a person:

(a) whose claim for a partner service pension had not been determined before 1 October 1995 but who was eligible, at the date of the claim, for the pension; or

(b) who was determined by the Commission, before 1 October 1995, to be eligible for a partner service pension;

unless the person’s pension is or has been cancelled for any reason.

(1D) Subsection (1B) does not apply to a person whose partner:

(a) is a veteran to whom section 24 applies; or

(b) is receiving, or eligible to receive, a Special Rate Disability Pension under Part 6 of Chapter 4 of the MRCA.

Note: A person is still eligible to receive a Special Rate Disability Pension even if the amount of the pension is totally offset under section 204 of the MRCA.

(2) If a veteran:

(a) makes a claim for age service pension or invalidity service pension at a time when the veteran is receiving age pension or disability support pension under the Social Security Act; and

(b) the veteran dies before the claim is determined;

the Commission is, for the purpose of the determination under sub-subparagraph (1)(d)(iii)(B), to disregard the fact that the veteran was receiving social security pension at the time of the claim.

(2A) A person’s eligibility under paragraph (1)(b) or (g) ceases if:

(a) in the Commission’s opinion, the person was in a de facto relationship with another person on 1 July 2009; or
(b) after 1 July 2009, the person enters into a relationship with another person and, in the Commission’s opinion, the relationship is a de facto relationship.

Note 1: The Commission’s opinion is to be formed as mentioned in section 11A.

Note 2: If the person starts living permanently again with his or her veteran non-illness separated spouse, the person regains eligibility for a partner service pension (see paragraph (1)(a) or (f)).

(2AB) A person’s eligibility under paragraph (1)(b) or (g) ceases at the end of the period of 12 months beginning on the first day on which the person was living separately and apart from the veteran concerned on a permanent basis.

(2AC) A person’s eligibility under paragraph (1)(b) or (g) does not cease under subsection (2AB) if:

(a) the person has reached pension age; or

(b) the circumstances specified under subsection (2AD) exist in relation to the person.

Note: For pension age see section 5Q.

(2AD) The Commission may, by legislative instrument, specify circumstances for the purposes of paragraph (2AC)(b).

(2B) If:

(a) a person is the non-illness separated spouse of a veteran; and

(b) the veteran dies; and

(c) immediately before the veteran’s death, the person was not eligible for a partner service pension because of subsection (2A) or (2AB); and

(d) apart from this subsection, the person would be eligible for a partner service pension under paragraph (1)(c), (d), (h) or (i); the person’s eligibility under that paragraph ceases.

(3) If:

(a) a person is eligible for partner service pension because of paragraph (1)(c), (d), (e), (h) or (i); and

(b) the person becomes legally married to a person after the death of the veteran;

the person’s eligibility under paragraph (1)(c), (d), (e), (h) or (i) ceases.
(3A) A person’s eligibility under paragraph (1)(c), (d), (e), (h) or (i) ceases if:
   
   (a) in the Commission’s opinion, the person:
       (i) entered into a de facto relationship with a person after
           the death of the veteran; and
       (ii) was in that de facto relationship on 1 July 2009; or
   
   (b) the person:
       (i) enters into a relationship with another person after
           1 July 2009 and, in the Commission’s opinion, the
           relationship is a de facto relationship; and
       (ii) entered into that relationship after the death of the
           veteran.

Note: The Commission’s opinion is to be formed as mentioned in section 11A.

(4) If:
   
   (a) a person lodges a proper claim for a partner service pension
       before meeting the eligibility requirements referred to in
       subsection (1); and
   
   (b) the person ceases to be an Australian resident after lodging
       the claim and before the claim is determined;

the person is not eligible for partner service pension unless:
   
   (c) the day on which the person met all the eligibility
       requirements; and
   
   (d) the day from which partner service pension would, if the
       claim were granted, be payable;

are earlier than the day on which the person ceased to be an
Australian resident.

38AA Disclosure or use of personal information relevant to partner service pension eligibility

(1) A record keeper who has possession or control of a record that
contains personal information relating to a veteran may:
   
   (a) disclose to the veteran’s partner personal information to the
       effect that, with effect from a specified date, the veteran has
       become a veteran to whom section 24 applies so as to
       facilitate the making of a claim, or of a further claim, by the
       veteran’s partner for partner service pension; or

270 Veterans’ Entitlements Act 1986
(b) otherwise use that information for the purpose of dealing with a claim, or a further claim, by the veteran’s partner for such a pension.

(2) To avoid doubt, if information is disclosed or used in accordance with subsection (1), the disclosure or use is taken, for the purposes of the Information Privacy Principles set out in section 14 of the Privacy Act 1988, to be authorised by law.

(3) Unless the contrary intention appears, an expression used in this section has the same meaning as in the Privacy Act 1988.

38A Partner service pension may not be payable in some circumstances

(1) Even though a person is eligible for a partner service pension, the pension may not be payable to the person because:
   (a) the pension has not commenced to be payable (see section 38B); or
   (b) the person is in gaol or in psychiatric confinement (see sections 55 and 55A); or
   (c) the person is receiving another pension (see section 38C); or
   (d) the pension is cancelled or suspended:
      (i) under this Act (see sections 56E, 56EA, 56J and 56K); or
      (ii) under Part 3C (schooling requirements) of the Social Security (Administration) Act 1999; or

(e) the person has not provided a tax file number for the person or the person’s partner (see section 128A); or

(f) the person or the person’s partner is entitled to receive compensation (see Division 3 of Part IIIC).

(2) Subject to subsections (3) and (4), a partner service pension is not payable to a person if his or her partner service pension rate would be nil.

Note: a person whose rate might otherwise be nil under the Rate Calculator may not have a nil rate after the application of the financial hardship provisions (sections 52Y and 52Z).
(3) Subsection (2) does not apply to a person if the person’s rate would be nil merely because:
   (a) an election by the person under subsection 60A(1) is in force; or
   (b) the person has been paid an advance pharmaceutical allowance under Part 2.23 of the Social Security Act.

(4) Subsection (2) does not apply to a person if the person’s rate is nil merely because of the operation of Part IVA.

38B Partner service pension generally not payable before claim

Provisional commencement day

(1) A partner service pension is not payable to a person before the person’s provisional commencement day.

(1A) Subject to subsections (2) and (3), a person’s provisional commencement day is the day on which the person claims the partner service pension.

Initial incorrect claim followed by proper claim

(2) If:
   (a) a person makes a claim (in this subsection called the initial claim) for partner service pension; and
   (b) the claim is not a proper claim; and
   (c) on the day on which the person makes the initial claim, the person is eligible for partner service pension; and
   (d) the person subsequently makes a proper claim:
      (i) within 3 months after being notified that the initial claim was not a proper claim; or
      (ii) if the person was not so notified—at any time;
then the person’s provisional commencement day is the day on which the initial claim was lodged.

After a person makes a claim, the person’s partner becomes a special rate disability pensioner

(3) If:
   (a) a person makes a claim for partner service pension; and
   (b) that claim is refused; and
Section 38C

(c) that claim would not have been refused if, on the day on which the claim was made, the person’s partner was a veteran to whom section 24 applied; and

(d) after that claim is refused, the Secretary notifies the person’s partner that he or she is a veteran to whom section 24 applies; and

(e) within 3 months after that notification, the person makes another claim for partner service pension;

then the person’s provisional commencement day is the later of:

(f) the day the person made the claim referred to in paragraph (a); and

(g) the day the person’s partner became a veteran to whom section 24 applies.

38C Restrictions on dual pensions

(1) A partner service pension is not payable to a person if the person is receiving:

(a) another service pension; or

(b) a social security pension; or

(c) a social security benefit.

Note: Social security benefit includes newstart allowance.

(2) A partner service pension is not payable to a war widow or a war widower.

Note: for war widow and war widower see subsection 5E(1).

38CA Exclusion of certain participants in ABSTUDY Scheme

If:

(a) a payment is made in respect of a person under the ABSTUDY Scheme; and

(b) the payment is made on the basis that the person is a full-time student; and

(c) in the calculation of the payment, an amount identified as living allowance is included; and

(d) the payment relates to a period;

partner service pension is not payable to the person in respect of any part of the period.
Subdivision B—Claim for partner service pension

38D Need for a claim

A person who wants to be granted a partner service pension must make a proper claim for that pension.

38E Who can claim?

(1) Subject to subsection (2), the claim must be made by:
   (a) the person who wants to be granted the partner service pension; or
   (b) with the approval of the person—another person on his or her behalf.

(2) If the person is unable, because of physical or mental incapacity, to approve another person to make the claim on his or her behalf, the Commission may approve another person to make the claim.

38F Making a claim

(1) To be a proper claim, the claim must be:
   (a) made in writing; and
   (b) in accordance with a form approved by the Commission; and
   (c) accompanied by any evidence available to the claimant that the claimant considers may be relevant to the claim; and
   (d) lodged at an office of the Department in Australia in accordance with section 5T.

(1A) A claim lodged in accordance with section 5T is taken to have been made on a day determined under that section.

(2) The approved form may require the claimant to disclose whether the claimant is registered as a member of:
   (a) the pension bonus scheme (see Part IIIAB); or
   (b) the corresponding scheme under Part 2.2A of the Social Security Act.
38H Claimant must be Australian resident and in Australia

(1) Subject to subsection (2), a claim is not a proper claim unless the person making the claim, or on whose behalf the claim is being made, is:
   (a) an Australian resident; and
   (b) in Australia;
   on the day on which the claim is lodged.
Note: for "Australian resident" see section 5G.

(2) Subsection (1) does not apply to a person’s claim if:
   (a) the person is outside Australia and is receiving:
      (i) age service pension; or
      (ii) invalidity service pension; or
      (iii) a social security pension; and
   (b) the person would, if that pension were cancelled, be eligible for partner service pension.

Note 1: if the person ceases to be an Australian resident after having made a proper claim and after having met all the eligibility requirements (section 38), the person’s eligibility for partner service pension is not affected.

Note 2: For "social security pension" see subsection 5Q(1).

38J Claim may be withdrawn

(1) A claimant for partner service pension or a person on behalf of a claimant may withdraw a claim that has not been determined.

(2) A claim that is withdrawn is taken to have not been made.

Section 38JC

38JC  Acknowledgment of oral withdrawal of a claim

As soon as practicable after receiving an oral withdrawal of a claim, the Secretary must give the claimant an acknowledgment notice in writing stating that:

(a) an oral withdrawal of the claim was made; and
(b) the claimant, or a person on behalf of the claimant, may, within 28 days from the day the acknowledgment notice is given, request the Secretary to treat the withdrawal as if it had not been made.

38JD  Reactivating the withdrawn claim

If, within 28 days from the day on which the Secretary gave the acknowledgment notice, a claimant, or a person on behalf of a claimant, requests the Secretary to treat the oral withdrawal of the claim as if it had not been made, the oral withdrawal is taken not to have been made.

Note: A request made under paragraph 38JC(b) has the effect of reactivating the claim. In particular, the commencement day of the claim stays the same.

38JE  Secretary may require claimant or claimant’s partner to take action to obtain a comparable foreign pension

(1) If:
   (a) a person has claimed a partner service pension; and
   (b) the Secretary is satisfied that the claimant may be entitled to a comparable foreign pension if the claimant applied for that pension;
   the Secretary may give the claimant a notice that requires the claimant to take reasonable action to obtain the comparable foreign pension.

(1A) If:
   (a) a person has claimed a partner service pension; and
   (b) the Secretary is satisfied that the claimant’s partner (if any) may be entitled to a comparable foreign pension if the partner applied for that pension;

276  Veterans’ Entitlements Act 1986
the Secretary may give the claimant a notice that requires the partner to take reasonable action to obtain the comparable foreign pension.

(2) A notice under subsection (1) or (1A):
   (a) must be in writing; and
   (b) must be given personally or by post; and
   (c) must specify the period within which the reasonable action is to be taken.

(3) The period specified under paragraph (2)(c) must end at least 14 days after the day on which the notice is given.

(4) The Commission may reject a claim if:
   (a) the claimant is given a notice under subsection (1) or (1A); and
   (b) the Commission is satisfied that the claimant, or the claimant’s partner, has not taken reasonable action to obtain the comparable foreign pension within the period specified in the notice.

(5) For the purposes of this section, a person takes reasonable action to obtain a comparable foreign pension only if the person takes reasonable action to obtain the pension at the highest rate applicable to the person.

Subdivision C—Investigation of claim

(3) Without limiting subsection (1), the Commission, in considering the claim, must consider:
   (a) the evidence submitted with the claim under section 38K; and
   (b) any further evidence subsequently submitted to the Commission in relation to the claim.

(4) The Commission must determine the claim as follows:
   (a) first, the Commission must determine whether the pension is to be granted to the person; and
   (b) if the Commission determines that the pension is to be granted to the person, the Commission then must:
      (i) work out the person’s partner service pension rate under section 38N; and
Service pensions  **Part III**
Partner service pension  **Division 5**

Section 38M

(ii) determine that the pension is payable to the person at that rate.

**Record of determination and reasons**

(5) When the Commission determines the claim it must make a written record of its determination.

(6) The Commission must also make a statement in writing about the determination that:
   (a) sets out the Commission’s findings on material questions of fact; and
   (b) refers to the evidence or other material on which those findings are based; and
   (c) provides reasons for the Commission’s determination.

**Notification of determination**

(7) As soon as practicable after the Commission determines a claim under subsection (1), the Commission must give the person who made the claim:
   (a) a copy of the record of the Commission’s determination; and
   (b) subject to subsection (8), a copy of the statement about the determination referred to in subsection (6); and
   (c) particulars of the right of the person who made the claim to have the determination reviewed by the Commission.

(8) If the statement referred to in paragraph (7)(b) contains any matter that, in the opinion of the Commission:
   (a) is of a confidential nature; or
   (b) might, if communicated to the person who made the claim, be prejudicial to his or her physical or mental health or well-being;
the copy given to the person is not to contain that matter.

Note: a claimant may apply to the Commission for review of a determination made under this section (see Division 16 of Part IIIB).

**38M Date of effect of determination**

If the Commission determines under section 38L that partner service pension is payable to the person:

---

*Veterans’ Entitlements Act 1986*  279
Part III  Service pensions
Division 5  Partner service pension

Section 38N

(a) the determination takes effect on the day on which the determination is made or on such later or earlier day as is specified in the determination; and

(b) subject to this Act, partner service pension is payable to the person at the rate specified in the determination.

Note: Partner service pension is not payable to a person who is receiving another service pension or a social security pension or benefit (see section 38C).

Subdivision E—Rate of partner service pension

38N How to work out the rate of a person’s partner service pension

A person’s partner service pension rate is worked out in accordance with the Rate Calculator.

Note 1: Module A of the Rate Calculator establishes the overall rate calculation process and the remaining Modules provide for the calculation of the component amounts used in the overall rate calculation process.

Note 2: The rate obtained by applying the Rate Calculator may be reduced because of the receipt of payments under the New Enterprise Incentive Scheme (see Division 9 of Part IIIB).
Part IIIA—Income support supplement

Division 1—Eligibility for and payability of income support supplement

45A Eligibility for income support supplement

A person is eligible for income support supplement if the person is a war widow or war widower.

45B Income support supplement may not be payable in some circumstances

(1) Even though a person is eligible for income support supplement, income support supplement may not be payable to the person because:

(a) the pension has not commenced to be payable (see section 45C); or

(b) the person is in gaol or in psychiatric confinement (see sections 55 and 55A); or

(c) a person is receiving an age service pension, an invalidity service pension, a social security pension, a social security benefit or another income support supplement (see section 45D); or

Section 45C

(2) Subject to subsection (3), income support supplement is not payable to a person if the person’s income support supplement rate would be nil.

Note: A person whose rate might otherwise be nil under the Rate Calculator may not have a nil rate after the application of the financial hardship provisions (sections 52Y and 52Z).

(3) Subsection (2) does not apply to a person if the person’s income support supplement rate is nil merely because of the operation of Part IVA.

45C Income support supplement generally not payable before claim

(1) Income support supplement is not payable to a person before the day on which the person claimed, or is taken to have claimed, income support supplement.

Initial incorrect claim followed by proper claim

(2) If:

(a) a person has made a claim (initial claim) for income support supplement; and
(b) the claim is not a proper claim; and
(c) on the day on which the person made the initial claim, the person was eligible for income support supplement; and
(d) the person subsequently makes a proper claim:

(i) within 3 months after being notified that the initial claim was not a proper claim; or
(ii) if the person was not so notified—at any time;

then:

(e) subsection (1) does not apply to the person; and
(f) income support supplement is not payable to the person before the day on which the initial claim was lodged.

(3) Subsections (1) and (2) have effect subject to subsection 45R(2).

45D Restrictions on dual pensions

(1) Income support supplement is not payable to a person if the person is receiving:

       (i) was granted to the person; and
       (ii) has not ceased to be payable to the person under the Social Security Act.

Note: As a result of that election, the person is precluded from receiving income support supplement under this Part (see section 45D) for as long as the social security pension continues to be payable to the person.

(3) If:

(a) a person to whom this section applies has failed to make an election under subsection (2); and

(b) the Commission is satisfied that the person was unable to make the election because of circumstances beyond his or her control (for example, because of the person’s incapacity or absence from Australia);

45G Review of decision rejecting a claim by war widower or war widow for social security pension pending at commencement of Part

(1) This section applies to a war widower or war widow if:

(a) before the day (commencing day) on which this Part commences, he or she had made a claim for a social security pension, and the claim had been rejected, under the Social Security Act; and

(b) on the commencement of this Part:

(i) the decision to reject the claim (or a decision confirming the decision) is still subject to review following an application for review under Chapter 6 of the Social Security Act; or

(ii) an application for review of the decision to reject the claim (or of a decision confirming the decision) may still be made under Chapter 6 of that Act, as a result of which a favourable determination may be made under that Act that will take effect (if made) as provided under whichever backdating provision is applicable to the determination.

(2) A person to whom this section applies may, on the commencing day, elect to receive the social security pension in the event that it is granted to him or her at the end of the review process.

Note: If the social security pension is granted, the person is, as a result of that election, precluded from receiving income support supplement under this Part (see section 45D) for as long as the social security pension continues to be payable to the person.

(ii) an application for review of an adverse decision (or of a decision confirming the adverse decision) may still be made under Chapter 6 of that Act, as a result of which a favourable determination may be made under that Act that will take effect (if made) as provided under whichever backdating provision is applicable to the determination; and
(c) the war widower or war widow does not make an election under subsection 45E(2).

(2) Chapter 6 of the Social Security Act continues to apply until no further application for review of the adverse decision can be made under that Chapter.

(3) This Act has effect as if on the commencing day:
(a) the war widower or war widow had made a claim for income support supplement under section 45I; and
(b) the Commission had determined under section 45Q that:
   (i) the claim was to be granted; and
   (ii) income support supplement was payable to the war widower or war widow at a rate equal to the rate (operative rate) at which the social security pension was payable to him or her immediately before the commencing day; and
(c) in the event that the operative rate of the social security pension is varied as a result of the review—the war widower or war widow had made, as provided in subsection (4), an application for review of the decision of the Commission concerning the rate of which income support supplement was to be paid to him or her.

(4) For the purposes of paragraph (3)(c), an application for review by the war widower or war widow is taken to have been made:

Division 2—Claim for income support supplement

45I Need for a proper claim

Subject to section 45N, a person is not entitled to be granted income support supplement unless the person has made a proper claim for that supplement.

45J Who can claim?

(1) Subject to subsection (2), the claim must be made by:
   (a) the person (claimant) who wants to be granted income support supplement; or
   (b) with the approval of the claimant—another person on the claimant’s behalf.

(2) If the claimant is unable, because of physical or mental incapacity, to approve another person to make the claim on his or her behalf, the Commission may approve another person to make the claim.

45K Making a claim

(1) To be a proper claim, the claim must be:
   (a) made in writing; and
   (b) in accordance with a form approved by the Commission; and
   (c) accompanied by any evidence that the person making the claim considers may be relevant to the claim; and
   (d) lodged at an office of the Department in Australia in accordance with section 5T.

(1A) A claim lodged in accordance with section 5T is taken to have been made on a day determined under that section.

(2) The approved form may require the claimant to disclose whether the claimant is registered as a member of:
   (a) the pension bonus scheme (see Part IIIAB); or
   (b) the corresponding scheme under Part 2.2A of the Social Security Act.
45M Claimant must be Australian resident and in Australia

(1) Subject to subsection (2), a claim is not a proper claim unless the person making the claim, or on whose behalf the claim is being made, is:
   (a) an Australian resident; and
   (b) in Australia;
   on the day on which the claim is lodged.

Note: For Australian resident see section 5G.

(2) Subsection (1) does not apply to a claim if the person making the claim, or on whose behalf the claim is being made:
   (a) is outside Australia; and
   (b) is receiving a service pension or a social security pension; and
   (c) would, if that pension were cancelled, be eligible for income support supplement.

Note: If the person ceases to be an Australian resident after having made a proper claim and after having met all the eligibility requirements (see section 36), the person’s eligibility is not affected.

45N Not necessary to make a claim in certain circumstances

(1) This section applies to:
   (a) a war widower or war widow:
      (i) to whom section 45E applies; and
      (ii) who has not made, or is not taken to have made, an election under subsection 45E(2); and

   (i) is granted a pension under Part II or Part IV, at a rate determined under or by reference to subsection 30(1), on or after the commencement of Part 3 of Schedule 1 to the Veterans’ Entitlements Amendment (Direct Deductions and Other Measures) Act 2004; and
   (ii) immediately before being granted the pension was receiving a wife pension under Part 2.4 of the Social Security Act from the Department, acting on behalf of the Commonwealth, under an arrangement with the Department administered by the Minister administering that Part; and

(d) a war widower or war widow who, immediately before receiving a lump sum mentioned in paragraph 234(1)(b) of the MRCA, or a weekly amount mentioned in that paragraph, was receiving a partner service pension.

(2) A person to whom this section applies does not have to make a proper claim under section 45I to be entitled to income support supplement unless the Commission asks him or her to do so.

(3) If this section applies to the person other than because of paragraph (1)(ba) or (bb) and the person is not required by the Commission to make a claim for income support supplement, this Act applies to the person as if:
   (a) the person had made a claim for income support supplement under section 45I on the day on which this Part commenced; and

Veterans’ Entitlements Act 1986

291
Section 45NA

(b) the Commission had, on that day, determined under section 45Q that the claim was to be granted.

(4) If this section applies to the person because of paragraph (1)(ba) or (bb), and the person is not required by the Commission to make a claim for income support supplement, this Act applies to the person as if:

(a) the person had made a claim for income support supplement under section 45I on the day on which the person was granted the pension under Part II or Part IV; and

45NC Oral withdrawal of a claim

An oral withdrawal of a claim must be made to a person in an office of the Department in Australia.

(b) the claimant, or a person on behalf of the claimant, may, within 28 days from the day on which the acknowledgment notice is given, request the Secretary to treat the withdrawal as if it had not been made.
45NE Reactivating the withdrawn claim

If, within 28 days from the day on which the Secretary gave the acknowledgment notice, the claimant, or a person on behalf of the claimant, requests the Secretary to treat the oral withdrawal of the claim as if it had not been made, the oral withdrawal is taken not to have been made.

Note: A request made under section 45NE has the effect of reactivating the claim. In particular the commencement day of the claim stays the same.

45NF Secretary may require claimant or claimant’s partner to take action to obtain a comparable foreign pension

(1) If:
   (a) a person has claimed income support supplement; and
   (b) the Secretary is satisfied that the claimant may be entitled to a comparable foreign pension if the claimant applied for that pension;

the Secretary may give the claimant a notice that requires the claimant to take reasonable action to obtain the comparable foreign pension.

   (c) must state the period within which reasonable action must be taken.

(3) The period stated under paragraph (2)(c) must end at least 14 days after the day on which the notice is given.
(4) The Commission may reject a claim if:
   (a) the claimant is given a notice under subsection (1) or (1A); and
   (b) the Commission is satisfied that the claimant, or the claimant’s partner, has not taken reasonable action to obtain the comparable foreign pension within the period stated in the notice.

(5) For the purposes of this section, a person takes reasonable action to obtain a comparable foreign pension only if the person takes reasonable action to obtain the pension at the highest rate applicable to the person.
Division 3—Investigation of claim

45P Secretary to investigate claim and submit it to Commission

(1) If a person makes a proper claim for income support supplement, the Secretary must cause an investigation to be made into the matters to which the claim relates.

      (ii) determine that income support supplement is payable to the person at that rate; and
   (c) if:
      (i) the person’s claim states the person is permanently incapacitated for work; and

(6) The Commission must also make a statement in writing about the determination that:

(a) sets out the Commission’s findings on material questions of fact; and

(b) refers to the evidence or other material on which those findings are based; and

(c) provides reasons for the Commission’s determination.

the copy given to the person is not to contain that matter.

Note: A claimant may apply to the Commission for review of a determination made under this section (see Division 16 of Part IIIB).

45TD Application for registration

A person may apply for registration as a member of the pension bonus scheme.

45TE Making an application

(1) An application:
   (a) must be in writing; and
   (b) must be in accordance with a form approved by the Commission; and
   (c) must be lodged at an office of the Department in Australia in accordance with section 5T.

(2) An application lodged in accordance with section 5T is taken to have been made on a day determined under that section.

45TF Relevant information

(1) An approved form may require the applicant to provide relevant information (see subsection (4)).

(2) The Secretary may, by written notice given to the applicant, require the applicant to give the Secretary, within a specified period, further relevant information. The Commission may refuse to register the applicant until the applicant gives the Secretary the information.

(3) A period specified for the purposes of subsection (2) must run for at least 14 days after the notice was given.

(4) For the purposes of this section, relevant information includes (but is not limited to):
   (a) information that would be likely to assist the Secretary in advising the applicant about the operation of this Part; and
(b) information that is relevant to determining whether a disposal preclusion period or carer preclusion period has arisen, or is likely to arise, in relation to the applicant; and

(1) If a person’s special date of eligibility for a designated pension occurs on or after 1 July 1998:
   (a) the person must lodge an application during the period that begins 13 weeks before the person’s special date of eligibility for the designated pension and ends 13 weeks after that date; and
   (b) if registration occurs as a result of an application lodged within that period—the registration takes effect on the person’s special date of eligibility for the designated pension.

(b) if registration occurs as a result of an application lodged within that period—the registration takes effect on 1 July 1998.

Note: The Commission may extend the period: see subsection (3).

Late applications

(3) The Commission may extend the period within which a person must lodge an application. If registration occurs as a result of an application lodged during an extended period, the registration takes effect:

(a) on the date on which the application is lodged; or

(b) if the Commission decides that it should take effect on another date—on that other date.

(4) The Commission must not make a decision to extend the period within which a person must lodge an application unless, if it were assumed that the person had been a member of the pension bonus scheme throughout the pre-application period:

(a) the person would have been a non-accruing member for all of the pre-application period; or

(b) both:

(i) the person would have been an accruing member for some or all of the pre-application period; and

(ii) the person would have passed the work test for each test period that is applicable to the person.

(b) in the case of a person whose special date of eligibility for a designated pension occurs before 1 July 1998—1 July 1998; and ending on the date on which the person lodged the application.
(6) For the purposes of this section, to work out what is a test period:

(a) identify the overall accruing period, which is that part of the pre-application period for which, if it were assumed that the person had been a member of the pension bonus scheme throughout the pre-application period, the person would have been an accruing member of the scheme;

(b) if the overall accruing period is 365 days or less—the overall accruing period is the only test period;

(c) if the overall accruing period is longer than 365 days—each of the following periods is a test period:

(i) the full-year period beginning at the start of the overall accruing period;

(ii) if 2 or more succeeding full-year periods are included in the overall accruing period—each of those full-year periods;

(iii) the remainder (if any) of the overall accruing period.

(7) For the purposes of subsection (4), the Commission is taken to have waived compliance with the applicable record-keeping requirements in relation to each test period.

2 or more special dates of eligibility

(8) For the purposes of this section, if a person would otherwise have 2 or more special dates of eligibility for a designated pension, only the first date is to be counted.

45TI Registration

(1) If an application is made in accordance with this Subdivision, the Commission must register the applicant as a member of the pension bonus scheme.

(1A) However, the Commission must not register a person as a member of the pension bonus scheme if the person’s special date of eligibility for a designated pension occurs on or after 20 September 2009.

(1B) For the purposes of subsection (1A), if a person would otherwise have 2 or more special dates of eligibility for a designated pension, only the first date is to be counted.

(b) the person remained eligible for the same pension throughout that period; and
(c) if the person is a war widow/war widower—pensioner—the person was such a person during the whole of the person’s overall qualifying period;
the amount of the person’s pension bonus is worked out using the following formula (for rounding up, see subsection (4)):

\[
\text{Annual pension rate} \times \text{Pension multiple} \times \frac{\text{No. of years in the person’s overall qualifying period}}{100}
\]

(1A) If:
(a) a person either:
   (i) was a member of a couple throughout the person’s overall qualifying period; or
   (ii) was not a member of a couple at any time during that period; and
(b) the person is a war widow/war widower—pensioner; and
(c) the person was not a war widow/war widower—pensioner throughout some or all of the person’s overall qualifying period;

332  Veterans’ Entitlements Act 1986
the amount of the person’s pension bonus is worked out using the following formula (for rounding up, see subsection (4)):

\[
\text{Apportioned amount} \times \text{Pension multiple} \times \frac{\text{No. of years in qualifying period}}{\text{No. of years in overall qualifying period}}
\]

where:

*apportioned amount* has the meaning given by section 45UIA.

**Change in couple status during overall qualifying period**

(2) If neither subsection (1) nor (1A) applies to a person, the amount of the person’s pension bonus is worked out using the following formula (for rounding up, see subsection (4)):

\[
\begin{bmatrix}
\text{Annual notional single pension rate} & \times & \text{Pension multiple} & \times & \frac{\text{No. of single years during overall qualifying period}}{\text{No. of years in overall qualifying period}} \\
+ & & & & \\
\text{Annual notional partnered pension rate} & \times & \text{Pension multiple} & \times & \frac{\text{No. of partnered years during overall qualifying period}}{\text{No. of years in overall qualifying period}}
\end{bmatrix}
\]

where:

*annual notional single pension rate* has the meaning given by section 45UH.

*annual notional partnered pension rate* has the meaning given by section 45UI.

(3) For the purposes of this section:

(a) the number of *single years* during the overall qualifying period is the number of years during the overall qualifying period when the person was not a member of a couple; and

(b) the number of *partnered years* during the overall qualifying period is the number of years during the overall qualifying period when the person was a member of a couple.

**Rounding up**

(4) An amount calculated under subsection (1), (1A) or (2) is to be rounded to the nearest 10 cents (with 5 cents being rounded up).

where:
**maximum basic rate** is the sum of the person’s maximum basic rate under point SCH6-B1 and the person’s pension supplement basic amount, ascertained as at the date of grant of the designated pension.

(4) A percentage worked out under subsection (3) is to be calculated to 3 decimal places. However, if a percentage worked out under subsection (3) would, if it were calculated to 4 decimal places, end in a digit that is greater than 4, the percentage is to be increased by 0.001.

(2) For the purposes of this section, the **apportioned partnered amount** is:

\[
\text{Period not a war widow or war widower} \times \frac{\text{Provisional payment rate}}{\text{Partner part of overall qualifying period}} + \text{Period a war widow or war widower} \times \frac{\text{Annual pension rate}}{\text{Partner part of overall qualifying period}}
\]

where:

- **period not a war widow or war widower** is the number of days in so much of the partner part of overall qualifying period as occurred when the person was not a war widow/war widower—pensioner.
- **partner part of overall qualifying period** is the number of days in so much of the overall qualifying period as occurred when the person was a member of a couple.
provisional payment rate is:

(a) if the person:
(i) has, during some or all of the partnered part of the person’s overall qualifying period, deferred an age service pension or a partner service pension; and
(ii) is not permanently blind;
the sum of the adjusted percentage of the person’s maximum basic rate under point SCH6-B1 and the person’s pension supplement basic amount worked out, in each case, as at the date of grant of the designated pension if it were assumed that the person were a member of a couple at that date; or

(b) if the person:
(i) has, during some or all of the partnered part of the person’s overall qualifying period, deferred an age service pension or a partner service pension; and
(ii) the person is permanently blind;
the sum of the person’s maximum basic rate under point SCH6-B1 and the person’s pension supplement basic amount, worked out as at the date of grant of the designated pension if it were assumed that the person were a member of a couple at that date; or

(c) if the person:
(i) has, during some or all of the partnered part of the person’s overall qualifying period, deferred an age pension; and
(ii) is not permanently blind;
the sum of:
(iii) the adjusted percentage of the person’s maximum basic rate under Table B in point 1064-B1 of the Social Security Act 1991; and
(iv) the person’s pension supplement basic amount; worked out, in each case, as at the date of grant of the designated pension if it were assumed that the person were a member of a couple at that date; or

the sum of:

(iii) the maximum basic rate under Table B in point 1065-B1 of the Social Security Act 1991; and
(iv) the person’s pension supplement basic amount; worked out, in each case, as at the date of grant of the designated pension if it were assumed that the person were a member of a couple at that date.

*period a war widow or war widower* is the number of days in so much of the partner part of overall qualifying period as occurred when the person was a war widow/war widower—pensioner.

*annual pension rate* is the person’s annual pension rate, worked out as at the date of grant of the designated pension, in accordance with section 45UF.

Note: There may be circumstances where one or other of the bracketed parts of the formula will have a nil value.

(3) For the purposes of this section, a person’s *adjusted percentage* is the percentage worked out using the following formula (for rounding up, see subsection (4)):

\[
\frac{\text{Annual pension rate}}{\text{Maximum basic rate}} \times 100
\]

where:

*maximum basic rate* is the sum of the person’s maximum basic rate under point SCH6-B1 and the person’s pension supplement basic amount, ascertained as at the date of grant of the designated pension.

(4) A percentage worked out under subsection (3) is to be calculated to 3 decimal places. However, if a percentage worked out under subsection (3) would, if it were calculated to 4 decimal places, end in a digit that is greater than 4, the percentage is to be increased by 0.001.
45UIA Apportioned amount

For the purposes of subsection 45UG(1A), the **apportioned amount** is:

\[
\begin{align*}
\text{Period not a war widow or war widower} & \times \text{Provisional payment rate} \\
\text{Overall qualifying period} & \\
+ & \text{Period a war widow or war widower} \\

where:

- **annual pension rate** is the person’s annual pension rate, worked out as at the date of grant of the designated pension, in accordance with section 45UF.

- **period a war widow or war widower** is the number of days in so much of the overall qualifying period as occurred when the person was a war widow/war widower—pensioner.

- **period not a war widow or war widower** is the number of days in so much of the overall qualifying period as occurred when the person was not a war widow/war widower—pensioner.

- **provisional payment rate** is:
  
  (a) if the person has, during some or all of the person’s overall qualifying period, deferred:
    
    (i) an age service pension; or
    
    (ii) a partner service pension; and
    
    the person is not permanently blind—the person’s provisional payment rate under method statement 1 in subpoint SCH6-A1(2), worked out as at the date of grant of the designated pension, if it were assumed that the person’s maximum payment rate were the sum of the person’s maximum basic rate under point SCH6-B1 and the person’s pension supplement basic amount; or
  
  (b) if the person has, during some or all of the person’s overall qualifying period, deferred:
    
    (i) an age service pension; or

(d) if the person has, during some or all of the person’s overall qualifying period, deferred age pension and is permanently blind—the sum of the maximum basic rate under Table B in point 1065-B1 of the Social Security Act 1991 and the person’s pension supplement basic amount, worked out as at the date of grant of the designated pension.

Note: If the person did not accrue any pension bonus in relation to the designated pension, the latter bracketed part of the formula for the apportioned amount will have a nil value.

45UIB  Top up of pension bonus for increased rate of designated pension

(1) The Commission may determine (a top up determination) that a person’s pension bonus is to be increased if:
(a) the Commission makes a determination (a rate determination) increasing the rate of the person’s designated pension; and
(b) the rate determination takes effect on a day that is not more than 13 weeks after the date (the effective date) on which the determination granting the pension bonus takes effect; and
(c) the rate determination is made because of a reduction since the effective date in either or both of the following:
   (i) the value of the person’s assets;
   (ii) the person’s ordinary income.

Note: Any reduction in the value of a person’s assets or the person’s income will be determined by applying the assets test and the ordinary/adjusted income test in the Rate Calculator in Schedule 6.
(2) The person’s pension bonus is increased by the difference between:
   (a) the person’s amount of pension bonus on the effective date; and
   (b) the amount that would have been the person’s amount of pension bonus on the effective date if the rate of the person’s designated pension on that date had been the highest rate at which the designated pension was payable to the person during the 13 weeks after the effective date.

(3) A top up determination takes effect on the day on which the determination is made or on any earlier or later day specified in the determination.

(4) A top up determination is not a legislative instrument.

45UIC Top up of pension bonus in specified circumstances

(1) The Commission may determine (a top up determination) that a person’s pension bonus is to be increased if:
   (a) the Commission makes a determination (a rate determination) increasing the rate of the person’s designated pension; and
   (b) the rate of the designated pension is increased in circumstances specified in an instrument made under subsection (6).

(2) The person’s pension bonus is increased by the amount specified by the Commission in the top up determination.

(3) The Commission must not specify an increase that would be greater than the difference between:
   (a) the person’s amount of pension bonus on the day on which the determination granting the bonus takes effect; and
   (b) the amount that would have been the person’s amount of pension bonus on that day if the rate of the person’s designated pension on that day had been the rate specified in the rate determination.

(4) A top up determination takes effect on the day on which the determination is made or on any earlier or later day specified in the determination.

(5) A top up determination is not a legislative instrument.

(6) The Commission may, by legislative instrument, specify circumstances (other than circumstances specified in subsection 45UIB(1)) for the purposes of paragraph (1)(b).
Division 7—Claim for pension bonus

45UJ Need for a claim

A person who wants to be granted a pension bonus must make a proper claim for the bonus.

45UK Proper claim

(1) To be a proper claim, a claim for pension bonus must be:
   (a) in writing; and
   (b) in accordance with a form approved by the Commission; and
   (c) one of the following:
      (i) attached to, or submitted in relation to, a proper claim made by the person for a designated pension;
      (ii) made in accordance with an invitation under subsection (3);
      (iii) the subject of a determination under subsection (5); and
      (d) lodged at an office of the Department in Australia in accordance with section 5T within the applicable lodgment period (see section 45UL).

(1A) A claim for pension bonus can only be attached to a proper claim for a designated pension in accordance with subparagraph (1)(c)(i) if neither claim is transmitted electronically.

(1B) A claim for pension bonus lodged in accordance with section 5T is taken to have been made on a day determined under that section.

(2) A claim for pension bonus is a proper claim even though it is not certain whether the person will start to receive a designated pension at or after the time when the person makes the claim. The claim has effect as a claim that is contingent on the person receiving a designated pension.
(3) If:
   (a) a person makes a proper claim for a designated pension; and
   (b) the claim is in accordance with a form that does not require the claimant to disclose whether the claimant is a registered member of:
      (i) the pension bonus scheme; or
      (ii) the corresponding scheme under Part 2.2A of the Social Security Act; and
   (c) the person is, to the knowledge of the Secretary, registered as a member of the pension bonus scheme; and
   (d) a claim by the person for pension bonus is not attached to the claim for the designated pension;

   the Secretary must give the claimant a written notice inviting the claimant to lodge a claim for pension bonus at an office of the Department in Australia in accordance with section 5T, within such period after the lodgment of the claim for the designated pension as is specified in the invitation.

(3A) A claim for pension bonus lodged in accordance with section 5T is taken to have been made on a day determined under that section.

(4) If a claim for pension bonus is made in accordance with an invitation under subsection (3), this Part (other than this section) has effect as if the person had claimed the pension bonus at the same time as the person claimed the designated pension.

(5) If:
   (a) a person who is a registered member of the pension bonus scheme lodges a claim for a designated pension; and
   (b) a claim for pension bonus for the person is lodged after the claim for the designated pension; and
   (c) the Commission is satisfied that, having regard to guidelines (if any) made under subsection (6), special circumstances apply in relation to the lodgment of the claim for pension bonus;

   the Commission may determine that this Part (other than this section) has effect as if the claim for the pension bonus had been made at the time the person claimed the designated pension.

(6) The Commission may, by legislative instrument, make guidelines for the purposes of subsection (5).
45UL  Lodgment period for claim

(1) This section sets out rules for determining the period (the *lodgment period*) within which a claim for pension bonus must be made.

(1A) However, the Commission may in special circumstances allow a person a longer period to make a claim than the period determined under this section. If the Commission does so, the *lodgment period* for the person’s claim is the period allowed by the Commission.

(1AB) Subsection (1A) does not apply in relation to a claim for which the lodgment period is determined under subsection (3).

Lodgment period where last bonus period is a full-year period

(2) If a person’s last bonus period is a full-year period, the *lodgment period* applicable to the person’s claim for pension bonus is the period of 13 weeks beginning at the end of that bonus period. However, this rule does not apply if:

(a) the person is an exempt partnered person (see subsection (8)) as at the end of the person’s last bonus period; or
(b) the person’s membership of the pension bonus scheme becomes non-accruing immediately after the end of the person’s last bonus period; or
(c) the person is a post-70/75 member of the pension bonus scheme and has a post-70/75 work period (see subsection (9)).

Note: For the rule in these cases, see subsections (5), (6) and (7).

Lodgment period where last bonus period is a part-year period

(3) If a person’s last bonus period is a part-year period, the *lodgment period* applicable to the person’s claim for pension bonus is:

(a) the period of 13 weeks beginning at the end of that bonus period; or
(b) if the Commission allows a longer period—that longer period.

However, this rule does not apply if:

(c) the person is an exempt partnered person (see subsection (8)) as at the end of the person’s last bonus period; or
(d) the person’s membership of the pension bonus scheme becomes non-accruing immediately after the end of the person’s last bonus period; or

(e) the person is a post-70/75 member of the pension bonus scheme and has a post-70/75 work period (see subsection (9)).

Note: For the rule in these cases, see subsections (5), (6) and (7).

(4) If:

(a) subsection (3) applies to a person’s claim for pension bonus; and

(b) the claim is lodged within a period allowed under paragraph (3)(b);

Division 6 has effect, in relation to the calculation of the amount of that pension bonus, as if the person had not accrued the part-year bonus period.

Lodgment period for exempt partnered person

(5) If a person is an exempt partnered person as at the end of the person’s last bonus period because the person is a member of a couple, the lodgment period applicable to the person’s claim for pension bonus is the period:

(a) beginning at the end of that bonus period; and

(b) ending at:

(i) the time of the last occasion on which the person’s partner could have lodged a claim for a pension bonus; or

(ii) the end of the period of 13 weeks after the person ceases to be a member of the same couple (whether because of the death of the person’s partner or for any other reason);

whichever comes first.

Lodgment period for non-accruing member

(6) If a person’s membership of the pension bonus scheme becomes non-accruing immediately after the end of the person’s last bonus period, the lodgment period applicable to the person’s claim for pension bonus is the period:

(a) beginning at the end of the person’s last bonus period; and
(b) ending 13 weeks after the time when the person’s membership of the scheme ceases to be non-accruing.

**Lodgment period for post-70/75 member who has a post-70/75 work period**

(7) If a post-70/75 member of the pension bonus scheme has a post-70/75 work period, the lodgment period applicable to the person’s claim for pension bonus is the period of 13 weeks beginning at the end of the period nominated in the claim as the person’s post-70/75 work period.

**Exempt partnered person**

(8) For the purposes of this section, a person is an exempt partnered person at a particular time if, at that time, the person is a member of a couple, and:

(a) the person’s partner is an accruing or non-accruing member of the pension bonus scheme; or

(b) the person’s partner is an accruing or non-accruing member of the corresponding scheme under Part 2.2A of the Social Security Act.

**Post-70/75 member with a post-70/75 work period**

(9) For the purposes of this section, a post-70/75 member of the pension bonus scheme has a post-70/75 work period if:

(a) the person’s claim for pension bonus nominates a particular period as the person’s post-70/75 work period; and

(b) the nominated period begins immediately after the end of the person’s last bonus period; and

(c) if it were assumed that the person had been an accruing member of the pension bonus scheme throughout each test period that is applicable to the person, the person would have passed the work test for each test period.

Note: Test period is defined by subsection (10).

(10) For the purposes of subsection (9), to work out what is a test period:

(a) identify the extended period, which is that part of the nominated period when the person was neither:

(i) subject to a carer preclusion period; nor
Part IIIAB  Pension bonus
Division 7  Claim for pension bonus

Section 45UM

(ii) covered by a declaration under section 45TO;
(b) if the extended period is 365 days or less—the extended period is the only test period;
(c) if the extended period is longer than 365 days—each of the following periods is a test period:
   (i) the full-year period beginning at the start of the extended period;
   (ii) if 2 or more succeeding full-year periods are included in the extended period—each of those full-year periods;
   (iii) the remainder (if any) of the extended period.

(11) In addition to its effect apart from this subsection, section 45U (evidentiary certificates) also has the effect it would have if each reference in paragraph 45U(1)(a), (2)(a), (3)(a) or (4)(a) to an accruing member of the pension bonus scheme were a reference to a post-70/75 member of the scheme.

Last bonus period

(12) For the purposes of this section, if a person has accrued only one full year bonus period, that period is the person’s last bonus period.

45UM Withdrawal of claim

(1) A claimant for a pension bonus may withdraw a claim that has not been determined.

(2) A claim that is withdrawn is taken not to have been made.

(3) A withdrawal may be made orally or by document lodged at an office of the Department in Australia in accordance with section 5T.

(3A) A withdrawal made by lodging a document in accordance with section 5T is taken to have been so made on a day determined in accordance with that section.

(4) If:
   (a) a person claims both a pension bonus and a designated pension; and
   (b) the claim for the designated pension is withdrawn;

the claim for pension bonus is taken to have been withdrawn.
(5) If:

(a) a person claims both a pension bonus and a designated pension; and

(b) the claim for the designated pension is rejected as a direct or indirect result of the operation of Subdivision BA or BB of Division 11 of Part IIIB (dispositions of assets);

the claim for pension bonus is taken to have been withdrawn.
Division 8—Determination of claim

45UN Secretary to investigate claim and submit it to Commission

(1) If a person makes a proper claim for a pension bonus, the Secretary must cause an investigation to be made into the matters to which the claim relates.

(2) When the investigation is completed, the Secretary must cause the claim to be submitted to the Commission for consideration and determination.

(3) When the claim is submitted to the Commission, it must be accompanied by:
   (a) any evidence supplied by the claimant in support of the claim; and
   (b) any documents or other evidence obtained by the Department in the course of the investigation that are relevant to the claim; and
   (c) any other documents or other evidence under the control of the Department that are relevant to the claim.

45UO Commission to determine claim

(1) The Commission must, in accordance with this Act, determine a claim for pension bonus.

(2) If a person claims both a pension bonus and a designated pension, the Commission must not determine the claim for pension bonus until the claim for the designated pension has been granted.

45UP Grant of claim

The Commission must determine that a claim for pension bonus is to be granted if the Commission is satisfied that the person is qualified for the pension bonus.
Division 9—Payment of pension bonus

45UQ  Payment of pension bonus

If a claim for pension bonus is granted, the bonus is payable to the person concerned on:

(a) the first pension payday after the grant; or
(b) if the Commission considers that it is not practicable to pay the bonus on that payday—the next practicable day.

45UR  Payment of bonus after death

(1) This section sets out the only circumstances in which a pension bonus will be payable after the death of the person concerned.

Note: A person’s surviving partner may be qualified for a pension bonus bereavement payment under Division 11A of this Part.

Later top up of pension bonus received before death

(1A) If:

(a) a person claims a pension bonus; and
(b) the person dies; and
(c) at the time of the person’s death, the person had received the bonus; and
(d) after the person’s death, the Commission determines that the person’s bonus is to be increased under section 45UIB or 45UIC;
the increase is payable to the legal personal representative of the person.

Claim granted before death

(2) If:

(a) a person claims a pension bonus; and
(b) the person dies; and
(c) at the time of the person’s death, the claim had been granted, but the person had not received the bonus;
the bonus is payable to the legal personal representative of the person.
Claim not granted before death

(3) If:
   (a) a person claims a pension bonus; and
   (b) the person dies; and
   (c) at the time of the person’s death, the claim had not been determined;
then:
   (d) the Commission must determine the claim after the person’s death as if the person had not died; and
   (e) if the claim is granted—the bonus is payable to the legal personal representative of the person.

(4) If:
   (a) under paragraph (3)(d), the Commission is required to determine a claim for pension bonus after a person’s death; and
   (b) at the time of the person’s death, the person’s claim for a designated pension had not been determined;
then, in determining the claim for pension bonus, this Part is modified as set out in the following table:

Note 2: Under the *Income Tax Assessment Act 1997*, pension bonus is exempt from income tax.

**Deduction from bonus at recipient’s request**

(3) The Commission may make a deduction from a pension bonus payable to a person if the person consents under paragraph 205(2)(e) to the Commission making the deduction.

Division 11—Preclusion periods

45UT Disposal preclusion period—dispositions before 1 July 2002

      (ii) the partner of a person has, during a designated year of the person, disposed of an asset of the partner; and
   (b) the amount of that disposition, or the sum of that amount and of the amounts (if any) of other dispositions of assets previously made by the person and/or the person’s partner during that designated year, exceeds $10,000;

   the person is subject to a disposal preclusion period throughout the period of 5 years that starts on the day on which the disposition referred to in paragraph (a) took place.

   Note: Designated year is defined by subsection (3).

(1A) This section applies only to dispositions of assets that took place before 1 July 2002.

(2) For the purposes of this Part, if:
   (a) a person ceases to be a member of a couple (whether because of the death of the person’s partner or for any other reason); and
   (b) immediately before the cessation, the person was subject to a particular disposal preclusion period that arose wholly because the person’s partner disposed of a particular asset; and
   (c) if that disposition had been disregarded, the person would not have been subject to that disposal preclusion period;

then, despite subsection (1), that disposal preclusion period ends at the cessation.

(5) No period after 30 June 2002 is, or is a part of, a designated year of a person. If, apart from this subsection, a period beginning before 1 July 2002 and ending on or after that date would be a designated year of a person, the part of that period that ends immediately before that date is taken to be a designated year of the person.

45UTA  Disposal preclusion period—dispositions on or after 1 July 2002

45UUE  Proper claim

(1) To be a proper claim, a claim for pension bonus bereavement payment must be:

(a) in writing; and

(b) in accordance with a form approved by the Commission; and

45UUF Lodgment period for claim

(1) The *lodgment period* for a person’s claim for pension bonus bereavement payment is the period of 26 weeks beginning on the day of death of the partner in respect of whom the person is qualified for pension bonus bereavement payment.

(2) However, the Commissioner may in special circumstances allow a person a longer period to make a claim than the period under subsection (1). If the Commissioner does so, the *lodgment period* for the person’s claim is the period allowed by the Commissioner.

45UUG Withdrawal of claim

(1) A claimant for a pension bonus bereavement payment may withdraw a claim that has not been determined.

(2) A claim that is withdrawn is taken not to have been made.

(3) A withdrawal may be made orally or by document lodged at an office of the Department in Australia in accordance with section 5T.

(4) A withdrawal made by lodging a document in accordance with section 5T is taken to have been made on a day determined in accordance with that section.

45UUH Secretary to investigate claim and submit it to Commission

(1) If a person makes a proper claim for a pension bonus bereavement payment, the Secretary must cause an investigation to be made into the matters to which the claim relates.

(2) When the investigation is completed, the Secretary must cause the claim to be submitted to the Commission for consideration and determination.
(3) When the claim is submitted to the Commission, it must be accompanied by:
   (a) any evidence supplied by the claimant in support of the claim; and
   (b) any documents or other evidence obtained by the Department in the course of the investigation that are relevant to the claim; and

Division 12  Modification of this Part in relation to certain persons previously qualified for age pension under social security law

Section 45UV

Division 12—Modification of this Part in relation to certain persons previously qualified for age pension under social security law

45UV  Persons to whom this Division applies

This Division applies to a person:
(a) who is a war widow/war widower—pensioner; and
(b) who registers under this Act as a member of the pension bonus scheme in respect of income support supplement; and
(c) who either:
   (i) was registered as a member of the pension bonus scheme under Part 2.2A of the Social Security Act 1991 (the SSA pension bonus scheme) with effect from a date before becoming a war widow/war widower—pensioner; or
   (ii) although not so registered, could, in the opinion of the Commission, have been so registered before becoming a war widow/war widower—pensioner had the person applied for that registration; and
(d) who has not received age pension under the social security law; and
(e) who has not claimed pension bonus under that law before becoming a war widow/war widower—pensioner.

45UW  Commission may request the provision of information

The Commission may, by notice in writing, request a person to whom this Division applies to provide to the Commission, within a period specified in the notice, any information that it considers would have been relevant:
(a) for the purpose of determining whether the person:
   (i) was registered as a member of the SSA pension bonus scheme; or
   (ii) in the opinion of the Commission, could have been so registered before becoming a war widow/war widower—pensioner had the person applied for that registration; and

Veterans’ Entitlements Act 1986
(b) for the purpose of working out the bonus periods that the person would have accrued under the social security law:

(i) if the person was registered as a member of the SSA pension bonus scheme—if the person had made a claim for pension bonus under that law immediately before becoming a war widow/war widower—pensioner; and

(ii) if the person was not so registered but, in the opinion of the Commission, could have been so registered before becoming a war widow/war widower—pensioner had the person applied for that registration—if the person had been so registered from the earliest day that the person could have been so registered and, immediately before becoming a war widow/war widower—pensioner, had made a claim for pension bonus under that law.

45UX Commission may determine whether periods occurring before becoming a war widow/war widower—pensioner are bonus periods under the social security law

(1) If a person:

(a) is a person to whom this Division applies; and

(b) was registered as a member of the SSA pension bonus scheme;

the Commission may, subject to subsection (3), determine, having regard to information supplied to it under this Act or the social security law, that if:

(c) the person had made a claim for pension bonus under that law immediately before becoming a war widow/war widower—pensioner; and

(d) the claim had been made in respect of a period the whole or part of which the Commission determines would have been a period of accruing membership of that scheme;

that period, or that part of that period, would have accrued to the person as a bonus period under that law.

(2) If a person:

(a) is a person to whom this Division applies; and

(b) was not registered as a member of the SSA pension bonus scheme but, in the opinion of the Commission, could have
been so registered before becoming a war widow/war widower—pensioner had the person applied for that registration;

the Commission may, subject to subsection (3), determine, having regard to information supplied to it under this Act or the social security law, that if:

(c) the person had been so registered from the earliest possible date that the person could have been so registered; and

(d) the person had made a claim for pension bonus under that law immediately before becoming a war widow/war widower—pensioner; and

(e) the claim had been made in respect of a period the whole or part of which the Commission determines would have been a period of accruing membership of that scheme;

that period, or that part of that period, would have accrued to the person as a bonus period under that law.

(3) If the Commission determines, in respect of a person to whom this Division applies, that:

(a) a period would have been:

   (i) if the person was registered as a member of the SSA pension bonus scheme—a part-year period of accruing membership of that scheme; or

   (ii) if the person was not, but, in the opinion of the Commission, could have been so registered before becoming a war widow/war widower—pensioner had the person applied for that registration and had the person been so registered from the earliest possible date that the person could have been so registered—such a part-year period of accruing membership of that scheme; and

(b) the period was not immediately preceded by another period that would have accrued to that person as a bonus period under the social security law;

the Commission may, despite the terms of subsection 92T(3) of the Social Security Act 1991, treat that part-year period as a bonus period under the social security law if, had the person made a claim for pension bonus under that law immediately before becoming a war widow/war widower—pensioner, the person would have passed the work test under that law in respect of that period.
Modification of provisions of this Part in respect of persons to whom this Division applies

(1) For the purposes of working out the amount of the pension bonus payable under this Part to a person to whom this Division applies and subject to subsection (2), if the Commission determines, under section 45UX, that a period would have accrued to the person as a bonus period under the social security law, then:
   (a) that bonus period is to be treated as if it were a bonus period that had accrued to the person under this Act; and
   (b) that bonus period, or if more than one, the last such bonus period, is to be treated as if it were continuous with the first bonus period (if any) that accrues to the person under this Act after the person becomes a war widow/war widower—pensioner.

(2) Subsection (1) applies in relation to a part-year period that the Commission determines is a bonus period that would have accrued, under the social security law, to a person to whom this Division applies only if:
   (a) that bonus period is immediately preceded by a period that the Commission determines would have been another bonus period accruing to the person under that law; or
   (b) that bonus period, when aggregated with any bonus period or bonus periods accruing to the person under this Act after the person becomes a war widow/war widower—pensioner, would amount to at least one year.

(3) If:
   (a) a person to whom this Division applies has a part-year period of accruing membership of the pension bonus scheme under this Act; and
   (b) the part-year period does not begin immediately after a bonus period accruing to that person under this Act;
then, for the purposes of applying subsection 45TR(3) of this Act in determining whether that part-year period is a bonus period under this Act, the Commission may treat that part-year period as if it were immediately preceded by a bonus period accruing to that person under this Act.
