

# Once upon a time...

"...Jiminy Cricket, where are you?"

Canvas created by students  
from the Liceo Artistico of  
Bergamo and Romagnano Sesia  
(Italy) for the World Day  
Against Child Labour 2008  
in the framework of the  
ILO-IPEC SCREAM  
(Supporting Children's Rights  
through Education, the Arts and  
the Media) programme

pinocchio is a wooden puppet who dreams of becoming a real boy.  
pinocchio, with the help of Jiminy Cricket as his conscience and inner voice,  
makes his journey towards greater awareness and responsible behaviour.  
The fairytale character pinocchio was chosen to express the complex reality  
of child labour in a globalised world and to promote awareness  
in a way that has meaning also to children
