

Online Forum on Migration

ACTRAV will take advantage of the report prepared for this year's International Labour Conference (ILC) to launch a pilot on-line forum on labour migration. The preparation of the migration online forum is one of the activities initiated by the Global Union Research Network (GURN) which was established in Turin, January 2004 (see www.gurn.info).

A discussion on the basis of the migration report submitted to the ILC 2004 would contribute to:

- Global exchange of experience and feedback from trade unionists.
- Assist the workers' group in preparing for the Conference.

Suggested target group for the moderated discussion on migrants are:

- Members of the Workers' Group of the Governing Body.
- Trade Union experts who took part in the workers' group consultation meeting in Nyon on migration in December 2003.
- Other migration specialists within the trade union movement.
- Participants of the GURN workshop in Turin in January 2004.

The online debate is an innovative pilot project aimed at improving the knowledge base and information sharing ahead of the Conference.

The debate will take place during four weeks from 13 April until 9 May 2004.

If you would like to participate in the online forum, please get in touch with the Secretary of the Workers Group, Mr. Dan Cunniah. (dan.cunniah@geneva.icftu.org)
