

Employers Against HIV/AIDS

Best Practices and Strategies for Scaling up Private Sector Responses

Tuesday 5 August, 07:00 – 08:30
Skills Building Room 5

INTERNATIONAL ORGANISATION OF EMPLOYERS

Employers, the world over, are key actors in the fight against HIV/AIDS. They can mobilize enterprises, company clinics, employees, families and surrounding communities to deliver essential HIV/AIDS prevention, education, care, support, treatment and, above all, create a favourable non-discriminatory environment to sustain HIV/AIDS efforts.

This interactive satellite session organized by the International Organisation of Employers (IOE) in collaboration with the International Labour Organization (ILO), will bring together key national actors from the employer community. They will present lessons learned from employers' organizations and member companies and explore ways of providing more effective and expanded HIV/AIDS responses at the national level.

Moderators:

Mr Frederick Muia, Senior Adviser, IOE

Dr Sophia Kisting, Director, ILO Programme on HIV/AIDS and the World of Work

Speakers:

Professor Wiseman Nkuhlu, *President, International Organisation of Employers
“Lessons Learned from Mining and Insurance Companies in South Africa”*

Dr Christoph Benn, Director of External Relations, the Global Fund to Fight HIV/AIDS, TB and Malaria
