D5S1

Policy level group

This week we discussed risk factors and vulnerability at source, transit and destination, and at a local versus institutional level.

We also discussed response actions as follows:

- Broad prevention through livelihoods, skills training, education and awareness raising;
- Safe migration to prevent trafficking;
- Monitoring of recruitment, transport and labour conditions & law enforcement;
- Victim assistance

Each one of these response groups includes labour components.

In the below matrix please discuss specific **labour related actions** – at a **policy level** - that need to be undertaken to address trafficking in persons, and put in brackets who should do so (Government, Workers, Employers, NGOs/Mass organizations).

	Policy and institutional level (enabling)		
	Source	Transit	Destination
Broad prevention			
Safe migration			
Monitoring & Enforcement			
Victim assistance			

The results are a starting point for partnerships and collaboration.
