IRN000 - Iran (Islamic Republic of)		
IRN100 - Achieving elements of decent work through adoption of employment and human resource policies for women and men with participation of all stakeholders		
	IRN101 - Employment and human resource policies adopted for improved employment generation through strengthened Labour Market Information System/Employment services including vocational training/skills delivery systems, enabling environment for SMES	230075 - Decent work through local development: Poverty reduction through local employment and empowerment
	220025.10 - Countries improve labour market information and analysis and formulating, implementing and evaluating employment and labour market policies, with special attention to employment and income security and equal access to decent and productive employment for all women and men	
	230025.10 - Governments, employers' and workers' organizations use ILO tools to improve the policy and regulatory environment for enterprises, and promote an enterprise culture that supports the creation of decent jobs. This measures the extent to which governments and the social partners have made significant use of ILO tools and advice in the policy, regulatory and enterprise culture area.	
	230075.10 - Member States apply ILO innovative approaches and policy orientations to integrate local economic development, employment promotion and income-generating activities with workers rights, social protection, social dialogue, gender equality and poverty reduction.	
	IRN102 - Strengthened Labour Institutions to deal with issues of privatization, child labour, social dialogue, labour law reforms, labour administration, social protection and gender	220050 - Skills and employability policies and programmes for decent work
	220050.20 - Member States develop more effective, gender-sensitive skills and employability policies, programmes and strategies at the national, local and regional levels. Will monitor the number of member States that adopt improved human resources development policies and programmes through departmental advisory services and technical cooperation programmes.
