

## STAFF UNION COMMUNIQUE

---

Geneva, 18 March 2009

### **Draft amendment to Article 4.2(f) of the Staff Regulations Latest developments**

Since the publication of the last broadcast, the representatives of the Union have continued the discussions which began last week with the Administration with a view to finding a negotiated solution. These efforts will continue over the coming days. At the same time, the Union has maintained its actions aimed at mobilising staff, both at headquarters and in the field. To this end, the petition in support of the actions taken by the Staff Union to give effect to the resolution adopted by the EGM of 10 March 2009 have, to date, received more than 300 signatures in headquarters, and more than 600 signatures in the field.

We once again draw your attention to the need to remain mobilized, given that the PFAC will hold two more sessions: Thursday, 19 March at 15:30 and Wednesday, 25 March at 14:30.

This Thursday's session will be devoted in particular to a more in-depth discussion on the draft Field Structure Review.

For more information, do not hesitate to contact your union steward, the members of the Staff Union Committee, or the Staff Union Secretariat (Office 6-20, ext. 7956).
