

## **Information session on the results of the Recruitment and Selection survey and update on negotiations**

Tuesday, 12 October 2010, from 13:00 am to 14:00, Room V (R3 south)

*COLLECTIVE BARGAINING – IT'S TIME TO BELIEVE NOW MORE THAN EVER!*

Last May, the ILO Staff Union Committee invited you to a General Assembly to announce that it had received the necessary assurances to return to the negotiating table, which we subsequently did over the summer.

We also promised to launch a major Bargaining Survey to collect your views on recruitment and selection. You responded in huge numbers, with a clear message and often “straight from the gut”!

We thank you for your honesty and your commitment in responding to the questionnaire. Your suggestions have been a great help in preparing for our discussions with the Administration.

It is now incumbent on us to “convert the try” and achieve concrete results for the staff.

For that we are organizing an information meeting to share with you all the latest developments:

- The results of the survey on recruitment and selection
- The concrete and constructive proposals made by the Staff Union, based on these results, and
- Based on the latest developments, what will these negotiations deliver? Will there be negotiations in the end??

**Life is not all smooth sailing in the ILO! Want info? Be there!**
