“NOT CHARITY, BUT A CHANCE”

PT. Omron Manufacturing of Indonesia
Commitment to supporting and creating work opportunities for disabled person in Indonesia
In Beppu - Oita Prefecture, and Kyoto Prefecture lie a couple of factories referred to as a factory of wheelchairs.

The fate encounter that triggered the creation of this factories occurred in 1971 in Kyoto.

“At work for a better life, a better world for all”
Dr Kazuma Tateisi - Omron Founder

“No one is so disabled as to be unable to work at all”.
Dr. Yutaka Nakamura – Founder of Taiyo no ie. (a social welfare organization for the purpose of integrating people with disabilities into society.)
OMRON TAIYO

Collaboration between OMRON and Taiyo no ie, established OMRON Taiyo Co., Ltd in Beppu, Oita Prefecture in 1972.

This was followed by the establishment of OMRON Kyoto Taiyo Co., Ltd. in Kyoto in 1986.

Japan’s first factory designed for workers with various physical handicaps

From operators up to the top management are people with disability
PT. Omron Manufacturing of Indonesia

PT. Omron Manufacturing of Indonesia

Other highlighted informations

- We have ever experienced in hiring schizophrenia person, without any discrimination.
- We realized that mostly disable person comes from low social & economic background, so we adjust our educational requirement and we equip them in our in house Training Center.

Thank you
