TRAFFICKING

ILO action against trafficking in human beings

The ILO addresses trafficking from a labour market perspective. It hereby seeks to eliminate the root causes, such as poverty, lack of employment and inefficient labour migration systems.

Training manual to fight trafficking in children for labour, sexual and other forms of exploitation

This training manual contains textbook on: (a) understanding child trafficking; (b) action against child trafficking at policy and outreach levels; (c) matters of process; (d) exercise book; and (e) facilitator’s guide.

Publishers: ILO, UNICEF and Global Initiative to Fight Human Trafficking (UN, GIFT)

Trafficking for forced labour: how to monitor the recruitment of migrant workers: training manual

This manual provides information on abusive recruitment practices and trafficking as well as the socio-economic factors that facilitate the incidence of trafficking. The main emphasis, however, is on policy measures, skills and techniques to be applied in curtailing these practices.

Forced labour and human trafficking: handbook for labour inspectors

This handbook is a tool for training. It seeks to inform labour inspectors of the facts and trends of modern forced labour and the challenges before them, and to promote discussion as to how labour inspectorates worldwide could be harnessed more effectively to global efforts against forced labour and trafficking.

FOOTWEAR INDUSTRY

Shoes, glues and homework: dangerous work in the global footwear industry

The book describes working conditions in informal sector shoe production in Indonesia and the Philippines, their gender dimensions, and national and international policy implications. The use of organic solvents makes shoemaking particularly hazardous occupation. Introduction of safer chemical alternatives is hindered by complex relationships among various global and local actors.

INDIGENOUS/TRIBAL PEOPLE

Indigenous and tribal peoples’ rights in practice: a guide to ILO Convention No. 169

This guide presents experiences, practices and lessons learned generated so far, thus providing a practical tool for the further understanding and implementation of indigenous peoples’ rights.

Publisher: ILO International Labour Standards

PROJECT MANAGEMENT

Project design, implementation planning and appraisal: self-guided learning (CD version 1)

The self-guided learning workbook has been designed to provide ILO officials involved in project design and project management with the knowledge and skills required to apply the methodologies and tools for project design.

The workbook covers the planning stages of the project cycle and is structured in five modules that follow a consecutive order according to the project design workflow.
