The Conference Committee on the Application of Standards

The annual report of the Committee of Experts, usually adopted in December, is submitted to the International Labour Conference the following June, where it is examined by the Conference Committee on the Application of Standards. A standing committee of the Conference, the Conference Committee is made up of government, employer, and worker delegates. It examines the report in a tripartite setting and selects from it a number of observations for discussion. The governments referred to in these comments are invited to respond before the Conference Committee and to provide information on the situation in question. In many cases the Conference Committee draws up conclusions recommending that governments take specific steps to remedy a problem or to invite ILO missions or technical assistance. The discussions and conclusions of the situations examined by the Conference Committee are published in its report. Situations of special concern are highlighted in special paragraphs of its General Report.
