Programme and Budget for 2022–23

Collection of contributions from 1 January 2022 to date

Summary: This paper provides information on the collection of contributions from 1 January 2022 to date and the position of Member States in relation to article 13(4) of the Constitution.

Author unit: Financial Management Department (FINANCE).

Related documents: [GB.344/PFA/3](#).

1. This paper provides a summary of contributions received during January and February 2022 and a comparison with the position at 28 February 2021. Appendix I gives details of contributions received during January and February 2022, and the position of contributions and amounts due as at 28 February 2022, subdivided as follows:
 - A. States which have settled their 2022 contributions in full.
 - B. States which have paid part of their 2022 contributions.
 - C. States which have made no payments but have received credits towards their 2022 contributions.
 - D. States which have made no payments, nor received credits, towards their 2022 contributions.
 - E. Amount due by States when they ceased to be Members of the Organization.
2. Appendix II gives details of those Member States which, at 28 February 2022, are two years or more in arrears and which have lost the right to vote under article 13(4) of the Constitution.

▶ Assessed contributions for 2022

3. Total assessed contributions for 2022 amount to 383,742,090 Swiss francs (CHF) compared with CHF395,320,000 for 2021. Section A of Appendix I lists Member States which, at 28 February 2022, have settled all contributions due through payment. Fifty three Member States (with 2022 contributions of CHF78.0 million, representing 20.3 per cent of assessed contributions) were in this position, 35 of which paid their contributions before 1 January 2022. At the corresponding date in 2021, CHF82.6 million, or 20.9 per cent of 2021 assessed contributions, had been received from 52 Member States, 33 of which had paid their contributions before 1 January 2021.
4. Section B lists 15 Member States that have made partial payments against their 2022 contributions. At the corresponding date in 2021, 15 Member States had made partial payments against their 2021 contributions. Section C lists 96 Member States which have made no payments but received credits against their 2022 contributions. In 2021, Member States did not receive any credits. Following the postponement of the 109th Session of the International Labour Conference from 2020 to 2021, which implied postponing the adoption of the ILO audited consolidated Financial Statements for the year ended 31 December 2019, the distribution of credits in 2021 was deferred to January 2022. Section D lists 23 Member States which have made no payments nor received credits against their 2022 contributions. At the corresponding date in 2021, 120 Member States had made no payments nor received credits against their 2021 contributions.
5. At 28 February 2022, total payments received against 2022 contributions thus totalled CHF91.6 million or 23.9 per cent of assessed contributions, as against CHF85.2 million, or 21.6 per cent at the corresponding date in 2021.

▶ Arrears of contributions

6. At 31 December 2021, contributions outstanding amounted to CHF159.4 million. At 28 February 2022, CHF89.2 million or 56 per cent had been received against these

outstanding contributions. At the corresponding date in 2021, CHF8.3 million had been received representing 4.8 per cent of the contributions outstanding at 31 December 2020 of CHF173.9 million.

▶ Summary of contributions received

7. Total assessed contributions for 2022 received up to 28 February 2022 and arrears received up to the same date, amounted to CHF180.8 million and are summarized as follows:

	Swiss francs
Assessed contributions for 2022 received	91 600 125
Arrears of contributions received	89 205 937
Total contributions received	180 806 062

▶ Position of Member States in relation to article 13(4) of the Constitution

8. A table listing Member States that had lost the right to vote on account of being two years or more in arrears on 28 February 2022 is attached as Appendix II. The total of 27 Member States in this position compares with 32 at the corresponding date in 2021, 29 in 2020 and 30 in 2019. A further 5 Member States have arrears of contributions that exceed the amount of the contributions due from them for the past two full years (2020–21) but are permitted to vote in accordance with the provisions of article 13(4) of the Constitution under financial arrangements approved by the International Labour Conference.
