Resolution concerning the promotion and the implementation of the Recommendation on HIV and AIDS and the world of work, 2010

The General Conference of the International Labour Organization, meeting at its 99th Session, 2010,

Having adopted the Recommendation on HIV and AIDS and the world of work, 2010,

Noting that the success of the Recommendation will depend upon the effective promotion and implementation of its requirements,

Mindful that the core mandate of the Organization is to promote decent work and sustainable enterprises,

Noting the ILO's participation as a tripartite organization in the Joint United Nations' Programme on HIV/AIDS (UNAIDS) efforts to address HIV and AIDS,

1. Invites the Governing Body of the International Labour Office to allocate the resources within the existing budget and look for additional extra-budgetary resources to carry out the work with the tripartite constituents to give effect to the Recommendation in the world of work.

2. Invites the Governing Body to take action to promote collaborative efforts with the various international organizations concerning HIV and AIDS at the workplace.

3. Invites the Governing Body to request that a Global Action Plan be established to achieve widespread implementation of the Recommendation in order to reduce the impact of HIV and AIDS in the workplace. This should be developed with the representative employers' and workers' organizations, taking into account the views of UNAIDS, organizations representing persons living with HIV and AIDS, and other relevant parties.

4. Invites the Governing Body to request the Director-General to give due regard to fair allocation of the Office's technical cooperation resources to countries. Member States and the most representative workers' and employers' organizations may request assistance in the implementation of the Recommendation in areas such as:

- (a) technical assistance in developing and implementing tripartite national policies, programmes, and legislation to meet the requirements of this Recommendation;
- (b) providing support and building capacity to train, communicate, monitor, implement and advocate, for example:
 - (i) the development of training programmes and materials to build capacity, including those with a sectoral focus;
 - (ii) the training of workplace HIV and AIDS focal persons and educators, including employers' and workers' representatives and labour administrators;
 - (iii) the development of promotional materials and advocacy tools related to the Recommendation; and
 - (iv) national and regional seminars and workshops promoting the Recommendation.

5. Invites member States to use existing mechanisms or to establish mechanisms at the national level to review progress, and monitor developments and share examples of good practice in relation to the implementation of the national policies and programmes on HIV and AIDS relevant to the world of work.

6. Invites the Governing Body to request regular reports from member States under article 19 of the ILO Constitution as part of the existing reporting mechanisms, in particular General Surveys. Governments' reports relating to HIV and AIDS should be prepared in consultation with the most representative employers' and workers' organizations, including details of progress made and, where possible, examples of good practice.

7. Invites the Governing Body to periodically review the progress made in the implementation of this Recommendation.

8. Invites the Governing Body to promote to member States the extension under Article 1(1)(b) of the Discrimination (Employment and Occupation) Convention, 1958 so that the protection afforded under that Convention is extended to real or perceived HIV status.
