## PSYCHOSOCIAL SUPPORT AT WORKPLACE PROGRAMME: A UNIVERSAL ROADMAP

**Kseniia Lepekha**

psychologist, trainer on preventive  
programmes at work

# SELF-ASSESSMENT BY ENTERPRISES OF THEIR SITUATION IN TERMS OF PSYCHOSOCIAL SUPPORT

## CHECK LIST

- Has the psychological safety culture been shaped?
- Have the structural unit managers been trained in strategies of efficient communication in situations related to mental health of workers?
- Are psychosocial risks and hazards assessed as part of the general policy of occupational safety and health?
- Has a permanent programme of workers' mental health support, having efficiency criteria, been implemented?

## PSS PROGRAMME IMPLEMENTATION STEPS ROADMAP

- 
- ✓ develop and approve a programme action plan

- 
- ✓ create an initiative team;
  - ✓ analyze the situation;
  - ✓ enlist management support.

- 
- ✓ develop and approve a system of programme monitoring and evaluation

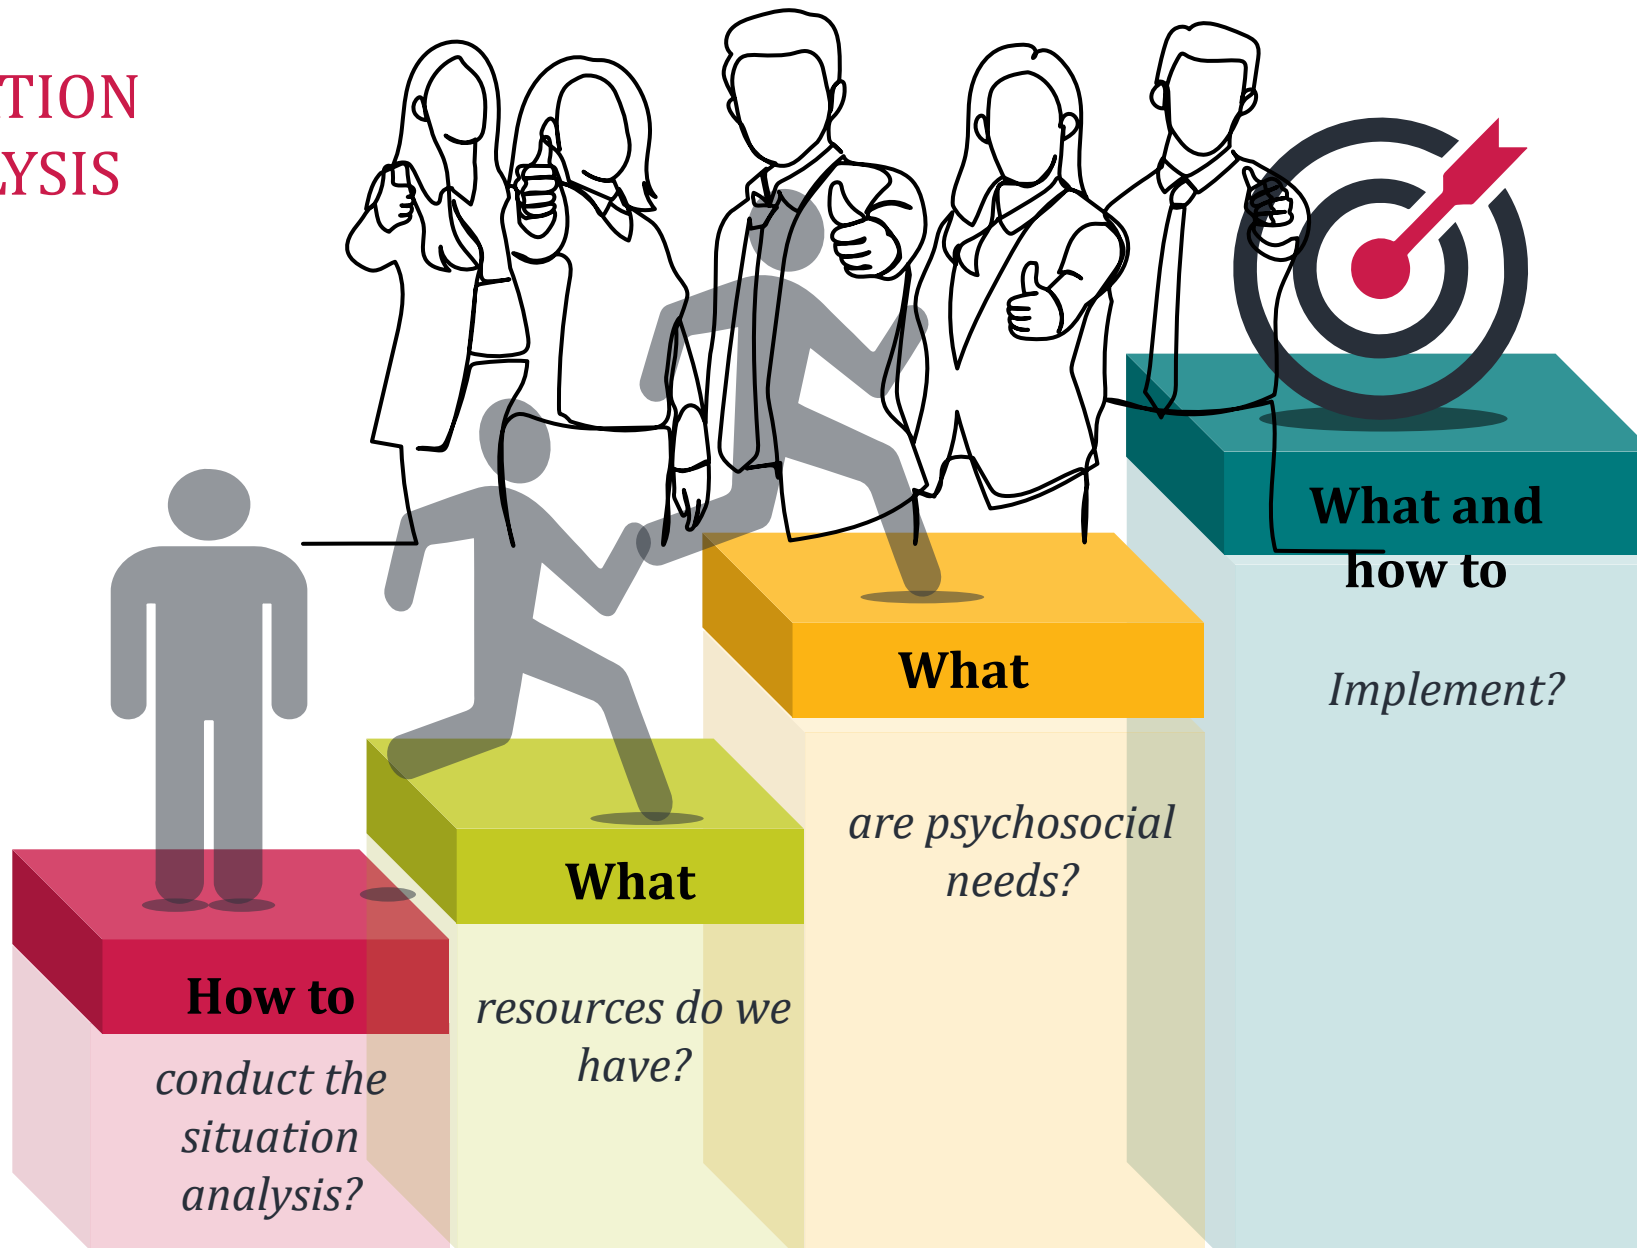

- 
- ✓ develop and approve a written policy;
  - ✓ introduce all workers to the policy;
  - ✓ establish a communication system

**WHY** AM I A  
PROGRAMME  
DRIVER?

# SITUATION ANALYSIS

# BASIS OF A PSYCHOSOCIAL SUPPORT PROGRAMME

***Policy on psychosocial support of workers***

*Statement of intentions*\_\_\_\_\_

*Goals of the psychosocial support programme*\_\_\_\_\_

*Definitions of key concepts*\_\_\_\_\_

*Obligations of managers and workers*\_\_\_\_\_

*Communication with staff, prevention and support*\_\_\_\_\_

*Policy monitoring and review*\_\_\_\_\_

written policy

# STRATEGIES OF MEASURES WITHIN THE PSS POLICY FRAMEWORK

## UNIVERSAL

## STRATEGIES:

general level – all workers

**Goal:** *prevent* risks and *improve* mental health

(information and training activities, health improvement programmes, organizational changes...)

## SELECTIVE

## STRATEGIES:

level of worker groups

**Goal:** early intervention, risk *mitigation* (information and training activities, supporting programmes, organizational changes...)

## SPECIAL

## STRATEGIES:

individual level – individual worker

**Goal:** *recovery*, post-trauma *adaptation* at work (specialist assistance, reasonable accommodation, psychological first aid...)

# M&E SYSTEM WITHIN THE PSS PROGRAMME

**Goals and objectives  
as per the  
intervention  
strategy (level)**

**Data collection  
methods  
(data source, tools,  
frequency)**

**Dissemination of  
results**

**01**

**02**

**Process indicators  
and result indicators  
(indicators for  
measurement)**

**03**

**Roles and  
responsibilities  
within M&E (data  
manager)**

**04**

**05**

ACTION PLAN AS PART OF THE PSYCHOSOCIAL SUPPORT PROGRAMME

SAMPLE

Activities <i>(objectives)</i>	Intervention level <i>(universal, selective, individual)</i>	Content <i>(forms and methods)</i>	Necessary resources <i>(information and communication tools, material and financial, time)</i>	Responsible person <i>(name, contact, function)</i>	Time limit <i>(frequency and date)</i>	Implementation status / difficulties / M&E results <i>(output, outcome and impact)</i>

## Check List

# PROGRAMME INFRASTRUCTURE

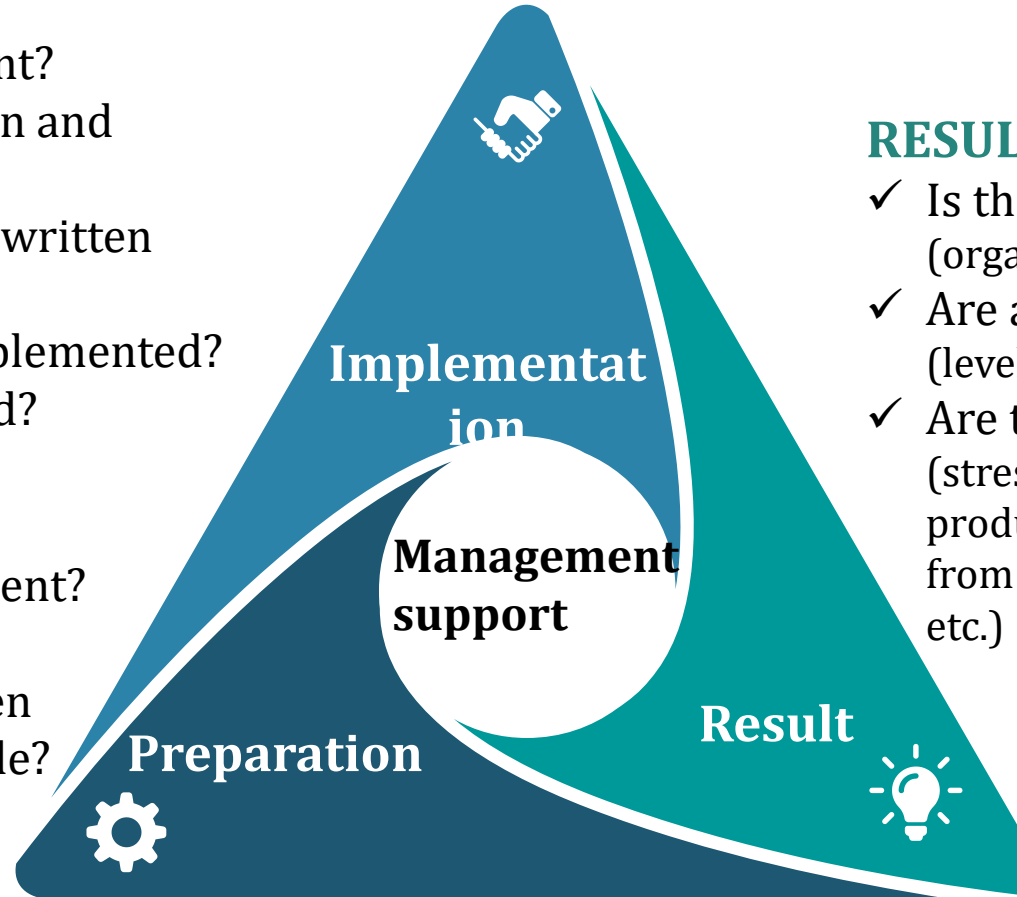

### IMPLEMENTATION:

- ✓ Is there support from management?
- ✓ Is there clear process coordination and communication?
- ✓ Is everyone familiarized with the written policy and programme?
- ✓ Is the Programme action plan implemented?
- ✓ Is the Programme M&E conducted?

### PREPARATION:

- ✓ Is there management's commitment?
- ✓ Are coordinators designated?
- ✓ Has the PS needs assessment been conducted, are resources available?
- ✓ Are the policy and action plan approved?
- ✓ Is the M&E system developed?

### RESULT:

- ✓ Is the policy efficient? (organizational changes)
- ✓ Are all worker groups covered? (level of coverage and involvement)
- ✓ Are the measures efficient? (stress level, job satisfaction level, productivity level, level support from colleagues and management, etc.)

#### Zboriv Primary Health Care Centre

Zboriv city, Ternopil oblast

Facility providing primary medical aid

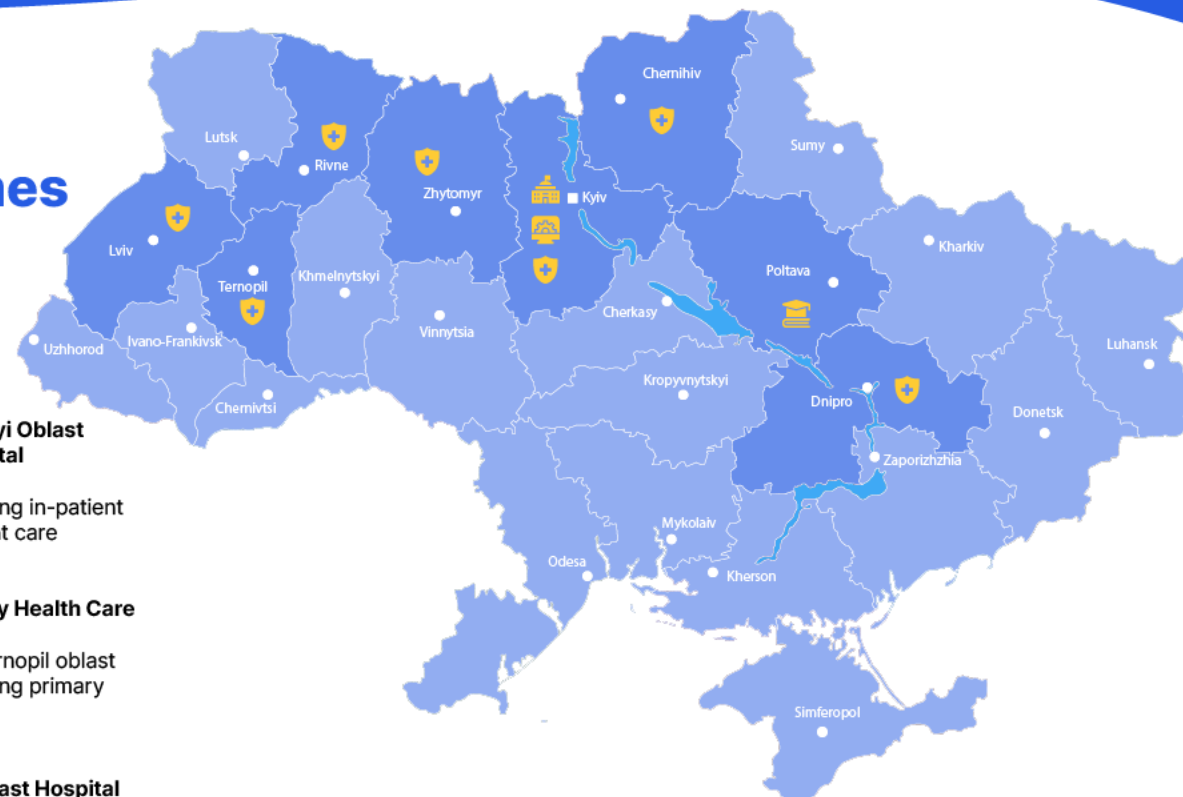

115 staff

#### Chernihiv Oblast Hospital

Chernihiv city

Facility providing tertiary highly specialized medical aid

1442 staff

12 enterprises  
9654 staff  
14 expert observers from stakeholders

## PSS PROGRAMME PILOTING RESULTS:

Respondents' answers on quality of information and training materials and webinars

-  **Sufficiently successful** form of information material presentation during webinars at every step of the Programme implementation.
-  Additional information materials contained on the Programme Piloting disc and at the SLS portal are **sufficiently useful and practical**.
-  Additional information materials contained on the Programme Piloting disc and at the SLS portal are **not sufficiently useful and practical**.

**Sample profile:** 15 respondents including 6 pilot enterprises, 6 “offline” enterprises, and 3 respondents as observer experts.

## PSS PROGRAMME PILOTING RESULTS:

Breakdown of respondents' answers concerning quality of the 4-step PSS Programme model

 The 4-step PSS Programme model is **sufficiently successful and convenient** to use

 It is **worth changing something** in the 4-step PSS Programme model

**Sample profile:** 15 respondents including 6 pilot enterprises, 6 “offline” enterprises, and 3 respondents as observer experts.

## PSS PROGRAMME PILOTING RESULTS:

Respondents' answers concerning feasibility and difficulty of implementing such a PSS programme model at the enterprise level (several answer options may be chosen)

- **Absolutely realistic to design and implement**, there would be a desire
- **Difficult** because needs considerable resources (finance, time, human)
- **Difficult** because there is no leader(s) who would assume responsibility
- **Difficult** because workers are not motivated to take care of this matter
- **Difficult** because there is no support from management

**Sample profile:** 15 respondents including 6 pilot enterprises, 6 “offline” enterprises, and 3 respondents as observer experts.

## PSS PROGRAMME PILOTING RESULTS:

Breakdown of respondents' answers concerning the PSS Programme steps implemented

-  **All steps** of the PSS Programme have been implemented, and its activities are under implementation
-  **Some steps** of the PSS Programme have been implemented
-  **None of the** PSS Programme **steps** has been implemented

**Sample profile:** 15 respondents including 6 pilot enterprises, 6 “offline” enterprises, and 3 respondents as observer experts.

## PSS PROGRAMME PILOTING RESULTS:

Breakdown of respondents' answers concerning usefulness of the training on PSS provision at the workplace

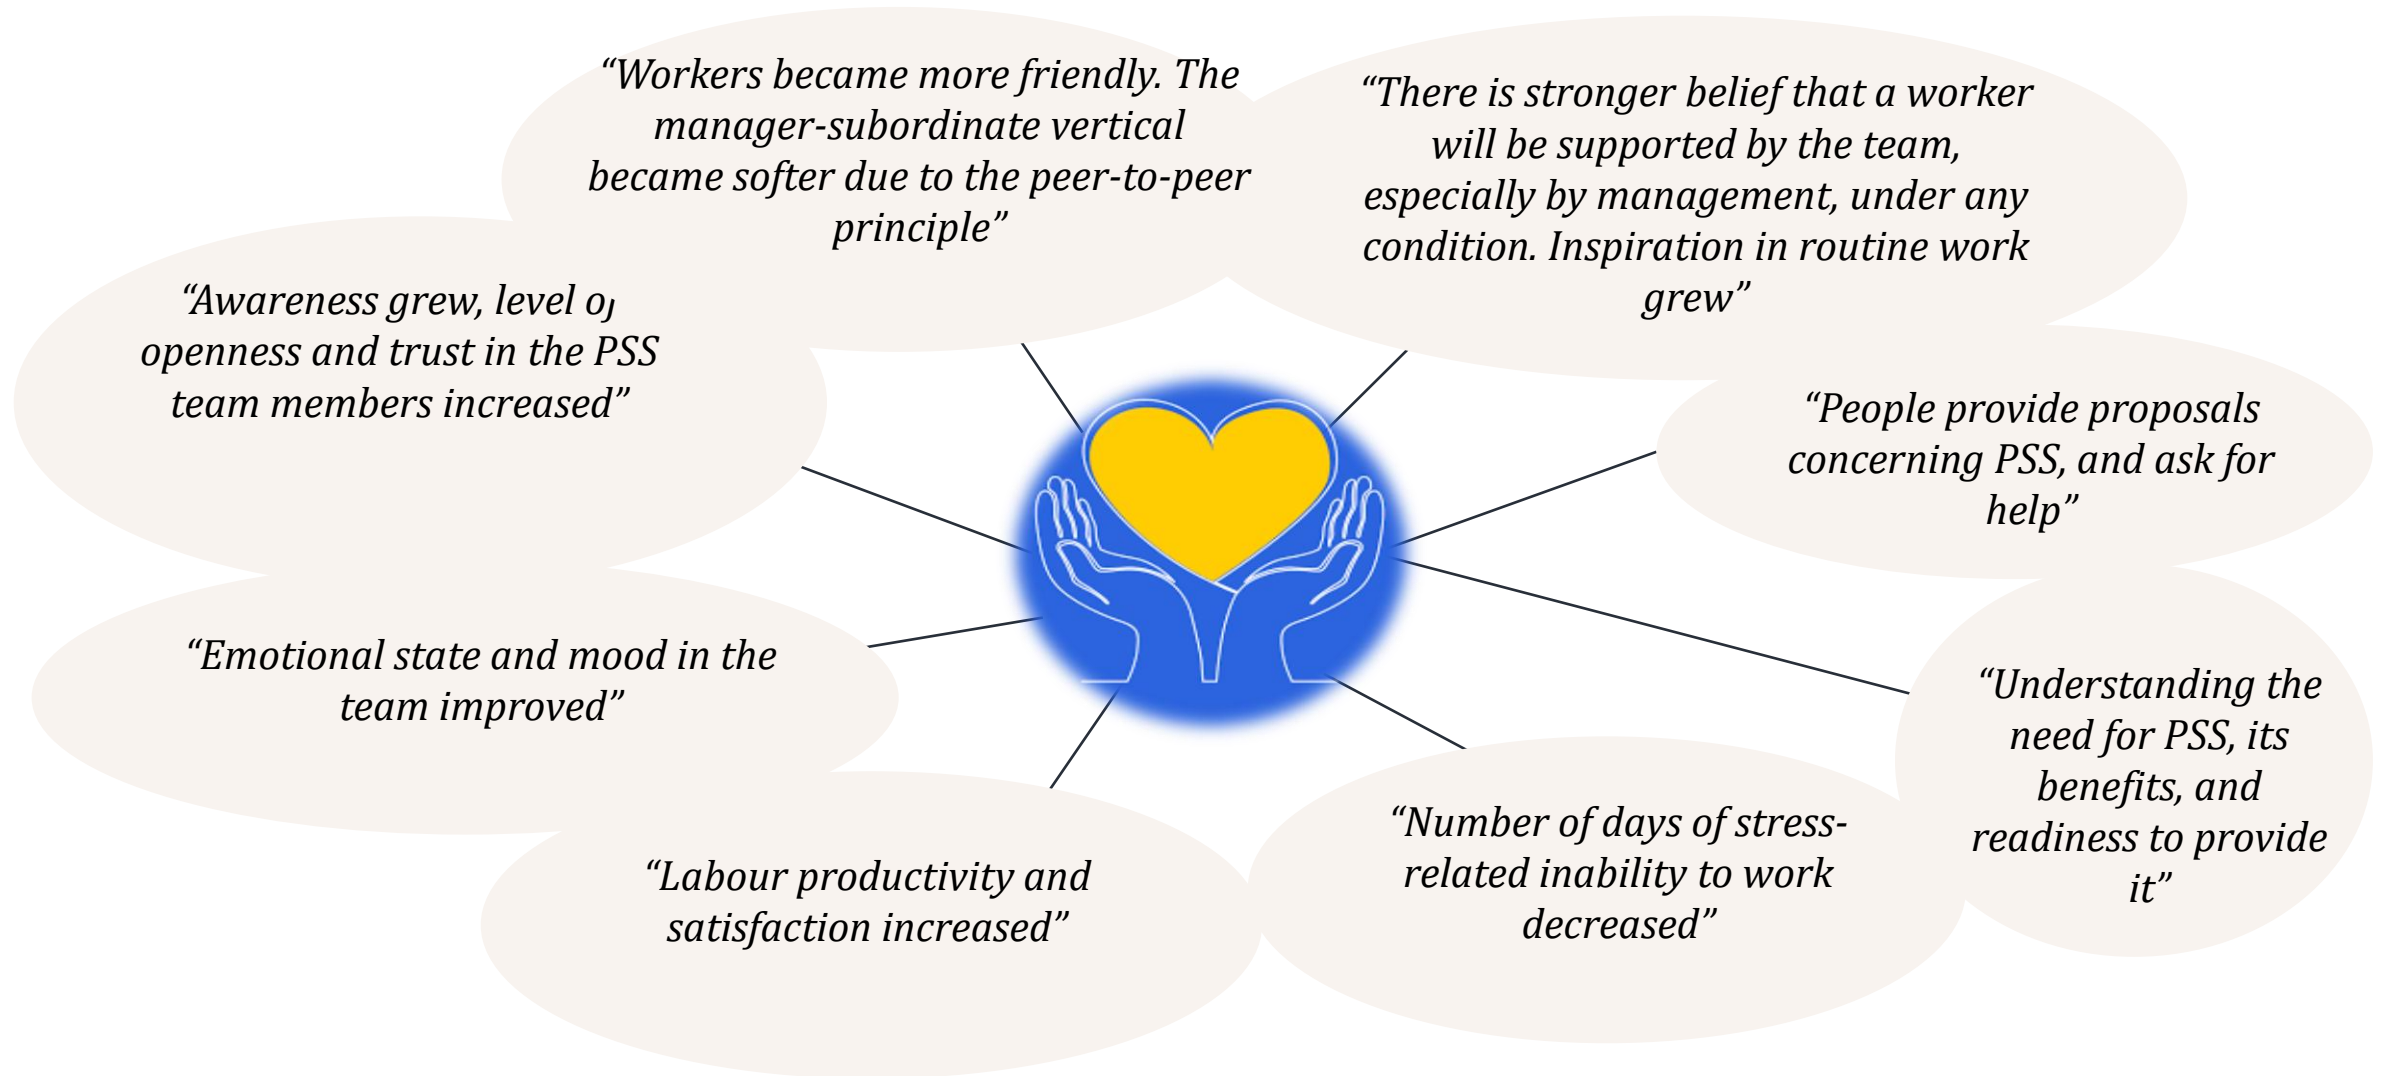

-  **Useful, we intend to use** the acquired knowledge at the workplace
-  **Useful, we have already been using** the acquired knowledge to support others at the workplace
-  **Not a useful training**

**Sample profile:** 15 respondents including 6 pilot enterprises, 6 “offline” enterprises, and 3 respondents as observer experts.

# PSS PROGRAMME PILOTING RESULTS:

Respondents' answers on efficiency of the PSS at workplace programme based on their internal M&E

**Sample profile:** answers were given by 13 respondents, including one answer that workers have no interest in the programme (the latter respondent has not started implementation of activities yet)/

## PSS PROGRAMME PILOTING RESULTS:

Respondents' answers on key pre-requisites for successful PSS programme implementation (several answer options may be chosen)

**Support by management**

**85,7  
%**

**Initiative team**

**78,6  
%**

**Financial support**

**71,4%**

**Full-time psychologist**  
**64,3  
%**

- Support by management
- Programme leaders from among workers
- Financial support for the programme
- Availability of a full-time psychologist

**Sample profile:** 14 respondents provided answers.

## PSS PROGRAMME PILOTING RESULTS:

Some answers by respondents concerning obstacles and pre-requisites for the PSS Programme dissemination at sectoral/regional/national levels

### PRE-REQUISITES OF SUCCESS (proposals):

- ✓ Information campaigns, social advertising;
- ✓ Financial support;
- ✓ Specialist training programme (position of a trainer of mental health support);
- ✓ State-level support (support of enterprises that have implemented the programme);
- ✓ Right selection of the PSS team.

### OBSTACLES (concerns) :

- ✓ Lack of funding;
- ✓ Scaling problems;
- ✓ Management's low awareness of this matter;
- ✓ Manager and workers have no motivation;
- ✓ Hostilities.

# HOW TO MAKE THE PSS PROGRAMME AN INTEGRAL PART OF ORGANIZATIONAL CULTURE

## CONCLUSIONS BASED ON THE PROGRAMME PILOTING

- **PSS policy** is integrated and part of OSH.
- **Priority proactive measures** are implemented based on assessment of PS needs.
- **Psychologically safe leadership** as a factor of an inclusive positive organizational culture.
- **Promotion of mental health support** through regular communication.
- **Review and improvement** of the policy and programme through regular M&E.
- **Support from management** is systematic.

# HOW TO SCALE UP THE PSS PROGRAMME AT WORKPLAE THE SECTORAL/REGIONAL/NATIONAL LEVEL RECOMMENDATIONS

- 1 Develop guidelines and have them approved by a competent authority *(sector/region specifics and enterprise size, social dialogue)*.
- 2 Develop a tool for PS risk assessment and management at work *(questionnaire, recommendations, training)*.
- 3 Create a system of training of PSS instructors – a version for workplaces *(approved training programme, provisions in collective agreements and contracts)*.
- 4 Create a platform for experience exchange, dissemination of information and support of best practices *(e.g., coalition of enterprises ambassadors on mental health support)*.
- 5 Provide support to enterprises as part of implementation of *sectoral, regional and national programmes*.
