ILO Convention 102 on Social security

Valerie Schmitt, ILO DWT Bangkok
Experts meeting in Jakarta
12-15 December 2011
ILO Convention 102 on Social security

Agenda:
– What is Convention 102?
– How to ratify C102?
– The upcoming recommendation on the SPF – R202
Convention 102 built on the ideas that:

- There is no right model for social security
- Social security grows and evolves over time
- Social security policies should reflect countries’ social and cultural values, their history, their institutions and their level of economic development
Main features of Convention 102

• Adopted by the ILC 1952
• Tool (guideline) for the design and implementation of social security law
  – Comprehensive definition of social security (nine branches)
  – Minimum standards for each branch
  – Flexibility clauses → step by step extension of social security coverage by ratifying country
  – Principles
Main features of Convention 102

• Nine branches:

1. Access to medical care
2. Sickness
3. Unemployment
4. Old age benefit
5. Employment injury
6. Family benefit
7. Maternity benefit
8. Invalidity benefit
9. Survivor’s benefit
Main features of Convention 102

• **Minimum standards** are set for each contingency:
  – **minimum level of benefits** to be paid
  – **percentage of the population** to be at least protected (in percentage of employees or in percentage of residents i.e. including formal sector employees, self employed, etc.)
  – **conditions** for entitlement to benefits
  – **duration** of benefit
## Main features of Convention 102

- **Minimum standards** for each contingency

Report VI: a basis for the Recurrent Discussion on Social Protection

- Report VI, *Social security for social justice and a fair globalization*

- **Definition of SS**, right to SS and need for SS

- **Description of Social security situation in the world**

- **Challenges / recommendations**: SS policy should be coherent with national devlt frameworks, socially adequate (minimum benchmarks), well managed, affordable & sustainable, fiscal space should be increased, coverage should be extended

- **Suggestions for future ILO work**: standards promotion, support to implementation of SS staircase, knowledge sharing, capacity building and ... development of a **new standard on SPF**
Resolution and conclusions of the recurrent discussion, adopted at the ILC 2011 (183 member states)
Resolution and conclusions of the recurrent discussion

• Endorses **ILO two-dimensional strategy** for the extension of social security coverage

• Concludes the need for the ILO to formulate a new **Recommendation on social protection floors**

• Reaffirms **ILO’s mandate** to assist member States in:
  • Designing and implementing the two-dimensional extension strategy, including SPF
  • Promoting and implementing ILO SS standards
  • Facilitating exchange of experiences and good practices
Answering the questionnaire

- Was sent to all member states and we sent reminders to countries in East Asia, South East Asia and the Pacific
- Questions are closed (YES/NO)
- Important that all Line Ministries involved in Social Security & the SPF participate in providing answers to the questionnaire: MoL, MoH, MoSAVY, MoFinance, MoAgriculture, CARD, etc. as well as Social Partners
- Deadline: 1 Nov 2011
Elements of a possible recommendation on SPF

- **8 key principles** of possible recommendation
  1. Ultimate objective = **adequate** social protection for all across the life cycle
  2. **Progressive** implementation
  3. **Linkages** with employment & other national devlt frameworks (not isolated island)
  4. Combining objectives of poverty reduction, protecting against social risks and empowerment of people
  5. Sound **financing & financial** management practices
  6. National **legislation** describing guarantees and benefits (→ benefit reliability, predictability, indexation... )
  7. Robust & transparent **governance**
  8. Particular attention to **gender** responsive approaches
Elements of a possible recommendation on SPF

• Elements that cannot be prescribed (responsibility of member states)
  1. Range and types of benefits
  2. Organizational set up
  3. Type of mechanisms (universal benefits, insurance based, targeted, conditional or not ...)
  4. Levels of benefits related to national circumstances: level and distribution of income in the country, availability of health infrastructures, dimension of fiscal space...
