

I – USEFUL INFORMATION: BEFORE ARRIVAL

Vaccination

Under the International Health Regulations, entry into Côte d'Ivoire is conditional upon meeting the administrative requirement to present a valid international certificate of vaccination against yellow fever. Travellers without such a certificate can be vaccinated at the airport's health control centre. If they do not consent, they will not be authorized to enter the national territory.

- **Cost: 5,500 CFA francs/8.40 euros**
