1989 CHAPTER 10

An Act to make provision equivalent to the Disabled Persons (Services, Consultation and Representation) Act 1986 for Northern Ireland.

[25th May 1989]

Be it enacted by the Queen’s most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1 Appointment of authorised representatives of disabled persons.

(1) In this Act “authorised representative”, in relation to a disabled person, means a person for the time being appointed by or on behalf of that disabled person (in accordance with regulations made under this section) to act as his authorised representative for the purposes of this Act.

(2) The Department of Health and Social Services for Northern Ireland (in this Act referred to as “the Department”) may by regulations make provision with respect to the appointment of persons to act as the authorised representatives of disabled persons, including provision—

(a) for the manner in which the appointment of a person as an authorised representative is to be made; and

(b) for any such appointment to be notified to a relevant authority.

(3) Any such regulations—

(a) may provide for the parent of a disabled person under the age of 16 to appoint himself or some other person as the authorised representative of the disabled person (but shall not permit a person under that age himself to appoint a person as his authorised representative);

(b) may provide for the appointment of a person as the authorised representative of a disabled person who is a child looked after by a relevant authority to be made by the relevant authority in such circumstances as may be specified in the regulations;

(c) may, in accordance with subsection (4), provide for the appointment of a person as the authorised representative of a disabled person to be made by, or under arrangements made by, a relevant authority in a case where the disabled person appears to the relevant authority to be unable to appoint a person as his authorised representative by reason of any mental or physical incapacity;

(d) may contain such incidental or supplementary provisions as the Department thinks fit.

(4) Regulations under paragraph (c) of subsection (3) may make provision—

(a) for requiring a relevant authority, for the purpose of enabling it to determine whether a disabled person is unable to appoint a person as his authorised representative as mentioned in that paragraph, to obtain the opinion of a registered medical practitioner;

(b) for authorising a relevant authority, where it determines that a disabled person is so unable, either—

(i) itself to appoint a person as the disabled person’s authorised representative, or

(ii) to make with any voluntary organisation, person or persons approved by the relevant authority for the purpose such arrangements as the relevant authority thinks fit for such an appointment to be made by the organisation, person or persons concerned;
(c) for requiring or authorising a \[F^3\] relevant authority, before determining the question specified in paragraph (a), or (as the case may be) before making any appointment of an authorised representative, or any arrangements, in pursuance of paragraph (b), to consult any of the following, namely,—

(i) a person or persons appointed by the \[F^3\] relevant authority for the purpose, or
(ii) a person or persons falling within any class or description specified in the regulations;

(d) for requiring a \[F^3\] relevant authority, in such circumstances as may be specified in the regulations, to review the case of a disabled person whose authorised representative has been appointed in pursuance of paragraph (b) (whether by the \[F^3\] relevant authority or under any arrangements made by it) for the purpose of determining whether he is still unable to appoint a person as his authorised representative as mentioned in subsection (3)(c).

(5) Subsections (2) to (4) shall apply, with any necessary modifications, in relation to the determination of the appointment of a person as an authorised representative as they apply in relation to the making of such an appointment.

(6) It is hereby declared that any person exercising under Part II of the Mental Health Order—

(a) the functions of the nearest relative of a disabled person, or

(b) the functions of the guardian of a disabled person received into guardianship under that Part, may, if appointed as such in accordance with this section, also act as that person’s authorised representative.

Disabled persons leaving special education.

(1) Where—
(a) an education and library board has made a statement under \(^{F14}\text{Article 16}\) of the Education Order (statement of child’s special educational needs) in respect of a child under the age of 14, and
(b) the statement is still maintained by the education and library board at whichever is the earlier of the following times,

(i) the time when the education and library board institutes the first annual review of the statement following the child’s fourteenth birthday, and
(ii) any time falling after that birthday when the education and library board institutes a re-assessment of his educational needs,

the education and library board shall at that time require the appropriate officer to give the education and library board his opinion as to whether the child is or is not a disabled person.

(2) Where—
(a) an education and library board makes any such statement in respect of a child after he has attained the age of 14, or
(b) an education and library board maintains any such statement in respect of a child in whose case the appropriate officer has, in pursuance of subsection (1), given his opinion that the child is not a disabled person, but the education and library board has become aware of a significant change in the mental or physical condition of the child giving the board reason to believe that he may now be a disabled person,

the education and library board shall, at the time of making the statement or (as the case may be) of becoming aware of that change, require the appropriate officer to give the education and library board his opinion as to whether the child is or is not a disabled person.

(3) Where, in pursuance of subsection (1) or (2), an opinion has been given that a child is a disabled person and it subsequently appears to the responsible education and library board—
(a) that the child will cease to receive full-time education at school on a particular date and will not subsequently be receiving full-time education at an institution of further education, or
(b) that the child will cease to receive full-time education at such an institution on a particular date,

the responsible education and library board shall give to the appropriate officer written notification for the purposes of subsection (5) of the date referred to in paragraph (a) or (b); and any such notification shall be given not later than the relevant date and not earlier than four months before that date.

In this subsection “the relevant date” means the date falling 8 months before the date referred to in paragraph (a) or (b) above.

(4) If at any time it appears to an education and library board—
(a) that a person has on a particular date ceased to receive full-time education as mentioned in paragraph (a) or (b) of subsection (3) or will cease to do so on a particular date falling less than 8 months after that time, and
(b) that no notification of that date has been given to the appropriate officer under that subsection with respect to that person, but
(c) that, had that or any other education and library board (as the responsible education and library board for the time being) been aware of his intentions 8 months or more before that date, the education and library board would have been required to give notification of that date under that subsection with respect to him,

that education and library board shall, as soon as is reasonably practicable, give to the appropriate officer written notification for the purposes of subsection (5) of that date.

(5) When the appropriate officer receives a notification given with respect to any person under subsection (3) or (4), he shall (subject to subsections (6) and (7)) make arrangements for \(^{F15}\text{the relevant authority of which he is an officer to carry out an assessment of the needs of that person with respect to the provision by that relevant authority}\) of any personal social services for that person, and any such assessment shall be carried out—
(a) in the case of a notification under subsection (3), not later than the end of the period of 5 months beginning with the date of receipt of the notification, or
(b) in the case of a notification under subsection (4), before the date specified in the notification, if reasonably practicable, and in any event not later than the end of the period referred to in paragraph (a) above.

(6) If—
(a) a notification has been given to the appropriate officer with respect to any person under subsection (3) or (4), but
(b) it subsequently appears to an education and library board that that person will be receiving full-time education (whether at school or at an institution of further education) at a time later than the date specified in the notification, the education and library board shall give written notification of the relevant facts to that officer as soon as is reasonably practicable; and on receiving any such notification that officer shall cease to be required under subsection (5) to make...
arrangements for the assessment of the needs of the person in question (but without prejudice to the operation of that subsection in relation to any further notification given with respect to that person under subsection (3) or (4)).

(7) Nothing in subsection (5) shall require the appropriate officer to make arrangements for the assessment of the needs of a person—

(a) if, having attained the age of 16, he has requested that such arrangements should not be made under that subsection, or

(b) if, being under that age, his parent has made such a request.

(8) Regulations under paragraph 7(2) of Schedule 2 to the Education Order (statements of special educational needs) may, in relation to the transfer of statements made under Article 16 of that Order, make such provision as appears to the Department of Education for Northern Ireland to be necessary or expedient in connection with the provisions of this section.

(9) In this section—

“the appropriate officer”, in relation to the child or person referred to in the provision of this section in question, means—

(a) in the case of a child or person for the time being ordinarily resident in the area of an HSS trust by which functions under this section are exercisable by virtue of an authorisation for the time being in operation under Article 3(1) of the Health and Personal Social Services (Northern Ireland) Order 1994, such officer as may be appointed for the purposes of this section by that HSS trust;

(b) in the case of any other child or person, such officer as may be appointed for the purposes of this section by the Health and Social Services Board for the area in which that child or person is for the time being ordinarily resident.

“child” means, subject to Article 3(7) and (8) of the Education Order in relation to a child with special educational needs, a person of compulsory school age who is registered as a pupil at a school or an institution of further education; and

“the responsible education and library board”—

(a) in relation to a child at school, means the education and library board which is responsible for the child for the purposes of the Education Order;

(b) in relation to a child at an institution of further education, means the education and library board which was responsible for the child immediately before he ceased to receive full-time education at school; and

in each case whether any such opinion as is mentioned in subsection (3) was given to that board or not;

and other expressions used in this section and in the Education Order (and not defined in this Act) have the same meaning in this section as in that Order.
