An Act about native title in relation to land or waters, and for related purposes

Preamble

This preamble sets out considerations taken into account by the Parliament of Australia in enacting the law that follows.

The people whose descendants are now known as Aboriginal peoples and Torres Strait Islanders were the inhabitants of Australia before European settlement.

They have been progressively dispossessed of their lands. This dispossession occurred largely without compensation, and successive governments have failed to reach a lasting and equitable agreement with Aboriginal peoples and Torres Strait Islanders concerning the use of their lands.

As a consequence, Aboriginal peoples and Torres Strait Islanders have become, as a group, the most disadvantaged in Australian society.

The people of Australia voted overwhelmingly to amend the Constitution so that the Parliament of Australia would be able to make special laws for peoples of the aboriginal race.

The Australian Government has acted to protect the rights of all of its citizens, and in particular its indigenous peoples, by recognising international standards for the protection of universal human rights and fundamental freedoms through:

(a) the ratification of the International Convention on the Elimination of All Forms of Racial Discrimination and other standard-setting instruments such as the International Covenants on Economic, Social and Cultural Rights and on Civil and Political Rights; and

(b) the acceptance of the Universal Declaration of Human Rights; and

(c) the enactment of legislation such as the Racial Discrimination Act 1975 and the Australian Human Rights Commission Act 1986.

The High Court has:

(a) rejected the doctrine that Australia was terra nullius (land belonging to no-one) at the time of European settlement; and
(b) held that the common law of Australia recognises a form of native title that reflects the entitlement of the indigenous inhabitants of Australia, in accordance with their laws and customs, to their traditional lands; and

(c) held that native title is extinguished by valid government acts that are inconsistent with the continued existence of native title rights and interests, such as the grant of freehold or leasehold estates.

The people of Australia intend:

(a) to rectify the consequences of past injustices by the special measures contained in this Act, announced at the time of introduction of this Act into the Parliament, or agreed on by the Parliament from time to time, for securing the adequate advancement and protection of Aboriginal peoples and Torres Strait Islanders; and

(b) to ensure that Aboriginal peoples and Torres Strait Islanders receive the full recognition and status within the Australian nation to which history, their prior rights and interests, and their rich and diverse culture, fully entitle them to aspire.

The needs of the broader Australian community require certainty and the enforceability of acts potentially made invalid because of the existence of native title. It is important to provide for the validation of those acts.

Justice requires that, if acts that extinguish native title are to be validated or to be allowed, compensation on just terms, and with a special right to negotiate its form, must be provided to the holders of the native title. However, where appropriate, the native title should not be extinguished but revive after a validated act ceases to have effect.

It is particularly important to ensure that native title holders are now able to enjoy fully their rights and interests. Their rights and interests under the common law of Australia need to be significantly supplemented. In future, acts that affect native title should only be able to be validly done if, typically, they can also be done to freehold land and if, whenever appropriate, every reasonable effort has been made to secure the agreement of the native title holders through a special right to negotiate. It is also important that the broader Australian community be provided with certainty that such acts may be validly done.

A special procedure needs to be available for the just and proper ascertainment of native title rights and interests which will ensure that, if possible, this is done by conciliation and, if not, in a manner that has due regard to their unique character.
Governments should, where appropriate, facilitate negotiation on a regional basis between the parties concerned in relation to:

(a) claims to land, or aspirations in relation to land, by Aboriginal peoples and Torres Strait Islanders; and

(b) proposals for the use of such land for economic purposes.

It is important that appropriate bodies be recognised and funded to represent Aboriginal peoples and Torres Strait Islanders and to assist them to pursue their claims to native title or compensation.

It is also important to recognise that many Aboriginal peoples and Torres Strait Islanders, because they have been dispossessed of their traditional lands, will be unable to assert native title rights and interests and that a special fund needs to be established to assist them to acquire land.

The Parliament of Australia intends that the following law will take effect according to its terms and be a special law for the descendants of the original inhabitants of Australia.

The law, together with initiatives announced at the time of its introduction and others agreed on by the Parliament from time to time, is intended, for the purposes of paragraph 4 of Article 1 of the International Convention on the Elimination of All Forms of Racial Discrimination and the Racial Discrimination Act 1975, to be a special measure for the advancement and protection of Aboriginal peoples and Torres Strait Islanders, and is intended to further advance the process of reconciliation among all Australians.

The Parliament of Australia therefore enacts:

Native Title Act 1993

Compilation No. 44  Compilation date: 29/12/18  Registered: 18/1/19
Part 1—Preliminary

1 Short title

This Act may be cited as the Native Title Act 1993.

2 Commencement

Commencement of provisions on Royal Assent

(1) Sections 1 and 2 commence on the day on which this Act receives the Royal Assent.

Commencement of provisions by Proclamation

(2) Subject to subsection (3), the remaining provisions of this Act commence on a day or days to be fixed by Proclamation.

Forced commencement of provisions

(3) If a provision referred to in subsection (2) does not commence under that subsection within the period of 9 months beginning on the day on which this Act receives the Royal Assent, it commences on the first day after the end of that period.

3 Objects

Main objects

The main objects of this Act are:

(a) to provide for the recognition and protection of native title; and

(b) to establish ways in which future dealings affecting native title may proceed and to set standards for those dealings; and

(c) to establish a mechanism for determining claims to native title; and
Part 1 Preliminary

Section 4

(d) to provide for, or permit, the validation of past acts, and intermediate period acts, invalidated because of the existence of native title.

4 Overview of Act

Recognition and protection of native title

(1) This Act recognises and protects native title. It provides that native title cannot be extinguished contrary to the Act.

Topics covered

(2) Essentially, this Act covers the following topics:
   (a) acts affecting native title (see subsections (3) to (6));
   (b) determining whether native title exists and compensation for acts affecting native title (see subsection (7)).

Kinds of acts affecting native title

(3) There are basically 2 kinds of acts affecting native title:
   (a) past acts (mainly acts done before this Act’s commencement on 1 January 1994 that were invalid because of native title); and
   (b) future acts (mainly acts done after this Act’s commencement that either validly affect native title or are invalid because of native title).

Consequences of past acts and future acts

(4) For past acts and future acts, this Act deals with the following matters:
   (a) their validity;
   (b) their effect on native title;
   (c) compensation for the acts.
Intermediate period acts

(5) However, for certain acts (called *intermediate period acts*) done mainly before the judgment of the High Court in *Wik Peoples v Queensland* (1996) 187 CLR 1, that would be invalid because they fail to pass any of the future act tests in Division 3 of Part 2, or for any other reason because of native title, this Act provides for similar consequences to past acts.

Confirmation of extinguishment of native title

(6) This Act also confirms that many acts done before the High Court’s judgment, that were either valid, or have been validated under the past act or intermediate period act provisions, will have extinguished native title. If the acts are *previous exclusive possession acts* (see section 23B), the extinguishment is complete; if the acts are *previous non-exclusive possession acts* (see section 23F), the extinguishment is to the extent of any inconsistency.

Role of Federal Court and National Native Title Tribunal

(7) This Act also:

(a) provides for the Federal Court to make determinations of native title and compensation; and

(aa) provides for the Federal Court to refer native title and compensation applications for mediation; and

(ab) provides for the Federal Court to make orders to give effect to terms of agreements reached by parties to proceedings including terms that involve matters other than native title; and

(b) establishes a National Native Title Tribunal with power to:

(i) make determinations about whether certain future acts can be done and whether certain agreements concerning native title are to be covered by the Act; and

(ii) provide assistance or undertake mediation in other matters relating to native title; and
Part 1 Preliminary

Section 5

(c) deals with other matters such as the keeping of registers and the role of representative Aboriginal/Torres Strait Islander bodies.

5 Act binds Crown

This Act binds the Crown in right of the Commonwealth, of each of the States, of the Australian Capital Territory and of the Northern Territory. However, nothing in this Act renders the Crown liable to be prosecuted for an offence.

6 Application to external Territories, coastal sea and other waters

This Act extends to each external Territory, to the coastal sea of Australia and of each external Territory, and to any waters over which Australia asserts sovereign rights under the Seas and Submerged Lands Act 1973.

7 Racial Discrimination Act

(1) This Act is intended to be read and construed subject to the provisions of the Racial Discrimination Act 1975.

(2) Subsection (1) means only that:

(a) the provisions of the Racial Discrimination Act 1975 apply to the performance of functions and the exercise of powers conferred by or authorised by this Act; and

(b) to construe this Act, and thereby to determine its operation, ambiguous terms should be construed consistently with the Racial Discrimination Act 1975 if that construction would remove the ambiguity.

(3) Subsections (1) and (2) do not affect the validation of past acts or intermediate period acts in accordance with this Act.
Section 8

8 Effect of this Act on State or Territory laws

This Act is not intended to affect the operation of any law of a State or a Territory that is capable of operating concurrently with this Act.

8A Application of the Criminal Code

(1) Subject to subsection (2), Chapter 2 of the Criminal Code applies to all offences against this Act.

Note: Chapter 2 of the Criminal Code sets out the general principles of criminal responsibility.

(2) Part 2.5 of the Criminal Code does not apply to an offence against Part 11 of this Act.

9 Definitions located in Part 15

Part 15 contains definitions of certain expressions that are used in this Act.
Part 2—Native Title

Division 1—Recognition and protection of native title

10 Recognition and protection of native title

Native title is recognised, and protected, in accordance with this Act.

11 Extinguishment of native title

(1) Native title is not able to be extinguished contrary to this Act.

Effect of subsection (1)

(2) An act that consists of the making, amendment or repeal of legislation on or after 1 July 1993 by the Commonwealth, a State or a Territory is only able to extinguish native title:

(a) in accordance with Division 2B (which deals with confirmation of past extinguishment of native title) or Division 3 (which deals with future acts etc. and native title) of Part 2; or

(b) by validating past acts, or intermediate period acts, in relation to the native title.

13 Approved determinations of native title

Applications to Federal Court

(1) An application may be made to the Federal Court under Part 3:

(a) for a determination of native title in relation to an area for which there is no approved determination of native title; or

(b) to revoke or vary an approved determination of native title on the grounds set out in subsection (5).
Native title determinations by Federal Court when determining compensation entitlements

(2) If:

(a) the Federal Court is making a determination of compensation in accordance with Division 5; and

(b) an approved determination of native title has not previously been made in relation to the whole or part of the area concerned;

the Federal Court must also make a current determination of native title in relation to the whole or the part of the area, that is to say, a determination of native title as at the time at which the determination of compensation is being made.

Note: In these circumstances, the compensation application must be accompanied by the affidavit, and contain the information, that would be required for a native title determination application for the area: see subsection 62(3).

Approved determinations of native title

(3) Subject to subsection (4), each of the following is an approved determination of native title:

(a) a determination of native title made on an application under paragraph (1)(a) or in accordance with subsection (2);

(b) an order, judgment or other decision of a recognised State/Territory body that involves a determination of native title in relation to an area within the jurisdictional limits of the State or Territory.

Variation or revocation of determinations

(4) If an approved determination of native title is varied or revoked on the grounds set out in subsection (5) by:

(a) the Federal Court, in determining an application under Part 3; or

(b) a recognised State/Territory body in an order, judgment or other decision;
Section 13

then:

(c) in the case of a variation—the determination as varied becomes an approved determination of native title in place of the original; and

(d) in the case of a revocation—the determination is no longer an approved determination of native title.

Grounds for variation or revocation

(5) For the purposes of subsection (4), the grounds for variation or revocation of an approved determination of native title are:

(a) that events have taken place since the determination was made that have caused the determination no longer to be correct; or

(b) that the interests of justice require the variation or revocation of the determination.

Review or appeal

(6) If:

(a) a determination of the Federal Court; or

(b) an order, judgment or other decision of a recognised State/Territory body;

is subject to any review or appeal, this section refers to the determination, order, judgment or decision as affected by the review or appeal, when finally determined.

High Court determinations

(7) A determination of native title by the High Court is an approved determination of native title.
Division 2—Validation of past acts

Subdivision AA—Overview of Division

13A Overview of Division

(1) In summary, this Division validates, or allows States and Territories to validate, certain acts that:
   (a) took place before 1 January 1994; and
   (b) would otherwise be invalid because of native title.
   This Division also covers certain acts done after that day consisting of an extension or renewal etc. of an act done before that day.

(2) The acts validated are called past acts; they are defined in section 228.

(3) This Division also sets out the effect of such validation on native title. The effect varies depending on the nature of the act. For this purpose, different categories of past act are defined by sections 229 to 232.

Subdivision A—Acts attributable to the Commonwealth

14 Validation of Commonwealth acts

(1) If a past act is an act attributable to the Commonwealth, the act is valid, and is taken always to have been valid.

Effect of validation of law

(2) To avoid any doubt, if a past act validated by subsection (1) is the making, amendment or repeal of legislation, subsection (1) does not validate:
   (a) the grant or issue of any lease, licence, permit or authority; or
   (b) the creation of any interest in relation to land or waters, under any legislation concerned, unless the grant, issue or creation is itself a past act attributable to the Commonwealth.
15 Effect of validation on native title

(1) If a past act is an act attributable to the Commonwealth:
   (a) if it is a category A past act other than one to which subsection 229(4) (which deals with public works) applies—
       the act extinguishes the native title concerned; and
   (b) if it is a category A past act to which subsection 229(4) applies:
       (i) in any case—the act extinguishes the native title in relation to the land or waters on which the public work concerned (on completion of its construction or establishment) was or is situated; and
       (ii) if paragraph 229(4)(a) applies—the extinguishment is taken to have happened on 1 January 1994; and
   (c) if it is a category B past act that is wholly or partly inconsistent with the continued existence, enjoyment or exercise of the native title rights and interests concerned—the act extinguishes the native title to the extent of the inconsistency; and
   (d) if it is a category C past act or a category D past act—the non-extinguishment principle applies to the act.

Note: This subsection does not apply to the act if section 23C or 23G applies to the act.

(2) The extinguishment effected by this section does not by itself confer any right to eject or remove any Aboriginal persons who reside on or who exercise access over land or waters covered by a pastoral lease the grant, re-grant or extension of which is validated by section 14.

16 Preservation of beneficial reservations and conditions

If:

(a) the act attributable to the Commonwealth contains a reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders; or
(b) the doing of the act would affect rights or interests (other than native title rights and interests) of Aboriginal peoples or Torres Strait Islanders (whether arising under legislation, at common law or in equity and whether or not rights of usage); nothing in section 15 affects that reservation or condition or those rights or interests.

17 Entitlement to compensation

Extinguishment case

(1) If the act attributable to the Commonwealth is a category A past act or a category B past act, the native title holders are entitled to compensation for the act.

Non-extinguishment case

(2) If it is any other past act, the native title holders are entitled to compensation for the act if:

(a) the native title concerned is to some extent in relation to an onshore place and the act could not have been validly done on the assumption that the native title holders instead held ordinary title to:
   (i) any land concerned; and
   (ii) the land adjoining, or surrounding, any waters concerned; or

(b) the native title concerned is to some extent in relation to an offshore place; or

(c) the native title concerned relates either to land or to waters and the similar compensable interest test is satisfied in relation to the act.

Compensation for partial effect of act

(3) If the entitlement arises only because one, but not both, of paragraphs (2)(a) and (b) are satisfied, it is only an entitlement for the effect of the act on the native title in relation to the onshore place, or the offshore place, mentioned in the relevant paragraph.
Part 2  Native Title
Division 2  Validation of past acts

Section 18

Who pays compensation

(4) The compensation is payable by the Commonwealth.

18 Where just terms invalidity

Section applies if acquisition of property other than on just terms

(1) This section applies if the invalidity (disregarding section 14) of a past act attributable to the Commonwealth results from a paragraph 51(xxxi) acquisition of property by the Commonwealth from any person having been made otherwise than on paragraph 51(xxxi) just terms.

Entitlement to compensation

(2) The person is entitled to compensation from the Commonwealth for the acquisition in accordance with Division 5 and, if that compensation does not ensure that the acquisition is made on paragraph 51(xxxi) just terms, to such additional compensation from the Commonwealth as is necessary to ensure that it is.

Subdivision B—Acts attributable to a State or Territory

19 State/Territory acts may be validated

(1) If a law of a State or Territory contains provisions to the same effect as sections 15 and 16, the law of the State or Territory may provide that past acts attributable to the State or Territory are valid, and are taken always to have been valid.

Effect of validation of law

(2) To avoid any doubt, if a past act validated by subsection (1) is the making, amendment or repeal of legislation, subsection (1) does not validate:
(a) the grant or issue of any lease, licence, permit or authority; or
Section 20

(b) the creation of any interest in relation to land or waters; under any legislation concerned, unless the grant, issue or creation is itself a past act attributable to the State or Territory.

20 Entitlement to compensation

Compensation where validation

(1) If a law of a State or Territory validates a past act attributable to the State or Territory in accordance with section 19, the native title holders are entitled to compensation if they would be so entitled under subsection 17(1) or (2) on the assumption that section 17 applied to acts attributable to the State or Territory.

Compensation where no validation

(2) Native title holders are entitled to compensation for the past act attributable to a State or Territory that, at the time when the claim for compensation is determined, has not been validated by the State or Territory in accordance with section 19.

Recovery of compensation

(3) The native title holders may recover the compensation from the State or Territory.

States or Territories may create compensation entitlement

(4) This section does not prevent a law of a State or Territory from creating an entitlement to compensation for a past act or for the validation of a past act.

Note: Paragraph 49(b) deals with the situation where there are multiple rights to compensation under Commonwealth, State and Territory laws.
Division 2A—Validation of intermediate period acts etc.

Subdivision A—Overview of Division

21 Overview of Division

(1) In summary, this Division validates, or allows States and Territories to validate, certain acts that:
   (a) took place on or after 1 January 1994 but on or before 23 December 1996; and
   (b) would otherwise be invalid to any extent because they fail to pass any of the future act tests in Division 3 of Part 2 or for any other reason because of native title.

(2) The acts are called intermediate period acts; they are defined in section 232A.

(3) For this validation to apply, before the act was done, there must have been:
   (a) a grant of a freehold estate or a lease (other than a mining lease); or
   (b) a public work;
over any of the land or waters concerned.

(4) The Division also sets out the effect of such validation on native title. The effect varies depending on the nature of the act. For this purpose, different categories of intermediate period act are defined by sections 232B to 232E.

(5) The structure of the Division is very similar to that of Division 2 (which deals with validation of past acts).
Subdivision B—Acts attributable to the Commonwealth

22A Validation of Commonwealth acts

If an intermediate period act is an act attributable to the Commonwealth, the act is valid, and is taken always to have been valid.

22B Effect of validation on native title

Subject to subsection 24EBA(6), if an intermediate period act is an act attributable to the Commonwealth:

(a) if it is a category A intermediate period act to which subsection 232B(2), (3) or (4) (which deal with things such as the grant or vesting of freehold estates and certain leases) applies—the act extinguishes all native title in relation to the land or waters concerned; and

(b) if it is a category A intermediate period act to which subsection 232B(7) (which deals with public works) applies:

(i) the act extinguishes the native title in relation to the land or waters on which the public work concerned (on completion of its construction or establishment) was or is situated; and

(ii) the extinguishment is taken to have happened when the construction or establishment began; and

(c) if it is a category B intermediate period act that is wholly or partly inconsistent with the continued existence, enjoyment or exercise of the native title rights and interests concerned—the act extinguishes the native title to the extent of the inconsistency; and

(d) if it is a category C intermediate period act or a category D intermediate period act—the non-extinguishment principle applies to the act.

Note: This section does not apply to the act if section 23C or 23G applies to the act.
Section 22C

22C Preservation of beneficial reservations and conditions

If:
(a) an intermediate period act attributable to the Commonwealth contains a reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders; or
(b) the doing of an intermediate period act attributable to the Commonwealth would affect rights or interests (other than native title rights and interests) of Aboriginal peoples or Torres Strait Islanders (whether arising under legislation, at common law or in equity and whether or not rights of usage); nothing in section 22B affects that reservation or condition or those rights or interests.

22D Entitlement to compensation

(1) If an intermediate period act is an act attributable to the Commonwealth, the native title holders are entitled to compensation for the act.

Who pays compensation

(2) The compensation is payable by the Commonwealth.

22E Where “just terms” invalidity

Section applies if acquisition of property other than on just terms

(1) This section applies if the invalidity (disregarding section 22A) of an intermediate period act attributable to the Commonwealth results from a paragraph 51(xxxi) acquisition of property by the Commonwealth from any person having been made otherwise than on paragraph 51(xxxi) just terms.

Entitlement to compensation

(2) The person is entitled to compensation from the Commonwealth for the acquisition in accordance with Division 5 and, if that compensation does not ensure that the acquisition is made on
paragraph 51(xxxi) just terms, to such additional compensation from the Commonwealth as is necessary to ensure that it is.

22EA Requirement to notify: mining rights

(1) If:

(a) an act that is attributable to the Commonwealth consists of:
   (i) the creation of a right to mine; or
   (ii) the variation of such a right to extend the area to which it relates; or
   (iii) the extension of the period for which such a right has effect, other than under an option or right of extension or renewal created by the lease, contract or other thing whose grant or making created the right to mine; and

(b) the act took place at any time during the period from the beginning of 1 January 1994 until the end of 23 December 1996; and

(c) at any time before the act was done, either:
   (i) a grant of a freehold estate or a lease was made covering any of the land or waters affected by the act; or
   (ii) a public work was constructed or established on any of the land or waters affected by the act;

the Commonwealth must, before the end of 6 months after this section commences:

(d) give notice containing the details set out in subsection (2) to any registered native title body corporate, any registered native title claimant and any representative Aboriginal/Torres Strait Islander body, in relation to any of the land or waters affected by the act; and

(e) notify the public in the determined way of the details set out in subsection (2).

Details

(2) The details are:

(a) the date on which the act was done; and
(b) the kind of mining involved; and  
(c) sufficient information to enable the area affected by the act to be identified; and  
(d) information about the way in which further details about the act may be obtained.

Subdivision C—Acts attributable to a State or Territory

22F State/Territory acts may be validated

If a law of a State or Territory contains provisions to the same effect as sections 22B and 22C, the law of the State or Territory may provide that intermediate period acts attributable to the State or Territory are valid, and are taken always to have been valid.

22G Entitlement to compensation

Compensation where validation

(1) If a law of a State or Territory validates an intermediate period act attributable to the State or Territory in accordance with section 22F, the native title holders are entitled to compensation.

Recovery of compensation

(2) The native title holders may recover the compensation from the State or Territory.

States or Territories may create compensation entitlement

(3) This section does not prevent a law of a State or Territory from creating an entitlement to compensation for an intermediate period act or for the validation of an intermediate period act.

Note: Paragraph 49(b) deals with the situation where there are multiple rights to compensation under Commonwealth, State and Territory laws.
22H Requirement to notify: mining rights

(1) If:

(a) an act that is attributable to a State or Territory consists of:
   (i) the creation of a right to mine; or
   (ii) the variation of such a right to extend the area to which it relates; or
   (iii) the extension of the period for which such a right has effect, other than under an option or right of extension or renewal created by the lease, contract or other thing whose grant or making created the right to mine; and
(b) the act took place at any time during the period from the beginning of 1 January 1994 until the end of 23 December 1996; and
(c) at any time before the act was done, either:
   (i) a grant of a freehold estate or a lease was made covering any of the land or waters affected by the act; or
   (ii) a public work was constructed or established on any of the land or waters affected by the act;
the State or Territory must, before the end of 6 months after the commencement of the law of the State or Territory that validates intermediate period acts attributable to the State or Territory in accordance with section 22F:

(d) give notice containing the details set out in subsection (2) to any registered native title body corporate, any registered native title claimant and any representative Aboriginal/Torres Strait Islander body, in relation to any of the land or waters affected by the act; and

(e) notify the public in the determined way of the details set out in subsection (2).

Details

(2) The details are:

(a) the date on which the act was done; and
(b) the kind of mining involved; and
(c) sufficient information to enable the area affected by the act to be identified; and
(d) information about the way in which further details about the act may be obtained.
Division 2AA—Validation of transfers under New South Wales land rights legislation

22I Overview of Division

In summary, this Division allows New South Wales to validate certain transfers under the *Aboriginal Land Rights Act 1983* of that State.

22J Validation of transfers

If:

(a) future acts consist of the transfer of lands under section 36 of the *Aboriginal Land Rights Act 1983* of New South Wales; and

(b) the claims for the lands were made before 28 November 1994; and

(c) the acts took place before or take place after the commencement of this section; and

(d) the acts are not intermediate period acts; and

(e) the acts are invalid to any extent because of Division 3 of Part 2 or for any other reason, but would be valid to that extent if native title did not exist in relation to the lands; a law of New South Wales may provide that the acts are valid, and are taken always to have been valid.

22K Effect of validation on native title

The non-extinguishment principle applies to the acts.

22L Entitlement to compensation

*Compensation where validation*

(1) If a law of New South Wales validates the acts, the native title holders concerned are entitled to compensation.
Part 2 Native Title
Division 2AA Validation of transfers under New South Wales land rights legislation

Section 22L

Recovery of compensation

(2) The native title holders may recover the compensation from New South Wales.

Compensation to take into account rights etc. conferred by transferee

(3) The compensation is to take into account all rights, interests and other benefits conferred, in relation to the lands, on the native title holders by, or by virtue of membership of, the Aboriginal Land Council (within the meaning of the Aboriginal Land Rights Act 1983 of New South Wales) to which the lands are transferred or by which the lands are held.

NSW may create compensation entitlement

(4) This section does not prevent a law of New South Wales from creating an entitlement to compensation for the acts or for their validation.

Note: Paragraph 49(b) deals with the situation where there are multiple rights to compensation under Commonwealth and State legislation.
Division 2B—Confirmation of past extinguishment of native title by certain valid or validated acts

23A Overview of Division

(1) In summary, this Division provides that certain acts attributable to the Commonwealth that were done on or before 23 December 1996 will have completely or partially extinguished native title.

(2) If the acts were previous exclusive possession acts (involving the grant or vesting of things such as freehold estates or leases that conferred exclusive possession, or the construction or establishment of public works), the acts will have completely extinguished native title.

(3) If the acts were previous non-exclusive possession acts (involving grants of non-exclusive agricultural leases or non-exclusive pastoral leases), they will have extinguished native title to the extent of any inconsistency.

(4) This Division also allows States and Territories to legislate, in respect of certain acts attributable to them, to extinguish native title in the same way as is done under this Division for Commonwealth acts.

23B Previous exclusive possession act

(1) This section defines previous exclusive possession act.

Grant of freehold estates or certain leases etc. on or before 23.12.1996

(2) An act is a previous exclusive possession act if:

(a) it is valid (including because of Division 2 or 2A of Part 2); and

Note: As at the commencement of this section, acts such as grants before 1 January 1994 that were invalid because of native title have been validated by or under Division 2.
Part 2  Native Title
Division 2B  Confirmation of past extinguishment of native title by certain valid or validated acts

Section 23B

(b) it took place on or before 23 December 1996; and
(c) it consists of the grant or vesting of any of the following:
   (i) a Scheduled interest (see section 249C);
   (ii) a freehold estate;
   (iii) a commercial lease that is neither an agricultural lease
        nor a pastoral lease;
   (iv) an exclusive agricultural lease (see section 247A) or an
        exclusive pastoral lease (see section 248A);
   (v) a residential lease;
   (vi) a community purposes lease (see section 249A);
   (vii) what is taken by subsection 245(3) (which deals with
        the dissection of mining leases into certain other leases)
        to be a separate lease in respect of land or waters
        mentioned in paragraph (a) of that subsection, assuming
        that the reference in subsection 245(2) to “1 January
        1994” were instead a reference to “24 December 1996”;
   (viii) any lease (other than a mining lease) that confers a right
          of exclusive possession over particular land or waters.

Vesting of certain land or waters to be covered by paragraph (2)(c)

(3) If:
   (a) by or under legislation of a State or a Territory, particular
       land or waters are vested in any person; and
   (b) a right of exclusive possession of the land or waters is
       expressly or impliedly conferred on the person by or under
       the legislation;

the vesting is taken for the purposes of paragraph (2)(c) to be the
vesting of a freehold estate over the land or waters.

Construction of public works commencing on or before 23.12.1996

(7) An act is a previous exclusive possession act if:
   (a) it is valid (including because of Division 2 or 2A); and
Confirmation of past extinguishment of native title by certain valid or validated acts

Section 23B

(b) it consists of the construction or establishment of any public work that commenced to be constructed or established on or before 23 December 1996.

Exclusion of acts benefiting Aboriginal peoples or Torres Strait Islanders

(9) An act is not a previous exclusive possession act if it is:

(a) the grant or vesting of any thing that is made or done by or under legislation that makes provision for the grant or vesting of such things only to, in or for the benefit of, Aboriginal peoples or Torres Strait Islanders; or

(b) the grant or vesting of any thing expressly for the benefit of, or to or in a person to hold on trust expressly for the benefit of, Aboriginal peoples or Torres Strait Islanders; or

(c) the grant or vesting of any thing over particular land or waters, if at the time a thing covered by paragraph (a) or (b) is in effect in relation to the land or waters.

Note: The expression Aboriginal peoples is defined in section 253.

Exclusion of national parks etc.

(9A) An act is not a previous exclusive possession act if the grant or vesting concerned involves the establishment of an area, such as a national, State or Territory park, for the purpose of preserving the natural environment of the area.

Exclusion of acts where legislation provides for non-extinguishment

(9B) An act is not a previous exclusive possession act if it is done by or under legislation that expressly provides that the act does not extinguish native title.
Part 2 Native Title
Division 2B Confirmation of past extinguishment of native title by certain valid or validated acts

Section 23C

Exclusion of Crown to Crown grants etc.

(9C) If an act is the grant or vesting of an interest in relation to land or waters to or in the Crown in any capacity or a statutory authority, the act is not a previous exclusive possession act:
   (a) unless, apart from this Act, the grant or vesting extinguishes native title in relation to the land or waters; or
   (b) if the grant or vesting does not, apart from this Act, extinguish native title in relation to the land or waters—unless and until the land or waters are (whether before or after 23 December 1996) used to any extent in a way that, apart from this Act, extinguishes native title in relation to the land or waters.

Exclusion by regulation

(10) The regulations may provide that an act is not a previous exclusive possession act.

Effect of exclusions

(11) To avoid doubt, the fact that an act is, because of any of the previous subsections, not a previous exclusive possession act does not imply that the act is not valid.

23C Confirmation of extinguishment of native title by previous exclusive possession acts of Commonwealth

Acts other than public works

(1) If an act is a previous exclusive possession act under subsection 23B(2) (including because of subsection 23B(3)) and is attributable to the Commonwealth:
   (a) the act extinguishes any native title in relation to the land or waters covered by the freehold estate, Scheduled interest or lease concerned; and
   (b) the extinguishment is taken to have happened when the act was done.
Public works

(2) If an act is a previous exclusive possession act under subsection 23B(7) (which deals with public works) and is attributable to the Commonwealth:
   (a) the act extinguishes native title in relation to the land or waters on which the public work concerned (on completion of its construction or establishment) was or is situated; and
   (b) the extinguishment is taken to have happened when the construction or establishment of the public work began.

Other extinguishment provisions do not apply

(3) If this section applies to the act, sections 15 and 22B do not apply to the act.

23D Preservation of beneficial reservations and conditions

If:
   (a) a previous exclusive possession act attributable to the Commonwealth contains a reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders; or
   (b) the doing of a previous exclusive possession act attributable to the Commonwealth would affect rights or interests (other than native title rights and interests) of Aboriginal peoples or Torres Strait Islanders (whether arising under legislation, at common law or in equity and whether or not rights of usage); nothing in section 23C affects that reservation or condition or those rights or interests.

23DA Confirmation of validity of use of certain land held by Crown etc.

To avoid doubt, if the act is a previous exclusive possession act because of paragraph 23B(9C)(b) (which deals with grants to the Crown etc.), the use of the land or waters concerned as mentioned in that paragraph is valid.
Part 2 Native Title
Division 2B Confirmation of past extinguishment of native title by certain valid or validated acts

Section 23E

23E Confirmation of extinguishment of native title by previous exclusive possession acts of State or Territory

If a law of a State or Territory contains a provision to the same effect as section 23D or 23DA, the law of the State or Territory may make provision to the same effect as section 23C in respect of all or any previous exclusive possession acts attributable to the State or Territory.

23F Previous non-exclusive possession act

(1) This section defines previous non-exclusive possession act.

Acts on or before 23.12.96

(2) An act is a previous non-exclusive possession act if:

(a) it is valid (including because of Division 2 or 2A of Part 2); and

(b) it takes place on or before 23 December 1996; and

(c) it consists of the grant of a non-exclusive agricultural lease (see section 247B) or a non-exclusive pastoral lease (see section 248B).

Acts after 23.12.96

(3) An act is also a previous non-exclusive possession act if:

(a) it takes place after 23 December 1996; and

(b) it would be a previous non-exclusive possession act under subsection (2) if that subsection were not limited in its application to acts taking place on or before 23 December 1996; and

(c) it takes place:

(i) in exercise of a legally enforceable right created by any act done on or before 23 December 1996; or
(ii) in good faith in giving effect to, or otherwise because of, an offer, commitment, arrangement or undertaking made or given in good faith on or before 23 December 1996, and of which there is written evidence created at or about the time the offer, commitment, arrangement or undertaking was made.

Exclusion by regulation

(4) The regulations may provide that an act is not a previous non-exclusive possession act.

23G Confirmation of partial extinguishment of native title by previous non-exclusive possession acts of Commonwealth

(1) Subject to subsection (2), if a previous non-exclusive possession act (see section 23F) is attributable to the Commonwealth:

(a) to the extent that the act involves the grant of rights and interests that are not inconsistent with native title rights and interests in relation to the land or waters covered by the lease concerned, the rights and interests granted, and the doing of any activity in giving effect to them, prevail over the native title rights and interests but do not extinguish them; and

(b) to the extent that the act involves the grant of rights and interests that are inconsistent with native title rights and interests in relation to the land or waters covered by the lease concerned:

(i) if, apart from this Act, the act extinguishes the native title rights and interests—the native title rights and interests are extinguished; and

(ii) in any other case—the native title rights and interests are suspended while the lease concerned, or the lease as renewed, re-made, re-granted or extended, is in force; and

(c) any extinguishment under this subsection is taken to have happened when the act was done.
Part 2 Native Title
Division 2B Confirmation of past extinguishment of native title by certain valid or validated acts

Section 23H

Exclusion of certain acts

(2) If the act is the grant of a pastoral lease or an agricultural lease to which paragraph 15(1)(a) applies, this section does not apply to the act.

Effect on sections 15 and 22B

(3) If this section applies to the act, sections 15 and 22B do not apply to the act.

23H Preservation of beneficial reservations and conditions

If:

(a) a previous non-exclusive possession act attributable to the Commonwealth contains a reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders; or

(b) the doing of a previous non-exclusive possession act attributable to the Commonwealth would affect rights or interests (other than native title rights and interests) of Aboriginal peoples or Torres Strait Islanders (whether arising under legislation, at common law or in equity and whether or not rights of usage);

nothing in section 23G affects that reservation or condition or those rights or interests.

23HA Notification

In the case of a previous non-exclusive possession act to which subparagraph 23F(3)(c)(ii) applies:

(a) notice must be given, in the way determined, by legislative instrument, by the Commonwealth Minister, to any representative Aboriginal/Torres Strait Islander bodies, registered native title bodies corporate and registered native title claimants in relation to the land or waters that will be affected by the act about the doing or proposed doing of the act, or acts of that class, in relation to the land or waters concerned; and
(b) they must be given an opportunity to comment on the act or class of acts.

23I Confirmation of partial extinguishment of native title by previous non-exclusive possession acts of State or Territory

If a law of a State or Territory contains provisions to the same effect as sections 23H and 23HA, the law of the State or Territory may make provision to the same effect as section 23G in respect of all or any previous non-exclusive possession acts attributable to the State or Territory.

23J Compensation

Entitlement

(1) The native title holders are entitled to compensation in accordance with Division 5 for any extinguishment under this Division of their native title rights and interests by an act, but only to the extent (if any) that the native title rights and interests were not extinguished otherwise than under this Act.

Commonwealth acts

(2) If the act is attributable to the Commonwealth, the compensation is payable by the Commonwealth.

State and Territory acts

(3) If the act is attributable to a State or Territory, the compensation is payable by the State or Territory.

23JA Attribution of certain acts

If:

(a) a previous exclusive possession act or a previous non-exclusive possession act took place before the

establishment of a particular State, the Jervis Bay Territory, the Australian Capital Territory or the Northern Territory; and

(b) the act affected land or waters that, when this section commences, form part of the State or Territory;

then, for the purposes of this Division, the act is taken to be attributable to:

(c) the State; or

(d) if the Territory is the Jervis Bay Territory—the Commonwealth; or

(e) if the Territory is the Australian Capital Territory or the Northern Territory—that Territory.

Note:  The meaning given to the expression attributable by section 239 will apply for the purposes of this Division to all other previous exclusive and non-exclusive possession acts.
Division 3—Future acts etc. and native title

Subdivision A—Preliminary

24AA Overview

Future acts

(1) This Division deals mainly with future acts, which are defined in section 233. Acts that do not affect native title are not future acts; therefore this Division does not deal with them (see section 227 for the meaning of acts that affect native title).

Validity of future acts

(2) Basically, this Division provides that, to the extent that a future act affects native title, it will be valid if covered by certain provisions of the Division, and invalid if not.

Validity under indigenous land use agreements

(3) A future act will be valid if the parties to certain agreements (called indigenous land use agreements—see Subdivisions B, C and D) consent to it being done and, at the time it is done, details of the agreement are on the Register of Indigenous Land Use Agreements. An indigenous land use agreement, details of which are on the Register, may also validate a future act (other than an intermediate period act) that has already been invalidly done.

Other bases for validity

(4) A future act will also be valid to the extent covered by any of the following:

(a) section 24FA (future acts where procedures indicate absence of native title);

(b) section 24GB (acts permitting primary production on non-exclusive agricultural or pastoral leases);
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24AA

(c) section 24GD (acts permitting off-farm activities directly connected to primary production activities);
(d) section 24GE (granting rights to third parties etc. on non-exclusive agricultural or pastoral leases);
(e) section 24HA (management of water and airspace);
(f) section 24IA (acts involving renewals and extensions etc. of acts);
(fa) section 24JAA (public housing etc.);
(g) section 24IA (acts involving reservations, leases etc.);
(h) section 24KA (acts involving facilities for services to the public);
(i) section 24LA (low impact future acts);
(j) section 24MD (acts that pass the freehold test—but see subsection (5));
(k) section 24NA (acts affecting offshore places).

Right to negotiate

(5) In the case of certain acts covered by section 24IC (permissible lease etc. renewals) or section 24MD (acts that pass the freehold test), for the acts to be valid it is also necessary to satisfy the requirements of Subdivision P (which provides a “right to negotiate”).

Extinguishment/non-extinguishment; procedural rights and compensation

(6) This Division provides that, in general, valid future acts are subject to the non-extinguishment principle. The Division also deals with procedural rights and compensation for the acts.

Activities etc. prevail over native title

(7) To avoid doubt, section 44H provides that a valid lease, licence, permit or authority, and any activity done under it, prevail over any native title rights and interests and their exercise.
Statutory access rights

(8) This Division confers access rights in respect of non-exclusive agricultural and non-exclusive pastoral leases on certain persons covered by registered native title claims (see Subdivision Q).

24AB Order of application of provisions

Indigenous land use agreement provisions

(1) To the extent that a future act is covered by section 24EB (which deals with the effect of indigenous land use agreements on future acts), it is not covered by any of the sections listed in paragraphs 24AA(4)(a) to (k).

Other provisions

(2) To the extent that a future act is covered by a particular section in the list in paragraphs 24AA(4)(a) to (k), it is not covered by a section that is lower in the list.

Note: It is important to know under which particular provision a future act is valid because the consequences in terms of compensation and procedural rights may be different.

(3) However, if, apart from subsection (2), a future act could be covered, to any extent, by both section 24JAA and section 24KA, then:

(a) if the act is notified in accordance with subsections 24JAA(10) to (12), it is not covered, to that extent, by section 24KA; and

(b) if the act is not notified in accordance with subsections 24JAA(10) to (12), it is not covered, to that extent, by section 24JAA.

Note: This allows for things, such as the construction of roads and electricity transmission or distribution facilities, to be done under either Subdivision JA or Subdivision K when done in connection with housing or facilities covered by Subdivision JA.
Part 2  Native Title  
Division 3  Future acts etc. and native title

Section 24AC

24AC  Regulations about notification

The regulations may impose requirements to notify persons of acts, or classes of acts, that are to any extent valid under this Division (whether such notice is required to be given before or after the acts are done).

Subdivision B—Indigenous land use agreements (body corporate agreements)

24BA  Indigenous land use agreements (body corporate agreements)

An agreement meeting the requirements of sections 24BB to 24BE is an indigenous land use agreement.

(ea) compensation for any past act, intermediate period act or future act;
(f) any other matter concerning native title rights and interests in relation to the area.

Note 1: If the agreement involves consent to the doing of a future act or class of future act, or the doing of a future act or class of future act subject to conditions, it must include a statement to that effect: see paragraph 24EB(1)(b).

Note 2: If a future act covered by such a statement would otherwise be subject to the “right to negotiate” provisions in Subdivision P, the agreement must also include a statement that those provisions are not intended to apply: see paragraph 24EB(1)(c).

Note 3: If the agreement involves the extinguishment of native title by surrender, it must include a statement to that effect: see paragraph 24EB(1)(d).

24BC  Body corporate agreements only where bodies corporate for whole area

The agreement must not be made unless there are registered native title bodies corporate in relation to all of the area.

24BD  Parties to body corporate agreements

**Consideration may be freehold grant or other interests**

(2) Without limiting subsection (1), the consideration may be the grant of a freehold estate in any land, or any other interests in relation to land whether statutory or otherwise.
24BF Assistance to make body corporate agreements

(1) Persons wishing to make the agreement may request assistance from the NNTT or a recognised State/Territory body in negotiating the agreement.

(2) The NNTT must not use or disclose information to which it has had access only because it has provided assistance in negotiating the agreement for any purpose other than providing that assistance without the prior consent of the person who provided the NNTT with the information.

24BG Application for registration of body corporate agreements

Application

(1) Any party to the agreement may, if all of the other parties agree, apply in writing to the Registrar for the agreement to be registered on the Register of Indigenous Land Use Agreements.

Things accompanying application

(2) The Registrar must not register the agreement if any of the parties to the agreement advises the Registrar, within 1 month after the notification day, that the party does not wish the agreement to be registered on the Register.

(3) The Registrar must not register the agreement if:

   (a) a representative Aboriginal/Torres Strait Islander body for any of the area advises the Registrar, within 1 month after the notification day, that the requirements of paragraph 24BD(4)(a) were not complied with in relation to the agreement; and

   (b) the Registrar is satisfied that the requirements were not complied with.

### Subdivision C—Indigenous land use agreements (area agreements)

#### 24CA Indigenous land use agreements (area agreements)

   (ii) any representative Aboriginal/Torres Strait Islander body for the non-claimed/determined part.

Registrar may assist parties

(4) The Registrar may give such assistance as he or she considers reasonable to help a party to the agreement prepare the application and accompanying material.

Certification not affected if Aboriginal/Torres Strait Islander body subsequently ceases to be recognised

(5) To avoid doubt, the certification of an application under Part 11 by a representative Aboriginal/Torres Strait Islander body is not affected merely because, after certification, the recognition of the body as the representative Aboriginal/Torres Strait Islander body for the area concerned is withdrawn or otherwise ceases to have effect.

24CH Notice of area agreements etc.

(1) The Registrar must:

(a) give notice of the agreement, in accordance with subsection (2), to any of the following who are not parties to the agreement:

(d) include a statement that, within the period (the notice period) of 3 months after the notification day (see subsection (3)):

(i) if the application was certified by representative Aboriginal/Torres Strait Islander bodies for the area (see paragraph 24CG(3)(a))—any person claiming to hold native title in relation to any of the land or waters in the area covered by the agreement may object, in writing to the Registrar, against registration of the agreement on the ground that the requirements of paragraphs...
203BE(5)(a) and (b) were not satisfied in relation to the certification; or

(ii) if the application contained a statement as mentioned in paragraph 24CG(3)(b) to the effect that certain requirements have been met (in summary, relating to identifying native title holders and ensuring that they have authorised the making of the agreement)—any person claiming to hold native title in relation to land or waters in the area covered by the agreement may wish, in response to the notice, to make a native title determination application or equivalent application under a law of a State or Territory.

Notice to specify day

(3) The notice under paragraph (1)(a) or (b) must specify a day as the *notification day* for the agreement. Each such notice in relation to the agreement must specify the same day.

Which days may be specified

(4) That day must be a day by which, in the Registrar’s opinion, it is reasonable to assume that all notices under paragraph (1)(a) or (b) in relation to the agreement will have been received by, or will otherwise have come to the attention of, the persons who must be notified under those paragraphs.

24CI Objections against registration

Making objections

(1) If the application was certified by representative Aboriginal/Torres Strait Islander bodies for the area (see paragraph 24CG(3)(a)), any person claiming to hold native title in relation to any of the land or waters in the area covered by the agreement may object, in writing to the Registrar, against registration of the agreement on the ground that the requirements of paragraphs 203BE(5)(a) and (b) were not satisfied in relation to the certification.
Assistance in withdrawing objection

(2) If an objection is made within the notice period, the parties to the agreement may request assistance from the NNTT or a recognised State/Territory body in negotiating with the person making the objection with a view to having the objection withdrawn.

Information obtained to provide assistance not to be used or disclosed in other contexts

(3) The NNTT must not use or disclose information to which it has had access only because it provided assistance under subsection (2) for any purpose other than providing that assistance without the prior consent of the person who provided the NNTT with the information.

24CJ Decision about registration

The Registrar must, after the end of the notice period, decide whether or not to register an agreement covered by an application under this Subdivision on the Register of Indigenous Land Use Agreements. However, in a case where section 24CL is to be applied, the Registrar must not do so until all persons covered by paragraph (2)(b) of that section are known.

24CK Registration of area agreements certified by representative bodies

Registration only if conditions satisfied

(1) If the application for registration of the agreement was certified by representative Aboriginal/Torres Strait Islander bodies for the area (see paragraph 24CG(3)(a)) and the conditions in this section are satisfied, the Registrar must register the agreement. If the conditions are not satisfied, the Registrar must not register the agreement.
First condition

(2) The first condition is that:
   (a) no objection under section 24CI against registration of the agreement was made within the notice period; or
   (b) one or more objections under section 24CI against registration of the agreement were made within the notice period, but they have all been withdrawn; or
   (c) one or more objections under section 24CI against registration of the agreement were made within the notice period, all of them have not been withdrawn, but none of the persons making them has satisfied the Registrar that the requirements of paragraphs 203BE(5)(a) and (b) were not satisfied in relation to the certification of the application by any of the representative Aboriginal/Torres Strait Islander bodies concerned.

Second condition

(3) The second condition is that if, when the Registrar proposes to register the agreement, there is a registered native title body corporate in relation to any land or waters in the area covered by the agreement, that body corporate is a party to the agreement.

Matters to be taken into account

(4) In deciding whether he or she is satisfied as mentioned in paragraph (2)(c), the Registrar must take into account any information given to the Registrar in relation to the matter by:
   (a) the persons making the objections mentioned in that paragraph; and
   (b) the representative Aboriginal/Torres Strait Islander bodies that certified the application;
and may, but need not, take into account any other matter or thing.
Section 24CL

24CL Registration of area agreements not certified by representative Aboriginal/Torres Strait Islander bodies

Registration only if conditions satisfied

(1) If the application for registration of the agreement contained a statement as mentioned in paragraph 24CG(3)(b) to the effect that certain requirements have been met (in summary, relating to identifying native title holders and ensuring that they have authorised the making of the agreement), and the conditions in subsections (2) and (3) of this section are satisfied, the Registrar must register the agreement. If the conditions are not satisfied, the Registrar must not register the agreement.

First condition

(2) The first condition is that the following persons are parties to the agreement:

(a) any person who is, at the end of the notice period, a registered native title claimant or a registered native title body corporate in relation to any of the land or waters in the area covered by the agreement; and

(b) any person who, after the end of the notice period, becomes a registered native title claimant in relation to any of the land or waters in the area covered by the agreement, where the application containing the claim was made before the end of the notice period and:

(i) the claim is accepted by the Registrar for registration under subsection 190A(6) or is (otherwise than on appeal or review) found to satisfy conditions equivalent to those set out in sections 190B and 190C under a law of a State or Territory; or

(ii) the claim is accepted by the Registrar for registration as a result of an application under subsection 190F(1), where the application was made not more than 28 days after the notice under subsection 190D(1) was given; or

(iia) the claim is accepted by the Registrar for registration as a result of notification given to the Registrar by the
Section 24DA

NNTT under section 190E on application under that section, where the application was made not more than 28 days after the notice under subsection 190D(1) was given; or

(iii) the claim is found to satisfy conditions equivalent to those set out in sections 190B and 190C under a provision of a law of a State or Territory to similar effect as section 190E or 190F, and the application under that provision was made within a time period corresponding to that set out in subparagraph (ii) of this paragraph.

Second condition

(3) The second condition is that the Registrar considers that the requirements in paragraph 24CG(3)(b) (in summary, relating to identifying native title holders and ensuring that they have authorised the making of the agreement) have been met.

Matters to be taken into account

(4) In deciding whether the requirements have been met, the Registrar must take into account:

(a) the statements in the application; and

(b) any information the Registrar is given on the matter by any representative Aboriginal/Torres Strait Islander body or by any other body or person;

and may, but need not, take into account any other matter or thing.

Subdivision D—Indigenous land use agreements (alternative procedure agreements)

24DA Indigenous land use agreements (alternative procedure agreements)

An agreement meeting the requirements of sections 24DB to 24DF is an indigenous land use agreement.
Note: Subdivisions B and C provide for other kinds of indigenous land use agreements.

24DB Coverage of alternative procedure agreements

The agreement must be about one or more of the following matters in relation to an area:

(a) the doing, or the doing subject to conditions (which may be about procedural matters), of particular future acts, or future acts included in classes;

(aa) particular future acts (other than intermediate period acts), or future acts (other than intermediate period acts) included in classes, that have already been done;

Note: Intermediate period acts are or can be validated only under Division 2A.

(b) withdrawing, amending, varying or doing any other thing in relation to an application under Division 1 of Part 3 in relation to land or waters in the area;

(ea) compensation for any past act, intermediate period act or future act;

(f) any other matter concerning native title rights and interests in relation to the area;

(g) any matter concerning rights conferred by Subdivision Q (which gives certain persons covered by registered native title claims rights of access to non-exclusive agricultural and pastoral leases).

Note 1: If the agreement involves consent to the doing of a future act or class of future act, or the doing of a future act or class of future act subject to conditions, it must include a statement to that effect: see paragraph 24EB(1)(b).
24DC  No extinguishment of native title

The agreement must not provide for the extinguishment of any native title rights or interests.

Note: The non-extinguishment principle will apply to any future acts consented to in the agreement: see subsection 24EB(3).

24DD  Bodies corporate and representative bodies etc.

No bodies corporate for whole of area

(1) The agreement must not be made if there are registered native title bodies corporate in relation to all of the land and waters in the area.

Note: If there are registered native title bodies corporate for all of the area, an agreement under Subdivision B may be made.

Body corporate or representative body for area

(2) There must be at least one registered native title body corporate in relation to land or waters in the area or at least one representative Aboriginal/Torres Strait Islander body for the area.

24DE  Parties to alternative procedure agreements

Native title group and relevant governments to be parties

(1) All persons in the native title group (see subsection (2)) in relation to the area must be parties to the agreement, as must every relevant government (see subsection (3)).

Native title group

(2) The native title group consists of:
Section 24DF

(a) all registered native title bodies corporate in relation to land or waters in the area; and
(b) all representative Aboriginal/Torres Strait Islander bodies for the area.

Other parties

(4) Any of the following may also be a party to the agreement:

(a) any registered native title claimant in relation to land or waters in the area;
   Note 1: Registered native title claimants are persons whose names appear on the Register of Native Title Claims as applicants in relation to claims to hold native title: see the definition of registered native title claimant in section 253.
   Note 2: The agreement will bind all members of the native title claim group concerned: see paragraph 24EA(1)(b).
(b) any other person who claims to hold native title in relation to land or waters in the area;
(c) any other person.

24DF Consideration and conditions

(1) The agreement may be given for any consideration, and subject to any conditions, agreed by the parties (other than consideration or conditions that contravene any law).
Consideration may be freehold grant or other interests

(2) Without limiting subsection (1), the consideration may be the grant of a freehold estate in any land, or any other interests in relation to land whether statutory or otherwise.

24DG Assistance to make alternative procedure agreements

(1) Persons wishing to make the agreement may request assistance from the NNTT or a recognised State/Territory body in negotiating the agreement.

Information obtained in providing assistance not to be used or disclosed in other contexts

(2) The NNTT must not use or disclose information to which it has had access only because it provided assistance in negotiating the agreement for any purpose other than providing that assistance without the prior consent of the person who provided the NNTT with the information.

24DH Application for registration of alternative procedure agreements

Application

(1) Any party to the agreement may, if all of the other parties agree, apply in writing to the Registrar for the agreement to be registered on the Register of Indigenous Land Use Agreements.

Part 2 Native Title
Division 3 Future acts etc. and native title

Section 24DI

Registrar may assist parties

(3) The Registrar may give such assistance as he or she considers reasonable to help a party to the agreement prepare the application and accompanying material.

24DI Notice of alternative procedure agreements

Notice to be given

(1) The Registrar must:
   (a) give notice of the agreement, in accordance with subsection (2), to any of the following who are not parties to the agreement:
       (i) the Commonwealth Minister;
       (ii) if the agreement covers an area within the jurisdictional limits of a State or Territory—the State Minister or the Territory Minister for the State or Territory;
       (iii) any local government body for the area covered by the agreement;
       (iv) any other person whom the Registrar, having regard to the nature of the agreement, considers appropriate; and
   (b) notify the public in the determined way of the agreement in accordance with subsection (2).

Content of notice

(2) The notice under paragraph (1)(a) or (b) must:
   (a) identify the area covered by the agreement, whether by including a map or otherwise; and
   (b) state the name of each party to the agreement and the address at which the party can be contacted; and
   (c) set out:
       (i) any statements included in the agreement that are of a kind mentioned in paragraph 24EB(1)(b) or (c) or 24EBA(1)(a); or
(ii) a summary of any statements included in the agreement that are of that kind, together with information about where further detail about the statements may be obtained; and

(d) include a statement that, within the period (the notice period) of 3 months after the notification day (see subsection (3)), any person claiming to hold native title in relation to any of the land or waters in the area covered by the agreement may:

(i) obtain a copy of the agreement from the Registrar; and

(ii) object, in writing to the Registrar, against registration of the agreement on the ground that it would not be fair and reasonable to do so.

Notice to specify day

(3) The notice must specify a day as the notification day for the agreement. Each such notice in relation to the agreement must specify the same day.

Which days may be specified

(4) That day must be a day by which, in the Registrar’s opinion, it is reasonable to assume that all notices under paragraph (1)(a) or (b) in relation to the agreement will have been received by, or will otherwise have come to the attention of, the persons who must be notified under those paragraphs.

Request for copy of agreement

(5) If a person claiming to hold native title in relation to any of the land or waters covered by the agreement requests a copy of the agreement, the Registrar must comply with the request.

24DJ Objections against registration

Making objections

(1) Any person claiming to hold native title in relation to any of the land or waters in the area covered by the agreement may make an
application to the Registrar objecting against registration of the agreement on the ground that it would not be fair and reasonable to register the agreement.

Note: Section 77A sets out the material and fees that must accompany the application, and includes a requirement to state reasons why it would not be fair and reasonable to register the agreement.

Assistance in withdrawing objection

(2) If an objection is made within the notice period, the parties may request assistance from the NNTT or a recognised State/Territory body in negotiating with the person making the objection with a view to having the objection withdrawn.

Information obtained in providing assistance not to be used or disclosed in other contexts

(3) The NNTT must not use or disclose information to which it has had access only because it provided assistance under subsection (2) for any purpose other than providing that assistance without the prior consent of the person who provided the NNTT with the information.

24DK Decision about registration

The Registrar must, after the end of the notice period, decide whether or not to register the agreement on the Register of Indigenous Land Use Agreements.

24DL Registration of alternative procedure agreements

Registration only if conditions satisfied

(1) If a condition in subsection (2) is satisfied, the Registrar must register the agreement. If none of the conditions is satisfied, the Registrar must not register the agreement.
Conditions

(2) The conditions are that:

(a) no objection against registration of the agreement was made within the notice period; or

(b) one or more objections against registration of the agreement were made within the notice period, but they have all been withdrawn; or

(c) one or more objections against registration of the agreement were made during the notice period, all of them have not been withdrawn, but none of the persons making them has satisfied the NNTT or a recognised State/Territory body that it would not be fair and reasonable to register the agreement, having regard to:

(i) the content of the agreement; and

(ii) the effect of the agreement on native title rights and interests; and

(iii) any benefits provided under the agreement to current native title holders (whether or not identified at the time the agreement is made) and their successors, and the way in which those benefits are to be distributed; and

(iv) any other relevant circumstance.

Note: Sections 77A and 77B deal with applications to the NNTT objecting against registration of the agreement.

24DM Other registration procedures and conditions

The regulations may provide for procedures and conditions for the registration of agreements under this Subdivision on the Register of Indigenous Land Use Agreements. Agreements are to be registered if either those procedures and conditions or the ones set out in sections 24DH to 24DL are complied with.
Section 24EA

Subdivision E—Effect of registration of indigenous land use agreements

24EA Contractual effect of registered agreement

(1) While details of an agreement are entered on the Register of Indigenous Land Use Agreements, the agreement has effect, in addition to any effect that it may have apart from this subsection, as if:

(a) it were a contract among the parties to the agreement; and
(b) all persons holding native title in relation to any of the land or waters in the area covered by the agreement, who are not already parties to the agreement, were bound by the agreement in the same way as the registered native title bodies corporate, or the native title group, as the case may be.

Note: Section 199B specifies the details of the agreement that are required to be entered on the Register.

Only certain persons bound by agreement

(2) To avoid doubt, a person is not bound by the agreement unless the person is a party to the agreement or a person to whom paragraph (1)(b) applies.

Legislation etc. to give effect to agreement not affected

(3) If the Commonwealth, a State or a Territory is a party to an indigenous land use agreement whose details are entered in the Register of Indigenous Land Use Agreements, this Act does not prevent the Commonwealth, the State or the Territory doing any legislative or other act to give effect to any of its obligations under the agreement.
24EB Effect of registration on proposed acts covered by indigenous land use agreements

Coverage of section

(1) The consequences set out in this section apply if:
   (a) a future act is done; and
   (b) when it is done, there are on the Register of Indigenous Land Use Agreements details of an agreement that includes a statement to the effect that the parties consent to:
      (i) the doing of the act or class of act in which the act is included; or
      (ii) the doing of the act, or class of act in which the act is included, subject to conditions; and
   (c) if the act is, apart from this Subdivision, an act to which Subdivision P (which deals with the right to negotiate) applies—the agreement also includes a statement to the effect that Subdivision P is not intended to apply; and
      Note: The fact that, under the “right to negotiate” provisions in Subdivision P, agreements can be made after notice of an act is given as mentioned in section 29 does not prevent an indigenous land use agreement being made that consents to the doing of the act.
   (d) if the act is the surrender of native title under an agreement covered by Subdivision B or C—the agreement also includes a statement to the effect that the surrender is intended to extinguish the native title rights and interests.

Validation of act

(2) The act is valid to the extent that it affects native title in relation to land or waters in the area covered by the agreement.

Non-extinguishment principle

(3) Unless a statement of the kind mentioned in paragraph (1)(d) in relation to the act is included in the agreement, the non-extinguishment principle applies to the act.
Restriction on compensation where Subdivision B agreement

(4) In the case of an agreement under Subdivision B, the following are not entitled to any compensation for the act under this Act, other than compensation provided for in the agreement:

(a) any registered native title body corporate who is a party to the agreement;

(b) any common law holder of native title:

(i) for whom such a registered native title body corporate holds native title rights and interests on trust; or

(ii) of whom such a registered native title body corporate is the agent or representative;

Note: For the definition of common law holder, see section 56.

(c) any native title holder who is entitled to any of the benefits provided under the agreement.

Restriction on compensation where Subdivision C agreement

(5) In the case of an agreement under Subdivision C, the following are not entitled to any compensation for the act under this Act, other than compensation provided for in the agreement:

(a) any native title holder who is entitled to any of the benefits provided under the agreement;

(b) any native title holder who authorised the making of the agreement as mentioned in:

(i) if the application was certified by representative Aboriginal/Torres Strait Islander bodies as mentioned in paragraph 24CG(3)(a)—paragraph 203BE(5)(b); or

(ii) if the application included statements as mentioned in paragraph 24CG(3)(b) to the effect that certain requirements have been met (in summary, relating to identifying all native title holders and ensuring that they have authorised the making of the agreement)—that paragraph.
Restricion on compensation where Subdivision D agreement

(6) In the case of an agreement under Subdivision D, no native title holder who is entitled to any of the benefits provided under the agreement is entitled to any compensation for the act under this Act, other than compensation provided for in the agreement.

Compensation under Division 5

(7) If any native title holder in relation to the land or waters covered by the agreement (except one who, because of subsection (4), (5) or (6), is not entitled to compensation other than that provided for in the agreement) would be entitled to compensation under subsection 17(2) for the act on the assumption that it was a past act referred to in that subsection:

(a) he or she is entitled, in accordance with Division 5, to compensation for the act; and

(b) he or she may recover the compensation from:

(i) if subparagraph (ii) does not apply—the Crown in right of the Commonwealth, a State or a Territory (according to whether the act is attributable to the Commonwealth, the State or the Territory); or

(ii) any person or persons who, under an agreement in writing with the Commonwealth, the State or the Territory, are liable to pay the compensation.

24EBA Effect of registration on previous acts covered by indigenous land use agreements

Coverage of section

(1) The consequences set out in this section apply if:

(a) details are on the Register of Indigenous Land Use Agreements of an agreement that includes a statement to the effect that the parties agree to:

(i) the validating of a particular future act (other than an intermediate period act), or future acts (other than...
Part 2 Native Title
Division 3 Future acts etc. and native title

Section 24EBA

intermediate period acts) included in classes, that have already been done invalidly; or

Note: Intermediate period acts are or can be validated only under Division 2A.

(ii) the validating, subject to conditions, of a particular future act (other than an intermediate period act), or of future acts (other than intermediate period acts) included in classes, that have already been done invalidly; or

(iii) changing the effects, that are provided for by section 22B (which relates to native title rights and interests) or by a law of a State or Territory that contains provisions to the same effect, of an intermediate period act or of intermediate period acts included in classes; and

(b) whichever of the Commonwealth, the State or the Territory to which the act or class of acts is attributable is a party to the agreement; and

(c) where, whether under the agreement or otherwise, a person other than the Crown in right of the Commonwealth, a State or a Territory is or may become liable to pay compensation in relation to the act or class of acts—that person is a party to the agreement.

Commonwealth future acts valid

(2) If subparagraph (1)(a)(i) or (ii) applies and the future act or class of future acts is attributable to the Commonwealth, the act or class of acts is valid, and is taken always to have been valid.

State or Territory laws may validate their future acts

(3) If subparagraph (1)(a)(i) or (ii) applies and the future act or class of future acts is attributable to a State or Territory, a law of the State or the Territory may provide that the act or class of acts is valid, and is taken always to have been valid. The law may do so by applying to all acts, to classes of acts, or to particular acts, to which
subparagraph (1)(a)(i) or (ii) applies in respect of which the requirements of subsection (1) are or become satisfied.

Non-extinguishment principle applies to future acts

(4) If subsection (2) applies or a law makes provision in accordance with subsection (3), the non-extinguishment principle applies to the act or class of acts unless:
   (a) the act or class of acts is the surrender of native title; and
   (b) the agreement includes a statement to the effect that the surrender is intended to have extinguished the native title rights and interests.

Compensation consequences of future acts

(5) If subsection (2) applies or a law makes provision in accordance with subsection (3), the consequences set out in subsection 24EB(4), (5) or (6), and the consequences set out in subsection 24EB(7), apply to the act or to each of the acts in the class.

Changing the effects of validated acts

(6) If subparagraph (1)(a)(iii) applies, the effects mentioned in that subparagraph are changed in accordance with the agreement.

24EC Agreements unrelated to future acts

The fact that this Subdivision deals with agreements with native title holders that relate to their native title rights and interests does not imply that the Commonwealth, a State or a Territory cannot:
   (a) make other agreements; or
   (b) legislate in relation to the making of other agreements; with native title holders that relate to their native title rights and interests (other than agreements consenting to the doing of future acts).
Subdivision F—Future acts: if procedures indicate absence of native title

24FA Consequences if section 24FA protection applies

(1) If an area is subject to section 24FA protection (see sections 24FB, 24FC and 24FD) at a particular time:
   (a) any future act by any person in relation to the area that is done at that time is valid; and
   (b) if such an act extinguishes native title to any extent—the native title holders are entitled to compensation, in accordance with Division 5, for the act in so far as it has that effect; and
   (c) if the act mentioned in paragraph (a) does not so extinguish native title and the native title holders would be entitled to compensation under subsection 17(2) for the act on the assumption that it was a past act referred to in that subsection—they are entitled, in accordance with Division 5, to compensation for the act.

Who pays compensation

(2) The native title holders may recover the compensation from:
   (a) if the act is attributable to the Commonwealth—the Crown in right of the Commonwealth; or
   (b) if the act is attributable to a State or Territory—the Crown in right of the State or Territory.

24FB When section 24FA protection arises—government applications

An area is subject to section 24FA protection at a particular time if:
   (a) before that time, a non-claimant application (see section 253), or a corresponding application for an approved determination of native title under a law of a State or
Section 24FC

Terrority, has been made by or on behalf of a Minister, the Crown in any capacity, or a statutory authority; and
(b) the area is the whole of the area covered by the application and the application has not been amended as to area; and
(c) the period specified in the notice given under section 66, or under a corresponding provision of the law of the State or Territory, has ended; and
(d) at the end of that period, there is no relevant native title claim (see section 24FE) covering the area or a part of the area; and
(e) the application has not been withdrawn, dismissed or otherwise finalised; and
(f) there is no entry on the National Native Title Register, included under paragraph 193(1)(a) or (b), specifying that native title exists in relation to the area or a part of the area.

24FC When section 24FA protection arises—non-government applications

An area is subject to section 24FA protection at a particular time if:
(a) before that time, a non-claimant application, or a corresponding application for an approved determination of native title under a law of a State or Territory, has been made; and
(b) the application is not covered by paragraph 24FB(a); and
(c) the area is the whole or a part of the area covered by the application; and
(d) the period specified in the notice given under section 66, or under a corresponding provision of the law of the State or Territory, has ended; and
(e) either:
   (i) at the end of that period, there is no relevant native title claim (see section 24FE) covering the area; or
   (ii) after the end of that period, but before the particular time, all entries that relate to a relevant native title claim
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24FD

that covered the area are removed from the Register of Native Title Claims or cease to cover the area; and

(f) the application, in so far as it relates to that area, has not been withdrawn, dismissed or otherwise finalised; and

(g) there is no entry on the National Native Title Register, included under paragraph 193(1)(a) or (b), specifying that native title exists in relation to the area.

24FD When section 24FA protection arises—entry on National Native Title Register

An area is subject to section 24FA protection at a particular time if it is covered by an entry on the National Native Title Register, included under paragraph 193(1)(a) or (b), specifying that no native title exists in relation to the area.

24FE Relevant native title claim

For the purposes of this Subdivision, there is a relevant native title claim covering an area at the end of the period mentioned in paragraph 24FB(c) or 24FC(d) if:

(a) at that time, there is an entry covering that area on the Register of Native Title Claims; or

(b) after that time, an entry covering that area is included on the Register of Native Title Claims, provided the application containing the claim was made before that time and:

(i) the claim is accepted by the Registrar for registration under subsection 190A(6) or is (otherwise than on appeal or review) found to satisfy conditions equivalent to those set out in sections 190B and 190C under a law of a State or Territory; or

(ii) the claim is accepted by the Registrar for registration as a result of an application under subsection 190F(1) and the application was made not more than 28 days after the notice under subsection 190D(1) was given; or

(iia) the claim is accepted by the Registrar for registration as a result of notification given to the Registrar by the
NNTT under section 190E on application under that section, where the application was made not more than 28 days after the notice under subsection 190D(1) was given; or

(iii) the claim is found to satisfy conditions equivalent to those set out in sections 190B and 190C under a provision of a law of a State or Territory to similar effect as section 190E or 190F, and the application under that provision was made within a time period corresponding to that set out in subparagraph (ii).

Subdivision G—Future acts and primary production

24GA Primary production activity

*Primary production activity*

(1) The expression *primary production activity* includes the following:

(a) cultivating land;
(b) maintaining, breeding or agisting animals;
(c) taking or catching fish or shellfish;
(d) forest operations (defined in section 253);
(e) horticultural activities (see section 253 for the definition of *horticulture*);
(f) aquacultural activities;
(g) leaving fallow or de-stocking any land in connection with the doing of any thing that is a primary production activity.

*Mining excluded*

(2) The expression *primary production activity* does not include mining.

24GB Acts permitting primary production on non-exclusive agricultural and pastoral leases

(1) This section applies to a future act if:
Part 2 Native Title
Division 3 Future acts etc. and native title

Section 24GB

(a) a non-exclusive agricultural lease (see section 247B) or non-exclusive pastoral lease (see section 248B) was granted on or before 23 December 1996; and

(b) the grant was valid (including because of Division 2 or 2A); and

Note: As at the commencement of this section, grants before 1 January 1994 that were invalid because of native title have been validated by or under Division 2.

(c) the future act takes place after 23 December 1996; and

(d) the future act permits or requires the carrying on of any of the following while the lease (including as renewed on one or more occasions) is in force:

(i) a primary production activity (see section 24GA) on the area covered by the lease; or

(ii) another activity, on the area covered by the lease, that is associated with or incidental to a primary production activity covered by subparagraph (i), provided that, when the other activity is being carried on, the majority of the area covered by the lease is used for primary production activities; and

(e) the future act could have been validly done or authorised at some time before 31 March 1998, if any native title in relation to the area covered by the lease had not then existed.

Note: For the renewal, re-grant, re-making or extension of certain acts covered by this section, see Subdivision 1.

Farm tourism included

(2) This section applies to a future act that:

(a) takes place after 23 December 1996; and

(b) permits or requires a farm tourism activity in the area covered by a lease meeting the requirements of paragraphs (1)(a) and (b) while the lease is in force (including as renewed on one or more occasions).
Exception to subsection (2)

(3) However, this section does not apply to a future act permitting or requiring farm tourism if the act permits or requires tourism that involves observing activities or cultural works of Aboriginal peoples or Torres Strait Islanders.

Certain acts not covered

(4) This section does not apply to a future act if:

(a) where the lease covered by paragraph (1)(a) is a non-exclusive pastoral lease covering an area greater than 5,000 hectares—the act has the effect that the majority of the area covered by the lease is required or permitted to be used for purposes other than pastoral purposes; or

(b) in any case—the act converts a lease covered by paragraph (1)(a) into a lease conferring a right of exclusive possession, or into a freehold estate, over any of the land or waters covered by the lease.

Note: If such an act is done in exercise of a legally conferred right, it could be covered by section 24ID. A lease conferring such rights or a freehold estate could be granted after a compulsory acquisition of native title under section 24MD or under certain indigenous land use agreements.

Validation of act

(5) If this section applies to a future act, the act is valid.

Non-extinguishment principle

(6) The non-extinguishment principle applies to the act.

Compensation

(7) The native title holders concerned are entitled to compensation for the act in accordance with Division 5.

Who pays compensation

(8) The compensation is payable by:
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24GC

(a) if the act is attributable to the Commonwealth—the Crown in right of the Commonwealth; or
(b) if the act is attributable to a State or Territory—the Crown in right of the State or Territory.

Notification

(9) If:

(a) the primary production activity mentioned in subparagraph (1)(d)(i) or (ii) is forest operations, a horticultural activity or an aquacultural activity; or
(b) the lease mentioned in paragraph (1)(a) is a non-exclusive pastoral lease and the primary production activity mentioned in subparagraph (1)(d)(i) or (ii) is an agricultural activity;

before the future act is done, the person proposing to do the act must:

(c) notify, in the way determined, by legislative instrument, by the Commonwealth Minister, any representative Aboriginal/Torres Strait Islander bodies, registered native title bodies corporate and registered native title claimants in relation to the land or waters covered by the non-exclusive agricultural lease or non-exclusive pastoral lease that the act, or acts of that class, are to be done in relation to the particular land or waters; and

(d) give them an opportunity to comment on the act or class of acts.

24GC  Primary production etc. activities on non-exclusive agricultural or pastoral leases

(1) This section applies to an activity if:

(a) a non-exclusive agricultural lease (see section 247B) or non-exclusive pastoral lease (see section 248B) was granted on or before 23 December 1996; and

(b) the grant was valid (including because of Division 2 or 2A); and
Note: As at the commencement of this section, grants before 1 January 1994 that were invalid because of native title have been validated by or under Division 2.

(c) the activity is the carrying on, after 23 December 1996 and while the lease (including as renewed on one or more occasions) is in force, of any of the following:

(i) a primary production activity on the area covered by the lease; or

(ii) another activity, on the area covered by the lease, that is associated with or incidental to a primary production activity covered by subparagraph (i), provided that, when the other activity is being carried on, the majority of the area covered by the lease is used for primary production activities; and

(d) at some time before 31 March 1998, the activity could have been done under any legislation then in force, or under any lease, licence, permit or authority that could have then been issued, in relation to the area covered by the lease, if any native title in relation to the area covered by the lease had not then existed.

Activities prevail over native title etc.

(2) To avoid doubt:

(a) the doing of any activity mentioned in paragraph (1)(c) prevails over any native title rights and interests and any exercise of those rights and interests, but does not extinguish them; and

(b) the existence and exercise of native title rights and interests do not prevent the carrying on of any such activity.

Note: This subsection is not intended to imply that the person carrying on the activity is not subject to the laws of a State or Territory.

Compensation

(3) Native title holders are not entitled to compensation under this Act for the carrying on of the activity.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24GD

Note: Any compensation to which the native title holders may be entitled under this Act for the grant of the lease, or other authority for the doing of the activity, may take into account the doing of the activity.

24GD  Acts permitting off-farm activities that are directly connected to primary production activities

(1) This section applies to a future act if:
   (a) a freehold estate, an agricultural lease (see section 247) or a pastoral lease (see section 248) was granted on or before 23 December 1996; and
   (b) the grant was valid (including because of Division 2 or 2A); and

   Note: As at the commencement of this section, grants before 1 January 1994 that were invalid because of native title have been validated by or under Division 2.

      (ii) is directly connected to the carrying on of any primary production activity on the area covered by the freehold estate or the agricultural lease or pastoral lease; and
      (iii) takes place in an area adjoining or near the area covered by the freehold estate or the agricultural lease or pastoral lease; and
      (iv) does not prevent native title holders in relation to land or waters in the area in which the activity will be carried on from having reasonable access to the area; and

   (f) if:
(i) before the future act is done, an approved determination of native title is made in relation to the land or waters on which any activity permitted or required by the future act takes place; and
(ii) the determination is that native title exists in relation to the land or waters and that the native title rights and interests confer exclusive possession of the land or waters on the native title holders;
the doing of the activity is not inconsistent with the exercise of the native title rights and interests.

Example 1: An example of an act covered by this section is the conferral of rights to graze cattle in an area adjoining that covered by an agricultural lease or pastoral lease, if the cattle are also grazed in the area covered by the lease.

Features that do not prevent a lease etc. from being a renewal

(3) The features listed in subsection (4) do not prevent:

(b) 2 or more leases, licences, permits or authorities (each of which is a new authority) from being granted in place of a single lease, licence, permit or authority (the old authority) for the purposes of subsection (2).

Features

(4) The features are as follows:

(i) a primary production activity (see section 24GA); or

(ii) another activity, on the area covered by the new authority or of any of the new authorities, that is associated with or incidental to a primary production activity, provided that, when the other activity is being carried on, the use of the majority of the area covered by

   (b) if the act consists of the grant of a freehold estate, or the conferral of a right of exclusive possession, over particular land or waters—the act extinguishes any native title in relation to the land or waters; and
   
   Note: The only acts to which this paragraph applies are certain acts covered by section 24IB.
   (c) in any other case—the non-extinguishment principle applies to the act; and
   (d) in any case—the native title holders are entitled to compensation for the act in accordance with Division 5.

Who pays compensation

(2) The compensation is payable by:
   (a) if the act is attributable to the Commonwealth—the Crown in right of the Commonwealth; or
   (b) if the act is attributable to a State or Territory—the Crown in right of the State or Territory.

(c) if the act is attributable to the Commonwealth—the Commonwealth; or
(d) if the act is attributable to a State or Territory—that State or Territory.

   (i) permits or requires the construction, operation, use, maintenance or repair, by or on behalf of any person, of any of the things listed in subsection (2) that is to be operated, or is operated, for the general public; or
   (ii) consists of the construction, operation, use, maintenance or repair, by or on behalf of the Crown, or a local government body or other statutory authority of the Crown, in any of its capacities, of any of the things listed in subsection (2) that is to be operated, or is operated, for the general public; and

(c) it does not prevent native title holders in relation to land or waters on which the thing is located or to be located from having reasonable access to such land or waters in the vicinity of the thing, except:
   (i) while the thing is being constructed; or
   (ii) for reasons of health and safety; and

(d) a law of the Commonwealth, a State or a Territory makes provision in relation to the preservation or protection of areas, or sites, that may be:
   (i) in the area in which the act is done; and
   (ii) of particular significance to Aboriginal peoples or Torres Strait Islanders in accordance with their traditions.

Compulsory acquisitions not covered

(1A) To avoid doubt, this Subdivision does not apply to a future act that is the compulsory acquisition of the whole or part of any native title rights and interests.

Facilities etc.

(2) For the purposes of paragraph (1)(b), the things are as follows:
   (a) a road, railway, bridge or other transport facility (other than an airport or port);
   (b) a jetty or wharf;
(c) a navigation marker or other navigational facility;
(d) an electricity transmission or distribution facility;
(e) lighting of streets or other public places;
(f) a gas transmission or distribution facility;
(g) a well, or a bore, for obtaining water;
(h) a pipeline or other water supply or reticulation facility;
(i) a drainage facility, or a levee or other device for management of water flows;
(j) an irrigation channel or other irrigation facility;
(k) a sewerage facility, other than a treatment facility;
(l) a cable, antenna, tower or other communication facility;
(la) an automatic weather station;
(m) any other thing that is similar to any one or more of the things mentioned in the paragraphs above.

Validation of act

(3) If this Subdivision applies to a future act, the act is valid.

Non-extinguishment principle

(4) The non-extinguishment principle applies to the act.

Compensation

(5) If any native title holders would be entitled to compensation under subsection 17(2) for the act on the assumption that it was a past act referred to in that section, the native title holders are entitled to compensation for the act in accordance with Division 5.

Who pays compensation

(6) The native title holders may recover the compensation from:

(a) if the act is attributable to the Commonwealth:
   (i) if a law of the Commonwealth provides that a person other than the Crown in right of the Commonwealth is liable to pay the compensation—that person; or
(ii) if not—the Crown in right of the Commonwealth; or
(b) if the act is attributable to a State or Territory:
   (i) if a law of the State or Territory provides that a person other than the Crown in any capacity is liable to pay the compensation—that person; or
   (ii) if not—the Crown in right of the State or Territory.

Procedural rights

(7) The native title holders, and any registered native title claimants in relation to land or waters in the area concerned, have the same procedural rights as they would have in relation to the act on the assumption that they instead held:
   (a) to the extent (if any) that the land concerned is covered by a non-exclusive agricultural lease (see section 247B) or a non-exclusive pastoral lease (see section 248B)—a lease of that kind; or
   (b) to the extent (if any) that paragraph (a) does not apply—ordinary title;
   covering any land concerned or covering the land adjoining, or surrounding, any waters concerned.

Native title rights and interests to be considered

(7A) If, in the exercise of those procedural rights, the native title holders are entitled to have matters considered, those matters include their native title rights and interests.

Satisfying the right to be notified

(8) If:
   (a) because of subsection (7) or any law of the Commonwealth, a State or a Territory, the native title holders have a procedural right that requires another person to notify them of the act; and
   (b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;
then one way in which the person may give the required notification is by notifying, in the way determined, by legislative instrument, by the Commonwealth Minister for the purposes of this subsection the following that the act is to take place:

(c) any representative Aboriginal/Torres Islander bodies for that part of the area concerned for which there is no registered native title body corporate;

(d) any registered native title claimants in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate.

**Satisfying other procedural rights**

(9) If:

(a) because of subsection (7) or any law of the Commonwealth, a State or a Territory, the native title holders have a procedural right that requires another person to do any thing in relation to the native title holders; and

(b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;

then one way in which the person may give effect to the requirement is:

(c) by doing the thing in relation to any registered native title claimant in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate; or

(d) if there are no such registered native title claimants—by ensuring that any representative Aboriginal/Torres Strait Islander bodies for that part of the area concerned for which there is no registered native title body corporate have an opportunity to comment on the doing of the act.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24LA

Subdivision L.—Low impact future acts

24LA  Low impact future acts

(1)  This Subdivision applies to a future act in relation to particular land or waters if:

(a)  the act takes place before, and does not continue after, an approved determination of native title is made in relation to the land or waters, if the determination is that native title exists; and

(b)  the act does not consist of, authorise or otherwise involve:

(i)  the grant of a freehold estate in any of the land or waters; or

(ii)  the grant of a lease over any of the land or waters; or

(iii)  the conferral of a right of exclusive possession over any of the land or waters; or

(iv)  the excavation or clearing of any of the land or waters; or

(v)  mining (other than fossicking by using hand-held implements); or

(vi)  the construction or placing on the land, or in the waters, of any building, structure, or other thing (other than fencing or a gate), that is a fixture; or

(vii)  the disposal or storing, on the land or in the waters, of any garbage or any poisonous, toxic or hazardous substance.

Exclusion for public health or safety etc.

(2)  Subparagraph (1)(b)(iv) does not apply to:

(a)  excavation or clearing that is reasonably necessary for the protection of public health or public safety; or

(b)  tree lopping, clearing of noxious or introduced animal or plant species, foreshore reclamation, regeneration or environmental assessment or protection activities.
Validation of act

(3) If this Subdivision applies to a future act, the act is valid.

Non-extinguishment

(4) The non-extinguishment principle applies to the act.

Subdivision M—Acts passing the freehold test

24MA Legislative acts

This Subdivision applies to a future act if it is the making, amendment or repeal of legislation and:

(a) the act applies in the same way to the native title holders concerned as it would if they instead held ordinary title to the land (or to the land adjoining, or surrounding, the waters) affected; or

(b) the effect of the act on the native title in relation to the land or the waters is not such as to cause the native title holders to be in a more disadvantageous position at law than they would be if they instead held ordinary title to the land (or to the land adjoining, or surrounding, the waters).

Example 1: An example of a future act covered by paragraph (a) is the making of legislation that permits mining on land in respect of which there is either native title or ordinary title.

Example 2: An example of a future act covered by paragraph (b) is the amendment of legislation that permits mining on land that is subject to ordinary title so that it will also permit mining, on the same terms, on land in relation to which native title exists.

24MB Non-legislative acts

Freehold test

(1) This Subdivision applies to a future act if:

(a) it is an act other than the making, amendment or repeal of legislation; and
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 24MC

(b) either:
   (i) the act could be done in relation to the land concerned if the native title holders concerned instead held ordinary title to it; or
   (ii) the act could be done in relation to the waters concerned if the native title holders concerned held ordinary title to the land adjoining, or surrounding, the waters; and

(c) a law of the Commonwealth, a State or a Territory makes provision in relation to the preservation or protection of areas, or sites, that may be:
   (i) in the area to which the act relates; and
   (ii) of particular significance to Aboriginal peoples or Torres Strait Islanders in accordance with their traditions.

Example: An example of a future act covered by this subsection is the grant of a mining lease over land in relation to which there is native title when a mining lease would also be able to be granted over the land if the native title holders instead held ordinary title to it.

Opal or gem mining

(2) This Subdivision also applies to a future act if:
   (a) it is an act other than the making, amendment or repeal of legislation; and
   (b) it is not covered by subsection (1); and
   (c) it consists of the creation or variation of a right to mine for opals or gems; and
   (d) a law of the Commonwealth, a State or a Territory makes provision in relation to the preservation or protection of areas, or sites, that may be:
      (i) in the area to which the act relates; and
      (ii) of particular significance to Aboriginal peoples or Torres Strait Islanders in accordance with their traditions.
24MC  Only onshore places covered

However, this Subdivision only applies to a future act to the extent that it relates to an onshore place. A reference to an act to which this Subdivision applies is to be read as referring to the act to that extent only.

24MD  Treatment of acts that pass the freehold test

Validation of act

(1) If this Subdivision applies to a future act, then, subject to Subdivision P (which deals with the right to negotiate), the act is valid.

Extinguishment of native title by compulsory acquisition

(2) If:

(a) the act is the compulsory acquisition of the whole or part of any native title rights and interests under a law of the Commonwealth, a State or a Territory that permits both:
   (i) the compulsory acquisition by the Commonwealth, the State or the Territory of native title rights and interests;
   and
   (ii) the compulsory acquisition by the Commonwealth, the State or the Territory of non-native title rights and interests in relation to land or waters; and

(b) the whole, or the equivalent part, of all non-native title rights and interests, in relation to the land or waters to which the native title rights and interests that are compulsorily acquired relate, is also acquired (whether compulsorily or by surrender, cancellation or resumption or otherwise) in connection with the compulsory acquisition of the native title rights and interests; and

(ba) the practices and procedures adopted in acquiring the native title rights and interests are not such as to cause the native title holders any greater disadvantage than is caused to the
holders of non-native title rights and interests when their rights and interests are acquired;
then:
(c) the compulsory acquisition extinguishes the whole or the part of the native title rights and interests; and
(d) if compensation on just terms is provided under a law of the Commonwealth, a State or a Territory to the native title holders for the compulsory acquisition, and they request that the whole or part of any such compensation should be in a form other than money, the person providing the compensation must:
(i) consider the request; and
(ii) negotiate in good faith in relation to the request; and
(e) if compensation on just terms is not provided under a law of the Commonwealth, a State or Territory to the native title holders for the compulsory acquisition, they are entitled to compensation for the acquisition in accordance with Division 5.

Note 1: Subdivision P (which deals with the right to negotiate) applies to some acquisitions.

Note 2: This subsection only deals with the case where native title rights and interests are compulsorily acquired. It is also possible for native title rights and interests to be acquired voluntarily by means of an indigenous land use agreement or an agreement covered by subsection (2A). In such cases, non-native title rights and interests could be acquired either compulsorily or by some other means (e.g. voluntarily).

**Extinguishment of native title by surrender in course of right to negotiate process**

(2A) If:
(a) notice of a proposed compulsory acquisition of native title rights and interests is given in accordance with section 29 or with an equivalent alternative provision applicable under section 43 or 43A; and
(b) an agreement arose out of negotiations in relation to the proposed compulsory acquisition of the native title rights and interests; and

(c) the agreement includes a statement to the effect that an act consisting of the surrender of the whole or part of the native title rights and interests is intended to extinguish the whole or the part of the native title rights and interests;

then:

(d) the surrender extinguishes the whole or the part of the native title rights and interests; and

(e) no native title holder who is entitled to any benefit provided under the agreement is entitled to any compensation for the act under this Act, other than compensation provided for in the agreement; and

(f) any other native title holder is entitled to compensation for the act in accordance with Division 5.

Non-extinguishment and compensation

(3) In the case of any future act to which this Subdivision applies that is not covered by subsection (2) or (2A):

(a) the non-extinguishment principle applies to the act; and

(b) if the following conditions are satisfied:

(i) the similar compensable interest test is satisfied in relation to the act; and

(ii) the law mentioned in section 240 (which defines similar compensable interest test) does not provide for compensation to the native title holders for the act; the native title holders are entitled to compensation for the act in accordance with Division 5.

Who pays compensation

(4) The native title holders may recover the compensation from:

(a) if the act is attributable to the Commonwealth:
(i) if a law of the Commonwealth provides that a person other than the Crown in right of the Commonwealth is liable to pay the compensation—that person; or
(ii) if not—the Crown in right of the Commonwealth; or
(b) if the act is attributable to a State or Territory:
   (i) if a law of the State or Territory provides that a person other than the Crown in any capacity is liable to pay the compensation—that person; or
   (ii) if not—the Crown in right of the State or Territory.

Exception for certain lessees

(5) If:
   (a) the act is the compulsory acquisition of the whole or part of any native title rights and interests; and
   (b) the land or waters concerned are to any extent the subject of a non-exclusive agricultural lease or a non-exclusive pastoral lease;
then, despite subsection (4):
   (c) the native title holders are not entitled to recover the compensation from the lessee; and
   (d) if the act is attributable to the Commonwealth—the native title holders may recover the compensation from the Crown in right of the Commonwealth; and
   (e) if the act is attributable to a State or Territory—the native title holders may recover the compensation from the Crown in right of the State or Territory.

Consequences of certain acts

(6) In the case of any future act to which this Subdivision applies, other than:
   (a) an act to which Subdivision P (which deals with the right to negotiate) applies; or
   (b) an act determined under section 26A to be an approved exploration etc. act; or
(c) an act determined under section 26B to be an approved gold or tin mining act; or
(d) an act covered by section 26C (which deals with opal or gem mining);
the consequences in subsections (6A) and (6B) apply.

Procedural rights

(6A) The native title holders, and any registered native title claimants in relation to the land or waters concerned, have the same procedural rights as they would have in relation to the act on the assumption that they instead held ordinary title to any land concerned and to the land adjoining, or surrounding, any waters concerned.

Other consequences

(6B) If the act is:
(a) the compulsory acquisition of native title rights and interests for the purpose of conferring rights or interests in relation to the land or waters concerned on persons other than the Commonwealth, the State or the Territory to which the act is attributable; or
(b) the creation or variation of a right to mine for the sole purpose of the construction of an infrastructure facility (see section 253) associated with mining;
the following consequences also apply:
(c) the Commonwealth, the State or the Territory to which the act is attributable must notify each of the following:
   (i) any registered native title claimant (a claimant) in relation to the land or waters; and
   (ii) any registered native title body corporate (a body corporate), in relation to the land or waters; and
   (iii) any representative Aboriginal/Torres Strait Islander body in relation to the land or waters; and
   (iv) the Registrar;
that the act is to be done; and

Authorised Version C2019C00054 registered 18/01/2019
(d) any claimant or body corporate may object, within 2 months after the notification, to the doing of the act so far as it affects their registered native title rights and interests; and

(e) either:
   (i) in a paragraph (a) case—the Commonwealth, the State or the Territory; or
   (ii) in a paragraph (b) case—the person who requested or applied for the doing of the act;

must consult any claimants, and bodies corporate, who object, about ways of minimising the act’s impact on registered native title rights and interests in relation to the land or waters, and, if relevant, any access to the land or waters or the way in which any thing authorised by the act might be done; and

(f) if any claimant or body corporate objects, as mentioned in paragraph (d), to the doing of the act and so requests, the Commonwealth, the State or the Territory must ensure that the objection is heard by an independent person or body; and

(g) if the independent person or body hearing any objection as mentioned in paragraph (f) makes a determination upholding the objection, or that contains conditions about the doing of the act that relate to registered native title rights and interests, the determination must be complied with unless:
   (i) the Minister of the Commonwealth, the State or the Territory responsible for indigenous affairs is consulted; and
   (ii) the consultation is taken into account; and
   (iii) it is in the interests of the Commonwealth, the State or the Territory not to comply with the determination.

Meaning of determination

(6C) In paragraph (6B)(g):

* determination includes recommendation.

* in the interests of the Commonwealth, the State or the Territory includes:
(a) for the social or economic benefit of the Commonwealth, the State or the Territory (including of Aboriginal peoples and Torres Strait Islanders); and

(b) in the interests of the relevant region or locality in the Commonwealth, the State or the Territory.

Satisfying the right to be notified

(7) If:

(a) because of subsection (6A) or any law of the Commonwealth, a State or a Territory, the native title holders have a procedural right that requires another person to notify them of the act; and

(b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;

then one way in which the person may give the required notification is by notifying, in the way determined, by legislative instrument, by the Commonwealth Minister for the purposes of this subsection, the following that the act is to take place:

(c) any representative Aboriginal/Torres Strait Islander bodies for that part of the area concerned for which there is no registered native title body corporate;

(d) any registered native title claimants in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate.

Satisfying other procedural rights

(8) If:

(a) because of subsection (6A) or any law of the Commonwealth, a State or a Territory, the native title holders have a procedural right that requires another person to do any thing in relation to the native title holders; and

(b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;
then one way in which the person may give effect to the requirement is:

(c) by doing the thing in relation to any registered native title claimant in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate; or

(d) if there are no such registered native title claimants—by ensuring that any representative Aboriginal/Torres Strait Islander bodies for that part of the area concerned for which there is no registered native title body corporate have an opportunity to comment on the doing of the act.

Subdivision N—Acts affecting offshore places

24NA Acts affecting offshore places

Coverage of Subdivision

(1) This Subdivision applies to a future act to the extent that it relates to an offshore place. A reference to a future act to which this Subdivision applies is to be read as referring to the act to that extent only.

Validation of act

(2) If this Subdivision applies to a future act, the act is valid.

Extinguishment of native title by compulsory acquisition

(3) If:

(a) the act is the compulsory acquisition of the whole or part of any native title rights and interests under a law of the Commonwealth, a State or a Territory that permits both:

(i) the compulsory acquisition by the Commonwealth, the State or the Territory of native title rights and interests; and

Authorised Version C2019C00054 registered 18/01/2019
Section 24NA

(ii) the compulsory acquisition by the Commonwealth, the State or the Territory of non-native title rights and interests in relation to land or waters; and

(b) the whole, or the equivalent part, of all non-native title rights and interests, in relation to the land or waters to which the native title rights and interests that are compulsorily acquired relate, is also acquired (whether compulsorily or by surrender, cancellation or resumption or otherwise) in connection with the compulsory acquisition of the native title rights and interests; and

(c) the practices and procedures adopted in acquiring the native title rights and interests are not such as to cause the native title holders any greater disadvantage than is caused to the holders of non-native title rights and interests when their rights and interests are acquired;

then the compulsory acquisition extinguishes the whole or the part of the native title rights and interests.

Non-extinguishment principle

(4) In the case of any other future act to which this Subdivision applies, the non-extinguishment principle applies to the act.

Compensation where compulsory acquisition

(5) If this Subdivision applies to a future act consisting of the compulsory acquisition of the whole or part of any native title rights and interests:

(a) if compensation on just terms is provided under a law of the Commonwealth, a State or a Territory to the native title holders for the acquisition, and they request that the whole or part of any such compensation should be in a form other than money, the person providing the compensation must:

(i) consider the request; and

(ii) negotiate in good faith in relation to the request; and

(b) if compensation on just terms is not provided under a law of the Commonwealth, a State or Territory to the native title holders for the acquisition, the person providing the compensation must:

(i) consider the request; and

(ii) negotiate in good faith in relation to the request; and

(c) the practices and procedures adopted in acquiring the non-native title rights and interests are not such as to cause the non-native title holders any greater disadvantage than is caused to the holders of non-native title rights and interests when their rights and interests are acquired;
holders for the acquisition, they are entitled to compensation for the acquisition in accordance with Division 5.

Compensation for other acts

(6) In the case of any other future act to which this Subdivision applies, the native title holders are entitled to compensation for the act in accordance with Division 5.

Who pays compensation

(7) The native title holders may recover the compensation from:

(a) if the act is attributable to the Commonwealth:

(i) if a law of the Commonwealth provides that a person other than the Crown in right of the Commonwealth is liable to pay the compensation—that person; or

(ii) if not—the Crown in right of the Commonwealth; or

(b) if the act is attributable to a State or Territory:

(i) if a law of the State or Territory provides that a person other than the Crown in any capacity is liable to pay the compensation—that person; or

(ii) if not—the Crown in right of the State or Territory.

Procedural rights

(8) In the case of any future act to which this Subdivision applies, the native title holders, and any registered native title claimants in relation to land or waters in the area concerned, have the same procedural rights as they would have in relation to the act on the assumption that they instead held any corresponding rights and interests in relation to the offshore place that are not native title rights and interests.

Satisfying the right to be notified

(9) If:

(a) because of subsection (8) or any law of the Commonwealth, a State or a Territory, the native title holders have a
Section 24NA

procedural right that requires another person to notify them of the act; and

(b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;

then one way in which the person may give the required notification is by notifying, in the way determined, by legislative instrument, by the Commonwealth Minister for the purposes of this subsection, the following that the act is to take place:

(c) any representative Aboriginal/Torres Strait Islander bodies for that part of the area concerned for which there is no registered native title body corporate;

(d) any registered native title claimants in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate.

Satisfying other procedural rights

(10) If:

(a) because of subsection (8) or any law of the Commonwealth, a State or a Territory, the native title holders have a procedural right that requires another person to do any thing in relation to the native title holders; and

(b) there is no registered native title body corporate, or there are no registered native title bodies corporate, in relation to the whole of the land or waters in the area concerned;

then one way in which the person may give effect to the requirement is:

(c) by doing the thing in relation to any registered native title claimant in relation to land or waters in that part of the area concerned for which there is no registered native title body corporate; or

(d) if there are no such registered native title claimants—by ensuring that any representative Aboriginal/Torres Strait Islander bodies for that part of the area concerned for which there is no registered native title body corporate have an opportunity to comment on the doing of the act.
Subdivision O—Future acts invalid unless otherwise provided

24OA  Future acts invalid unless otherwise provided

Unless a provision of this Act provides otherwise, a future act is invalid to the extent that it affects native title.

Subdivision P—Right to negotiate

25  Overview of Subdivision

(1) In summary, this Subdivision applies to certain future acts done by the Commonwealth, a State or a Territory that are of any of the following kinds:
   (aa) certain acts covered by section 24IC (which deals with permissible lease etc. renewals);
   (a) certain conferrals of mining rights;
   (b) certain compulsory acquisitions of native title rights and interests;
   (c) other acts approved by the Commonwealth Minister.

(2) Before the future act is done, the parties must negotiate with a view to reaching an agreement about the act.

(3) If they do not reach agreement, an arbitral body, or a Minister, will make a determination about the act instead.

(4) If the procedures in this Subdivision are not complied with, the act will be invalid to the extent that it affects native title.

(5) States and Territories may make their own laws as alternatives to this Subdivision. The Commonwealth Minister must be satisfied as to certain matters before such laws can take effect.

Note: The fact that action is being taken to comply with this Subdivision does not imply that action under another law, such as processing requests or applications in respect of the act, cannot be taken at the same time.
26 When Subdivision applies

Subdivision applies to certain permissible lease etc. renewals

(1A) This Subdivision applies to a future act if:
(a) section 24IC (which deals with permissible lease etc. renewals) applies to the act; and
(b) the act is done by the Commonwealth, a State or a Territory (the Government party); and
(c) the renewal, re-grant, re-making or extension of the term of the lease, licence, permit or authority concerned creates a right to mine.

Subdivision also applies to certain future acts

(1) This Subdivision also applies to a future act if:
(a) Subdivision M (which deals with acts that pass the freehold test) applies to the act; and
   Note: That Subdivision only applies to an act to the extent that the act relates to an onshore place: see section 24MC.
(b) the act is done by the Commonwealth, a State or a Territory (the Government party); and
(c) subject to this section, the act is:
   (i) the creation of a right to mine, whether by the grant of a mining lease or otherwise, except one created for the sole purpose of the construction of an infrastructure facility (see section 253) associated with mining; or
   Note: Rights to mine created for the sole purpose of the construction of an infrastructure facility associated with mining are dealt with in subsection 24MD(6B).
   (ii) the variation of such a right, to extend the area to which it relates; or
   (iii) the compulsory acquisition of native title rights and interests, unless:
      (A) the purpose of the acquisition is to confer rights or interests in relation to the land or waters concerned on the Government party and the Government party makes a statement in writing
Part 2  Native Title  
Division 3  Future acts etc. and native title  

Section 26

to that effect before the acquisition takes place; or  
(B) the purpose of the acquisition is to provide an infrastructure facility; or  

Note: Certain compulsory acquisitions covered by sub-subparagraphs (iii)(A) and (B) are dealt with in subsection 24MD(6B).

(iv) any other act approved by the Commonwealth Minister, by legislative instrument, for the purposes of this paragraph, where, if the act is attributable to a State or Territory, the Commonwealth Minister consulted the State Minister or the Territory Minister about the approval before giving it.

Exclusions

(2) This Subdivision does not apply to the extent that the act is:
(a) an act covered by section 24EB (which deals with the effects of indigenous land use agreements) or by any of the sections listed in paragraphs 24AA(4)(a) to (i); or  
(b) an act determined, by legislative instrument, by the Commonwealth Minister to be an approved exploration etc. act (see section 26A); or  
(c) an act determined, by legislative instrument, by the Commonwealth Minister to be an approved gold or tin mining act (see section 26B); or  
(d) an act excluded by section 26C (which deals with opal or gem mining) from the coverage of this Subdivision; or  
(e) an act excluded by section 26D (which deals with renewals of valid mining leases etc.) from the coverage of this Subdivision; or  
(f) an act that is the compulsory acquisition of native title rights and interests and that relates solely to land or waters wholly within a town or city (see section 251C).

Note: Under sections 43 and 43A, a State or Territory may, in certain circumstances, make alternative provisions to the regime provided for by this Subdivision.
Sea and intertidal zone excluded

(3) This Subdivision only applies to the act to the extent that the act relates to a place that is on the landward side of the mean high-water mark of the sea. A reference to an act to which this Subdivision applies is to be read as referring to the act to that extent only.

26A Approved exploration etc. acts

(1) If the conditions in this section are satisfied, the Commonwealth Minister may, by legislative instrument, determine that an act, or that each act included in a class of acts, is an approved exploration etc. act.

First condition

(2) The first condition is that the act, or acts included in the class, consist of the creation or variation of a right to mine, where the right as so created or varied is a right to explore, a right to prospect or a right to fossick.

Second condition

(3) The second condition is that the Minister is satisfied that the act or acts are unlikely to have a significant impact on the particular land or waters concerned.

(b) if, immediately before the determination is made, any part of the area is an approved opal or gem mining area—so much of the area as is not already an approved opal or gem mining area.

Revocation of determination

(6) If, at any time after making the determination, the Commonwealth Minister considers that circumstances have changed to the extent that the conditions in subsections (3) to (5A) would not be satisfied if he or she were making the determination at that time, the Commonwealth Minister must:

(a) advise the State Minister or the Territory Minister concerned in writing of the fact; and

(aa) the earlier act took place after the commencement of this section; and
(b) this Subdivision applied to the earlier act and, because:
   (i) an agreement of the kind mentioned in paragraph 31(1)(b) was made in relation to the earlier act; or

   (d) any such conditions that were required to be complied with before the later act is done are complied with before the later act is done.

27 Arbitral body

Arbitral bodies: recognised State/Territory bodies

(1) If a law of a State or Territory for which there is a recognised State/Territory body so allows, the body is the arbitral body under this Subdivision in relation to acts of the State or Territory to which this Subdivision applies, other than acts in relation to:

Arbitral body not to include holders of judicial offices

(3) If the arbitral body in respect of the act is the NNTT, for the purposes of performing the functions and exercising the powers of the arbitral body in respect of the act, the NNTT must not be constituted by:
(a) a member who is the holder of a judicial office; or
(b) members one or more of whom are the holders of judicial offices.

State or Territory Minister

(2) If the arbitral body in respect of the act is a recognised State/Territory body, for the purposes of this Subdivision the relevant Minister in respect of the act is the State Minister or the Territory Minister, as the case requires.

27B Conditions under agreements or determinations etc.

Conditions of the kind mentioned in paragraph 31(1)(b), 36C(4)(c), 38(1)(c) or 42(3)(b) may provide for procedures to be followed by the negotiation parties (see section 30A) for dealing with issues that may arise as a result of, or otherwise in relation to, the doing of the act.
28 **Act invalid if done before negotiation or objection/appeal etc.**

(1) Subject to this Act, an act to which this Subdivision applies is invalid to the extent that it affects native title unless, before it is done, the requirements of one of the following paragraphs are satisfied:

(a) by the end of the period of 4 months after the notification day for the act (see subsection 29(4)), there is no native title party in relation to any of the land or waters that will be affected by the act;

(b) after the end of that period, but immediately before the act is done, there is no native title party in relation to any of the land or waters that will be affected by the act;

(c) subsection 32(2) (which applies if no objection is made after the giving of a notice that the act attracts the expedited procedure) allows the act to be done;

(d) a determination is made under subsection 32(4) that the act is an act attracting the expedited procedure;

(e) native title parties have lodged one or more objections in relation to the act under subsection 32(3), but all such objections are withdrawn under subsection 32(6);

(f) an agreement of the kind mentioned in paragraph 31(1)(b) is made;

(g) a determination is made under section 36A or 38 that the act may be done, or may be done subject to conditions being complied with;

(h) a determination that the act must not be done is declared to be overruled in accordance with section 42.

*Breach of undertaking to trustee*

(2) Even if, before the act is done, the requirements of one of paragraphs (1)(c) to (h) are satisfied, the act is nevertheless invalid to the extent it affects native title if:

(a) in a case where an amount is to be secured by bank guarantee in favour of the Registrar in compliance with a condition of a
Section 29

determination made under section 36A or 38 or a declaration made under section 42:

(i) the Registrar is informed by the Government party as mentioned in item 2 of the table in subsection 52(2) that it no longer proposes to do the act; and

(ii) the Government party does the act without again complying with the requirements of this Subdivision; or

(b) in a case where a trustee is holding an amount in trust under this Subdivision in respect of the act until it is dealt with in accordance with section 52A:

(i) the trustee is informed by the Government party as mentioned in paragraph 52A(1)(b) that it no longer proposes to do the act; and

(ii) the Government party does the act without again complying with the requirements of this Subdivision.

29 Notification of parties affected

Notice in accordance with section

(1) Before the act is done, the Government party must give notice of the act in accordance with this section.

Persons to be given notice

(2) The Government party must give notice to:

(a) any registered native title body corporate (a native title party) in relation to any of the land or waters that will be affected by the act; and

(b) unless there are one or more registered native title bodies corporate in relation to all of the land or waters that will be affected by the act:

(i) any registered native title claimant (also a native title party); and

Note: Registered native title claimants are persons whose names appear on the Register of Native Title Claims as applicants in relation to claims to hold native title: see the definition of registered native title claimant in section 253.
(ii) any representative Aboriginal/Torres Strait Islander body;
in relation to any land or waters that will be affected by the act; and
(c) if the doing of the act has been requested or applied for by a person (for example, where it is the issue of a licence or the grant of a lease for which the person has applied)—that person (a grantee party); and
(d) the registrar or other proper officer of the arbitral body in relation to the act.

Public notification

(3) Before the act is done, the Government party or the grantee party must also notify the public in the determined way (see section 252) of the act, unless there is a registered native title body corporate in relation to all of the land or waters that will be affected by the act.

Notice to specify day and include prescribed documents etc.

(4) The notice given under subsection (2) or (3) must:
(a) specify a day as the notification day for the act; and
(b) contain a statement to the effect that, under section 30, persons have until 3 months after the notification day to take certain steps to become native title parties in relation to the notice; and
(c) be accompanied by any prescribed documents and include any prescribed information.

Each notice to specify the same day

(5) Each such notice in relation to the act must specify the same day as the notification day.

Which days may be specified

(6) That day must be a day by which, in the Government party’s opinion, it is reasonable to assume that all notices under
Section 29

subsections (2) and (3) in relation to the act will have been received by, or will otherwise have come to the attention of, the persons who must be notified under those subsections.

Acts attracting the expedited procedure

(7) The notices under this section may include a statement that the Government party considers the act is an act attracting the expedited procedure.

Multiple acts

(8) The Commonwealth Minister may, by legislative instrument, determine the circumstances and manner in which notice to a person under subsection (2) of 2 or more acts to which this Subdivision applies may be given in the same notice.

(8A) Notice to the public under subsection (3) of 2 or more acts to which this Subdivision applies may be given in the same notice.

Project acts

(9) If such a notice is given and:
   (a) the notice identifies a project to be carried on in a specified area; and
   (b) the 2 or more acts constitute or form part of the project (whether or not the notice separately specifies the area that each act will affect); and
   (c) the arbitral body is the same for each of the acts; and
   (d) the notice states that the acts are project acts for the purposes of this Subdivision;

the acts are project acts for the purposes of this Subdivision.

Note: Section 42A provides that this Subdivision applies to project acts in a modified way.
Section 30

Project acts not to include statement about expedited procedure

(10) However, the notice must not include a statement that the Government party considers any of the project acts is an act attracting the expedited procedure.

30 Other native title parties etc.

(1) Each of the following is also a native title party:

(a) any person who, 4 months after the notification day (see subsection 29(4)), is a registered native title claimant in relation to any of the land or waters that will be affected by the act, so long as:

(i) the application containing the claim was filed in the Federal Court, or given to the recognised State/Territory body, before the end of 3 months after the notification day; and

(ii) the claim related to any of the land or waters that will be affected by the act;

Note: The note to subparagraph 29(2)(b)(i) explains who can be a registered native title claimant.

(b) any body corporate that, 3 months after the notification day, is a registered native title body corporate in relation to any of the land or waters that will be affected by the act;

(c) any body corporate that becomes a registered native title body corporate in relation to any of the land or waters that will be affected by the act:

(i) after the end of that period of 3 months; and

(ii) as a result of a claim whose details were entered on the Register of Native Title Claims before the end of that period of 3 months.

Ceasing to be a native title party

(2) A person ceases to be a native title party if the person ceases to be a registered native title claimant.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 30A

Note: If a native title claim is successful, the registered native title claimant will be succeeded as a native title party by the registered native title body corporate.

Registered native title rights and interests

(3) For the purposes of this Subdivision, the registered native title rights and interests of a native title party are:
   (a) if the native title party is such because an entry has been made on the National Native Title Register—the native title rights and interests described in that entry; or
   (b) if the native title party is such because an entry has been made on the Register of Native Title Claims—the native title rights and interests described in that entry.

Replacing a native title party

(4) If:
   (a) a person becomes a registered native title claimant because the person replaces another person as the applicant in relation to a claimant application; and
   (b) the other person is a native title party;
the first-mentioned person also replaces the other person as the native title party.

30A Negotiation parties

Each of the following is a negotiation party:
   (a) the Government party;
   (b) any native title party;
   (c) any grantee party.

31 Normal negotiation procedure

(1) Unless the notice includes a statement that the Government party considers the act attracts the expedited procedure:
(a) the Government party must give all native title parties an opportunity to make submissions to it, in writing or orally, regarding the act; and

(b) the negotiation parties must negotiate in good faith with a view to obtaining the agreement of each of the native title parties to:

(i) the doing of the act; or

(ii) the doing of the act subject to conditions to be complied with by any of the parties.

Note: The native title parties are set out in paragraphs 29(2)(a) and (b) and section 30. If they include a registered native title claimant, the agreement will bind all of the persons in the native title claim group concerned: see subsection 41(2).

Negotiation in good faith

(2) If any of the negotiation parties refuses or fails to negotiate as mentioned in paragraph (1)(b) about matters unrelated to the effect of the act on the registered native title rights and interests of the native title parties, this does not mean that the negotiation party has not negotiated in good faith for the purposes of that paragraph.

Arbitral body to assist in negotiations

(3) If any of the negotiation parties requests the arbitral body to do so, the arbitral body must mediate among the parties to assist in obtaining their agreement.

Information obtained in providing assistance not to be used or disclosed in other contexts

(4) If the NNTT is the arbitral body, it must not use or disclose information to which it has had access only because it provided assistance under subsection (3) for any purpose other than:

(a) providing that assistance; or

(b) establishing whether a negotiation party has negotiated in good faith as mentioned in paragraph (1)(b);

without the prior consent of the person who provided the NNTT with the information.
Part 2 Native Title
Division 3 Future acts etc. and native title

Section 32

32 Expedited procedure

(1) This section applies if the notice given under section 29 includes a statement that the Government party considers the act is an act attracting the expedited procedure (see section 237).

Act may be done if no objection

(2) If the native title parties do not lodge an objection with the arbitral body in accordance with subsection (3), the Government party may do the act.

Kinds of objection

(3) A native title party may, within the period of 4 months after the notification day (see subsection 29(4)), lodge an objection with the arbitral body against the inclusion of the statement.

Objections against inclusion of statement

(4) If one or more native title parties object against the inclusion of the statement, the arbitral body must determine whether the act is an act attracting the expedited procedure. If the arbitral body determines that it is, the Government party may do the act.

Act not attracting expedited procedure

(5) If the arbitral body determines that the act is not an act attracting the expedited procedure, subsection 31(1) applies as if the notice did not include a statement that the Government party considers the act attracts the expedited procedure.

Withdrawal of objection

(6) At any time before the arbitral body makes a determination under subsection (4), a native title party may withdraw his or her objection. If all such objections are withdrawn, the Government party may do the act.
Withdrawal of statement about expedited procedure

(7) At any time before the arbitral body makes a determination under subsection (4), the Government party may, by giving written notice to the negotiation parties, withdraw its statement that it considers the act is an act attracting the expedited procedure. If it does so, subsection 31(1) applies as if the notice did not include such a statement.

33 Negotiations to include certain things

Profits, income etc.

(1) Without limiting the scope of any negotiations, they may, if relevant, include the possibility of including a condition that has the effect that native title parties are to be entitled to payments worked out by reference to:

(a) the amount of profits made; or
(b) any income derived; or
(c) any things produced;

by any grantee party as a result of doing anything in relation to the land or waters concerned after the act is done.

Existing rights, interests and use

(2) Without limiting the scope of any negotiations, the nature and extent of the following may be taken into account:

(a) existing non-native title rights and interests in relation to the land or waters concerned;
(b) existing use of the land or waters concerned by persons other than native title parties;
(c) the practical effect of the exercise of those existing rights and interests, and that existing use, on the exercise of any native title rights and interests in relation to the land or waters concerned.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 34

34  No agreement if determination

An agreement of the kind mentioned in paragraph 31(1)(b) has no effect in relation to the act for the purposes of this Subdivision if it is made after the making of a determination under section 36A or 38.

35  Application for arbitral body determination

(1) Any negotiation party may apply to the arbitral body for a determination under section 38 in relation to the act if:
   (a) at least 6 months have passed since the notification day (see subsection 29(4)); and
   (b) no agreement of the kind mentioned in paragraph 31(1)(b) has been made in relation to the act.

Withdrawal of application

(2) At any time before a determination in relation to the act is made under section 36A or 38, the negotiation party may withdraw the application by giving notice to the arbitral body.

Negotiations for an agreement

(3) Even though the application has been made, the negotiation parties may continue to negotiate with a view to obtaining an agreement of the kind mentioned in paragraph 31(1)(b) before a determination in relation to the act is made under section 36A or 38. If they make such an agreement before such a determination is made, the application is taken to have been withdrawn.

36  Arbitral body determination to be made as soon as practicable

(1) Subject to section 37, the arbitral body must take all reasonable steps to make a determination in relation to the act as soon as practicable.
Determination not to be made where failure to negotiate in good faith

(2) If any negotiation party satisfies the arbitral body that any other negotiation party (other than a native title party) did not negotiate in good faith as mentioned in paragraph 31(1)(b), the arbitral body must not make the determination on the application.

Note: It would be possible for a further application to be made under section 35.

Report to Commonwealth Minister

(3) If the arbitral body is the NNTT and it does not make the determination within the period of 6 months starting when the application is made, it must, as soon as is reasonably practicable after the end of the period, advise the Commonwealth Minister in writing of the reason for it not doing so and include in that advice an estimate of when a determination is likely to be made.

Relevant Minister may give arbitral body notice as to urgency

(4) At any time later than 4 months after a negotiation party has made an application under section 35 that has not been withdrawn, and before either:

(a) the negotiation parties have made an agreement of the kind mentioned in paragraph 31(1)(b); or

(b) the arbitral body has made a determination under section 38;

the relevant Minister may give a written notice to the arbitral body requesting the arbitral body to make such a determination within the period specified in the notice. The period must end at a time later than 6 months after the application under section 35 was made.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 36A

36A  Ministerial determination if arbitral body determination delayed

Relevant Minister may make determination

(1)  If:
   (a)  the arbitral body has not made a determination in relation to the act within the period specified in a notice under subsection 36(4); and
   (b)  no agreement of the kind mentioned in paragraph 31(1)(b) has been made in relation to the act; and
   (d)  the requirements of section 36B are met;

the relevant Minister may, subject to this section, make a determination in relation to the act.

Requirement for State/Territory Minister to consult before making determination

(1A)  If:
   (a)  the relevant Minister is a State Minister or a Territory Minister; and
   (b)  the determination is that the act may be done or may be done subject to conditions to be complied with by any of the parties;

the relevant Minister may only make the determination after he or she has consulted the Commonwealth Minister about the determination.

Criteria for making determination

(2)  The relevant Minister may only make the determination if the relevant Minister considers that:
   (a)  a determination under section 38 is unlikely to be made within a period that is reasonable having regard to all the circumstances; and
(b) if the relevant Minister is a State Minister or a Territory Minister—it is in the interests of the State or Territory to make the determination at the time; and

(c) if the relevant Minister is the Commonwealth Minister—it is in:

(i) in any case—the national interest; and

(ii) if the act concerned is an act attributable to a State or Territory—the interests of the State or Territory;

to make the determination at the time.

Relevant Minister may consider other matters

(3) Subsection (2) does not prevent the relevant Minister from having regard to other matters in deciding whether to make a determination under this section.

36B Consultation prior to section 36A determination

(1) Before making a determination under section 36A, the relevant Minister must give notice in accordance with subsection (2), and with subsection (3), of this section.

Notice to arbitral body

(2) The relevant Minister must give written notice to the arbitral body requiring it, by the end of the day specified in the notice, to give the Minister and each negotiation party a summary of material that has been presented to the arbitral body in the course of the arbitral body considering whether to make a determination under section 38 in relation to the act.

Notice to negotiation parties

(3) The relevant Minister must give written notice to each negotiation party that the Minister is considering making the determination and that each negotiation party:

(a) may, by the end of the day specified in the notice, give the Minister any submission or other material that the negotiation
party wants the Minister to take into account in deciding whether to make the determination and, if so, its terms; and
(b) if the negotiation party does so—must also give each of the other negotiation parties a copy of the submission or other material; and
(c) may, within 7 days after the specified day, in response to any submission or other material given by any other negotiation party or the arbitral body, give the Minister any further submission or other material that the negotiation party wants the Minister to take into account as mentioned in paragraph (a).

Specified day

(4) The day specified under subsection (2) or (3) must be the same in all of the notices given under the subsections. It must be a day by which, in the relevant Minister’s opinion, it is reasonable to assume that all of the notices so given will have been received by, or will otherwise have come to the attention of, the persons who must be so notified.

Natural justice

(5) If the relevant Minister complies with subsection (1), there is no requirement for any person to be given any further hearing before the relevant Minister makes the determination.

Material etc. taken into account

(6) In making the determination, the relevant Minister:
(a) must take into account:
   (i) any submission or material provided by any of the negotiation parties in accordance with subsection (3), but only if the negotiation party has complied with the requirements of paragraph (3)(b); and
   (ii) any report provided by the arbitral body; and
   (iii) any consultations with the Commonwealth Minister as mentioned in subsection 36A(1A); and
(b) may, but need not, take into account any other matter or thing.

Minister’s power not limited

(7) The fact that no submission or other material of the kind mentioned in subsection (3) has been given to the Minister before the end of the day specified in the notice does not prevent the Minister from making the determination.

36C Section 36A determinations

Coverage of section

(1) This section:
   (a) sets out the kind of determination that may be made under section 36A; and
   (b) states the effect of such a determination; and
   (c) contains other provisions relevant to such a determination.

Determination

(2) The relevant Minister does not have a duty to make a determination. This is so despite:
   (a) the giving of any notice by the Minister; and
   (b) the giving of any submission or other material to the Minister; and
   (c) any request by a negotiation party for the Minister to make the determination; and
   (d) any other circumstance.

Who makes determination

(3) A determination must be made by the relevant Minister personally.
Section 36C

Kinds of determination

(4) The relevant Minister may make any one of the following determinations:
   (a) a determination that the act must not be done;
   (b) a determination that the act may be done;
   (c) a determination that the act may be done subject to conditions to be complied with by any of the negotiation parties.

Bank guarantee condition

(5) If a condition to be complied with is that an amount is to be secured by bank guarantee:
   (a) the arbitral body must:
      (i) determine the amount; and
      (ii) specify the person who must secure the amount in that way; and
   (b) the condition is not complied with unless:
      (i) the guarantee is given by an authorised deposit-taking institution within the meaning of the Banking Act 1959; and
      (ii) the guarantee is secured in favour of the Registrar; and
      (iii) regulations made under subsection (5A) are complied with.

(5A) The regulations may make provision in relation to the securing of an amount by bank guarantee in compliance with such a condition, and any other matter in relation to such a guarantee.

Trust condition

(5B) If a condition to be complied with is that an amount is to be paid and held in trust until it is dealt with in accordance with section 52A:
   (a) the arbitral body must determine the amount; and
(b) the amount, when paid, must be held in trust in accordance with the regulations until it is dealt with in accordance with section 52A.

Note: The NNTT cannot determine compensation (see Division 5 of this Part and Division 1 of Part 3). However, if the arbitral body is not the NNTT, it may be able to do so.

**Conditions to have contractual effect**

(6) If the act is done, any conditions in a determination by the relevant Minister under this section have effect, in addition to any effect that they may have apart from this subsection, as if they were terms of a contract among the negotiation parties. If a native title party is a registered native title claimant, any other person included in the native title claim group (see section 253) concerned is a negotiation party for this purpose only.

**Copy of determination to be tabled**

(7) The relevant Minister must, as soon as practicable after making a determination, and in any case within 15 sitting days, cause a copy of the determination, together with reasons for the determination, to be laid:

(a) if the relevant Minister is the Commonwealth Minister—before each House of the Parliament; or

(b) if the relevant Minister is a State Minister—before the House, or both of the Houses, of Parliament of the State concerned; or

(c) if the relevant Minister is a Territory Minister—before the Legislative Assembly of the Territory concerned.

**37 No arbitral body determination if agreement or Ministerial determination**

The arbitral body must not make a determination if:

(a) an agreement of the kind mentioned in paragraph 31(1)(b) has been made; or

(b) a determination under section 36A has been made.
38 Kinds of arbitral body determinations

(1) Except where section 37 applies, the arbitral body must make one of the following determinations:
   (a) a determination that the act must not be done;
   (b) a determination that the act may be done;
   (c) a determination that the act may be done subject to conditions to be complied with by any of the parties.

Determinations may cover other matters

(1A) A determination may, with the agreement of the negotiation parties, provide that a particular matter that:
   (a) is not reasonably capable of being determined when the determination is made; and
   (b) is not directly relevant to the doing of the act;
   is to be the subject of further negotiations or to be determined in a specified manner.

Example: The arbitral body could determine that a mining lease may be granted subject to site clearance procedures to be determined by a third person.

Matters to be determined by arbitration

(1B) If:
   (a) the manner specified is arbitration (other than by the arbitral body); and
   (b) the negotiation parties do not agree about the manner in which the arbitration is to take place;
   the arbitral body must determine the matter at an appropriate time.

Profit-sharing conditions not to be determined

(2) The arbitral body must not determine a condition under paragraph (1)(c) that has the effect that native title parties are to be entitled to payments worked out by reference to:
   (a) the amount of profits made; or
   (b) any income derived; or
(c) any things produced;
by any grantee party as a result of doing anything in relation to the
land or waters concerned after the act is done.

39 Criteria for making arbitral body determinations

(1) In making its determination, the arbitral body must take into
account the following:

(a) the effect of the act on:
   (i) the enjoyment by the native title parties of their
       registered native title rights and interests; and
   (ii) the way of life, culture and traditions of any of those
        parties; and
   (iii) the development of the social, cultural and economic
        structures of any of those parties; and
   (iv) the freedom of access by any of those parties to the land
        or waters concerned and their freedom to carry out rites,
        ceremonies or other activities of cultural significance on
        the land or waters in accordance with their traditions;
        and
   (v) any area or site, on the land or waters concerned, of
        particular significance to the native title parties in
        accordance with their traditions;

(b) the interests, proposals, opinions or wishes of the native title
    parties in relation to the management, use or control of land
    or waters in relation to which there are registered native title
    rights and interests, of the native title parties, that will be
    affected by the act;

(c) the economic or other significance of the act to Australia, the
    State or Territory concerned, the area in which the land or
    waters concerned are located and Aboriginal peoples and
    Torres Strait Islanders who live in that area;

(e) any public interest in the doing of the act;

(f) any other matter that the arbitral body considers relevant.
**Section 40**

*Existing non-native title interests etc.*

(2) In determining the effect of the act as mentioned in paragraph (1)(a), the arbitral body must take into account the nature and extent of:

(a) existing non-native title rights and interests in relation to the land or waters concerned; and

(b) existing use of the land or waters concerned by persons other than the native title parties.

*Laws protecting sites of significance etc. not affected*

(3) Taking into account the effect of the act on areas or sites mentioned in subparagraph (1)(a)(v) does not affect the operation of any law of the Commonwealth, a State or Territory for the preservation or protection of those areas or sites.

*Agreements to be given effect*

(4) Before making its determination, the arbitral body must ascertain whether there are any issues relevant to its determination on which the negotiation parties agree. If there are, and all of the negotiation parties consent, then, in making its determination, the arbitral body:

(a) must take that agreement into account; and

(b) need not take into account the matters mentioned in subsection (1), to the extent that the matters relate to those issues.

**40 No re-opening of issues previously decided**

If:

(a) the arbitral body is making a determination in relation to an act consisting of the creation of a right to mine in relation to an area; and

(b) an agreement, or a determination by an arbitral body, under this Subdivision involving the same negotiation parties was
previously made in relation to a future act consisting of the creation of a right to mine in relation to the same area; and
(c) an issue was decided in the agreement or during the inquiry; the negotiation parties must not, without leave of the arbitral body that is making the determination, seek to vary the decision on the issue.

41 Effect of determination or agreement

(1) Subject to this section:
   (a) a determination by the arbitral body; or
   (b) an agreement of the kind mentioned in paragraph 31(1)(b);
   that the act may be done subject to conditions being complied with by the parties has effect, if the act is done, as if the conditions were terms of a contract among the negotiation parties. The effect is in addition to any other effect that the agreement or determination may have apart from this subsection.

Other negotiation parties

(2) If a native title party is a registered native title claimant, any other person included in the native title claim group concerned is taken to be a negotiation party for the purposes only of subsection (1).

Bank guarantee condition

(3) If, in the case of a determination by an arbitral body, a condition to be complied with is that an amount is to be secured by bank guarantee:
   (a) the arbitral body must:
       (i) determine the amount; and
       (ii) specify the person who must secure the amount in that way; and
   (b) the condition is not complied with unless:
       (i) the guarantee is given by an authorised deposit-taking institution within the meaning of the Banking Act 1959; and
(ii) the guarantee is secured in favour of the Registrar; and
(iii) regulations made under subsection (4) are complied with.

(4) The regulations may make provision in relation to the securing of an amount by bank guarantee in compliance with such a condition, and any other matter in relation to such a guarantee.

Trust condition

(5) If, in the case of a determination by the arbitral body, a condition to be complied with is that an amount is to be paid and held in trust until it is dealt with in accordance with section 52A:
(a) the arbitral body must determine the amount; and
(b) the amount, when paid, must be held in trust in accordance with the regulations until it is dealt with in accordance with section 52A.

Note: The NNTT cannot determine compensation (see Division 5 of this Part and Division 1 of Part 3). However, if the arbitral body is not the NNTT, it may be able to do so.

41A Copies of agreements and determinations

Negotiation parties

(1) The negotiation parties must:
(a) give a copy of any agreement mentioned in paragraph 31(1)(b) to the arbitral body; and
(b) advise the relevant Minister in writing of the making of any such agreement.

Relevant Minister

(2) The relevant Minister must give a copy of any determination under section 36A to the negotiation parties and the arbitral body.
Arbitral body

(3) The arbitral body must give a copy of any determination under section 38 to the negotiation parties and the relevant Minister.

42 Overruling of determinations

(1) If a State Minister or a Territory Minister considers it to be in the interests of the State or Territory to overrule the determination of a recognised State/Territory body for the State or Territory, the State Minister or Territory Minister may, by writing given to the recognised State/Territory body, make a declaration in accordance with subsection (3).

Right of Commonwealth to overrule

(2) If the Commonwealth Minister considers it to be in:
   (a) in any case—the national interest; or
   (b) if the act concerned is an act attributable to a State or Territory—the interests of the State or Territory;
   to overrule a determination of the NNTT (other than a determination under subsection 32(4), which deals with the expedited procedure), the Commonwealth Minister may, by writing given to the NNTT, make a declaration in accordance with subsection (3).

Kinds of declaration

(3) The Minister concerned may make either of the following declarations:
   (a) a declaration that the determination is overruled;
   (b) a declaration that the determination is overruled and that conditions set out in the declaration are to be complied with by any of the parties.

Time limit for making declaration

(4) Any declaration by the Minister concerned must be made within 2 months after the making of the determination.
Bank guarantee condition

(5) If a condition to be complied with is that an amount is to be secured by bank guarantee:
   (a) the arbitral body must:
       (i) determine the amount; and
       (ii) specify the person who must secure the amount in that way; and
   (b) the condition is not complied with unless:
       (i) the guarantee is given by an authorised deposit-taking institution within the meaning of the Banking Act 1959; and
       (ii) the guarantee is secured in favour of the Registrar; and
       (iii) regulations made under subsection (5A) are complied with.

(5A) The regulations may make provision in relation to the securing of an amount by bank guarantee in compliance with such a condition, and any other matter in relation to such a guarantee.

Trust condition

(5B) If a condition to be complied with is that an amount is to be paid and held in trust until it is dealt with in accordance with section 52A:
   (a) the arbitral body concerned must determine the amount; and
   (b) the amount, when paid, must be held in trust in accordance with the regulations until it is dealt with in accordance with section 52A.

Note: The NNTT cannot determine compensation (see Division 5 of this Part and Division 1 of Part 3). However, if the arbitral body is not the NNTT, it may be able to do so.

Conditions have contractual effect

(6) If the act is done, any conditions in a declaration by a Minister under this section have effect, in addition to any effect that they may have apart from this subsection, as if they were terms of a
contract among the negotiation parties. If a native title party is a registered native title claimant, any other person included in the native title claim group concerned is a negotiation party for this purpose only.

*Copy of declaration to be given to parties*

(7) The arbitral body must give a copy of the declaration to the negotiation parties.

### 42A Project acts—modified application of Subdivision

(1) This section applies if 2 or more acts are, in accordance with subsection 29(9), project acts for the purposes of this Subdivision.

*General rule—project acts treated as a single act*

(2) This Subdivision applies to all of the project acts as if they were a single act.

*Conditions*

(3) However, this does not mean that conditions of the kind mentioned in paragraph 31(1)(b), 36C(4)(c), 38(1)(c) or 42(3)(b) must:

(a) apply to all of the project acts comprising the single act; or

(b) be the same for all of the project acts to which they apply.

### 43 Modification of Subdivision if satisfactory alternative State or Territory provisions

*Determination about alternative provisions*

(1) If:

(a) a law of a State or Territory provides for alternative provisions to those contained in this Subdivision in relation to some or all acts to which this Subdivision applies that are attributable to the State or Territory; and
(b) the Commonwealth Minister determines, by legislative instrument, that the alternative provisions comply with subsection (2); then, while the determination is in force, the alternative provisions have effect instead of this Subdivision.

Requirement to be satisfied

(2) The alternative provisions comply with this subsection if, in the opinion of the Commonwealth Minister, they:

(a) contain appropriate procedures for notifying registered native title bodies corporate, representative bodies, registered native title claimants and potential native title claimants of the act; and

(b) require negotiation in good faith among the persons concerned; and

(c) provide for mediation by a person or body to assist in settling any dispute among the persons concerned regarding the act; and

(d) give registered native title bodies corporate and registered native title claimants the right to object against the act; and

(e) make provision on similar terms to section 30 and contain time limits similar to those applicable under this Subdivision; and

(f) provide that the body determining the objection consists of, or includes, persons enrolled for at least 5 years as legal practitioners of:
   (i) the High Court; or
   (ii) another federal court; or
   (iii) the Supreme Court of a State or Territory; and

(g) make provision to the same effect as section 39 in relation to matters that are required to be taken into account by the body determining the objection; and

(h) if the alternative provisions involve the hearing and determination of the objection by a person or body other than the NNTT or a recognised State/Territory body for the State
or Territory—provide for a member of the recognised State/Territory body (if any) or of the NNTT to participate in the determination; and

(i) provide that any decision of the body determining the objection may only be overruled on grounds of State or Territory interest or of national interest; and

(j) make appropriate provision for compensation for the act, including provision for:

(i) bank guarantees on similar terms to those in subsections 36C(5), 41(3) and 42(5), and regulations made for the purposes of subsections 36C(5A), 41(4) and 42(5A); or

(ii) for trusts on similar terms to those in subsections 36C(5B), 41(5) and 42(5B); and

(k) if the alternative provisions allow a Minister to make a determination in relation to the act in circumstances other than those covered in paragraph (i)—provide for those circumstances to be similar to those set out in section 36A and for requirements similar to those in sections 36B and 36C to apply.

Effect of including conjunctive agreement/determination provisions and expedited procedure provisions

(2A) If the only reason for the Commonwealth Minister not being of the opinion that the alternative provisions comply with subsection (2) is that they include conjunctive agreement/determination provisions or expedited procedure provisions (see subsection (5)), the alternative provisions nevertheless comply with subsection (2).

Revocation of determination

(3) If at any time the alternative provisions are amended so that they no longer comply with subsection (2), the Commonwealth Minister must:

(a) advise the State Minister or the Territory Minister concerned in writing of the fact; and
Part 2  Native Title  
Division 3  Future acts etc. and native title

Section 43

(b) if, at the end of 180 days after doing so, the alternative provisions do not comply and subparagraphs (c)(i) and (ii) do not apply—by legislative instrument, revoke the determination made under paragraph (1)(b); and

(c) if:

(i) at the end of 180 days after advising the State Minister or Territory Minister, the alternative provisions do not comply and the Commonwealth Minister is satisfied that the State Minister or the Territory Minister is using his or her best endeavours to ensure that the alternative provisions will comply; and

(ii) before the end of the 180 days, the Commonwealth Minister determined, by legislative instrument, that a further period should apply for the purposes of this paragraph; and

(iii) at the end of the further period, the alternative provisions still do not comply; by legislative instrument, revoke the determination made under paragraph (1)(b).

(3A) If, at any time, the alternative provisions cease to have ongoing effect, the Commonwealth Minister must, by legislative instrument, revoke the determination made under paragraph (1)(b).

Regulations to make transitional provisions

(4) The regulations may prescribe any modifications of this Act that are necessary to deal with transitional matters arising from the making, amendment or revocation of determinations under this section.

Meaning of certain expressions

(5) In this section:

conjunctive agreement/determination provisions means provisions that:

(a) are included in alternative provisions; and
Section 43A

(6) For the purposes of paragraph (1)(b), the alternative provisions comply with this subsection if, in the opinion of the Commonwealth Minister, they provide for compensation for the effect of the act on native title to be payable and for any dispute about the compensation to be determined by an independent person or body.

Requirement to be satisfied: preservation of areas of significance

(7) For the purposes of paragraph (1)(b), the requirements of this subsection are complied with if, in the opinion of the Commonwealth Minister, a law of the Commonwealth, the State or the Territory provides, for the whole of the land or waters to which the alternative provisions relate, in relation to the preservation or protection of areas, or sites, that may be of particular significance to Aboriginal peoples or Torres Strait Islanders in accordance with their traditions.

Different provisions for different kinds of land or waters

(8) Laws of a State or Territory may make different provision under subsection (1) in relation to different kinds of land or waters.

Note: In such a case, the Commonwealth Minister would need to make separate determinations under that subsection.

Revocation of determination

(9) If at any time the alternative provisions are amended so that they no longer comply as mentioned in paragraph (1)(b), the Commonwealth Minister must:
(a) advise the State Minister or the Territory Minister concerned in writing of the fact; and

(b) if, at the end of 90 days after doing so, the alternative provisions do not comply and subparagraphs (c)(i) and (ii) do not apply—by legislative instrument, revoke the determination made under paragraph (1)(b); and

(c) if:

(i) at the end of 90 days after advising the State Minister or Territory Minister, the alternative provisions do not comply and the Commonwealth Minister is satisfied that the State Minister or the Territory Minister is using his or her best endeavours to ensure that the alternative provisions will comply; and

(ii) before the end of the 90 days, the Commonwealth Minister determined, by legislative instrument, that a further period should apply for the purposes of this paragraph; and

(iii) at the end of the further period, the alternative provisions still do not comply;

by legislative instrument, revoke the determination made under paragraph (1)(b).

(9A) If, at any time, the alternative provisions cease to have ongoing effect, the Commonwealth Minister must, by legislative instrument, revoke the determination made under paragraph (1)(b).

Exclusion of certain compulsory acquisitions

(10) The alternative provisions do not apply to an act of the kind mentioned in subparagraph 26(1)(c)(iii) (which deals with certain compulsory acquisitions) if the act involves the acquisition of native title rights and interests in relation to land or waters in both an alternative provision area and an area that is not an alternative provision area.
Regulations to make transitional provisions

(11) The regulations may prescribe any modifications of this Act that are necessary to deal with transitional matters arising from the making, amendment or revocation of determinations under this section.

43B Mining rights covering both alternative provision area and other area

If:

(a) a particular future act is the creation or variation of a right to mine in both an alternative provision area (as defined in subsection 43A(2)) and an area (the other area) that is not an alternative provision area; and

(b) because of section 43A, provisions of a State or Territory law would, apart from this section, have effect in relation to the act;

then, for the purposes of this Subdivision:

(c) the act is taken to consist of 2 separate acts, as follows:

(i) one act consisting of the creation or variation of that right to mine, but only in the alternative provision area; and

(ii) the other act consisting of the creation or variation of that right to mine, but only in the other area; and

(d) the act mentioned in subparagraph (c)(ii) is taken to be done only when the right concerned is first exercised in the other area.

Note: In effect, this section splits the act in 2 (for “right to negotiate” purposes only). Only the “act” mentioned in subparagraph (c)(i)—not the “act” mentioned in subparagraph (c)(ii)—attracts the alternative provisions under section 43A.

44 Additional operation of Subdivision

Without affecting its operation apart from this section, this Subdivision also has the effect that it would have if each reference to a grantee party were, by express provision, confined to a grantee.

Subdivision Q—Conferral of access rights on native title claimants in respect of non-exclusive agricultural and pastoral leases

44A Conditions for Subdivision to apply

(1) This Subdivision applies if the conditions in this section are met.

Person in claim group in respect of registered claim over non-exclusive agricultural or pastoral lease

(2) A person must be included in the native title claim group (see section 253) in relation to a claim:

(a) for which there is an entry on the Register of Native Title Claims; and

Note: Under paragraph 190(4)(d), entries on the Register must be removed when the application in question is withdrawn, dismissed or otherwise finalised.

(b) that relates to any extent to an area that is covered by a non-exclusive agricultural lease or a non-exclusive pastoral lease.

Access for traditional activities

(3) Either:

(a) as at the end of 23 December 1996, the person included in the native title claim group must have regularly had physical access to the whole or part (the traditional access area) of the area that is covered by both the claim and the lease for the purpose of carrying on one or more traditional activities (see subsection (4)) of the person; or

(b) the person included in the native title claim group must be a descendant of a person who, as at 23 December 1996, regularly had such physical access.
Section 44B

Traditional activity

(4) A traditional activity is an activity of any of the following kinds, but only if it is carried on for traditional purposes of Aboriginal people or Torres Strait Islanders:

(a) hunting, fishing, gathering or camping;
(b) performing rites or other ceremonies;
(c) visiting sites of significance.

44B Rights of access for traditional activities

Conferral of rights

(1) At all times while this Subdivision applies, the person included in the native title claim group has a right:

(a) to have access, in the same way and to the same extent as the access mentioned in subsection 44A(3), to the traditional access area for the purpose of carrying on the one or more traditional activities in that area in the same way and to the same extent as they were carried on pursuant to the access mentioned in that subsection; and

(b) to carry on those activities in that area in that way and to that extent.

Lessee etc. rights prevail

(2) The rights of:

(a) the lessee under the lease; or
(b) any person with non-native title rights or interests in relation to the traditional access area;

prevail over the rights conferred by subsection (1). To avoid doubt, the existence and exercise of the rights conferred by subsection (1) do not prevent the doing of any thing in exercise of the rights of the lessee or person with the non-native title rights or interests.
Section 44C

**Agreements about rights**

(3) The lessee or any person with non-native title rights or interests in relation to the traditional access area may make an agreement with the person included in the native title claim group about:

(a) the manner of exercise of any of the rights conferred by subsection (1); or

(b) the variation of any of those rights.

Note: For example, an agreement might be made requiring notification of intended exercise of the rights.

**Assistance in making agreements**

(4) Any persons wishing to make such an agreement may request assistance from the NNTT or a recognised State/Territory body in negotiating the agreement.

**Information obtained in providing assistance not to be used or disclosed in other contexts**

(4A) The NNTT must not use or disclose information to which it has had access only because it provided assistance in negotiating the agreement for any purpose other than providing that assistance without the prior consent of the person who provided the NNTT with the information.

**Statutory access rights do not amount to native title**

(5) To avoid doubt, the fact that the person satisfies the conditions in section 44A does not mean that the person has native title rights and interests in relation to the traditional access area.

**44C Suspension of native title rights**

(1) For so long as the person included in the native title claim group has rights conferred by subsection 44B(1), no person can enforce any native title rights or interests in relation to the whole or part of the land or waters covered by the lease, except in proceedings before the Federal Court or a recognised State/Territory body that...
are related to the making of an approved determination of native title.

*Other provisions not affected*

(2) Subsection (1) does not affect the operation of any other provision of this Act.

Note: The “right to negotiate” provisions in Subdivision P are an example of provisions that are not intended to be affected.

### 44D Certain other laws not affected

*Laws etc. of benefit to Aboriginal peoples or Torres Strait Islanders*

(1) This Subdivision does not affect:

(a) any reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders contained:
   (i) in any law of the Commonwealth, a State or a Territory; or
   (ii) elsewhere; or

(b) the operation of any law of the Commonwealth, a State or a Territory that allows for the granting of access rights to Aboriginal peoples or Torres Strait Islanders; or

(c) the operation of any law of the Commonwealth, a State or Territory that relates to the preservation or protection of any area or site of particular significance to Aboriginal peoples or Torres Strait Islanders in accordance with their traditions.

*Laws of general application*

(2) This Subdivision is not intended to imply that, in exercising rights conferred by subsection 44B(1), a person is not subject to laws of the Commonwealth, a State or a Territory that are of general application.
Part 2  Native Title
Division 3  Future acts etc. and native title

Section 44E

44E  Federal Court jurisdiction

The Federal Court may, in its discretion, refuse to exercise the jurisdiction conferred on it under subsection 213(2) in relation to a matter involving a right conferred by subsection 44B(1) for the reason that an adequate alternative means of resolving the matter is available.

44F  Request for mediation

(1) If all of the persons involved in any dispute about a right conferred by subsection 44B(1) agree, they may request the NNTT or a recognised State/Territory body to mediate in the dispute.

Note: Persons wishing to make an indigenous land use agreement about access in general may request assistance from the NNTT or a recognised State/Territory body in negotiating the agreement: see sections 24BF, 24CF and 24DG.

(2) The NNTT must not use or disclose information to which it has had access only because it mediated in the dispute for any purpose other than mediating the dispute without the prior consent of the person who provided the NNTT with the information.

44G  Other mediation, arbitration and agreements not excluded by Subdivision

Nothing in this Subdivision prevents:

(a) mediation or arbitration by any person or body of any matter arising in relation to a right conferred by subsection 44B(1); or

(b) the making or enforcing of agreements about access to the area covered by the non-exclusive agricultural lease or the non-exclusive pastoral lease other than under rights conferred by subsection 44B(1).
Division 4—Other provisions relating to native title

44H Rights conferred by valid leases etc.

To avoid doubt, if:
(a) the grant, issue or creation of a lease, licence, permit or authority is valid (including because of any provision of this Act); and
(b) the lease, licence, permit or authority requires or permits the doing of any activity (whether or not subject to any conditions); and
(ba) an activity is done in accordance with the lease, licence, permit or authority and any such conditions; then:
(c) the requirement or permission, and the doing of the activity, prevail over any native title rights and interests and any exercise of those rights and interests, but do not extinguish them; and
(d) the existence and exercise of the native title rights and interests do not prevent the doing of the activity; and
(e) native title holders are not entitled to compensation under this Act for the doing of the activity.

Note 1: Any compensation to which the native title holders may be entitled under this Act for the grant of the lease, licence, permit or authority may take into account the doing of the activity.

Note 2: This section is not intended to imply that the person carrying on the activity is not subject to the laws of a State or Territory.

45 RDA compensation to be determined under this Act

(1) If the Racial Discrimination Act 1975 has the effect that compensation is payable to native title holders in respect of an act that validly affects native title to any extent, the compensation, in so far as it relates to the effect on native title, is to be determined in accordance with section 50 as if the entitlement arose under this Act.
Recovery of compensation

(2) If the act took place before 1 January 1994 and is attributable to the Commonwealth, a State or a Territory, the native title holders may recover the compensation from the Commonwealth, the State or the Territory, as the case requires.

46 Effect of grant of leases and licences validated by McArthur River legislation

The non-extinguishment principle applies to:

(a) the granting of the mineral leases and exploration licences validated by section 3 of the McArthur River Project Agreement Ratification Amendment Act 1993 of the Northern Territory; and

(b) the granting of the mineral lease and exploration licence by section 4A of the McArthur River Project Agreement Ratification Act 1992 of the Northern Territory.

47 Pastoral leases held by native title claimants

When section applies

(1) This section applies if:

(a) an application under section 61 is made in relation to an area; and

(b) when the application is made, a pastoral lease is held over the area by:

(i) any of the persons who made the application claiming to hold the native title or any other persons with whom they claimed to hold the title; or

(ii) a trustee, on trust for any of those persons; or

(iii) a company whose only shareholders are any of those persons.
Prior extinguishment to be disregarded

(2) For all purposes under this Act in relation to the application, any extinguishment of the native title rights and interests by any of the following acts must be disregarded:

(a) the grant of the lease itself;
(b) the creation of any other interest itself in relation to the area;
(c) the doing of any act under the lease or by virtue of holding the interest.

Note: The applicant will still need to show the existence of any connection with the land or waters concerned that may be required by the common law concept of native title.

Effect of determination

(3) If the determination on the application is that the native title exists and is held by the persons mentioned in subparagraph (1)(b)(i), (ii) or (iii):

(a) the determination does not affect:
   (i) the validity of the lease; or
   (ii) any interest of the Crown in any capacity, or of any statutory authority, in any public works on the land or waters concerned; and

(b) the non-extinguishment principle applies in relation to the grant of the lease and any other prior act affecting the native title; and

(c) any person, trustee or company holding the lease as mentioned in subparagraph (1)(b)(i), (ii) or (iii) has no procedural rights as holder of the lease in relation to any act, in relation to the land or waters, to which Subdivision P of Division 3 (which deals with the right to negotiate) applies.

47A Reserves etc. covered by claimant applications

When section applies

(1) This section applies if:
(a) a claimant application is made in relation to an area; and
(b) when the application is made:
   (i) a freehold estate exists, or a lease is in force, over the
       area or the area is vested in any person, if the grant of
       the freehold estate or lease or the vesting took place
       under legislation that makes provision for the grant or
       vesting of such things only to, in or for the benefit of,
       Aboriginal peoples or Torres Strait Islanders; or
   (ii) the area is held expressly for the benefit of, or is held on
        trust, or reserved, expressly for the benefit of,
        Aboriginal peoples or Torres Strait Islanders; and
(c) when the application is made, one or more members of the
    native title claim group occupy the area.

Prior extinguishment to be disregarded

(2) For all purposes under this Act in relation to the application, any
    extinguishment, of the native title rights and interests in relation to
    the area that are claimed in the application, by any of the following
    acts must be disregarded:
    (a) the grant or vesting mentioned in subparagraph (1)(b)(i) or
        the doing of the thing that resulted in the holding or
        reservation mentioned in subparagraph (1)(b)(ii);
    (b) the creation of any other prior interest in relation to the area,
        other than, in the case of an area held as mentioned in
        subparagraph (1)(b)(ii), the grant of a freehold estate for the
        provision of services (such as health and welfare services).

Note: The applicant will still need to show the existence of any connection
      with the land or waters concerned that may be required by the
      common law concept of native title.

Effect of determination

(3) If the determination on the application is that the native title claim
    group hold the native title rights and interests claimed:
    (a) the determination does not affect:
        (i) the validity of the grant or vesting or of the creation of
            the trust or reservation; or
Other provisions relating to native title  Division 4

Section 47B

(ii) the validity of the creation of any other prior interest in relation to the area; or

(iii) any interest of the Crown in any capacity, or of any statutory authority, in any public works on the land or waters concerned; and

(b) the non-extinguishment principle applies to the grant or vesting or the creation of the trust or reservation or any other prior interest.

Exclusion of Crown ownership of natural resources

(4) For the purposes of this section, a reference to the creation of an interest in relation to an area does not include a reference to the creation of an interest that confirms ownership of natural resources by, or confers ownership of natural resources on, the Crown in any capacity.

47B Vacant Crown land covered by claimant applications

When section applies

(1) This section applies if:

(a) a claimant application is made in relation to an area; and

(b) when the application is made, the area is not:

(i) covered by a freehold estate or a lease; or

(ii) covered by a reservation, proclamation, dedication, condition, permission or authority, made or conferred by the Crown in any capacity, or by the making, amendment or repeal of legislation of the Commonwealth, a State or a Territory, under which the whole or a part of the land or waters in the area is to be used for public purposes or for a particular purpose; or

(iii) subject to a resumption process (see paragraph (5)(b)); and

(c) when the application is made, one or more members of the native title claim group occupy the area.
Part 2  Native Title
Division 4  Other provisions relating to native title

Section 47B

Prior extinguishment to be disregarded

(2) For all purposes under this Act in relation to the application, any extinguishment, of the native title rights and interests in relation to the area that are claimed in the application, by the creation of any prior interest in relation to the area must be disregarded.

Note: The applicant will still need to show the existence of any connection with the land or waters concerned that may be required by the common law concept of native title.

Effect of determination

(3) If the determination on the application is that the native title claim group hold the native title rights and interests claimed:

(a) the determination does not affect:

(i) the validity of the creation of any prior interest in relation to the area; or

(ii) any interest of the Crown in any capacity, or of any statutory authority, in any public works on the land or waters concerned; and

(b) the non-extinguishment principle applies to the creation of any prior interest in relation to the area.

Renewals and extensions of leases

(4) For the purposes of paragraph (1)(b), if, after a lease covering an area expires or is terminated, the lease is bona fide renewed, or its term is bona fide extended, the area is taken to be covered by the lease during the period between the expiry or termination and the renewal or extension.

Defined expressions

(5) For the purposes of this section:

(a) the creation of a prior interest in relation to an area does not include the creation of an interest that confirms ownership of natural resources by, or confers ownership of natural resources on, the Crown in any capacity; and
(b) an area is subject to a resumption process at a particular time (the test time) if:

(i) all interests last existing in relation to the area before the test time were acquired, resumed or revoked by, or surrendered to, the Crown in any capacity; and

(ii) when that happened, the Crown had a bona fide intention of using the area for public purposes or for a particular purpose; and

(iii) the Crown still had a bona fide intention of that kind in relation to the area at the test time.
Division 5—Determination of compensation for acts affecting native title etc.

48 Compensation payable in accordance with Division

Compensation payable under Division 2, 2A, 2B, 3 or 4 in relation to an act is only payable in accordance with this Division.

49 No multiple compensation for essentially same act

Despite anything in Division 2, 2A, 2B, 3 or 4:
(a) compensation is only payable under this Act once for acts that are essentially the same; and
(b) the court, person or body determining compensation in accordance with this Division must take into account any compensation awarded under a law of a State or Territory, or under another Commonwealth law, for essentially the same act.

50 Bodies that may determine compensation

Division exhaustive

(1) A determination of the compensation may only be made in accordance with this Division.

Note: Such compensation is generally for acts that are validated or valid. Native title holders would ordinarily be entitled to compensation or damages for invalid acts under the general law. The Federal Court may be able to award such compensation or damages in proceedings in relation to the invalidity of the act: see subsection 213(2).

Applications to Federal Court

(2) An application may be made to the Federal Court under Part 3 for a determination of the compensation.
Jurisdiction to hear appeals, to review etc. not affected

(3) Nothing in this Division affects:
   (a) any jurisdiction of a court, person or body to hear appeals against, to review or otherwise to affect, a determination of compensation made in accordance with this Division; or
   (b) the jurisdiction of the High Court.

51 Criteria for determining compensation

Just compensation

(1) Subject to subsection (3), the entitlement to compensation under Division 2, 2A, 2B, 3 or 4 is an entitlement on just terms to compensate the native title holders for any loss, diminution, impairment or other effect of the act on their native title rights and interests.

Acquisition under compulsory acquisition law

(2) If the act is the compulsory acquisition of all or any of the native title rights and interests of the native title holders, the court, person or body making the determination of compensation on just terms may, subject to subsections (5) to (8), in doing so have regard to any principles or criteria for determining compensation set out in the law under which the compulsory acquisition takes place.

Compensation where similar compensable interest test satisfied

(3) If:
   (a) the act is not the compulsory acquisition of all or any of the native title rights and interests; and
   (b) the similar compensable interest test is satisfied in relation to the act;
the court, person or body making the determination of compensation must, subject to subsections (5) to (8), in doing so apply any principles or criteria for determining compensation.
Part 2  Native Title
Division 5  Determination of compensation for acts affecting native title etc.

Section 51

(whether or not on just terms) set out in the law mentioned in section 240 (which defines similar compensable interest test).

Compensation not covered by subsection (2) or (3)

(4) If:
(a) neither subsection (2) nor (3) applies; and
(b) there is a compulsory acquisition law for the Commonwealth (if the act giving rise to the entitlement is attributable to the Commonwealth) or for the State or Territory to which the act is attributable;
the court, person or body making the determination of compensation on just terms may, subject to subsections (5) to (8), in doing so have regard to any principles or criteria set out in that law for determining compensation.

Monetary compensation

(5) Subject to subsection (6), the compensation may only consist of the payment of money.

Requests for non-monetary compensation

(6) If the person claiming to be entitled to the compensation requests that the whole or part of the compensation should consist of the transfer of property or the provision of goods or services, the court, person or body:
(a) must consider the request; and
(b) may, instead of determining the whole or any part of the compensation, recommend that the person liable to give the compensation should, within a specified period, transfer property or provide goods or services in accordance with the recommendation.

Where recommendation not complied with

(7) If the person does not transfer the property or provide the goods or services in accordance with the recommendation, the person claiming to be entitled to the compensation may request the court,
person or body to determine instead that the whole or the part of
the compensation concerned is to consist of the payment of money.

Where recommendation complied with

(8) If the person does transfer the property or provide the goods or
services in accordance with the recommendation, the transfer of the
property or provision of the goods or services constitutes full
compensation for the act, and the entitlement to it is taken to have
been determined in accordance with this Division.

51A Limit on compensation

Compensation limited by reference to freehold estate

(1) The total compensation payable under this Division for an act that
extinguishes all native title in relation to particular land or waters
must not exceed the amount that would be payable if the act were
instead a compulsory acquisition of a freehold estate in the land or
waters.

This section is subject to section 53

(2) This section has effect subject to section 53 (which deals with the
requirement to provide “just terms” compensation).

52 Bank guarantee required under right to negotiate procedures

(1) This section applies if a condition to be complied with under:
(a) a determination made under section 36A; or
(b) a determination made under section 38; or
(c) a declaration made under section 42;
in respect of an act is that an amount is to be secured by bank
guarantee given by an authorised deposit-taking institution within
the meaning of the Banking Act 1959 (an ADI) in favour of the
Registrar.

(a) the Federal Court proposes to make an approved determination of native title; and

(b) the determination is that native title exists at the time of making the determination;

Steps in making determination

(2) The Federal Court is to take the following steps in making the determination:

(a) first, it must request a representative of the persons it proposes to include in the determination of native title as the native title holders (the common law holders) to indicate whether the common law holders intend to have the native title held in trust by:

(i) nominating, in writing given to the Federal Court within a specified period, a prescribed body corporate to be trustee of the native title; and
(ii) including with the nomination the written consent of the body corporate; and

(b) secondly, if the common law holders give the nomination within the period, the Federal Court must determine that the prescribed body corporate is to hold the rights and interests from time to time comprising the native title in trust for the common law holders; and

(c) thirdly, if the common law holders do not give the nomination within the period, the Federal Court must determine that the rights and interests are to be held by the common law holders.

Native title held in trust

(3) On the making of a determination under paragraph (2)(b), the prescribed body corporate holds, in accordance with the regulations, the rights and interests from time to time comprising the native title in trust for the common law holders.

   (i) the common law holders wish the trust to be terminated;
   or
   (ii) a liquidator is appointed for the body corporate; and

(e) the determination by the Federal Court of a prescribed body corporate to perform the functions mentioned in subsection 57(3) once the trust is terminated; and

(b) secondly, if a prescribed body corporate is nominated in accordance with the request, the Federal Court must determine that the body is to perform the functions;
(c) thirdly, if no prescribed body corporate is nominated in accordance with the request, the Federal Court must, in accordance with the regulations, determine which prescribed body corporate is to perform the functions.

64 Amendment of applications

Application may be amended to reduce land or waters covered

(1A) An application may at any time be amended to reduce the area of land or waters covered by the application. (This subsection does not, by implication, limit the amendment of applications in any other way.)

Note: If such an amendment is made, the Court may make an appropriate costs order under section 85A.

Amendments taken to have been made in certain cases

(1B) An application is taken to have been amended to reduce the area of land or waters covered by the application if an order is made under section 87A by the Federal Court. The area of land or waters is reduced by the area in relation to which the order is made.

(1C) Subsection (1B) does not, by implication, limit the amendment of applications in any other way.

Amendment not to result in inclusion of additional areas

(1) An amendment of an application must not result in the inclusion of any area of land or waters that was not covered by the original application.

Note: The Federal Court Rules provide for the amendment of applications.

Exception to subsection (1)

(2) However, if:
   (a) the application is a claimant application (see section 253); and
   (b) the amendment combines the application with another claimant application or claimant applications;
subsection (1) does not prevent the inclusion of any area of land or waters covered by the other application or applications.
Part 3 Applications
Division 1 Applications to the Federal Court: native title and compensation

Section 66

Application may be amended despite current action by Registrar or Federal Court

(3) In the case of a claimant application, the fact that:

   (b) the NNTT is, under section 190E, reconsidering the claim made in the application; or
   (c) the Federal Court is, on the application of the applicant under subsection 190F(1), reviewing the decision of the Registrar in relation to the claim;

the notice to the State Minister or Territory Minister for the State or Territory; and
(d) notify the public in the determined way of the application.

Exception where application is struck out

(4) Subsection (3) does not apply if:
(a) the State or Territory Minister applies to the Federal Court under subsection 84C(1) or otherwise, within 28 days after the day on which the State or Territory Minister is given a copy of the application under subsection (2), to strike out the application; and

Notice etc. not to be given until claim registration decision made

(6) If the application is a claimant application:
(a) the Registrar must not comply with subsection (3) until the Registrar has decided, in accordance with section 190A, whether or not to accept for registration the claim made in the application; and

Which days may be specified

(9) That day must be a day by which, in the Registrar’s opinion, it is reasonable to assume that all notices under paragraphs (3)(a) and (d) in relation to the application will have been received by, or will otherwise have come to the attention of, the persons who must be notified under those paragraphs.

Contents of notice

(10) A notice under paragraph (3)(a) or (d) must also include a statement to the effect that:

(a) in the case of a non-claimant application (see section 253)—the area covered by the application may be subject to section 24FA protection unless, at the end of the period of 3 months starting on the notification day (as defined in subsection (8) of this section), the area is covered by a relevant native title claim (as defined in section 24FE); and

(b) in the case of any native title determination application—as there can be only one determination of native title for an area, if a person does not become a party in relation to the application, there may be no other opportunity for the Federal Court, in making its determination, to take into account the person’s native title rights and interests in relation to the area concerned; and

(c) in any case—a person who wants to be a party in relation to the application must notify the Federal Court, in writing, within the period of 3 months starting on the notification day (as defined in subsection (8)), or, after that period, get the leave of the Federal Court under subsection 84(5) to become a party.

(2) Without limiting subsection (1), the order of the Court may provide that different parts of the area covered by an application are to be dealt with in separate proceedings.

### 84C Striking out applications for failure to comply with requirements of this Act

*Strike-out application*

(1) If an application (the main application) does not comply with section 61 (which deals with the basic requirements for applications), 61A (which provides that certain applications must not be made) or 62 (which requires applications to be accompanied by affidavits and to contain certain details), a party to the proceedings may at any time apply to the Federal Court to strike out the application.

Note: The main application may still be amended even after a strike-out application is filed.
Section 84D

Court must consider strike-out application before other proceedings

(2) The Court must, before any further proceedings take place in relation to the main application, consider the application made under subsection (1).

Federal Court Chief Executive Officer to advise Native Title Registrar of application etc.

(3) The Federal Court Chief Executive Officer must advise the Native Title Registrar of the making of any application under subsection (1) and of the outcome of the application.

Other strike-out applications unaffected

(4) This section does not prevent the making of any other application to strike out the main application.

84D Proceedings affected by possible defect in authorisation

(1) The Federal Court may make an order requiring:

(a) a person who, either alone or jointly with another person, made an application under section 61, to produce evidence to the court that he or she was authorised to do so; or

(b) a person who has dealt with a matter, or is dealing with a matter, arising in relation to such an application, to produce evidence to the court that he or she is authorised to do so.

(2) An order under subsection (1) may be made:

(a) on the Federal Court’s own motion; or

(b) on the application of a party to the proceedings; or

(c) on the application of a member of the native title claim group or compensation claim group in relation to the application.

(3) Subsection (4) applies if:

(a) an application does not comply with section 61 (which deals with the basic requirements for applications) because it was
made by a person or persons who were not authorised by the
native title claim group to do so; or
(b) a person who is or was, or one of the persons who are or
were, the applicant in relation to the application has dealt
with, or deals with, a matter arising in relation to the
application in circumstances where the person was not
authorised to do so.

Note: Section 251B states what it means for a person or persons to be
authorised to make native title determination applications or
compensation applications or to deal with matters arising in relation to
them.

(4) The Federal Court may, after balancing the need for due
prosecution of the application and the interests of justice:
(a) hear and determine the application, despite the defect in
authorisation; or
(b) make such other orders as the court considers appropriate.

85 Representation before Federal Court

A party may appear in person or may be represented by a barrister,
a solicitor or, with the leave of the Federal Court, another person.

85A Costs

(1) Unless the Federal Court orders otherwise, each party to a
proceeding must bear his or her own costs.

Unreasonable conduct

(2) Without limiting the Court’s power to make orders under
subsection (1), if the Federal Court is satisfied that a party to a
proceeding has, by any unreasonable act or omission, caused
another party to incur costs in connection with the institution or
conduct of the proceeding, the Court may order the first-mentioned
party to pay some or all of those costs.
86 Evidence and findings in other proceedings

(1) Subject to subsection 82(1), the Federal Court may:
   (a) receive into evidence the transcript of evidence in any other proceedings before:
       (i) the Court; or

       (iii) the NNTT; or

(2) Subject to subsection 82(1), the Federal Court:
   (a) must consider whether to receive into evidence the transcript of evidence from a native title application inquiry; and
   (b) may draw any conclusions of fact from that transcript that it thinks proper; and
   (c) may adopt any recommendation, finding, decision or determination of the NNTT in relation to the inquiry.
86A Purpose of mediation

Proceeding not involving compensation

(1) The purpose of mediation in a proceeding that does not involve a compensation application is to assist the parties to reach agreement on some or all of the following matters:

(a) whether native title exists or existed in relation to the area of land or waters covered by the application;

(b) if native title exists or existed in relation to the area of land or waters covered by the application:
   (i) who holds or held the native title;
   (ii) the nature, extent and manner of exercise of the native title rights and interests in relation to the area;
   (iii) the nature and extent of any other interests in relation to the area;
   (iv) the relationship between the rights and interests in subparagraphs (ii) and (iii) (taking into account the effects of this Act);
   (v) to the extent that the area is not covered by a non-exclusive agricultural lease or a non-exclusive pastoral lease—whether the native title rights and interests confer or conferred possession, occupation, use and enjoyment of the land or waters on its holders to the exclusion of all others.

Note: The matters set out in paragraphs (a) and (b) are based on those that are required, under section 225, for a determination of native title.

Proceeding involving compensation

(2) The purpose of mediation in a proceeding that involves a compensation application is to assist the parties to reach agreement on some or all of the following matters:
Part 4  Determinations of the Federal Court
Division 1B  Reference for mediation

Section 86B

(a) the matters set out in paragraphs (1)(a) and (b) in relation to the area of land or waters covered by the application;
(b) the amount or kind of any compensation payable;
(c) the name of the person or persons entitled to any compensation or the method for determining the person or persons;
(d) the method (if any) for determining the amount or kind of compensation to be given to each person;
(e) the method for determining any dispute regarding the entitlement of a person to an amount of compensation.

Note: The matters set out in paragraphs (b) to (e) reflect the matters that, under section 94, must be set out in an order for compensation.

86B  Referral of matters for mediation

Federal Court must refer applications for mediation

(1) Unless an order is made under subsection (3) that there be no mediation under this Act, the Federal Court must refer each application made under section 61 to an appropriate person or body for mediation, including the ascertaining of agreed facts, as soon as practicable after the end of the period specified in the notice under section 66.

(2) In deciding whether to refer the application to a particular person or body, the Court may take into account the training, qualifications and experience of the person who is to be, or is likely to be, the person conducting the mediation.

(2A) Without limiting subsection (1), the application may be referred to a Federal Court Registrar.

No mediation if it will be unnecessary etc.

(3) The Court, either on the application of a party or of its own motion, must order that there be no mediation under this Act in relation to the whole of the proceeding or a part of the proceeding if the Court considers that:
(a) any mediation will be unnecessary in relation to the whole or that part, whether because of an agreement between the parties about the whole or the part of the proceeding or for any other reason; or
(b) there is no likelihood of the parties being able to reach agreement in the course of mediation under this Act on, or on facts relevant to, any of the matters set out in subsection 86A(1) or (2) in relation to the whole or that part; or
(c) the applicant in relation to the application under section 61 has not provided sufficient detail (whether in the application or otherwise) about the matters mentioned in subsection 86A(1) or (2) in relation to the whole or that part.

Factors to take into account

(4) In deciding whether to make an order that there be no mediation under this Act in relation to the whole of the proceeding or a part of the proceeding, the Court is to take the following factors into account:
   (a) the number of parties;
   (b) the number of those parties who have appointed the same agent under section 84B or same representative;
   (c) how long it is likely to take to reach agreement on the matters set out in subsection 86A(1) or (2) in relation to the whole or the part of the proceeding;
   (d) the size of the area involved;
   (e) the nature and extent of any non-native title rights and interests in relation to the land and waters in the area;
   (f) any other factor that the Court considers relevant.

Whole or part of a proceeding may be referred at any time

(5) In addition to referring a proceeding for mediation under subsection (1), the Court may, at any time in a proceeding, refer the whole or a part of the proceeding to an appropriate person or body for mediation if the Court considers that the parties will be
Section 86BA

able to reach agreement on, or on facts relevant to, any of the matters set out in subsection 86A(1) or (2).

(5A) In deciding whether to refer the whole or part of the proceeding to a particular person or body, the Court may take into account the training, qualifications and experience of the person who is to be, or is likely to be, the person conducting the mediation.

(5B) Without limiting subsection (5), the whole or part of the proceeding may be referred to a Federal Court Registrar.

Orders about how mediation is to be provided etc.

(5C) If the Court refers, under subsection (1) or (5), the whole or a part of a proceeding to a person or body for mediation, the Court may at any time after the referral make an order about the following matters:

(a) the way in which the mediation is to be provided;
(b) whether the person who is to conduct the mediation may be assisted by another individual;
(c) any other matter that the Court considers relevant.

No other referral for mediation etc.

(6) If the Court refers the whole or a part of a proceeding for mediation under subsection (1) or (5), then, unless the mediation ceases because an order is made under section 86C:

(a) no aspect of the proceeding is to be referred for mediation under the Federal Court of Australia Act 1976; and
(b) no order is to be made by the Federal Court requiring the parties to attend before a Federal Court Registrar for a conference with a view to satisfying the Registrar that all reasonable steps to achieve a negotiated outcome of the proceeding have been taken.

86BA Mediator may appear before the Court

(1) A mediator may appear before the Court at a hearing that relates to any matter that is currently before the mediator for mediation if the
Court considers that the mediator may be able to assist the Court in relation to a proceeding.

(2) To avoid doubt, subsection 94D(4) applies to the mediator when appearing before the Court.

(3) Subsection 94D(5) does not prevent:
   (a) the mediator from appearing before the Court under subsection (1); or
   (b) if the mediator may appear before the Court under subsection (1) and the person conducting the mediation is not the mediator—that person from representing the mediator before the Court.

(4) This section does not give the mediator, or the person conducting the mediation, the right to become a party to the proceeding.

86C Cessation of mediation

Court may order mediation to cease

(1) The Court may, of its own motion, at any time in a proceeding, order that mediation by a mediator is to cease in relation to the whole or a part of the proceeding if the Court considers that:
   (a) any further mediation will be unnecessary in relation to the whole or that part; or
   (b) there is no likelihood of the parties being able to reach agreement in the course of mediation by the mediator on, or on facts relevant to, any of the matters set out in subsection 86A(1) or (2) in relation to the whole or that part; or
   (c) it is appropriate to do so for any other reason.

Party may seek cessation of mediation

(2) A party to a proceeding may, at any time after 3 months after the start of mediation by a mediator, apply to the Court for an order that the mediation cease in relation to the whole of the proceeding or a part of the proceeding.
Part 4 Determinations of the Federal Court
Division 1B Reference for mediation

(3) If the party making the application is:
   (a) the applicant in relation to the application under section 61;
   or
   (b) the Commonwealth, a State or a Territory;
   the Court must make an order that mediation by the mediator is to cease unless the Court is satisfied that the mediation is likely to be successful in enabling the parties to reach agreement on any of the matters set out in subsection 86A(1) or (2) in relation to the whole or the part of the proceeding.

Where Court may order mediation to cease

(4) If the party making the application is any other person, the Court may make such an order unless the Court is satisfied that the mediation by the mediator is likely to be successful as mentioned in subsection (3).

Court to consider reports etc.

(5) The Court, in deciding whether to make an order under subsection (1), (3) or (4), must take into account any report or work plan provided to the Court under subsection 94N(2), (3), (4) or (5).

Court may make other orders

(6) If the Court makes an order under subsection (1), (3) or (4) in relation to a mediation, the Court may make any other orders that the Court considers are reasonably necessary or appropriate to deal with the cessation of the mediation.

Later referral for mediation

(7) The making of an order under subsection (1), (3) or (4) does not prevent a later referral for mediation under subsection 86B(5).
86D  Federal Court’s powers

Court may determine fact or law

(1) The Court may, at any time during mediation by a mediator, determine a question of fact or law that is referred to it by the mediator.

Note: Under subsection 94H(1), the person conducting the mediation may refer to the Federal Court a question of fact or law that arises during mediation.

Court may adopt agreement on facts

(2) The Court may adopt any agreement on facts between the parties, reached during mediation by the mediator.

Directions to attend or produce documents for the purposes of mediation

(3) If a report is given to the Court under subsection 94N(5), the Court may make orders in similar terms to the directions that are the subject of the report.

Note: Under subsection 94N(5), the person conducting the mediation may provide a report to the Court if the person has given a direction to a party to appear at the conference, or produce documents, and that direction has not been complied with.

86E  Federal Court may request reports from a mediator

(1) The Federal Court may request a mediator to provide reports on the progress of any mediation under this Division being undertaken by the mediator and may specify when the report is to be provided.

(2) The Federal Court may request one or more mediators to provide either or both of the following so as to assist the Court in progressing proceedings in a State, Territory or other region of Australia:

(a) a report on the progress of all mediations conducted by that mediator or those mediators in relation to areas within the...
Section 86E

State, Territory or region (a *regional mediation progress report*);

(b) a work plan setting out the priority given to each mediation being conducted by that mediator or those mediators in relation to areas within the State, Territory or region (a *regional work plan*).

The Court may specify when the report or plan is to be provided.

   (a) the application being withdrawn or amended;
   (b) the parties to the proceeding being varied;
   (c) any other thing being done in relation to the application.

The agreement may involve matters other than native title.

Assistance by NNTT

(2) The parties may request assistance from the NNTT in negotiating the agreement.

Information obtained in providing assistance not to be used or disclosed in other contexts

(2A) The NNTT must not use or disclose information to which it has had access only because it provided assistance in negotiating the agreement except for the following purposes:
   (a) providing assistance in negotiating the agreement;
   (b) mediating in relation to the whole or any part of the proceeding;

without the prior consent of the person who provided the NNTT with the information.

Court may order adjournment to help negotiations

(3) The Federal Court may order an adjournment of the proceeding to allow time for the negotiations. It may do so on its own motion or on application by a party.
Part 4 Determinations of the Federal Court

Court’s powers not limited

(5) Subsection (3) does not limit the Federal Court’s powers to order an adjournment.

86G Unopposed applications

Federal Court may make order

(1) If, at any stage of a proceeding in relation to an application under section 61, but after the end of the period specified in the notice given under section 66:
   (a) the application is unopposed; and
   (b) the Federal Court is satisfied that an order in, or consistent with, the terms sought by the applicant is within the power of the Court;

the Court may, if it appears appropriate to do so, make such an order without holding a hearing or, if a hearing has started, without completing the hearing.

Note: If the application involves making a determination of native title, the Court’s order would need to comply with section 94A (which deals with the requirements of native title determination orders).

Meaning of unopposed

(2) For the purpose of this section, an application is unopposed if the only party is the applicant or if each other party notifies the Federal Court in writing that he or she does not oppose an order in, or consistent with, the terms sought by the applicant.
87 Power of Federal Court if parties reach agreement

Application

(1) This section applies if, at any stage of proceedings after the end of the period specified in the notice given under section 66:

(2) If the agreement is on the terms of an order of the Court in relation to the proceedings, the Court may make an order in, or consistent with, those terms without holding a hearing or, if a hearing has started, without completing the hearing.

Note: If the application involves making a determination of native title, the Court’s order would need to comply with section 94A (which deals with the requirements of native title determination orders).
Agreement as to part of proceedings

(3) If the agreement relates to a part of the proceedings or a matter arising out of the proceedings, the Court may in its order give effect to the terms of the agreement without, if it has not already done so, dealing at the hearing with the part of the proceedings or the matter arising out of the proceedings, as the case may be, to which the agreement relates.

Orders about matters other than native title

(4) Without limiting subsection (2) or (3), if the order under that subsection does not involve the Court making a determination of native title, the order may give effect to terms of the agreement that involve matters other than native title.

(5) Without limiting subsection (2) or (3), if the order under that subsection involves the Court making a determination of native title, the Court may also make an order under this subsection that gives effect to terms of the agreement that involve matters other than native title.

(8) If some or all of the parties to the proceeding have reached agreement on a statement of facts, one of those parties may file a copy of the statement with the Court.

(9) Within 7 days after a statement of facts agreed to by some of the parties to the proceeding is filed, the Federal Court Chief
Executive Officer must give notice to the other parties to the proceeding that the statement has been filed with the Court.

(10) In considering whether to make an order under subsection (2), (3) or (5), the Court may accept a statement of facts that has been agreed to by some or all of the parties to the proceedings but only if those parties include:

(a) the applicant; and

(b) the party that the Court considers was the principal government respondent in relation to the proceedings at the time the agreement was reached.

(11) In considering whether to accept under subsection (10) a statement of facts agreed to by some of the parties to the proceedings, the Court must take into account any objections that are made by the other parties to the proceedings within 21 days after the notice is given under subsection (9).

Proposed determination may be filed with the Court

(2) A party to the agreement may file a copy of the terms of the proposed determination of native title with the Federal Court.

Certain parties to the proceeding to be given notice

(a) an order in, or consistent with, the terms of the proposed determination would be within its power; and

(b) it would be appropriate to do so.

Note: As the Court’s order involves making a determination of native title, the order needs to comply with section 94A (which deals with the requirements of native title determination orders).

(5) Without limiting subsection (4), if the Court makes an order under that subsection, the Court may also make an order under this subsection that gives effect to terms of the agreement that involve matters other than native title if the Court considers that:

(a) the order would be within its power; and

(b) it would be appropriate to do so.

(6) The jurisdiction conferred on the Court by this Act extends to making an order under subsection (5).

(7) The regulations may specify the kinds of matters other than native title that an order under subsection (5) may give effect to.

Objections

(8) In considering whether to make an order under subsection (4) or (5), the Court must take into account any objections made by the other parties to the proceedings.

Agreed statement of facts

(9) If some or all of the parties to the proceeding have reached agreement on a statement of facts, one of those parties may file a copy of the statement with the Court.

(10) Within 7 days after a statement of facts agreed to by some of the parties to the proceeding is filed, the Federal Court Chief
Executive Officer must give notice to the other parties to the proceeding that the statement has been filed with the Court.

(11) In considering whether to make an order under subsection (4) or (5), the Court may accept a statement of facts that has been agreed to by some or all of the parties to the proceedings but only if those parties include:

(a) the applicant; and

(b) the party that the Court considers was the principal government respondent in relation to the proceedings at the time the agreement was reached.

when it decides whether to make an order relating to the application.
94C Order dismissing an application relating to a future act

(1) Subject to subsections (2) and (3), the Federal Court must, on the application of a party or on its own motion, dismiss an application made by a person under section 61 if:

(a) the application is for a determination of native title in relation to an area; and

(b) it is apparent from the timing of the application that it is made in response to a future act notice given in relation to land or waters wholly or partly within the area; and

(c) the future act requirements are satisfied in relation to each future act identified in the future act notice; and

(e) either:

(i) the person fails to produce evidence in support of the application despite a direction by the Court to do so, or to take other steps to have the claim sought in the application resolved despite a direction by the Court to do so; or

(ii) in a case to which subparagraph (i) does not apply, the Court considers that the person has failed, within a reasonable time, to take steps to have the claim sought in the application resolved.

(1A) For the purposes of paragraph (1)(b), it is apparent from the timing of an application by a person for a determination of native title in relation to an area that it is made in response to a future act notice to which the current law applies if:

(a) the future act notice is given in relation to land or waters wholly or partly within the area; and

(b) the application is made during the period of 3 months after the notification day specified in the future act notice; and

(c) the person becomes a registered native title claimant in relation to any land or waters that will be affected by the act, before the end of 4 months after the notification day specified in the future act notice.
(1B) For the purposes of paragraph (1)(b), it is apparent from the timing of an application by a person for a determination of native title in relation to an area that it is made in response to a future act notice to which the pre-1998 law applies if:

(a) the future act notice is given in relation to land or waters wholly or partly within the area; and

(b) the person becomes a registered native title claimant in relation to any land or waters that will be affected by the act, within the period of 2 months starting when the notice is given.

(1C) The regulations may prescribe, for the purposes of paragraph (1)(b), other circumstances in which it is taken to be apparent from the timing of an application by a person for a determination of native title in relation to an area that it is made in response to a future act notice, including circumstances in which it is taken to be apparent in relation to a future act notice given under alternative provisions.

(1D) For the purposes of paragraph (1)(c), the future act requirements are satisfied in relation to a future act notice to which the current law applies if one of the following paragraphs is satisfied in relation to each future act identified in the notice:

(a) subsection 32(2) (which applies if no objection is made after the giving of a notice that the act attracts the expedited procedure) allows the act to be done;

(b) a determination is made under subsection 32(4) that the act is an act attracting the expedited procedure;

(c) native title parties have lodged one or more objections in relation to the act under subsection 32(3), but all such objections are withdrawn under subsection 32(6);

(d) an agreement of the kind mentioned in paragraph 31(1)(b) is made;

(e) a determination is made under section 36A or 38 that the act may be done, or may be done subject to conditions being complied with;
(f) a determination is made under section 36A or 38 that the act must not be done;

(g) a determination that the act may be done, or may be done subject to conditions being complied with or must not be done, is declared to be overruled in accordance with section 42;

(h) a circumstance occurs in which, under the regulations, the future act requirements are satisfied.

(1E) For the purposes of paragraph (1)(c), the future act requirements are satisfied in relation to a future act notice to which the pre-1998 law applies if one of the following paragraphs is satisfied in relation to each future act identified in the notice:

(a) subsection 32(2) of the pre-1998 law (which applies if no objection is made after the giving of a notice that the act attracts the expedited procedure) allows the act to be done;

(b) a determination is made under subsection 32(4) of the pre-1998 law that the act is an act attracting the expedited procedure;

(c) a copy of an agreement that the act may be done, or may be done subject to conditions being complied with, is given to the arbitral body under section 34 of the pre-1998 law;

(e) a determination is made under section 38 of the pre-1998 law that the act must not be done;

Part 4 Determinations of the Federal Court
Division 3 Orders

Section 94C

(1G) The regulations may prescribe circumstances in which future act requirements are satisfied in relation to a future act notice given under alternative provisions.

(2) The Court must not dismiss the application without first ensuring that the person is given a reasonable opportunity to present his or her case about why the application should not be dismissed.

(3) The Court must not dismiss the application if there are compelling reasons not to do so. However, the fact that:
   (a) a subsequent future act notice has been given that specifies all or part of an area that is included in the area covered by the application; and
   (b) paragraph (1)(d) is not satisfied in relation to each future act identified in the subsequent future act notice;
   is not, of itself, a compelling reason.

(4) To avoid doubt, the Court’s dismissal of an application under this section does not affect any rights, liabilities or obligations of a person under:
   (a) an agreement of the kind mentioned in paragraph 31(1)(b); or
   (b) a determination made under subsection 32(4) or section 36A, 38 or 42; or
   (c) an agreement made in accordance with, or a determination made under, any alternative provisions that are equivalent to the provisions mentioned in paragraphs (a) and (b).

(5) To avoid doubt, this section does not affect the Court’s power to dismiss an application under the Federal Court of Australia Act 1976.

(6) In this section:

alternative provisions means provisions provided for by a law of a State or Territory in respect of which the Commonwealth Minister has made a determination under paragraph 43(1)(b).

190 Keeping the Register

Registrar to include claims

(1) The Native Title Registrar must, as soon as practicable, include in the Register:

(a) details of any claims accepted for registration by the Registrar under section 190A or in response to notification by the NNTT under section 190E; and

(b) details of any claims that have been found to satisfy conditions equivalent to those set out in sections 190B and 190C, being claims of which the Registrar is notified by a recognised State/Territory body.

Amending Register after amendment of claims: recognised bodies

(2) If a recognised State/Territory body notifies the Registrar of an amendment of an application containing a claim that is on the Register, the Registrar must, as soon as practicable:

(a) if the claim as set out in the amended application has been found to satisfy conditions equivalent to those set out in sections 190B and 190C—amend the Register to reflect the amendment; or

(b) if the claim as set out in the amended application has been found not to satisfy conditions equivalent to those set out in sections 190B and 190C—amend the Register to remove any entry relating to the claim.

Amending Register after amendment of claims: other cases

(3) If the Registrar is given a copy of an amended application under subsection 64(4) that contains a claim or amends a claim, the Registrar must, as soon as practicable:

(a) amend the Register to reflect the amendment if:
Section 190

(i) the claim is accepted for registration under section 190A; or
(ii) the claim is accepted for registration on reconsideration under section 190E; or
(iii) the claim is accepted for registration under section 190A but, because subsection 190A(1A) applies, the Registrar need not consider the claim made in an amended application; or

(b) if the claim is not accepted for registration under section 190A or in response to notification by the NNTT under section 190E—amend the Register to remove any entry relating to the claim.

Amending Register where additional information provided

(3A) If:

(a) the Registrar accepts for registration a claim made in an application under section 63 or an amended application under subsection 64(4); and

(b) in accordance with this section, the Registrar includes in the Register details of the claim and a description of the nature and extent of the native title rights and interests concerned; and

(c) afterwards, but before a native title determination in relation to the application or amended application is made, the applicant provides to the Registrar further information relating to any native title rights and interests that were claimed in the application but whose details and description were not included in the Register; and

(d) the Registrar considers that, if the information had been provided before the claim had been accepted for registration, the details and description would have been included in the Register;

the Registrar must amend the Register to include the details and description.
Part 7  Register of Native Title Claims

Section 190

Entries removed or amended after determination, decision or withdrawal

(4) If:

(a) the Registrar is notified under section 189 or 189A of a decision or determination covering a claim; or

(b) the Registrar is notified by a recognised State/Territory body of a decision or determination covering a claim; or

(c) the Registrar is notified that an application that contained a claim has been withdrawn;

the Registrar must, as soon as practicable:

(d) if the application in question has been withdrawn, dismissed or otherwise finalised—remove the entry on the Register that relates to the claim; or

(da) if an approved determination of native title is made to the effect that native title exists in relation to an area:

(i) but no determination has yet been made under section 56; or

(ii) a determination has been made under section 56 that the native title rights and interests are to be held by the common law holders, but no determination has yet been made under subsection 57(2) of which prescribed body corporate is to perform the functions mentioned in subsection 57(3);

amend the entry on the Register that relates to the claim so that it reflects that fact; or

(e) in any other case—amend the entry on the Register that relates to the claim so that it only relates to the matters in relation to which the application has not been finalised.

Note: If an application has been finalised in relation to part of the area claimed, the Register would be amended to remove references to that area. If the application has been finalised by an approved determination of native title, that determination would be entered on the National Native Title Register.
190A Registrar to consider claims

Claims made to Federal Court

(1) If the Registrar is given a copy of a claimant application under section 63 or subsection 64(4), the Registrar must, in accordance with this section, consider the claim made in the application.

Note: Unless subsection (1A) applies, in the case of an amended application (under subsection 64(4)), the Registrar would be required to consider the claim in the amended application even if the Registrar had already accepted for registration the claim in the original application. In such a case, if the claim in the amended application were then accepted for registration, the Registrar would be required under subsection 190(3) to amend the Native Title Register to reflect the amendment.

Exception for certain amended claims

(1A) Despite subsection (1), if:
   (a) the Registrar is given a copy of an amended application under subsection 64(4) that amends a claim; and
   (b) the application was amended because an order was made under section 87A by the Federal Court; and
   (c) the Registrar has already considered the claim, as it stood before the application was amended;

the Registrar need not consider the claim made in the amended application.

Effect of certain notices

(2) If, either before the Registrar begins to do so or while he or she is doing so, a notice is given in accordance with:
   (a) paragraph 24MD(6B)(c); or
   (b) section 29; or
   (c) a provision of a law of a State or Territory that corresponds to section 29 and is covered by a determination in force under section 43; or
Section 190A

(d) a provision of a law of a State or Territory that corresponds to section 29 and is covered by a determination in force under section 43A;

in relation to an act affecting any of the land or waters in the area covered by the application, the Registrar must use his or her best endeavours to finish considering the claim by the end of:

(e) in a paragraph (a) case—2 months after the notice is given; or

(f) in a paragraph (b) case—4 months after the notification day specified in the notice; or

(g) in a paragraph (c) case—the period, in the law of the State or Territory, that corresponds to the period of 4 months mentioned in paragraph 30(1)(a); or

(h) in a paragraph (d) case—the period at the end of which any person who is a registered native title claimant or registered native title body corporate has a right to be consulted about the act, to object to the act or to participate in negotiations about the act.

Otherwise, claim to be considered as soon as is practicable

(2A) In any other case, the Registrar must finish considering the claim as soon as is practicable.

Information to be considered

(3) In considering a claim under this section, the Registrar must have regard to:

(a) information contained in the application and in any other documents provided by the applicant; and

(b) any information obtained by the Registrar as a result of any searches conducted by the Registrar of registers of interests in relation to land or waters maintained by the Commonwealth, a State or a Territory; and

(c) to the extent that it is reasonably practicable to do so in the circumstances—any information supplied by the Commonwealth, a State or a Territory, that, in the Registrar’s opinion, is relevant to whether any one or more of the
conditions set out in section 190B or 190C are satisfied in relation to the claim;
and may have regard to such other information as he or she considers appropriate.

Information about other rights and interests

(4) Without limiting subsection (3), information mentioned in that subsection may include information about current or previous non-native title rights and interests in, or in relation to, the land or waters in the area covered by the application.

Effect of paragraph (3)(b)

(5) The fact that no information of the kind referred to in paragraph (3)(b) has been supplied at a particular time does not prevent the Registrar accepting a claim for registration under this section.

Notification about amending application

(5A) Before the Registrar has decided whether or not to accept the claim for registration, he or she may notify the applicant that the application may be amended under the Federal Court Rules.

Test for registration

(6) The Registrar must accept the claim for registration if:

(a) either:
   (i) the claim was made in an application given to the Registrar under section 63; or
   (ii) the claim was made in an amended application given to the Registrar under subsection 64(4) and subsection (6A) of this section does not apply; and
(b) the claim satisfies all of the conditions in:
   (i) section 190B (which deals mainly with the merits of the claim); and

...
(6A) The Registrar must accept the claim (the *later claim*) for registration if:

(a) a claim (the *earlier claim*) was made in an application given to the Registrar under section 63 or subsection 64(4) (the *earlier application*); and

(b) the Registrar accepted the earlier claim for registration under subsection (6) of this section; and

(c) the later claim was made in an application given to the Registrar under subsection 64(4) that amends the earlier application; and

(d) the Registrar is satisfied that the only effect of the amendment is to do one or more of the following:

(i) reduce the area of land or waters covered by the application, in circumstances where the information and map contained in the application, as amended, are sufficient for it to be said with reasonable certainty whether native title rights and interests are claimed in relation to particular land or waters;

(ii) remove a right or interest from those claimed in the application;

(iii) change the name in the application of the representative body, or one of the representative bodies, recognised for the area covered by the application, in circumstances where the body’s name has been changed or the body has been replaced with another representative body or a body to whom funding is made available under section 203FE;

(iv) change the name in the application of the body to whom funding was made available under section 203FE in relation to all or part of the area covered by the application, in circumstances where the body’s name has been changed or the body has been replaced by another such body or a representative body;
Section 190B

(v) alter the address for service of the person who is, or persons who are, the applicant.

(6B) If neither subsection (6) nor (6A) applies, the Registrar must not accept the claim for registration.

Note: The fact that the Registrar is considering the claim under this section does not mean that the application cannot be amended: see subsection 64(3).

Effect of withdrawal etc. of application

(7) If:

(a) before the Registrar has decided whether or not to accept the claim for registration; or
(b) after the Registrar has decided to accept the claim for registration but before the Registrar has included details of the claim in the Register of Native Title Claims;

the Registrar is notified under section 189 or 189A of a decision or determination to the effect that the application has been dismissed or otherwise finalised, or is notified that the application has been withdrawn, the Registrar must not:

(c) decide whether or not to accept the claim for registration; or
(d) enter the details in the Register;
as the case requires.

190B Registration: conditions about merits of the claim

(1) This section contains the conditions mentioned in subparagraph 190A(6)(b)(i).

Identification of area subject to native title

(2) The Registrar must be satisfied that the information and map contained in the application as required by paragraphs 62(2)(a) and (b) are sufficient for it to be said with reasonable certainty whether native title rights and interests are claimed in relation to particular land or waters.
Section 190B

Identification of native title claim groups

(3) The Registrar must be satisfied that:
   (a) the persons in the native title claim group are named in the application; or
   (b) the persons in that group are described sufficiently clearly so that it can be ascertained whether any particular person is in that group.

Identification of claimed native title

(4) The Registrar must be satisfied that the description contained in the application as required by paragraph 62(2)(d) is sufficient to allow the native title rights and interests claimed to be readily identified.

Factual basis for claimed native title

(5) The Registrar must be satisfied that the factual basis on which it is asserted that the native title rights and interests claimed exist is sufficient to support the assertion. In particular, the factual basis must support the following assertions:
   (a) that the native title claim group have, and the predecessors of those persons had, an association with the area; and
   (b) that there exist traditional laws acknowledged by, and traditional customs observed by, the native title claim group that give rise to the claim to native title rights and interests; and
   (c) that the native title claim group have continued to hold the native title in accordance with those traditional laws and customs.

Prima facie case

(6) The Registrar must consider that, prima facie, at least some of the native title rights and interests claimed in the application can be established.

Note: If the claim is accepted for registration, the Registrar must, under paragraph 186(1)(g), enter on the Register of Native Title Claims details of only those claimed native title rights and interests that can,
prima facie, be established. Only those rights and interests are taken into account for the purposes of subsection 31(2) (which deals with negotiation in good faith in a “right to negotiate” process) and subsection 39(1) (which deals with criteria for making arbitral body determinations in a “right to negotiate” process).

**Physical connection**

(7) The Registrar must be satisfied that at least one member of the native title claim group:

(a) currently has or previously had a traditional physical connection with any part of the land or waters covered by the application; or

(b) previously had and would reasonably have been expected currently to have a traditional physical connection with any part of the land or waters but for things done (other than the creation of an interest in relation to land or waters) by:

(i) the Crown in any capacity; or

(ii) a statutory authority of the Crown in any capacity; or

(iii) any holder of a lease over any of the land or waters, or any person acting on behalf of such a holder of a lease.

**No failure to comply with section 61A**

(8) The application and accompanying documents must not disclose, and the Registrar must not otherwise be aware, that, because of section 61A (which forbids the making of applications where there have been previous native title determinations or exclusive or non-exclusive possession acts), the application should not have been made.

**No extinguishment etc. of claimed native title**

(9) The application and accompanying documents must not disclose, and the Registrar must not otherwise be aware, that:

(a) to the extent that the native title rights and interests claimed consist of or include ownership of minerals, petroleum or gas—the Crown in right of the Commonwealth, a State or a Territory wholly owns the minerals, petroleum or gas; or
Part 7  Register of Native Title Claims

Section 190C

(b) to the extent that the native title rights and interests claimed relate to waters in an offshore place—those rights and interests purport to exclude all other rights and interests in relation to the whole or part of the offshore place; or

(c) in any case—the native title rights and interests claimed have otherwise been extinguished (except to the extent that the extinguishment is required to be disregarded under subsection 47(2), 47A(2) or 47B(2)).

190C Registration: conditions about procedural and other matters

(1) This section contains the conditions mentioned in subparagraph 190A(6)(b)(ii).

Information etc. required by sections 61 and 62

(2) The Registrar must be satisfied that the application contains all details and other information, and is accompanied by any affidavit or other document, required by sections 61 and 62.

No previous overlapping claim groups

(3) The Registrar must be satisfied that no person included in the native title claim group for the application (the current application) was a member of the native title claim group for any previous application, if:

(a) the previous application covered the whole or part of the area covered by the current application; and

(b) an entry relating to the claim in the previous application was on the Register of Native Title Claims when the current application was made; and

(c) the entry was made, or not removed, as a result of consideration of the previous application under section 190A.

Identity of claimed native title holders

(4) The Registrar must be satisfied that either of the following is the case:
Section 190D

(a) the application has been certified under Part 11 by each representative Aboriginal/Torres Strait Islander body that could certify the application in performing its functions under that Part; or

Note: An application can be certified under section 203BE, or may have been certified under the former paragraph 202(4)(d). A representative Aboriginal/Torres Strait Islander body may certify the application, even if it is only the representative body for part of the area claimed.

(b) the applicant is a member of the native title claim group and is authorised to make the application, and deal with matters arising in relation to it, by all the other persons in the native title claim group.

Note: The word authorise is defined in section 251B.

Certification not affected if Aboriginal/Torres Strait Islander body subsequently ceases to be recognised

(4A) To avoid doubt, the certification of an application under Part 11 by a representative Aboriginal/Torres Strait Islander body is not affected merely because, after certification, the recognition of the body as the representative Aboriginal/Torres Strait Islander body for the area concerned is withdrawn or otherwise ceases to have effect.

Requirements for uncertified applications

(5) If the application has not been certified as mentioned in paragraph (4)(a), the Registrar cannot be satisfied that the condition in subsection (4) has been satisfied unless the application:

(a) includes a statement to the effect that the requirement set out in paragraph (4)(b) has been met; and

(b) briefly sets out the grounds on which the Registrar should consider that it has been met.
Section 190D

190D If the claim cannot be registered—notice of decision

(1) If the Registrar does not accept the claim for registration, the Registrar must, as soon as practicable, give the applicant and the Federal Court written notice of his or her decision not to accept the claim, including:

(a) if the Registrar does not accept the claim because the Registrar is notified by the NNTT under section 190E that he or she should not do so—a copy of the NNTT’s statement of reasons for its decision; or

(b) otherwise—a statement of the Registrar’s reasons for his or her decision.

Content of notice where failure to satisfy physical connection test

(2) If the only reason why the claim is not accepted for registration is that the condition in subsection 190B(7) (which is about a physical connection with the claim area) is not satisfied, the notice must advise the applicant of the applicant’s right to make an application to the Federal Court under section 190F and of the power of the Court to make an order in accordance with that section in respect of the application.

Statements of reasons must specify whether section 190B satisfied

(3) If the Registrar’s decision not to accept the claim is not in response to notification by the NNTT under section 190E, the Registrar’s statement of reasons for the decision must include a statement on:

(a) whether, in the opinion of the Registrar, the claim for registration satisfies all of the conditions in section 190B; and

(b) whether, in the opinion of the Registrar, it is not possible to determine whether the claim for registration satisfies all of the conditions in section 190B because of a failure to satisfy section 190C.
190E If the claim cannot be registered—reconsideration by the NNTT

Application to reconsider a claim

(1) If the Registrar gives the applicant a notice under subsection 190D(1), then, subject to subsections (3) and (4), the applicant may apply to the NNTT to reconsider the claim made in the application.

(2) The application must:
   (a) be in writing; and
   (b) be made within 42 days after the notice under subsection 190D(1) is given; and
   (c) state the basis on which the reconsideration is sought.

(3) The applicant may not make an application to the NNTT for reconsideration of the claim if the applicant has already made an application to the Federal Court under subsection 190F(1) for review of the decision.

(4) The applicant may apply to the NNTT for reconsideration of the claim no more than once.

Constitution of NNTT for purposes of reconsidering the claim

(5) For the purposes of reconsidering the claim, the NNTT must be constituted by a single member.

(6) The member of the NNTT who reconsiders the claim may not take any part in the proceeding in relation to the claim (including any review or inquiry in relation to the claim), unless the parties to the proceeding otherwise agree.

NNTT’s reconsideration of the claim

(7) In reconsidering the claim:
Section 190E

(a) the NNTT must have regard to any information to which the Registrar was required to have regard under subsections 190A(3) to (5) in considering the claim; and

(b) the NNTT may have regard to any other information which the NNTT regards as appropriate in reconsidering the claim.

Effect of certain notices

(8) If, either before the NNTT begins to do so or while it is doing so, a notice is given in accordance with:

(a) paragraph 24MD(6B)(c); or

(b) section 29; or

(c) a provision of a law of a State or Territory that corresponds to section 29 and is covered by a determination in force under section 43; or

(d) a provision of a law of a State or Territory that corresponds to section 29 and is covered by a determination in force under section 43A;

in relation to an act affecting any of the land or waters in the area covered by the application, the member reconsidering the claim must use his or her best endeavours to finish reconsidering the claim by the end of:

(e) in a paragraph (a) case—2 months after the notice is given; or

(f) in a paragraph (b) case—4 months after the notification day specified in the notice; or

(g) in a paragraph (c) case—the period, in the law of the State or Territory, that corresponds to the period of 4 months mentioned in paragraph 30(1)(a); or

(h) in a paragraph (d) case—the period at the end of which any person who is a registered native title claimant or registered native title body corporate has a right to be consulted about the act, to object to the act or to participate in negotiations about the act.
Section 190F

Otherwise, claim to be reconsidered as soon as is practicable

(9) In any other case, the NNTT must finish reconsidering the claim as soon as is practicable.

Notifying the Registrar of the NNTT’s decision

(10) The NNTT must notify the Registrar that the Registrar should accept the claim for registration if the claim satisfies all of the conditions in:

(a) section 190B (which deals mainly with the merits of the claim); and

(b) section 190C (which deals with procedural and other matters).

(11) In any other case, the NNTT must notify the Registrar that the Registrar should not accept the claim, and include in that notice a statement of the NNTT’s reasons for its decision. The statement of reasons for the decision must include a statement on:

(a) whether, in the opinion of the member who reconsidered the claim, the claim for registration satisfies all of the conditions in section 190B; and

(b) whether, in the opinion of the member who reconsidered the claim, it is not possible to determine whether the claim for registration satisfies all of the conditions in section 190B because of a failure to satisfy section 190C.

(12) For the purposes of subsection (10), sections 190B and 190C apply as if a reference to the Registrar in those sections were a reference to the NNTT.

(13) The Registrar must comply with a notice given to the Registrar under subsection (10) or (11).
Part 7 Register of Native Title Claims

Section 190F

190F If the claim cannot be registered—review by Federal Court

*Applicant may apply to Federal Court for review*

(1) If the Registrar gives the applicant a notice under subsection 190D(1), the applicant may apply to the Federal Court for a review of the Registrar’s decision not to accept the claim, provided the NNTT is not reconsidering the claim under section 190E at the time the application is made.

*Federal Court has jurisdiction*

(2) The Court has jurisdiction to hear and determine an application made to it under subsection (1).

*Court order where physical connection test failed*

(3) If, on an application under subsection (1) in a case to which subsection 190D(2) applies, the Court is satisfied that:

(a) prima facie, at least some of the native title rights and interests claimed in the application can be established; and

(b) at some time in his or her lifetime, at least one parent of one member of the native title claim group had a traditional physical connection with any part of the land or waters and would reasonably have been expected to have maintained that connection but for things done (other than the creation of an interest in relation to land or waters) by:

(i) the Crown in any capacity; or

(ii) a statutory authority of the Crown in any capacity; or

(iii) any holder of a lease over any of the land or waters, or any person acting on behalf of such a holder of a lease;

the Court may order the Registrar to accept the claim for registration.

*Opportunity to be heard*

(4) Before making an order under subsection (3), the Court must give to any person who is a party to the proceedings in the Court under

Native Title Act 1993

Compilation No. 44 Compilation date: 29/12/18 Registered: 18/1/19
Section 190F

Part 4 in relation to the application an opportunity to be heard in relation to the making of the order.

Where no application for review, or Court does not make order under subsection (4) on review

(5) Subsection (6) applies in a case where:

(a) the Registrar does not accept the claim for registration either because, in the opinion of the Registrar or, if the claim is reconsidered under section 190E, of the member of the NNTT reconsidering the claim:

(i) it does not satisfy all of the conditions in section 190B; or

(ii) it is not possible to determine whether all of the conditions in section 190B have been satisfied because of a failure to satisfy section 190C; and

(b) the Court is satisfied that the avenues for:

(i) the reconsideration under section 190E of the Registrar’s decision; and

(ii) the review under this section of the Registrar’s decision; and

(iii) the review of orders made in the determination of an application under this section; and

(iv) the review of the Registrar’s decision under any other law;

have all been exhausted without the registration of the claim.

(6) The Court may, either on the application of a party or on its own motion, dismiss the application in which the claim was made (the application in issue) if:

(a) the Court is satisfied that the application in issue has not been amended since consideration by the Registrar, and is not likely to be amended in a way that would lead to a different outcome once considered by the Registrar; and

(b) in the opinion of the Court, there is no other reason why the application in issue should not be dismissed.
Section 191

191 Delegation by Registrar to recognised State/Territory body

The Registrar may, if the State or Territory concerned agrees, delegate to a recognised State/Territory body of a State or Territory all or any of his or her powers under this Part in relation to so much of the Register as relates to land or waters within the jurisdictional limits of that State or Territory.

If register kept on computer

(3) If the Register is kept wholly or partly by use of a computer, subsection (1) is taken to be complied with, so far as the Register is kept in that way, by giving members of the public access to a computer terminal that they can use to inspect the Register, either by viewing a screen display or by obtaining a computer print-out.

Section 195

195 Parts of the Register may be kept confidential

Facilitation and assistance functions only exercisable on request

(2) A representative body must not perform its facilitation and assistance functions in relation to a particular matter unless it is requested to do so.

Facilitation and assistance functions only exercisable within a representative body’s area

(3) A representative body can only perform its facilitation and assistance functions in relation to a matter that relates to land or waters:
   (a) that are wholly within the area for which the body is the representative body; or
   (b) that are partly within that area.

If paragraph (b) applies, the body must not perform the functions for the part of the land or waters that is outside that area except in accordance with section 203BD.

“Briefing out” matters that relate to the same land or waters

(5) Subsection (4) does not prevent a representative body from facilitating the representation of a body or person, in relation to a particular matter, by entering into an arrangement with another person under which the other person represents the body or person in relation to that matter.

Definition

(6) In this section and section 203BC:

matter means a native title application, or a consultation, mediation, negotiation or proceeding of a kind referred to in paragraph (1)(b).

203BC How facilitation and assistance functions are to be performed

General

(1) In performing its facilitation and assistance functions in relation to any matter, a representative body must:

(a) consult with, and have regard to the interests of, any registered native title bodies corporate, native title holders or persons who may hold native title who are affected by the matter; and

(b) if the matter involves the representative body representing such bodies corporate, native title holders or persons—be satisfied they understand and consent to any general course of action that the representative body takes on their behalf in relation to the matter.
Consent of native title holders etc.

(2) For the purposes of paragraph (1)(b), a native title holder or a person who may hold native title is taken to have consented to action if:
   
   (a) where there is a process of decision-making that, under the traditional laws and customs of the group to which he or she belongs, must be complied with in relation to giving consent of that kind—the consent was given in accordance with that process; or
   
   (b) where there is no such process of decision-making—the consent was given in accordance with a process of decision-making agreed to and adopted by the members of the group to which he or she belongs in relation to giving the consent or giving consent of that kind.

Streamlining of applications process

(3) In performing its facilitation and assistance functions in relation to an application under section 61 in relation to land or waters wholly or partly within the area for which the body is the representative body, the representative body must:
   
   (a) act in a way that promotes an orderly, efficient and cost-effective process for making such applications; and
   
   (b) if the land or waters covered by the application are wholly or partly covered by one or more applications (including proposed applications) of which the representative body is aware—make all reasonable efforts to minimise the number of applications covering the land or waters.

203BD Matters that overlap different representative body areas

If:
   
   (a) a native title application covers land or waters partly within the area for which a body is the representative body and partly within an adjoining area for which another body is the representative body; or
Section 203BE

(b) a consultation, mediation, negotiation or proceeding relates to:
   (i) a native title application; or
   (ii) a future act; or
   (iii) an indigenous land use agreement or other agreement in relation to native title; or
   (iv) a right of access conferred under this Act or otherwise; or
   (v) any other matter relating to native title or to the operation of this Act;
   in respect of the areas referred to in paragraph (a);
the first-mentioned representative body may perform its facilitation and assistance functions, in relation to the application, consultation, mediation, negotiation or proceeding, for the part of the land or waters within the adjoining area, if it is acting in accordance with a written arrangement entered into with the other representative body.

Note: Section 251B deals with authority to make the application.

Overlapping applications for determinations of native title

(3) If the land or waters covered by the application are wholly or partly covered by one or more applications (including proposed applications) of which the representative body is aware, the representative body must make all reasonable efforts to:

(a) achieve agreement, relating to native title over the land or waters, between the persons in respect of whom the applications are, or would be, made; and
(b) minimise the number of applications covering the land or waters.

However, a failure by the representative body to comply with this subsection does not invalidate any certification of the application by the representative body.

Statement to be included in certifications of applications for determinations of native title

(4) A certification of an application for a determination of native title by a representative body must:

(a) include a statement to the effect that the representative body is of the opinion that the requirements of paragraphs (2)(a) and (b) have been met; and

   (b) all the persons so identified have authorised the making of the agreement.

Note: Section 251A deals with authority to make the agreement.

   (a) the one or more equivalent bodies will have available to them, through the bodies’ membership, appropriate expertise (including expertise in matters relating to Aboriginal peoples and Torres Strait Islanders) for performing their functions or exercising their powers under the determination; and
   (b) under the law of the State or Territory, the procedures of the one or more equivalent bodies in performing those functions or exercising those powers will be fair, just, informal, accessible and expeditious; and
Part 12A  State/Territory bodies

Section 207B

(c) the one or more equivalent bodies will have adequate resources to enable them to perform those functions or exercise those powers; and

(ca) members of the one or more equivalent bodies will enjoy security of tenure no less favourable than that enjoyed by members of the NNTT or the Native Title Registrar, as the case requires; and

(d) the law of the State or Territory will enable and require the one or more equivalent bodies to perform those functions or exercise those powers if the Commonwealth Minister makes the determination; and

(e) if any of the functions or powers that the one or more equivalent bodies will perform or exercise under the determination involves the maintenance of any register under this Act—the law of the State or Territory will require the functions to be performed or the powers to be exercised in a way that ensures that the register will be maintained in a nationally integrated and accessible manner; and

(f) if any of the functions or powers that will be performed or exercised under the determination are those of the NNTT—the law of the State or Territory will require the member or at least one of the members of the equivalent body to be a member of the NNTT; and

(g) any other requirement that the Commonwealth Minister considers relevant will be satisfied.

Modified application of Act etc.

(5) While the determination is in force, this Act, and Schedule 5 to the Native Title Amendment Act 1998, have effect, in relation to a function or power of the NNTT or Native Title Registrar specified in the determination, as if, in the specified circumstances:

(a) the one or more equivalent bodies had the functions or powers, instead of the NNTT or the Registrar; and

(b) if one of the powers specified in the determination is the power to make determinations under Subdivision P of Division 3 of Part 2 of this Act—for the purposes of

Native Title Act 1993

Compilation No. 44  Compilation date: 29/12/18  Registered: 18/1/19
sections 36A, 36B, 36C and 42 of this Act, the State Minister or the Territory Minister of the relevant State or Territory had the powers of the Commonwealth Minister under that section, instead of the Commonwealth Minister.

Note: The *Administrative Decisions (Judicial Review) Act 1977* will apply to decisions that an equivalent body or a State or Territory Minister may, because of this section, make under this Act to the same extent to which it applies to corresponding decisions of the NNTT, the Native Title Registrar or the Commonwealth Minister under this Act.

**Vesting of functions and powers in equivalent bodies**

(6) While the determination is in force, the functions and powers specified in the determination are vested in the one or more equivalent bodies, in the circumstances set out in the determination.

**Revocation of determination**

(7) If, at any time:

(a) the law of the State or Territory is amended; and

(b) as a result, the Commonwealth Minister ceases to be satisfied as mentioned in subsection (4) in relation to any or all of the equivalent bodies;

he or she must:

(c) advise the State Minister or the Territory Minister concerned in writing of the fact; and

(d) if at the end of 90 days, or such longer period as the Commonwealth Minister allows, after doing so, the Commonwealth Minister is still not satisfied as mentioned in subsection (4)—by legislative instrument, revoke the determination.

**Regulations to make transitional provisions**

(8) The regulations may prescribe any modifications of this Act that are necessary or convenient to deal with transitional matters arising from the making or revocation of determinations under this section.
Equivalent body provisions

(9) The equivalent body provisions are:

(a) all of the provisions of this Act, except the following:
   (i) this section;
   (ia) the provisions of Division 4 of Part 4, other than subsection 94H(1);
   (ii) Part 5;
   (iii) the provisions of Part 6, other than sections 139, 145, 169, 178 and 179; and

(b) Schedule 5 to the Native Title Amendment Act 1998.
Part 13—Miscellaneous

208 Act not to apply so as to exceed Commonwealth power

*Intention of Parliament*

(1) Unless the contrary intention appears, if a provision of this Act:
   (a) would, apart from this section, have an invalid application; and
   (b) also has at least one valid application;
   it is the Parliament’s intention that the provision is not to have the invalid application, but is to have every valid application.

*When provision not to have valid operation*

(2) Despite subsection (1), the provision is not to have a particular valid application if:
   (a) apart from this section, it is clear, taking into account the provision’s context and the purpose or object underlying this Act, that the provision was intended to have that valid application only if every invalid application, or a particular invalid application, of the provision had also been within the Commonwealth’s legislative power; or
   (b) the provision’s operation in relation to that valid application would be different in a substantial respect from what would have been its operation in relation to that valid application if every invalid application of the provision had been within the Commonwealth’s legislative power.

*Where contrary intention*

(3) Subsection (2) does not limit the cases where a contrary intention may be taken to appear for the purposes of subsection (1).
Section 209

Definitions

(4) In this section:

*application* means an application in relation to:

(a) one or more particular persons, things, matters, places, circumstances or cases; or

(b) one or more classes (however defined or determined) of persons, things, matters, places, circumstances or cases.

*invalid application*, in relation to a provision, means an application because of which the provision exceeds the Commonwealth’s legislative power.

*valid application*, in relation to a provision, means an application that, if it were the provision’s only application, would be within the Commonwealth’s legislative power.

209 Reports by Aboriginal and Torres Strait Islander Social Justice Commissioner

The Commonwealth Minister may, by written notice, direct the Aboriginal and Torres Strait Islander Social Justice Commissioner to report to the Commonwealth Minister about:

(a) the operation of this Act; or

(b) the effect of this Act on the exercise and enjoyment of human rights of Aboriginal peoples and Torres Strait Islanders.

Note: The Aboriginal and Torres Strait Islander Social Justice Commissioner is appointed under the *Australian Human Rights Commission Act 1986*.

210 Operation of beneficial land rights laws not affected

Nothing in this Act affects the rights or interests of any person under:

(a) the * Aboriginal Land Grant (Jervis Bay Territory) Act 1986*; or
Section 211

Preservation of certain native title rights and interests

Requirements for removal of prohibition etc. on native title holders

(1) Subsection (2) applies if:

(a) the exercise or enjoyment of native title rights and interests in relation to land or waters consists of or includes carrying on a particular class of activity (defined in subsection (3)); and

(b) a law of the Commonwealth, a State or a Territory prohibits or restricts persons from carrying on the class of activity other than in accordance with a licence, permit or other instrument granted or issued to them under the law; and

(ba) the law does not provide that such a licence, permit or other instrument is only to be granted or issued for research, environmental protection, public health or public safety purposes; and

(c) the law is not one that confers rights or interests only on, or for the benefit of, Aboriginal peoples or Torres Strait Islanders.

Removal of prohibition etc. on native title holders

(2) If this subsection applies, the law does not prohibit or restrict the native title holders from carrying on the class of activity, or from gaining access to the land or waters for the purpose of carrying on the class of activity, where they do so:

(a) for the purpose of satisfying their personal, domestic or non-commercial communal needs; and

(b) in exercise or enjoyment of their native title rights and interests.

Note: In carrying on the class of activity, or gaining the access, the native title holders are subject to laws of general application.
Section 212

Definition of class of activity

(3) Each of the following is a separate class of activity:
(a) hunting;
(b) fishing;
(c) gathering;
(d) a cultural or spiritual activity;
(e) any other kind of activity prescribed for the purpose of this paragraph.

212 Confirmation of ownership of natural resources, access to beaches etc.

Confirmation of ownership of natural resources etc.

(1) Subject to this Act, a law of the Commonwealth, a State or Territory may confirm:
(a) any existing ownership of natural resources by the Crown in right of the Commonwealth, the State or the Territory, as the case may be; or
(b) any existing right of the Crown in that capacity to use, control and regulate the flow of water; or
(c) that any existing fishing access rights prevail over any other public or private fishing rights.

Confirmation of access to beaches etc.

(2) A law of the Commonwealth, a State or a Territory may confirm any existing public access to and enjoyment of:
(a) waterways; or
(b) beds and banks or foreshores of waterways; or
(c) coastal waters; or
(d) beaches; or
(da) stock-routes; or
(e) areas that were public places at the end of 31 December 1993.
Effect of confirmation

(3) Any confirmation under this section does not extinguish any native title rights and interests and does not affect any conferral of land or waters, or an interest in land or waters, under a law that confers benefits only on Aboriginal peoples or Torres Strait Islanders.

213 Provisions relating to Federal Court jurisdiction

Native title to be determined in accordance with this Act

(1) If, for the purpose of any matter or proceeding before the Federal Court, it is necessary to make a determination of native title, that determination must be made in accordance with the procedures in this Act.

Matters arising under this Act

(2) Subject to this Act, the Federal Court has jurisdiction in relation to matters arising under this Act.

213A Assistance from Attorney-General

Assistance in relation to inquiries etc.

(1) A person who is a party, or who intends to apply to be a party, to an inquiry, mediation or proceeding related to native title may apply to the Attorney-General for the provision of assistance under this section in relation to the inquiry, mediation or proceeding.

Assistance in relation to agreements and disputes

(2) A person who:
   (a) is or intends to become a party to an indigenous land use agreement or an agreement about rights conferred under subsection 44B(1); or
   (b) is in dispute with any other person about rights conferred under subsection 44B(1);
may apply to the Attorney-General for the provision of assistance under this section in relation to:
(c) negotiating the agreement; or
(d) any inquiry, mediation or proceeding in relation to the agreement; or
(e) resolving the dispute.

(3) A person who is, or intends to become, a grantee party in relation to a future act to which Subdivision P of Division 3 of Part 2 applies may apply to the Attorney-General for the provision of assistance under this section in relation to:
(a) the development of a standard form of agreement to facilitate negotiation in good faith as mentioned in paragraph 31(1)(b); or
(b) the development of a standard form of agreement which, if agreed by a grantee party in relation to a future act to which the Subdivision applies, would make it more likely that the Government party doing the act would consider it an act attracting the expedited procedure; or
(c) a review of an existing standard form of agreement mentioned in paragraph (a) or (b), with a view to improving the standard form.

Note: Subdivision P of Division 3 of Part 2 deals with the right to negotiate.

**Attorney-General may grant assistance**

(4) If the Attorney-General is satisfied that:
(a) the applicant is not eligible to receive assistance in relation to the matter concerned from any other source (including from a representative Aboriginal/Torres Strait Islander body); and
(b) the provision of assistance to the applicant in relation to the matter concerned is in accordance with the guidelines (if any) made under subsection (5); and
(c) in all the circumstances, it is reasonable that the application be granted;
the Attorney-General may authorise the provision by the Commonwealth to the applicant, either unconditionally or subject
Section 213A

to such conditions as the Attorney-General determines, of such legal or financial assistance as the Attorney-General determines.

Attorney-General may make guidelines

(5) The Attorney-General may, in writing, make guidelines that are to be applied in authorising the provision of assistance under this section.

Assistance not to be provided to Ministers

(6) The Attorney-General cannot authorise the provision of assistance under this section to the Commonwealth Minister, a State Minister or a Territory Minister.

Assistance not to be provided to native title claimants etc.

(7) The Attorney-General must not authorise the provision of assistance under this section to a person in relation to:
   (a) any claim by the person, in an inquiry, mediation or proceeding, to hold native title or to be entitled to compensation in relation to native title; or
   (b) an indigenous land use agreement, if the person holds or claims to hold native title in relation to the area covered by the agreement; or
   (c) an agreement or dispute about rights conferred under subsection 44B(1), if the person is included in the native title claim group concerned.

Delegation by Attorney-General

(8) The Attorney-General may, in writing, delegate any or all of his or her powers under subsection (4) to:
   (a) the Secretary of the Department; or
   (b) a person engaged under the Public Service Act 1999 who occupies a specified position in the Department.
Section 214

214 Application of amended rules of evidence in proceedings before the Federal Court

Scope

(1) This section applies to a proceeding before the Federal Court that relates to a matter arising under this Act if:
   (a) the hearing of the proceeding began before the commencement of Schedule 1 to the Evidence Amendment Act 2008; and
   (b) evidence has been adduced or admitted in relation to the proceeding.

Application of amendments

(2) Despite item 95 of that Schedule, the amendments of the Evidence Act 1995 made by that Schedule apply in relation to the proceeding if:
   (a) the parties to the proceeding consent to the amendments applying in relation to the proceeding; or
   (b) the Court orders, after taking into account the views of the parties to the proceedings, that it is in the interests of justice that the amendments apply in relation to the proceedings.

215 Regulations

(1) The Governor-General may make regulations prescribing matters:
   (a) required or permitted by this Act to be prescribed; or
   (b) necessary or convenient to be prescribed for carrying out or giving effect to this Act.

Prescribed fees

(2) Without limiting subsection (1):
   (a) the regulations may make provision:
(i) prescribing fees to be paid for inspecting the Register of Native Title Claims, the Register of Indigenous Land Use Agreements or the National Native Title Register; and
(ii) for or in relation to the waiver or refund, in whole or in part, of such fees; and

(aa) the regulations may make provision:
(i) prescribing fees to be paid to obtain access to, or information from, records or information kept by the Native Title Registrar as mentioned in section 98A; and
(ii) for or in relation to the waiver or refund, in whole or part, of such fees; and

(b) the regulations may make provision:
(i) prescribing fees to be paid in relation to applications to the Native Title Registrar; and
(ii) the waiver, in whole or in part, of those fees; and

(ii) for or in relation to the refund, in whole or in part, of fees so paid where proceedings on the applications terminate in a manner favourable to the applicants; and

(c) regulations prescribing fees may:
(i) prescribe fees in relation to a particular class or classes of applications only; and
(ii) prescribe different fees in relation to different classes of applications.

Registers

(3) Without limiting subsection (1), the regulations may make provision, not inconsistent with this Act, relating to the way in which:

(a) the Register of Native Title Claims; or
(b) the Register of Indigenous Land Use Agreements; or
(c) the National Native Title Register;

is to be established and kept, or relating to any other matter concerning such a register.
Part 13  Miscellaneous

Section 215

Divison 2—Key concepts: Native title and acts of various kinds etc.

223 Native title

Common law rights and interests

(1) The expression native title or native title rights and interests means the communal, group or individual rights and interests of Aboriginal peoples or Torres Strait Islanders in relation to land or waters, where:
   (a) the rights and interests are possessed under the traditional laws acknowledged, and the traditional customs observed, by the Aboriginal peoples or Torres Strait Islanders; and
   (b) the Aboriginal peoples or Torres Strait Islanders, by those laws and customs, have a connection with the land or waters; and
   (c) the rights and interests are recognised by the common law of Australia.

Hunting, gathering and fishing covered

(2) Without limiting subsection (1), rights and interests in that subsection includes hunting, gathering, or fishing, rights and interests.

Statutory rights and interests

(3) Subject to subsections (3A) and (4), if native title rights and interests as defined by subsection (1) are, or have been at any time in the past, compulsorily converted into, or replaced by, statutory rights and interests in relation to the same land or waters that are held by or on behalf of Aboriginal peoples or Torres Strait Islanders, those statutory rights and interests are also covered by the expression native title or native title rights and interests.
Definitions

Key concepts: Native title and acts of various kinds etc.

Division 2

Section 224

Note: Subsection (3) cannot have any operation resulting from a future act that purports to convert or replace native title rights and interests unless the act is a valid future act.

Subsection (3) does not apply to statutory access rights

(3A) Subsection (3) does not apply to rights and interests conferred by Subdivision Q of Division 3 of Part 2 of this Act (which deals with statutory access rights for native title claimants).

Case not covered by subsection (3)

(4) To avoid any doubt, subsection (3) does not apply to rights and interests created by a reservation or condition (and which are not native title rights and interests):

(a) in a pastoral lease granted before 1 January 1994; or
(b) in legislation made before 1 July 1993, where the reservation or condition applies because of the grant of a pastoral lease before 1 January 1994.

224 Native title holder

The expression native title holder, in relation to native title, means:

(a) if a prescribed body corporate is registered on the National Native Title Register as holding the native title rights and interests on trust—the prescribed body corporate; or
(b) in any other case—the person or persons who hold the native title.

225 Determination of native title

A determination of native title is a determination whether or not native title exists in relation to a particular area (the determination area) of land or waters and, if it does exist, a determination of:

(a) who the persons, or each group of persons, holding the common or group rights comprising the native title are; and
(b) the nature and extent of the native title rights and interests in relation to the determination area; and
Section 226

(c) the nature and extent of any other interests in relation to the determination area; and

(d) the relationship between the rights and interests in paragraphs (b) and (c) (taking into account the effect of this Act); and

(e) to the extent that the land or waters in the determination area are not covered by a non-exclusive agricultural lease or a non-exclusive pastoral lease—whether the native title rights and interests confer possession, occupation, use and enjoyment of that land or waters on the native title holders to the exclusion of all others.

Note: The determination may deal with the matters in paragraphs (c) and (d) by referring to a particular kind or particular kinds of non-native title interests.

226 Act

Section affects meaning of act in references relating to native title

(1) This section affects the meaning of act in references to an act affecting native title and in other references in relation to native title.

Certain acts included

(2) An act includes any of the following acts:

(a) the making, amendment or repeal of any legislation;

(b) the grant, issue, variation, extension, renewal, revocation or suspension of a licence, permit, authority or instrument;

(c) the creation, variation, extension, renewal or extinguishment of any interest in relation to land or waters;

(d) the creation, variation, extension, renewal or extinguishment of any legal or equitable right, whether under legislation, a contract, a trust or otherwise;

(e) the exercise of any executive power of the Crown in any of its capacities, whether or not under legislation;

(f) an act having any effect at common law or in equity.
Acts by any person

(3) An act may be done by the Crown in any of its capacities or by any other person.

227 Act affecting native title

An act affects native title if it extinguishes the native title rights and interests or if it is otherwise wholly or partly inconsistent with their continued existence, enjoyment or exercise.

228 Past act

Definition

(1) This section defines past act.

Acts before 1 July 1993 or 1 January 1994

(2) Subject to subsection (10), if:
   (a) either:
      (i) at any time before 1 July 1993 when native title existed in relation to particular land or waters, an act consisting of the making, amendment or repeal of legislation took place; or
      (ii) at any time before 1 January 1994 when native title existed in relation to particular land or waters, any other act took place; and
   (b) apart from this Act, the act was invalid to any extent, but it would have been valid to that extent if the native title did not exist;
   the act is a past act in relation to the land or waters.

Options exercised on or after 1 January 1994 etc.

(3) Subject to subsection (10), an act that takes place on or after 1 January 1994 is a past act if:
(a) it would be a past act under subsection (2) if that subsection were not limited in its application to acts taking place before a particular day; and

(b) it takes place:
   (i) in exercise of a legally enforceable right created by the making, amendment or repeal of legislation before 1 July 1993 or by any other act done before 1 January 1994; or
   (ii) in giving effect to, or otherwise because of, an offer, commitment, arrangement or undertaking made or given in good faith before 1 July 1993, and of which there is written evidence created at or about the time the offer, commitment, arrangement or undertaking was made; and

(c) the act is not the making, amendment or repeal of legislation.

Extensions, renewals etc.

(4) Subject to subsections (6) and (10), an act (the later act) that takes place on or after 1 January 1994 is a past act if:

(a) the later act would be a past act under subsection (2) if that subsection were not limited in its application to acts taking place before a particular day; and

(b) an act (the earlier act) that is a past act because of any subsection of this section (including because of another application of this subsection) took place before the later act; and

(c) the earlier act created interests in a person and the later act creates interests in:
   (i) the same person; or
   (ii) another person who has acquired the interests of the first person (by assignment, succession or otherwise); in relation to the whole or part of the land or waters to which the earlier act relates; and

(d) the interests created by the later act take effect before or immediately after the interests created by the earlier act cease to have effect; and
(e) the interests created by the later act permit activities of a similar kind to those permitted by the earlier act.

Examples of similar and dissimilar acts for the purposes of paragraph (4)(e)

(5) The following are examples for the purposes of paragraph (4)(e):

(a) the grant of a lease that permits mining only for a particular mineral followed by the grant of a lease that permits similar mining for another mineral is an example of a case where interests created by an earlier act permit activities that are of a similar kind to those permitted by a later act;

(b) the grant of a lease that permits only grazing followed by the grant of a lease that permits mining is an example of a case where interests created by an earlier act permit activities that are not of a similar kind to those permitted by a later act.

Cases excluded from subsection (4)

(6) Subsection (4) does not apply if:

(a) the earlier act was the creation of a non-proprietary interest in relation to land or waters and the later act is the creation of a proprietary interest in land or waters; or

(b) the earlier act was the creation of a proprietary interest in land or waters and the later act is the creation of a larger proprietary interest in land or waters; or

(c) if the earlier act contains a reservation or condition for the benefit of Aboriginal peoples or Torres Strait Islanders—the later act does not contain the same reservation or condition; or

(d) the earlier act or the later act is the making, amendment or repeal of legislation.

Example of earlier and later acts for the purposes of paragraph (6)(a)

(7) For the purposes of paragraph (6)(a), the issue of a licence followed by the grant of a lease is an example of an earlier act that

is the creation of a non-proprietary interest in relation to land and a later act that is the creation of a proprietary interest in land.

*Example of earlier and later acts for the purposes of paragraph (6)(b)*

(8) For the purposes of paragraph (6)(b), the grant of a lease followed by the grant of a freehold estate is an example of an earlier act that is the creation of a proprietary interest in land and a later act that is the creation of a larger proprietary interest in land.

*Other extensions, and developments, of earlier acts*

(9) Subject to subsection (10), an act (the later act) that takes place on or after 1 January 1994 is a *past act* if:

(a) the later act would be a past act under subsection (2) if that subsection were not limited in its application to acts taking place before a particular day; and

(b) an act (the earlier act) that is a past act because of any subsection of this section took place before the later act; and

(c) the earlier act contained or conferred a reservation, condition, permission or authority under which the whole or part of the land or waters to which the earlier act related was to be used at a later time for a particular purpose (for example, a reservation for forestry purposes); and

(d) the later act is done in good faith under or in accordance with the reservation, condition, permission or authority (for example, the issue in good faith of a licence to take timber under a reservation for forestry purposes); and

(e) the later act is not the making, amendment or repeal of legislation.

*Excluded acts*

(10) An act is not a *past act* if it is:

(a) the work commenced to be constructed or established before 1 January 1994 and the construction or establishment had not been completed by that day; or

(b) the work was constructed or established before 1 January 1994 and still existed on that day; or

(c) the work was constructed or established on or after 1 January 1994 and the construction or establishment is a past act because subsection 228(9) applies.

(1) This section defines intermediate period act.

Note: Intermediate period acts may be validated under Division 2A of Part 2.
Acts between 1.1.94 and 23.12.96

(2) Subject to subsection (3), an act is an intermediate period act if:

(a) the act took place at any time during the period from the beginning of 1 January 1994 until the end of 23 December 1996 when native title existed in relation to particular land or waters; and

(b) the act did not consist of the making, amendment or repeal of legislation, other than legislation that affects the native title by:

(i) creating a freehold estate, lease or licence over the land or waters; or

(ii) containing, making or conferring a reservation, proclamation or dedication under which the whole or part of the land or waters is to be used for a particular purpose; and

Note: An intermediate period act, such as the grant of a lease, may be validated under Division 2A of Part 2 even if the legislation under which the act was done is not so validated.

(c) the act was invalid to any extent because of Division 3 of Part 2 (disregarding section 24EBA) or for any other reason, but it would have been valid to that extent if the native title did not exist; and

(d) the act was not a past act (see section 228); and

(e) at any time before the act was done, either:

(i) a grant of a freehold estate or a lease (other than a mining lease) was made covering any of the land or waters affected by the act; or

(ii) a public work was constructed or established on any of the land or waters affected by the act; and

(f) the grant, or the construction or establishment, mentioned in paragraph (e) was valid (including because of any provision of this Act).

Exclusion by regulation

(3) The regulations may provide that an act is not an intermediate period act.
232B Category A intermediate period act

(1) This section defines the expression **category A intermediate period act**.

Grant of freehold estates

(2) An intermediate period act consisting of the grant or vesting of a freehold estate is a **category A intermediate period act**.

   (d) a residential lease; or
   (e) a community purposes lease (see section 249A); or
   (f) what is taken by subsection 245(3) (which deals with the dissection of mining leases into certain other leases) to be a separate lease in respect of land or waters mentioned in paragraph (a) of that subsection, assuming that the reference in subsection 245(2) to “1 January 1994” were instead a reference to “24 December 1996”; or
   (g) any lease (other than a mining lease) that confers a right of exclusive possession over particular land or waters;

is a **category A intermediate period act**.

Vesting of certain land or waters

Section 232C

(c) a right of exclusive possession of the land or waters is expressly or impliedly conferred on the person by or under the legislation; the intermediate period act is a category A intermediate period act.

Construction of public works

(7) An intermediate period act consisting of the construction or establishment of any public work is a category A intermediate period act.

(8) An intermediate period act is not a category A intermediate period act if it is:

(a) the grant or vesting of any thing that is made or done by or under legislation that makes provision for the grant or vesting of such things only to, in or for the benefit of, Aboriginal peoples or Torres Strait Islanders; or

(b) the grant or vesting of any thing expressly for the benefit of, or to or in a person to hold on trust expressly for the benefit of, Aboriginal peoples or Torres Strait Islanders; or

Exclusion by regulation

(9) The regulations may provide that an act is not a category A intermediate period act.

232C Category B intermediate period act

A category B intermediate period act is an intermediate period act consisting of the grant of a lease if:

(a) the grant is not a category A intermediate period act; and

232E Category D intermediate period act

A category D intermediate period act is any intermediate period act that is not a category A intermediate period act, a category B intermediate period act or a category C intermediate period act.

233 Future act

Definition

(1) Subject to this section, an act is a future act in relation to land or waters if:

(a) either:

(i) it consists of the making, amendment or repeal of legislation and takes place on or after 1 July 1993; or

(ii) it is any other act that takes place on or after 1 January 1994; and

(b) it is not a past act; and

(c) apart from this Act, either:

(i) it validly affects native title in relation to the land or waters to any extent; or

(ii) the following apply:
Section 237

(A) it is to any extent invalid; and
(B) it would be valid to that extent if any native title in relation to the land or waters did not exist; and
(C) if it were valid to that extent, it would affect the native title.

Validation and extinguishment legislation excluded

(2) If:
   (a) the act consists of the making, amendment or repeal of legislation; and
   (b) the act purports to:
      (i) validate any past act or intermediate period act; or
      (ii) extinguish native title, or extinguish native title rights and interests to an extent; and
   (c) the act is done or permitted to be done by Division 2, 2A or 2B of Part 2;
subsection (1) does not apply to the extent that the act purports to validate the act, or to extinguish the native title or the native title rights and interests.

Acts creating or affecting Aboriginal/Torres Strait Islander land or waters excluded

(3) Subsection (1) does not apply to any of the following acts:
   (a) an act that causes land or waters to be held by or for the benefit of Aboriginal peoples or Torres Strait Islanders under a law mentioned in the definition of *Aboriginal/Torres Strait Islander land or waters* in section 253;
   (b) any act affecting Aboriginal/Torres Strait Islander land or waters.

237 Act attracting the expedited procedure

A future act is an *act attracting the expedited procedure* if:
(a) the act is not likely to interfere directly with the carrying on of the community or social activities of the persons who are the holders (disregarding any trust created under Division 6 of Part 2) of native title in relation to the land or waters concerned; and

(b) the act is not likely to interfere with areas or sites of particular significance, in accordance with their traditions, to the persons who are the holders (disregarding any trust created under Division 6 of Part 2) of the native title in relation to the land or waters concerned; and

(c) the act is not likely to involve major disturbance to any land or waters concerned or create rights whose exercise is likely to involve major disturbance to any land or waters concerned.

237A  Extinguish

The word *extinguish*, in relation to native title, means permanently extinguish the native title. To avoid any doubt, this means that after the extinguishment the native title rights and interests cannot revive, even if the act that caused the extinguishment ceases to have effect.

238  Non-extinguishment principle

*Effect of references*

(1) This section sets out the effect of a reference to the non-extinguishment principle applying to an act.

*Native title not extinguished*

(2) If the act affects any native title in relation to the land or waters concerned, the native title is nevertheless not extinguished, either wholly or partly.

*Rights and interests wholly ineffective*

(3) In such a case, if the act is wholly inconsistent with the continued existence, enjoyment or exercise of the native title rights and
interests, the native title continues to exist in its entirety but the rights and interests have no effect in relation to the act.

Rights and interests partly ineffective

(4) If the act is partly inconsistent with the continued existence, enjoyment or exercise of the native title rights and interests, the native title continues to exist in its entirety, but the rights and interests have no effect in relation to the act to the extent of the inconsistency.

Who the native title holders are

(5) Despite the fact that the native title rights and interests have no effect (as mentioned in subsection (3)) or have only limited effect (as mentioned in subsection (4)) in relation to the act, the persons who are entitled in accordance with the traditional laws and customs, as applying from time to time, to possess those rights and interests continue to be the native title holders, subject to Division 6 of Part 2 (which deals with the holding of native title on trust).

Complete removal of act or its effects

(6) If the act or its effects are later wholly removed or otherwise wholly cease to operate, the native title rights and interests again have full effect.

Partial removal of act or its effects

(7) If the act or its effects are later removed only to an extent, or otherwise cease to operate only to an extent, the native title rights and interests again have effect to that extent.

Example of operation of section

(8) An example of the operation of this section is its application to a category C past act consisting of the grant of a mining lease that confers exclusive possession over an area of land or waters in relation to which native title exists. In such a case the native title
rights and interests will continue to exist but will have no effect in relation to the lease while it is in force. However, after the lease concerned expires (or after any extension, renewal or re-grant of it to which subsection 228(3), (4) or (9) applies expires), the rights and interests again have full effect.

239 Act attributable to the Commonwealth, a State or a Territory

An act is attributable to the Commonwealth, a State or a Territory if the act is done by:
(a) the Crown in right of the Commonwealth, the State or the Territory; or
(b) the Parliament or Legislative Assembly of the Commonwealth, the State or the Territory; or
(c) any person under a law of the Commonwealth, the State or the Territory.

240 Similar compensable interest test

The similar compensable interest test is satisfied in relation to a past act, an intermediate period act or a future act if:
(a) the native title concerned relates to an onshore place; and
(b) the compensation would, apart from this Act, be payable under any law for the act on the assumption that the native title holders instead held ordinary title to any land or waters concerned and to the land adjoining, or surrounding, any waters concerned.
Division 3—Leases

241 Coverage of Division

This Division contains definitions relating to leases.

242 Lease

(1) The expression lease includes:
   (a) a lease enforceable in equity; or
   (b) a contract that contains a statement to the effect that it is a lease; or
   (c) anything that, at or before the time of its creation, is, for any purpose, by a law of the Commonwealth, a State or a Territory, declared to be or described as a lease.

References to mining lease

(2) In the case only of references to a mining lease, the expression lease also includes a licence issued, or an authority given, by or under a law of the Commonwealth, a State or a Territory.

243 Lessee

(1) Subject to subsection (2), the expression lessee includes any person who, by assignment, succession, sub-lease or otherwise, acquires, enjoys or is entitled to exercise any of the interests under the lease of a lessee (including of a person who is a lessee because of another application or applications of this section).

Lessee of certain mining leases

(2) In the case of a lease that is a mining lease because of subsection 242(2) (which covers licences and authorities given by or under laws), the expression lessee means:
   (a) the person to whom the licence mentioned in that subsection was issued, or the authority so mentioned was given; or

Section 244

(b) any person who, by assignment, succession or otherwise, acquires or enjoys the licence or authority or is entitled to exercise rights under the licence or the authority.

244 Permit

Definition

(1) The expression permit, in a reference to a lease permitting a thing, means permit:
   (a) expressly by the terms of the lease; or
   (b) by implication from the terms of the lease; or
   (c) otherwise (including expressly, or by implication, from the operation of legislation).

Example of implication from legislation

(2) An example of a thing permitted by implication from the operation of legislation is where the legislation states that, if a lease is not renewed, compensation is payable for any building constructed on the land subject to the lease. The construction of the building is permitted by implication from the statement.

245 Mining lease

Definition

(1) A mining lease is a lease (other than an agricultural lease, a pastoral lease or a residential lease) that permits the lessee to use the land or waters covered by the lease solely or primarily for mining.

Mining leases to which subsection (3) applies

(2) Subject to subsection (4), subsection (3) applies to a mining lease if the lease was in force at the beginning of 1 January 1994 (the test time) and either or both of the following paragraphs apply:
   (a) the following conditions are satisfied:
Part 15  Definitions
Division 3  Leases

Section 245

(i) a city, town or private residences had been wholly or partly constructed at the test time on a part of the land or waters covered by the lease;

(ii) the construction was permitted by the lease;

(iii) in the case of any private residences—they had been, or were being, constructed as fixtures and it was reasonably likely at the test time that, if mining under the lease were to cease at any later time, they would continue to be used as private residences;

(b) the following conditions are satisfied:

(i) other buildings or works had been wholly or partly constructed as fixtures at the test time, on a part of the land or waters covered by the lease, for carrying on an activity in connection with any city, town or private residences covered by paragraph (a);

(ii) the construction was permitted by the lease;

(iii) it was reasonably likely at the test time that, if mining under the lease were to cease at any later time, the buildings or works would continue to be used to carry on the same activity, or a similar activity, in connection with any city, town or private residences mentioned in paragraph (a).

Dissection of mining lease

(3) If this subsection applies to a mining lease, the lease is taken instead to consist of separate leases in respect of:

(a) the part of the land or waters in respect of which paragraph (2)(a) or (b), or both paragraphs, are satisfied; and

(b) the remainder of the land or waters.

Exclusion of certain cities, towns etc.

246 Commercial lease

Definition

(1) A commercial lease is a lease (other than a mining lease) that permits the lessee to use the land or waters covered by the lease solely or primarily for business or commercial purposes. The defining of agricultural lease, pastoral lease and residential lease in sections 247, 248 and 249 is not intended to limit the coverage of commercial lease.

Examples of a commercial lease

(a) construction on land of a building to be used for business or commercial purposes, or of a hotel, motel or tourist resort, is an example of use of the land for business or commercial purposes; and

248A Exclusive pastoral lease

An exclusive pastoral lease is a pastoral lease that:
(a) confers a right of exclusive possession over the land or waters covered by the lease; or
(b) is a Scheduled interest.

(a) the lease is in perpetuity;
(b) the lease may be forfeited, cancelled or otherwise cease to have effect for failure to pay rent or for contravention of a condition or conditions.

(a) anything set out in Schedule 1, other than a mining lease or anything whose grant or vesting is covered by subsection 23B(9), (9A), (9B), (9C) or (10) (which provide that certain acts are not previous exclusive possession acts); or
(b) an interest, in relation to land or waters, of a type declared by a regulation for the purposes of this paragraph to be a Scheduled interest.

*Regulations to cover single type of interest only*

(2) A particular regulation only has effect for the purposes of paragraph (1)(b) if it covers a single type of interest.

*Regulations to cover exclusive possession interests only*

(3) Before the Governor-General makes a regulation for the purposes of paragraph (1)(b) declaring a particular interest to be a Scheduled interest, the Minister must be satisfied that the interest confers a right of exclusive possession that extinguishes all native title rights and interests over the land or waters concerned.
