1. In a letter dated 14 March 2001, the Government of *Mexico* stated that bilateral trade and political dialogue with the Government of Myanmar were minimal and that there were no bilateral mechanisms, legal instruments or cooperation projects under way or in the process of being negotiated between Mexico and Myanmar. The Government had communicated the recommendations contained in the Conference resolution to the country's most representative employers' and workers' organizations. Of these, the Confederation of Workers of Mexico had begun trade union action on this matter through its representative in the ILO Governing Body.
