

FIRST ITEM ON THE AGENDA

**Compendium of rules applicable to the
Governing Body: Progress in finalization**

1. At its 294th Session (November 2005), the Governing Body approved the *Compendium of rules applicable to the Governing Body* and requested the Office to publish it without delay.¹ The *Compendium* is a consolidation in a single document of the existing rules applicable to the Governing Body.
2. The Governing Body also encouraged the Office to prepare a table of contents and index, which would enable Governing Body members to locate information quickly and easily. Work in this regard has been commenced with a view to a publication being available to the 295th Session (March 2006) of the Governing Body.
3. In the interim, the document is available at: <http://www.ilo.org/public/english/standards/relm/gb/docs/gb294/pdf/gb-9.pdf>.

Geneva, 24 January 2006.

Submitted for information.
