##### Failure to supply information in reply to comments made by the Committee of Experts

The Government has provided the following written information.

We wish to emphasize that the delay in meeting this obligation was primarily due to a comprehensive reorganization of the state administration carried out during 2024, which adversely affected the regular process of report preparation and submission.

We hereby inform the Committee that the reports concerning the implementation of ratified Conventions have been duly prepared and submitted to the International Labour Office–International Labour Standards Department on 16 May 2025. The reports provide responses to all the observations and direct requests made by the Committee of Experts. The Government of Montenegro remains fully committed to the timely fulfilment of its international obligations including the reporting obligations under article of 22 the ILO Constitution.
