

Committee on the Application of Standards

Date: 23 May 2025

Governments concerned are invited to submit written information on serious failure to report by 27 May 2025

▶ Information on cases of serious failure to respect reporting and other standards-related obligations supplied by governments

South Sudan

Failure to supply information in reply to comments made by the Committee of Experts

The Government has provided the following written information.

The Republic of South Sudan has the pleasure to echo its apology due to delays in reporting on the ratified Conventions. There have been numerous challenges affecting the country and particularly the Ministry of Labour that is tasked with the responsibility of reporting. However, we are trying our best to meet the required reporting standards as per international labour standards.
