Fire Hazards

Risks:

01

Burns from
flames or hot
surfaces

Smoke
inhalation
choking, or
toxic gases

02

Rapid fire spread
through hay, fuel
chemical or wood

03

Stay Safe:

Never smoke or light fires
near barns, fuel, or chemicals

Keep fire extinguishers
accessible and train workers

Store flammables safely in
metal cabinets away from heat

Maintain clean, clutter-free buildings

Use fire-resistant materials
and safe wiring/tools

Avoid welding or grinding
near flammable items

Tips:

Assign pregnant workers
to low-risk tasks

Supervise youth and ensure
they know evacuation steps

Be Prepared:

Know escape routes and
post emergency numbers

Conduct seasonal fire drills
