

Committee on the Application of Standards

Date: 1 June 2026

► Provisional working schedule

Individual Cases: Cases included in the final list will be automatically registered and evenly distributed by the Office, on the basis of a rotating alphabetical system, following the French alphabetical order. This year, the registration will begin with countries with the letter "X". The complexity of cases may also be taken into account to ensure more predictability and to allow a case to be discussed in the same session/day.

Cases will be divided in two groups: the first group of countries to be registered following the above alphabetical order will consist of those cases in which a double footnote was inserted by the Committee of Experts and are found in [paragraph 70](#) of the Committee's report. The second group of countries will consist of all the other cases on the final list and they will be registered by the Office following the above-mentioned alphabetical order. The case numbers set in the provisional schedule below do not correspond to any particular countries until the final list is adopted.
