Hungary

Failure to submit instruments to the competent authorities

The Government has provided the following written information.

Hungary remains fully committed to the work of the ILO and to the fulfilment of its obligations related to international labour standards. We highly value our long-standing cooperation with the ILO and the support provided by the Office.

At present, the formation of the new Government is still under way at the operational level. Once all new ministries have been established, the competent authorities will take the necessary steps to submit the relevant Conventions and Recommendations to the National Assembly.

In this regard, we kindly ask for your patience and understanding during this transitional period.

Please be assured that Hungary remains devoted to constructive cooperation within the framework of the ILO.
