

WORKSHOP AGENDA

“Network and Experience Exchange to Become Safe and Healthy Entertainment Business”

Objective:

Provide technical assistance to the pilot entertainment businesses to improve safe and healthy working conditions through promotion of networking and experience exchange among them. After the workshop, the participating businesses are expected to have information of good practices in areas of: staff recruitment and promotion, violence risks management, occupational health risks management, safety and hygiene, which may help them in designing and implementing necessary related actions for their own business.
