Green and Sustainable Hospitality &
Tourism: An Academia Perspectives

- ❖ Frangipani Langkawi Resort & Spa was opened in 2005, taking over an old resort built in 1991 and making it the Greenest, Sustainable Eco resort in Malaysia with over 200 ways to save.

SAVES WATER

SAVES WATER

Green practices- Natural and Passive Design

Morning glory

Casuarinas leaves

Golden shower

Green practices- Natural and Passive Design

Natural lighting and ventilation
