

Youth Employment

Overview and Trends

Youth Employment

Overview and Trends

YouTube

Young people are...

73 Million to be unemployed

36 Million in Asia-Pacific

20% of ASEAN labour force

5.3 times more likely to be unemployed than adults

Meanwhile...

Up to 14 million children in the region may still not be enrolled in school by 2015

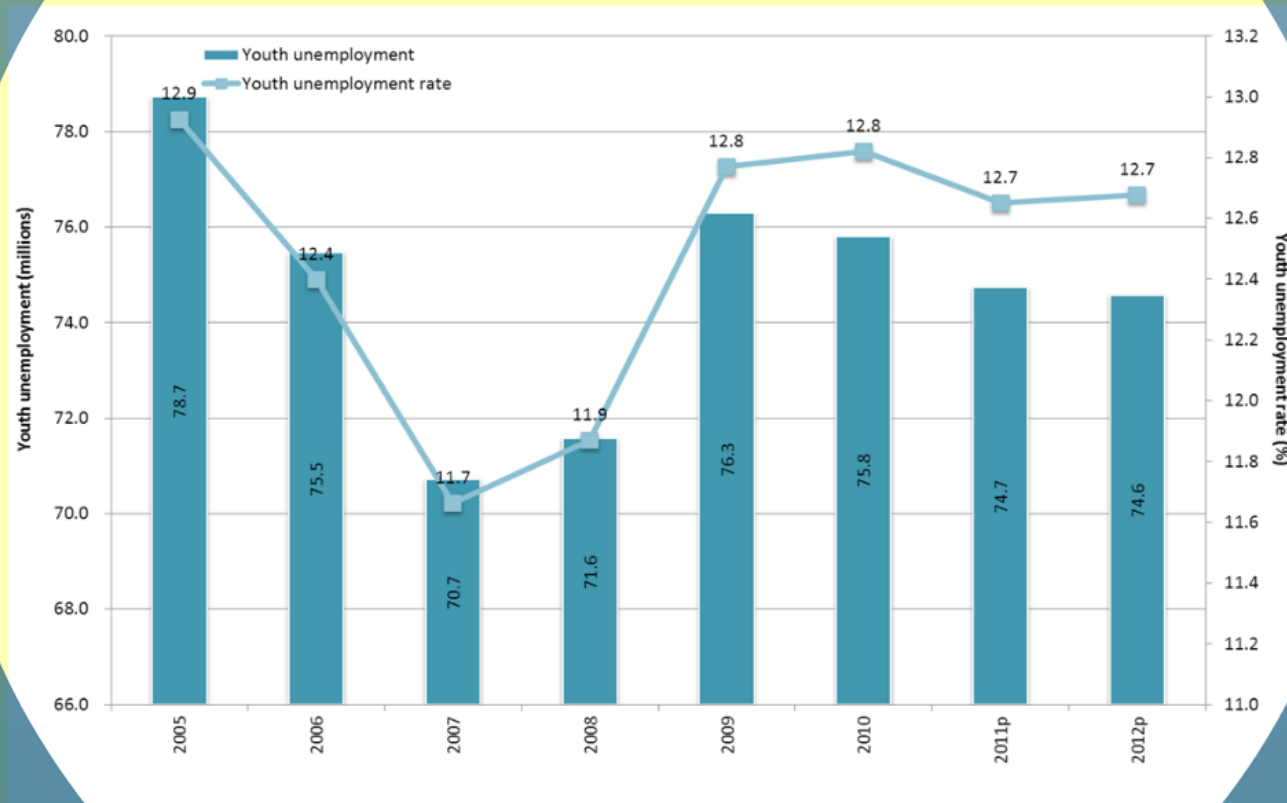

Skills programs do not reach out to the most vulnerable youth

Young people suffer from the lack of any form of orientation and career guidance

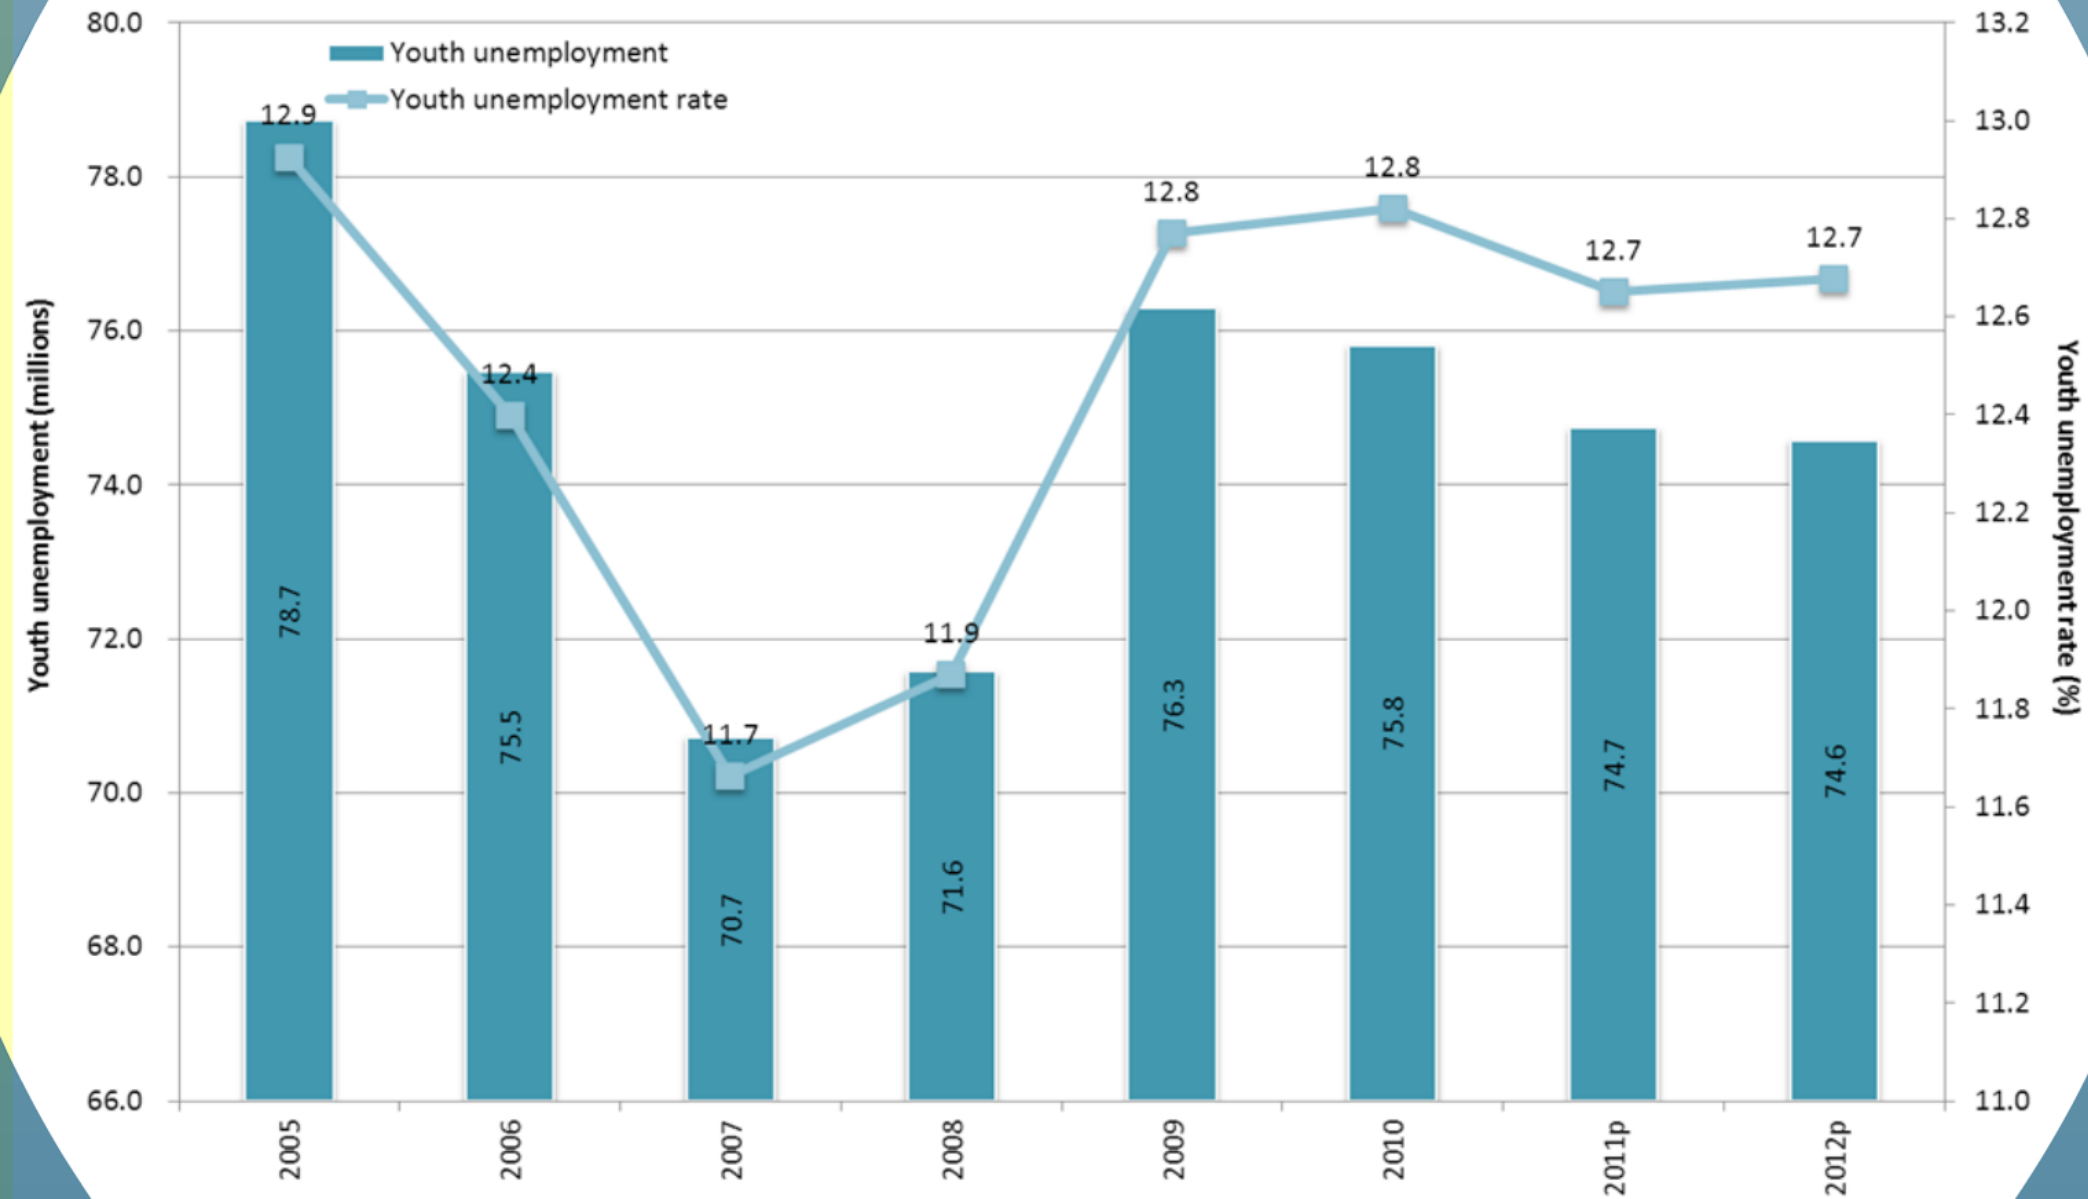

Entrepreneurship is not always presented as an option

Data is often not available and not analyzed

Decent Work

Growth and jobs strategies that establish clear youth employment priorities, objectives and measurable indicators

National budgets that allocate appropriate resources for the implementation of the strategies

Balanced approach with supply-side measures and interventions to increase labour demand and the quality of jobs for young workers.

Young people and social partners play a **critical role** in national and local labour policies and programmes:
