Social Protection in German Development Cooperation

Social Protection Inter-Agency Board
1st meeting, July 2nd – 3rd 2012, NY

Sascha Reeb (BMZ) & Matthias Rompel (GIZ)

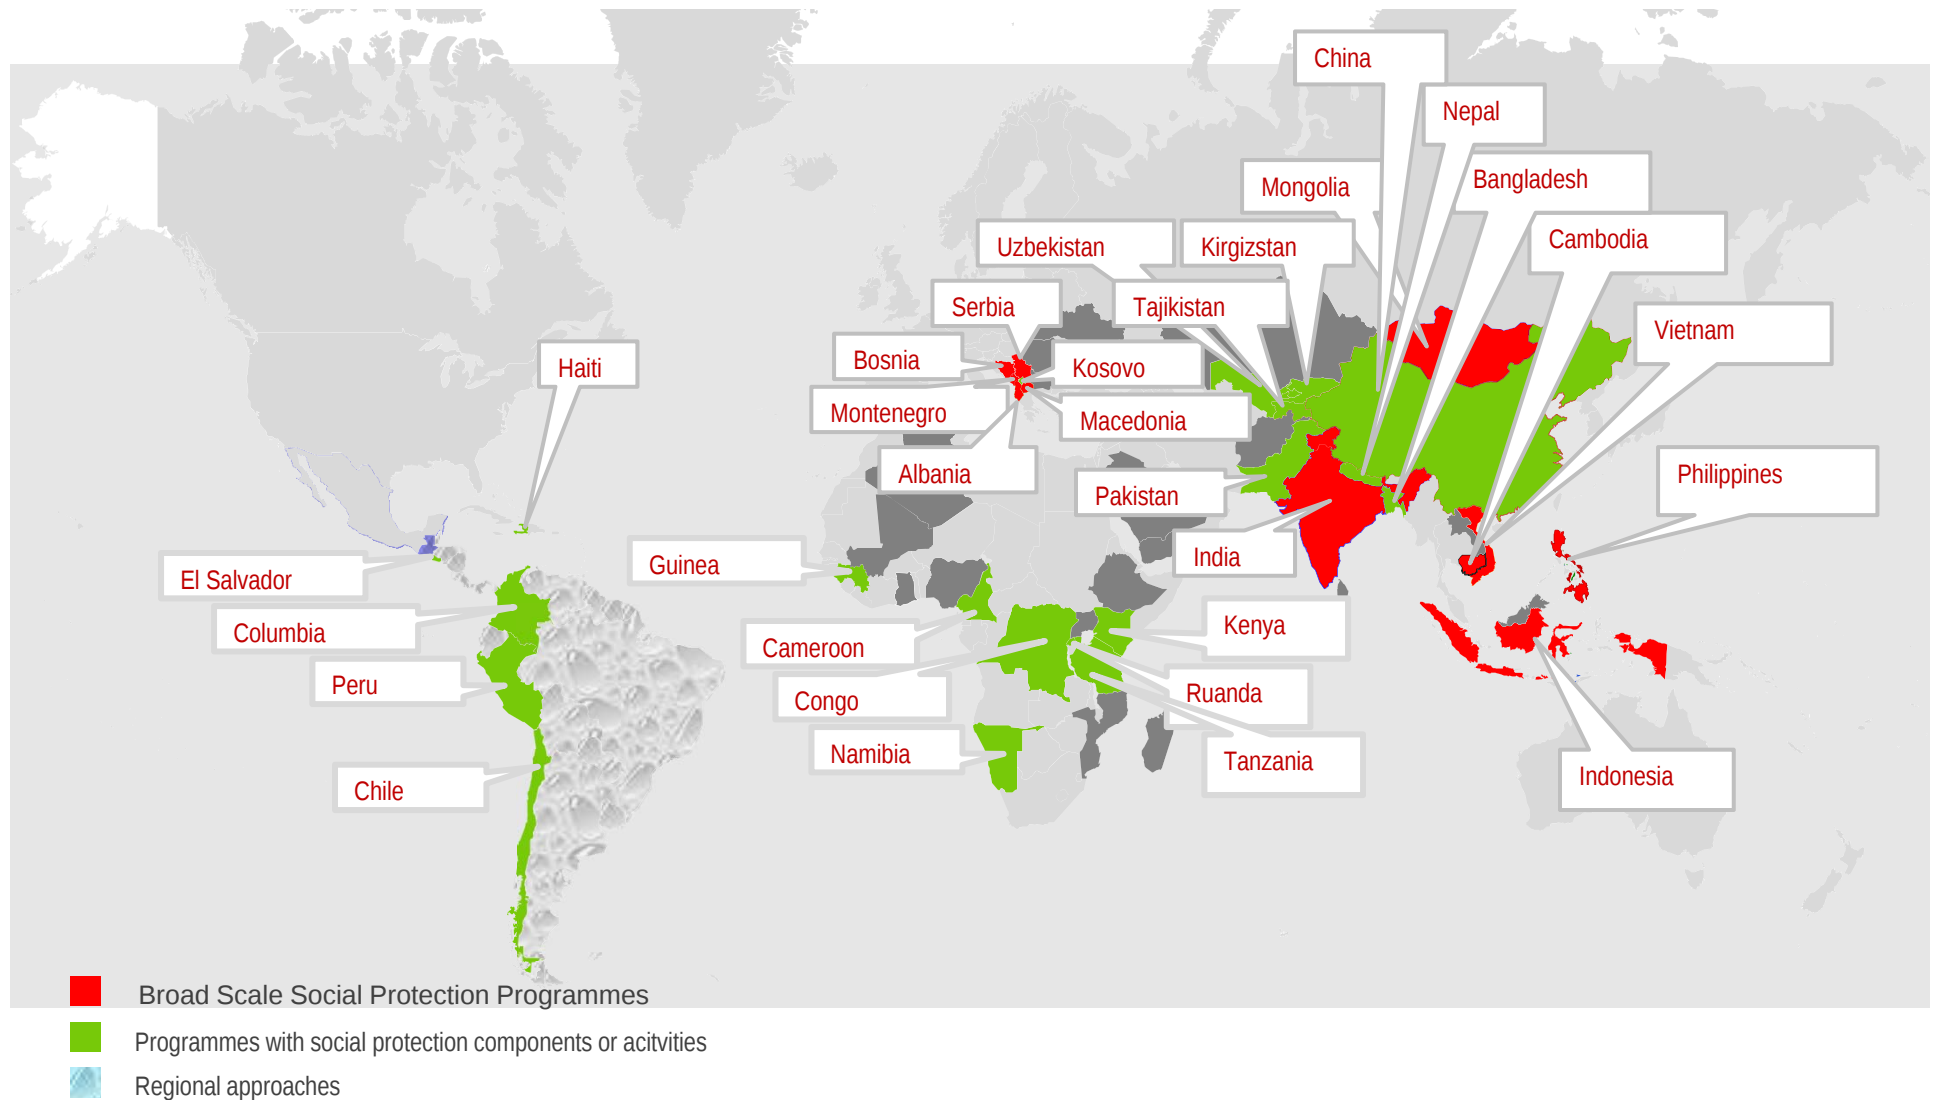

BMZ Sector Policy Social Protection (since 2009)

- Intersectoral approach
- Country support tailored to needs and preconditions of the partner country (no blueprints)
- Aim: Comprehensive and inclusive social protection systems
- Focal areas for implementation at country level:
 - Social Health Protection
 - Basic Social Protection (incl. Social Cash Transfers)
 - Old-Age Protection
 - Microinsurances
 - Social Policy and Systems Advice
- Cross-cutting: informal sector workers, including the poorest and most vulnerable groups (e.g. persons with disabilities)

GDC Portfolio in Social Protection *(except global programmes)* :

Technical & Financial Cooperation with some 30 countries

Cooperation and Coordination with DPs

- Importance of coordinated approach on global, regional and country levels in the spirit of Paris Declaration and Accra AA
- Experiences: enhanced efficiency and added value through inter-gearing bi- & multilateral approaches
- Example: P4H network with ILO, WHO, World Bank, African Development Bank, Bilaterals (Germany, France, Switzerland, Spain) on global level and flexible country support networks comprising more partners
 - platform for harmonizing contributions from a broad range of development partners
 - P4H partners engage in joint & coordinated country support through their existing structures (P4H is no new fund or new organization).

P4H partner network at country level complemented by regional and global expertise; a joint action plan for support.

Example of systems approach: SP-Programme Indonesia

- Development Partner: AusAID, World Bank, ILO, ADB, UNICEF, others
- **National Development Planning Agency (*BAPPENAS*)**
 - advice on strategy development and medium / long term planning for a comprehensive SP system
 - establishing mechanisms for inter-institutional coordination & safeguarding policy coherence through SP sub-systems
- **National Social Security Council (*DJSN*)**
 - technical & organizational capacity building on implementation of “law 40” (stipulation of 5 social security branches)
 - policy advice on reaching universal health coverage until 2014 (currently 64 % of total population of 237.6 m)

BMZ

Federal Ministry
for Economic Cooperation
and Development

- **National Team for Acceleration of Poverty Reduction (TNP2K) - Vice-President's Office:**
 - advice and consensus building for social health protection scheme for families below the poverty line (JAMKESMAS: 76,4 m)
- **Ministry of Social Affairs (KEMENSOS)**
 - strengthening efficiency of CCT scheme for the poorest (currently covering 1.5m families, to be scaled-up by 2014 to 3 m families)
 - development of M&E system
- **Ministry of Health (KEMENKES)**
 - Capacity development for health insurance regulation
