

International
Conference of
Labour Statisticians
11-20 October 2023

Update of the resolutions and guidance
on the measurement of work-related
income

Update of the resolutions and guidance on the measurement of work-related income

Mise à jour des résolutions et de la documentation concernant la mesure des revenus liés au travail

Actualización de las resoluciones y las orientaciones sobre la medición de los ingresos relacionados con el trabajo

Participants in the Conference will be asked to express their views on: (a) the proposed amendments to the 16th ICLS resolution I and the 17th ICLS resolution I; (b) the priorities for future work, referring to the areas identified in the room document on the amendment of existing standards and guidance on work-related income; and (c) whether there is a need to develop new statistical standards for presentation to the 22nd ICLS, necessitating the establishment of a working group of experts or, if not, how else this work could be advanced.

Les participants à la Conférence seront invités à donner leur avis sur: a) les propositions d'amendements à la résolution I de la 16e CIST et à la résolution I de la 17e CIST; b) les priorités des travaux futurs, à partir des domaines indiqués dans le document de séance sur la modification des normes et de la documentation actuelles sur les revenus liés au travail; c) la nécessité ou non d'établir de nouvelles normes statistiques à présenter à la 22e CIST, ce qui supposerait la création d'un groupe d'experts ou, dans la négative, la manière dont ces travaux pourraient être menés à bien.

Se pedirá a los participantes en la Conferencia que expresen sus puntos de vista en cuanto a: a) las propuestas de enmiendas a la Resolución I de la 16.^a CIET y la Resolución I de la 17.^a CIET; b) las prioridades respecto a la labor futura, que se refieren a las esferas señaladas en el documento de sala relativo a la modificación de las normas y orientaciones existentes sobre los ingresos relacionados con el trabajo, y c) si es necesario elaborar nuevas normas estadísticas para su presentación a la 22.^a CIET, lo que requeriría la creación de un grupo de trabajo de expertos, o, en caso contrario, de qué otra forma podría impulsarse esta labor.
