

ILO ACTRAV Regional Symposium – Asia Pacific
WORKERS' EDUCATION AND CAPACITY BUILDING FOR TRADE UNION REVITALIZATION
16-18 August 2023 | Online

Day 3.

EXPLORING CONTEMPORARY METHODOLOGIES AND APPROACHES ON WORKERS' EDUCATION

18 August 2023 | Friday | 9:30 – 12:00 | Zoom

Background

The digital gap and compounding factors, including recurrent power outages, intermittent and high cost of internet connection, are constraints to effective and efficient online learning.

The day three sessions will explore practical solutions, maximization and utilization of worker-appropriate and technology-supported teaching and learning methodologies and approaches for trade union learners given the above difficulties. It will explore country experiences, perspectives and innovations in workers' education to meet workers' ever-changing capacity development needs. In addition, the session will discover the pedagogies, methodologies, solutions, partnerships with learning institutions and sustainability practices that make workers' education available and accessible to all.

Furthermore, a dedicated session will focus on digital inclusion and workers' access to online education through the policies, practices, and offers of the Learning Innovation Programme of the ITCILO.

Run of show
