

▷ Global Launch and Worldwide events to commemorate the World Day for Safety and Health at Work 2022

This year's World Day for Safety and Health at Work 2022, commemorated on April 28th, 2022, focused enhancing social dialogue towards a culture of safety and health.

On the 28 April 2021, a Global Virtual Launch event was held, hosted by the ILO headquarters in Geneva. The global launch was attended by several thousand attendees on Zoom and was viewed on YouTube and other platforms by over 5000 people.

“

By acting together, we will be better equipped to face future crises and the many changes ahead in the future of work.

**Guy Ryder,
ILO Director-General**

[See full statement here.](#)

“

Social dialogue improves the quality of policies, because employers and workers have in-depth knowledge of the needs and realities of workplaces.

**Vera Paquete-Perdigao
Director, Governance and
Tripartism Department, ILO**

► World Day events around the world

The Global Launch of the World Day for Safety and Health at Work, as well as the day itself and other commemorative events, received press coverage and social media exposure around the world.

ILO constituents around the world organized regional and national webinars, social media campaigns, lectures, virtual dialogues and other various themed events to commemorate the World Day for Safety and Health at Work.

These events included participation by OSH professionals, employers, workers, national officials, students and a range of other people interested in occupational safety and health at work.

Regional and national events were held all around the world, including events in the regions of the African continent, Europe, North America, Latin America and the Caribbean, Asia and the Pacific. Many workplaces also held events for their employees to commemorate the day
