PROJECT TITLE	START DATE	END DATE	DONOR
Working street children in the Leningrad region: Initial action to fight the worst forms of child labour	1 February 2003	31 January 2010	Finland
Objective: This project aims to make a significant contribution into improving the conditions of children engaged in the worst forms of child labour in the Leningrad Region of the Russian Federation. By the end of the project: (1) staff of State institutions and organisations, social partners and NGOs will have been capacitated on combating effectively the problem of working street children in the Leningrad Region through child labour policy implementation, enhanced social dialogue, and dissemination of practical rehabilitative and preventative models and (2) the previously created models of rehabilitation and reintegration of working street children and children at risk will have been effectively applied in the Vyborg District of the Leningrad Region.
