| <b>Preparation and design of IPEC project documents funded in FY2002</b>                                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>30 April 2002</b>     | <b>31 October 2006</b>  | <b>United States</b> |
| <b>Objective:</b> The overall objective of the project is to develop and finalize for submission to USDOL, 21 project documents included in FY2002 Work Plan by July/August 2002 and prepare the background documents by March 2003 that will enable IPEC to formulate project proposals for Time-Bound Programs in Ecuador, Pakistan, Senegal, Turkey, Thailand and Indonesia, as soon as donor funding has been identified.                                                                             |                          |                         |                      |
| <b>National programme to combat child labour in Mongolia - Phase 2</b>                                                                                                                                                                                                                                                                                                                                                                                                                                    | <b>30 September 2002</b> | <b>31 August 2006</b>   | <b>United States</b> |
| <b>Objective:</b> The overall objective of the project is to reinforce previous activities, although it includes assistance to the Mongolian Government in implementing Convention 182 as well, which was ratified in October 2000. The activities related to this objective include advocacy, awareness raising, capacity building, data collection and direct actions in order to withdraw existing child labourers and prevent children at risk of becoming child labourers.                           |                          |                         |                      |
| <b>Preventing and Eliminating Exploitative Child Domestic Work through Education and Training in South East an East Asia</b>                                                                                                                                                                                                                                                                                                                                                                              | <b>01 March 2004</b>     | <b>28 February 2006</b> | <b>Netherlands</b>   |
| <b>Objective:</b> The purpose of the project is to contribute to the progressive and effective elimination of child labour in East and South East Asia and is composed by 2 strategic components. Firstly, the creation of an enabling environment through building knowledge and capacity building activities in order to raise the awareness on child labour and push to a legal reform. Secondly, direct actions such as education, legal assistance, training and counselling.                        |                          |                         |                      |
| <b>Preparation and design of IPEC projects for United States funding starting in 2005</b>                                                                                                                                                                                                                                                                                                                                                                                                                 | <b>01 February 2005</b>  | <b>30 April 2007</b>    | <b>United States</b> |
| <b>Objective:</b> The objective is that, at the end of this project, projects and addendums to projects will have been designed and the project documents and addendum proposals submitted to the United States Department of Labour (USDOL) by end July 2005 for review and finalized during the August/September 2005 period.                                                                                                                                                                           |                          |                         |                      |

| <b>Objective:</b> This programme on child labour will contribute to the enhanced capacity and participation of employers' organizations and their members in national efforts aimed at combating child labour and especially its worst forms. The programme will target specifically the agricultural sector (including fisheries) and the mining sector, which are sectors where a great deal of child labour is found and which are of relevance to employers' organizations in the selected countries. |                          |                         |                      |
