

# EVALUATION OF THE PROJECT TECHNICAL RECOMMENDATIONS TO THE LEGAL ACTS transposing individual OSH directives\*

## Key conclusions

**Very good quality**  
of the ILO Project technical  
recommendations

**Very good practical application**  
for better alignment of the national legal  
acts with International and European labour  
standards

**High probability**  
**of being reflected**  
in the legal acts

## Detailed evaluation results

| DRAFT/ACTING LEGAL ACTS COVERED<br>BY TECHNICAL RECOMMENDATIONS                                                                                | TRANPOSED<br>EU DIRECTIVES | THE ILO PROJECT TECHNICAL RECOMMENDATIONS |                            |                                                      |
