Output 1.1

Outcome 1

Proposed revised legislation, procedures and policies, with a special focus on OSH and labour inspection, in line with the EU Acquis and ILO Conventions

Output 1.1

Recommendations to bring national legislation on OSH and selected labour law issues in line with the EU *acquis* presented to the national constituents

Recommendations inserted in the “Guidelines and recommendations to the concept on the reform of the national system for occupational risk prevention and promotion of OSH”

Recommendations included in the “National OSH Profile of Ukraine”.

Recommendations introduced on the ILO comments' columns of the 6 tables of concordance.

Recommendations provided within consulting activities on the draft regulations to implement directives 89/654 (Workplaces), 89/656 (PPE), 2009/104 (Work equipment) and 92/57 (Temporary and mobile construction sites)

Main challenges:

- To give priority to the alignment of national legislation with the EU OSH framework directive 89/391/EEC
- To ensure the political support necessary for the Parliament to approve the transposing law

Output 1.2

Outcome 1

Proposed revised legislation, procedures and policies, with a special focus on OSH and labour inspection, in line with the EU Acquis and ILO Conventions

Output 1.2

Recommendations to improve national legislation and procedures regarding labour inspection and the SLS are proposed to the national constituents

Recommendations enclosed into the report “Ukrainian Labour Inspection Legal Framework - Analysis and Recommendations”

Recommendations on labour inspection already shared with MSP, SLS, Social Partners and other stakeholders, within the framework of the regular meetings and consultations

Main challenges:

- *Moratoriums* on labour inspection visits (Law 1278-VII)
- Limitations on labour inspectors' activities and powers (Law. 877-V and CMU Decree 295)
- Current decentralization (non-subordination to the supervision and control of a central authority; labour inspectors civil servant status, recruitment, training, working conditions, etc.)

Output 2.1

Outcome 2

The ability of the Ministry of Social Policy and the SLS to enhance working conditions and fight against undeclared work is improved

Output 2.1
A modernized Information Management System is used by SLS staff

Needs, expectations and recommendations identified in the report “Assessment of the information systems of the SLS and other authorities, institutions and organizations in the labour inspection context, focusing on the SLS activities to tackle UDW”, produced by the national expert (National Research Institute for Industrial Safety and Labour Protection)

Main challenges:

- To raise the necessary funds to ensure that, subsequently, the IT System will be effectively implemented

Output 2.2

Outcome 2

The ability of the Ministry of Social Policy and the SLS to enhance working conditions and fight against undeclared work is improved

Output 2.2

The SLS, with support of the project, implements a strategy to fight against undeclared work

Analysis and recommendations to fight UDW included in the report “Undeclared Work in Ukraine - Nature, Scope and Measures to Tackle It”

Workshop on the elaboration of the Action Plan to Fight UDW is being prepared - Action Plan templates already done.

Main challenges:

- Definition of the level of approval of the Action Plan, considering its national scope and the needed interagency cooperation
- Relevance of ensuring an high-level commitment to the Action Plan approval and implementation
- Importance of ensuring the involvement of representatives of the other relevant public entities.

Output 2.3

Outcome 2

The ability of the Ministry of Social Policy and the SLS to enhance working conditions and fight against undeclared work is improved

Output 2.3

The capacity of the SLS managers and labour inspectors to promote compliance is enhanced

Preparatory phase

Main challenges:

- Definition of the training themes
- Identification of the training recipients
- Selection of the destination countries

Other relevant outputs

Stimulation of the social dialogue around OSH, labour relations and labour inspection

Reinforcement and dinamization of regular contacts between social partners and different public entities and stakeholders

Awareness-raising regarding the relevance and need for the improvement of OSH

Information and knowledge sharing on OSH, labour relations and labour inspection among government officials, social partners representatives and labour market main actors

Capacity building of government officials and social partners representatives on analysis and planning methodologies
