

EU-ILO Project

«Towards safe, healthy and declared work in Ukraine»

Key deliverables in January–June 2020

The sequence of Project interventions has been aligned with stakeholders' priorities, as proposed and approved at the first sitting of the Project Steering Committee

Over 50 recommendations on how to better align labour law with the applicable International and EU labour standards provided

Over 500 decision makers and legal experts trained on employment relationship and provided with in-depth knowledge and supporting tools

At least 5,000 stakeholders' representatives learned how OSH at workplace mitigates the consequences of COVID-19 and were provided with practical guidelines and tools

Over 1 million workers, employers and young people learned about the advantages of declaring work within the "GO TO LIGHT!" campaign

Over 18,000 persons were informed about Project events and products through the social media
