

AGENDA

Training on “Improving working conditions in entertainment business settings” & dialogue workshop on “safety and health for workers in entertainment business settings”

29 and 30 December 2014

Venue: Cong Doan Ha Long hotel, Ha Long Str., Ha Long City, Quang Ninh

Participants: 40 people, who are owners and managers of 20 entertainment venues in Ha Long participating in the pilot workplace activity.

Purpose of the training:

Encourage efforts of entertainment businesses in developing/enforcing workplace policies that promote safety and health, including HIV voluntary and confidential testing, care and treatment.

Outputs

- The pilot workplaces understand why they need to ensure safety and health for workers, and link between workplace safety and health and business goal.
- The pilot workplaces are aware of laws and policies regulating the workplace operation and safety and health issues.
- The owners/managers have knowledge of recruitment and motivation, identifying and managing workplace hazards, including violence, stigma and discrimination, HIV and STIs risks
- Action plans on improving working conditions will be developed by the participating venues.
