Promoting the Employability and Employment of People with Disabilities through Effective Legislation (PEPDEL); and Promoting Decent Work for People with Disabilities through a Disability Inclusion Support Service (INCLUDE)

Partners: MOLISA, VCCI, VGCL, Association of Disabled Persons of Hanoi

Donor: Irish Aid

Duration: 2008 - 2011

Project Outcomes, PEPDEL

- Constituents have enhanced capacity to draft and implement disability legislation in line with international standards.
- Employers' organizations support the pilot testing and promotion of innovative forms of employment of disabled persons in member companies.
- Workers' organizations develop plans of action to promote equality of opportunity and job retention for workers and job seekers with disabilities.
- National Vocational Training Centres strengthen the employability of persons with disabilities through their inclusion in mainstream courses, and improved labour market relevance of courses in centres for disabled persons.
- Disability advocates have stronger capacity to effectively advocate for attention to disability issues in training and employment.
- National training institutions have enhanced capacity to provide training in disability equality legislation to national stakeholders.

Project Outcomes, INCLUDE

- Disability Inclusion Support Service established and operational
- Good Practice in Disability Inclusion documented
- Practical guides and tools for disability inclusion prepared
- Existing ILO tools and guides in Enterprise Development, Skills Development, and Employment Promotion reflect disability perspective
- Guide to promoting access of entrepreneurs with disabilities to microfinance completed
- Disability Equality Training course conducted
- Capacity of implementing agencies strengthened
- Disability Inclusion Support Strategy and Service documented and publicized
