Kami dan Pekerja Rumah Tangga*

Temam Remaja Temam Setara (From Youth to Youth) is an educational programme providing scholarships on video diary and photo story workshops and production for youth as part of the effort to promote decent work for domestic workers through their stories and daily life experiences.

Temam Remaja Temam Setara has selected best video diary and photo story proposals of 25 youth from eight schools (Elementary School, Junior High School, Senior High School), out of a total of 63 proposals, in Jakarta and Makassar. They produced video diaries and photos stories in a group of two to five people about domestic workers in their neighbourhood.

The programme is part of the campaign to promote decent work for domestic workers and the elimination of child labour and as part of the 2015 commemoration of the World Day Against Child Labour and the International Domestic Workers Day.
