# Major Strategies for the Coverage of the Workers in the Informal Economy

## A. Individual Enrolment Scheme

- **Two-Tiered Premium Payment Rate:** (P2,400/annum for those with monthly income of less than P25,000 and P3,600/annum for those with monthly income of P25,000 and above);
- **Stricter rule on benefit availment (9/12 policy)** to encourage regularity of payment of premiums;

## B. Group Enrolment Schemes

- Facilitate mass enrollment of informal economy workers in partnership with the government and private sectors both at the national and local levels;
- Provide value added benefits to members and their dependents

## C. Point of Service (POS) Enrolment Program

- Grant eligibility to PhilHealth benefits at the point of availment to both members and non members, particularly those who were assessed by the Medical Social Worker as financially incapable.
