## SUSTAINABLE DEVELOPMENT

### Sustainable development, decent work and green jobs. International Labour Conference, 102<sup>nd</sup> Session, 2013

The report addresses two of the defining challenges of the 21<sup>st</sup> century: achieving environmental sustainability and turning the vision of decent work for all into a reality. It shows that not only are

both challenges urgent, but they are also intimately linked *and will have to be addressed together*.

## GREEN JOBS

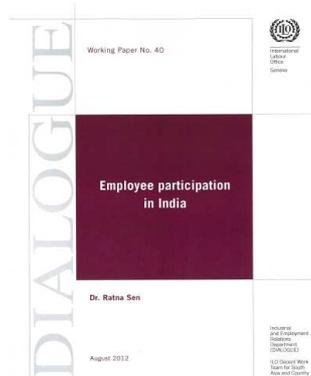

### Are "green" jobs decent? International Journal of Labour Research

Over the past decade, an international consensus has emerged on the need to move to a green, low-carbon economy. This issue of the *International Journal of Labour Research* covers a wide range of experiences in different regions, most notably in Asia but also in Africa and Europe. They examine the quality of jobs created in the renewable energy sector and also in the recycling sector.

Author: Dr Ratna Sen

*Publishers: ILO-Industrial and Employment Relations Department (DIALOGUE) and ILO Decent Work Team for South Asia and Country Office for India*

**Employee participation in Viet Nam.**  
**Working Paper No. 42**

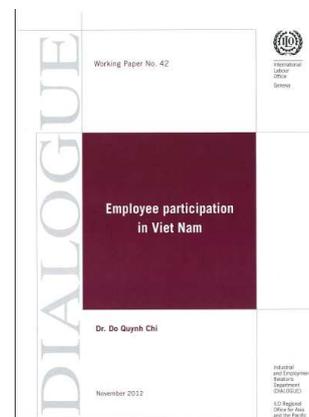

Employee participation at workplace level facilitates better labour-management communication, prevents and absorbs disputes and helps to find solutions for both work- and production related issues. It also has the potential to reflect the voices of those whose trade union representation tends to be either low or absent.

It also has the potential to reflect the voices of those whose trade union representation tends to be either low or absent.

*Publisher: ILO-Sectoral Activities Department*

## GENERAL

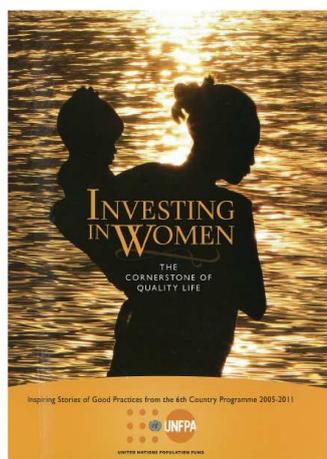

**Work in Fishing Convention and Recommendation, 2007. Action plan, 2011-2016**

Convention No. 188 provides a global labour standard that is relevant to all fishers, whether on large vessels on the high seas and on international voyages or in smaller boats operating in coastal waters close to shore.

Recommendation No. 199 provides guidance to States on the implementation of the provisions of the Convention.

*Publisher: ILO-Geneva*

**Investing in women: the cornerstone of quality of life**

The book documents good practices that led to tangible improvements in the lives of Filipino families. UNFPA hopes that these stories will inspire stakeholders and convey the message with cooperation and deep sense of commitment,

the Millennium Development Goals will be achieved.

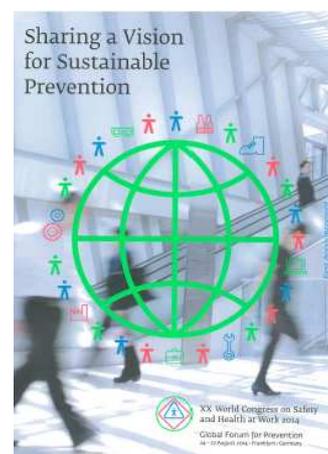

*Publisher: United Nations Population Fund*

**Sharing a vision for sustainable prevention. Global Forum for Prevention, 24-27 August 2014**

The XX World Congress on Safety and Health at Work, 2014 will provide a forum in Germany for the exchange of knowledge, practices

and experience between the participants with the aim of promoting safety and health at work.

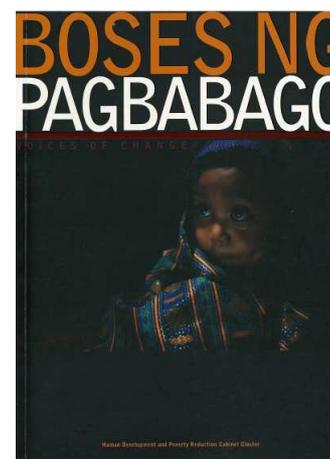

*Publishers: ILO-Geneva, ISSA and German Social Accident Insurance*

**Boses ng pagbabago (Voices of change)**

Persistent poverty has long been bedeviled the Philippines, defying a range of strategies intended to address some of its more dehumanizing aspects over several generations. The book hopes to respond to the needs of the poor through government programmes aimed at improving the overall quality of life among the Filipino people.

*Publisher: Human Development and Poverty Reduction Cabinet Cluster*
