FORMAL ECONOMY

The transition from the informal to the formal economy. International Labour Conference, 104th Session, 2015 Report V(1)

At its 17th Session (March 2013), the ILO Governing Body decided to place a standard-setting item on the agenda of the 103rd Session (2014) of the International Labour Conference

on facilitating transitions from the informal to the formal economy (standard-setting, double discussion) with a view to the elaboration of a Recommendation.

LABOUR STANDARD

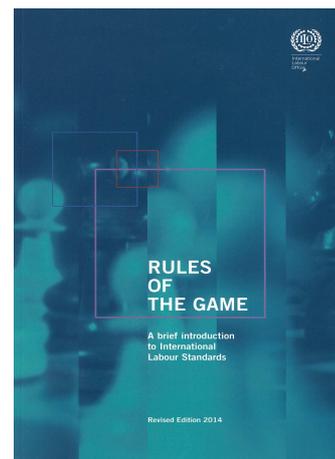

Rules of the game: a brief introduction to International Labour Standards. Revised edition, 2014

The publication was first published in 2005 to help ILO's constituents, non-specialists and the general public to better understand the essence of the ILO Conventions and Recommendations.

This revised publication provides an introduction to international labour standards and discusses their importance in today's global economy, the subjects they cover, how they are applied and supervised, and where further information can be sought.

PEOPLE WITH DISABILITIES

ILO staff survey on disability inclusion: analysis and recommendations

With the objective of informing the ILO Disability Inclusion Strategy 2015-2017, an ILO staff survey was conducted in 2014. It aims to: (a) estimate a prevalence rate of disability within the ILO; (b) take stock of the

understanding and knowledge of disability issues amongst ILO personnel; and (c) assess the staff's experience of ILO policies and procedures.

Publishers: ILO-Gender Equality and Diversity Branch, Human Resources Development Department and Staff Union

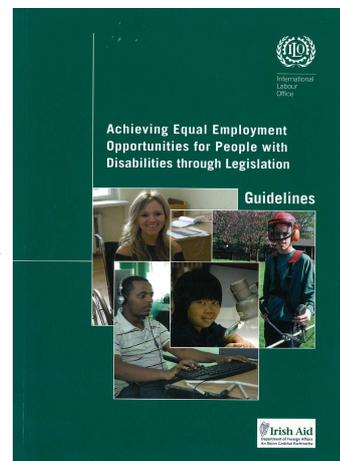

Achieving equal employment opportunities for people with disabilities through legislation: guidelines

These guidelines reflect the reappraisal of disability as a human rights issue. It is intended for policy-makers and drafters of legislation, they have been developed

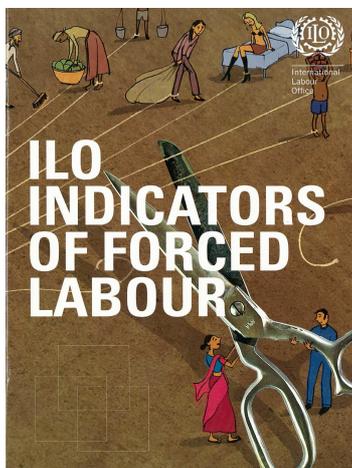

In improving the effectiveness of national laws concerning training and employment of disabled persons.
