Localizing the decent work agenda through south-south and city-to-city cooperation

Localizing the Decent Work Agenda through South-South and City-to-City Cooperation

Department of Partnerships and Field Support
International Labour Office

Decent work is both a universal global concern and a key objective to be achieved at the local level, necessitating effective cooperation at the local, national and international level; however, there are numerous difficulties in implementing the Decent Work Agenda.

Marcelo Simões

Development and Investment Branch

Poverty and sustainable development in Asia: Impacts and responses to the global economic crisis

The crisis revealed weaknesses in the social protection system. With changing population structure, the family-based

support systems may be less effective.

Human development report 2015. Work for human development

Human Development Report 2015
Work for Human Development

The report takes a broad view of work, going beyond jobs and taking into account such activities as unpaid care work, voluntary work and creative work—all of which contribute to the richness of human lives.
