Lao PDR's National Social Protection Strategy

Vision 2030
Goal 2025

What is Social Protection?

Social protection is a set of policies and programmes designed to reduce and prevent poverty, vulnerability and social exclusion throughout the life cycle. Social protection systems address all these policy areas by a mix of contributory schemes and non-contributory tax-financed benefits.

Why Social Protection?

The Government of Lao PDR recognizes the role of social protection in reducing poverty and inequality and in promoting socioeconomic development and social cohesion. Working to improve the conditions of the poor is as essential for this strategy, as is ensuring that those who have already achieved adequate income security will not fall back into poverty.

NSPS Vision

By 2030, Lao people have access to basic social protection services, consisting of health insurance, social security and social welfare, in an equitable, adequate, effective and sustainable way.

NSPS Principles

The National Social Protection Strategy is guided by the principles of equity, adequacy, effectiveness, universality, progressivity and sustainability. Under the condition of universality, all Lao people will have access to social protection services in the same conditions regardless of age, sex, geographic location, socioeconomic group or any other consideration.

- 09 Low coverage among workers in the informal economy
- 10 No systematic social welfare benefits and services for several vulnerable groups
- 11 Mostly donor-funded programmes
- 12 Management, planning, implementation, monitoring and evaluation are not effective due to lack of capacity

Who is Responsible?

The National Social Protection Commission is responsible for the general implementation of the Strategy; the coordination of the various implementing bodies; the coordination with development partners; the monitoring and evaluation of the Strategy's implementation; and the assessment of the overall situation of social protection in the country.

The National Social Protection Commission's Secretariat is located at the Ministry of Labour and Social Welfare.

Local committees chaired by the Vice Governor, and vice-chaired by the Department of Labour and Social Welfare, will be constituted from members of relevant local departments.
