

How to find an active DC Project on a specific topic in the DC Dashboard?

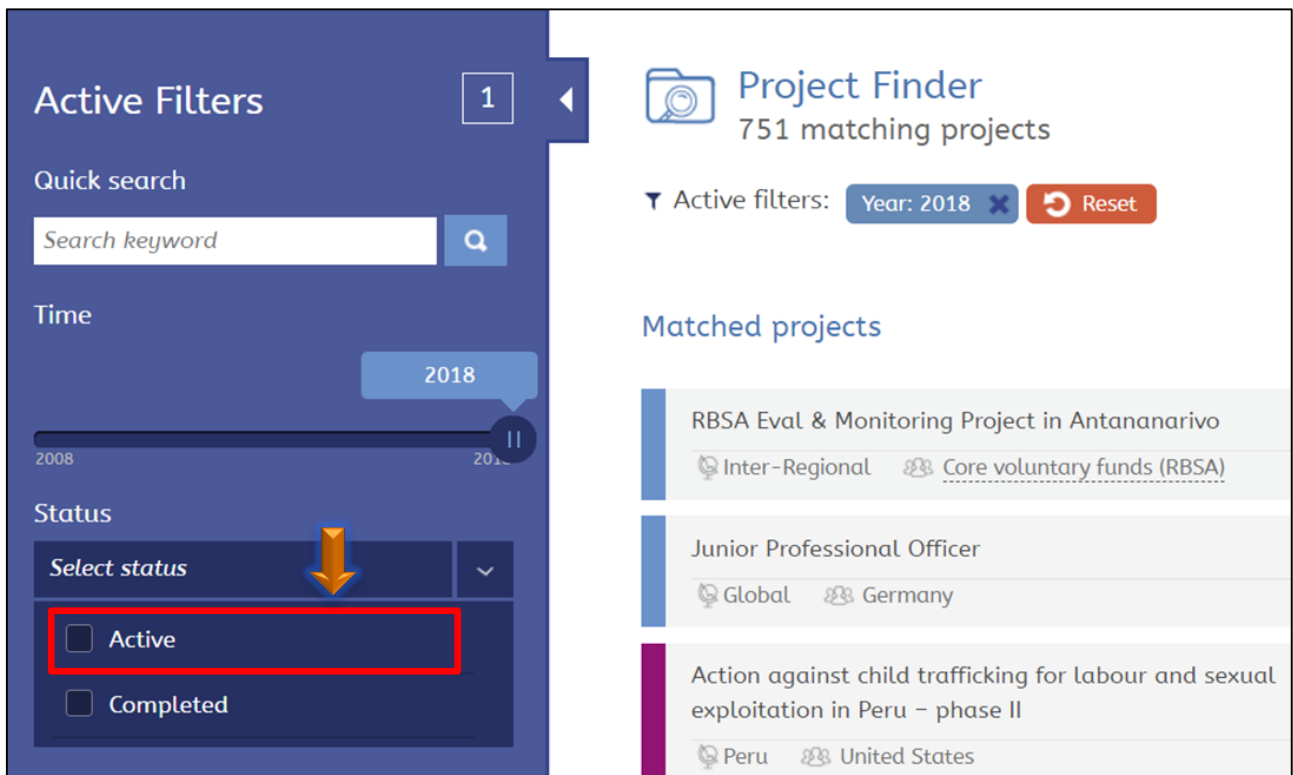

In order to find an active project on a specific topic in the DC dashboard, please follow the steps below:

STEP 1. Setting the Criteria

1.1. After logging into the portal on the main page please click on the [“Project finder”](#) tab:

1.2. On the [“Project finder”](#) page you will see that there are several filters that you can use in order to get the data you need. From the available filters, please use “status” criteria and select/tick ✓ on the ☐ “active” section:

1.3. After applying the selection criteria, the dashboard will automatically display all ongoing projects:

The screenshot shows the ILO Development Cooperation Dashboard. The 'Project Finder' tab is active, displaying 873 matching projects. The 'Active Filters' sidebar on the left shows filters for Year (2018), Status (Select status), and Countries (Select region, Select subregion). The 'Matched projects' table lists projects with their descriptions, partners, and financial data.

Project Description	Partner	Project ID	Total allocation in USD	Total expenditure in USD
Sustaining peace and improving social cohesion through the promotion of rural employment opportunities for youth in conflict-prone areas	Liberia MPTF/UNDP	LBR/18/02/UND	283,989	5,808
Constituents and stakeholders, provincial, and local levels have promoted more and better jobs, especially for young women, men and disadvantaged groups	Nepal Core voluntary funds (RBSA)	NPL/18/01/RBS	999,820	61,423

STEP 2. Filtering the Data

2.1. In order to identify which projects relate to a specific topic (e.g. Mining), enter the keyword into the “Quick search” box of the “Project finder” [page](#):

The screenshot shows the ILO Development Cooperation Dashboard with the 'Project Finder' tab active. The 'Quick search' box in the 'Active Filters' sidebar is highlighted with a red box and contains the keyword 'Mining'. The 'Matched projects' table now displays 564 matching projects.

Project Description	Partner	Project ID	Total allocation in USD	Total expenditure in USD
Sustaining peace and improving social cohesion through the promotion of rural employment opportunities for youth in conflict-prone areas	Liberia MPTF/UNDP	LBR/18/02/UND	283,989	5,808
Constituents and stakeholders, provincial, and local levels have promoted more and better jobs, especially for young women, men and disadvantaged groups	Nepal Core voluntary funds (RBSA)	NPL/18/01/RBS	999,820	61,423
Constituents have used ILO advice and methodologies for skills anticipation that is responsive to developments in the labour market	Caribbean Islands Core voluntary funds (RBSA)	SPS/18/01/RBS	997,860	17,411

2.2. After pressing the search button, the dashboard will automatically display all ongoing projects related to the specific topic (e.g. Mining):

The screenshot shows the 'Project Finder' interface with 10 matching projects. The left sidebar contains filters for Active Filters (3), Quick search (Mining), Time (2018), Status (Active), Countries, Partners, and Outcomes. The main area displays a table of matched projects with columns for project title, icons, total allocation, and total expenditure.

Matched projects	Total allocation in USD (?)	Total expenditure in USD

Convening Stakeholders to Develop and Implement Strategies to Reduce Child Labor and Improve Working Conditions in Artisanal and Small-Scale Gold Mining -	1,420,703	1,080,584

STEP 3. Displaying the Details

3.1. After identifying which projects cover a specific topic, you can access a more detailed project description by clicking on the project title. Note that the dashboard looks for key words (e.g. Mining) in both **project titles** as well as in **project summaries**. Below are the two examples:

The screenshot shows the same 'Project Finder' interface, but with two projects highlighted by red boxes to show their detailed descriptions. The first highlighted project is 'Strengthening world of work response to HIV and AIDS in India' (IND/18/50/UNA) with a total allocation of 100,000 and total expenditure of 51,648. The second highlighted project is 'Improving Occupational Safety and Health in the Mining Industry of Ukraine' (UKR/16/01/CAN) with a total allocation of 448,045 and total expenditure of 323,793.

3.2. After clicking on the project title you will be redirected to a new page with a comprehensive overview of the project data:

Strengthening world of work response to HIV and AIDS in India

Status: Active

Executive Summary

It is estimated that 2.1 million people were living with HIV in India in 2015. HIV epidemic in India is concentrated and diverse in intensity among different populations in different states. 94% of PLHIV are from 15 states of the Union. These states are home of the majority of key populations and pregnant women living with HIV and where the majority of AIDS related deaths occur. The project is linked to Outcome 3: Creating and extending social protection floors for the biennium 2018-19. It will contribute to the implementation of the DWCP 2018-2022 that is being finalized with inputs from the constituents. During the current biennium, the CO-Delhi will continue to engage with the Central Government as well as selected state governments, employers and workers organizations in India in their efforts in building, expanding, extending or reorienting their social protection systems includin...

Improving Occupational Safety and Health in the Mining Industry of Ukraine

Status: Active

Executive Summary

Ukraine is facing huge challenges in the area of occupational safety and health (OSH). In particular, the mining industry in Ukraine is among the most hazardous industrial sectors which require a special and priority attention. Safety and health risks in the mining industry are numerous and diverse. Many workers are working in an extreme environment. Urgent action is required to improve the current situation. Moreover, the continuing conflict in the East has seriously affected the mining sector of Ukraine. Several mines in Eastern Ukraine were closed while others are operating in non-Government controlled area. Despite these adverse effects, the mining industry remains major contributors to Ukraine's economy. There are still many workers and their families who rely on mining to support their lives. Following the earlier ILO-EU global OSH project in 2010-12, and the training by ILO-ISSA...
