
Resolution V

Resolution on the amendment of paragraph 5 of the resolution concerning statistics of the economically active population, employment, unemployment and underemployment adopted by the 13th International Conference of Labour Statisticians (October 1982)

The 18th International Conference of Labour Statisticians agrees to replace paragraph 5 of the Resolution concerning statistics of the economically active population, employment, unemployment and underemployment, adopted by the 13th International Conference of Labour Statisticians (October 1982), by the following text:

5. The economically active population comprises all persons of either sex who furnish the supply of labour for the production of goods or services within the production boundary, as defined by the latest version of the System of National Accounts (SNA), during a specified time-reference period. According to the SNA 2008, the relevant production of goods and services includes all production of goods, the production of market and non-market services, and the production for own final consumption of household services by employing paid domestic staff.
