# TVET and Labour Mobility in third countries

**actalliance**

In Uganda, FCA is providing education services ranging from Early Childhood Development, Primary, Secondary, TVET and tertiary through university scholarships in and out of Uganda. 5,790 trainees have graduated in TVET between 2019-2022 from FCA supported TVET centers.

FCA in partnership with UNHCR and Talent Beyond Boundaries (TBB) is linking skilled refugees in Uganda to third country employment opportunities.

UNHCR is working on expanding third country employment opportunities by engaging destination countries through their respective UNHCR country offices and Embassies.

# Linkages between TVET and Labor mobility

TVET is a stepping stone to attaining third country employment opportunities. Skills offered are informed by market assessments, and include AVET (Agriculture Vocational Education & Training, Fashion & Garment Design, creative industries (videography), Welding & Fabrication, Leather tanning & Production

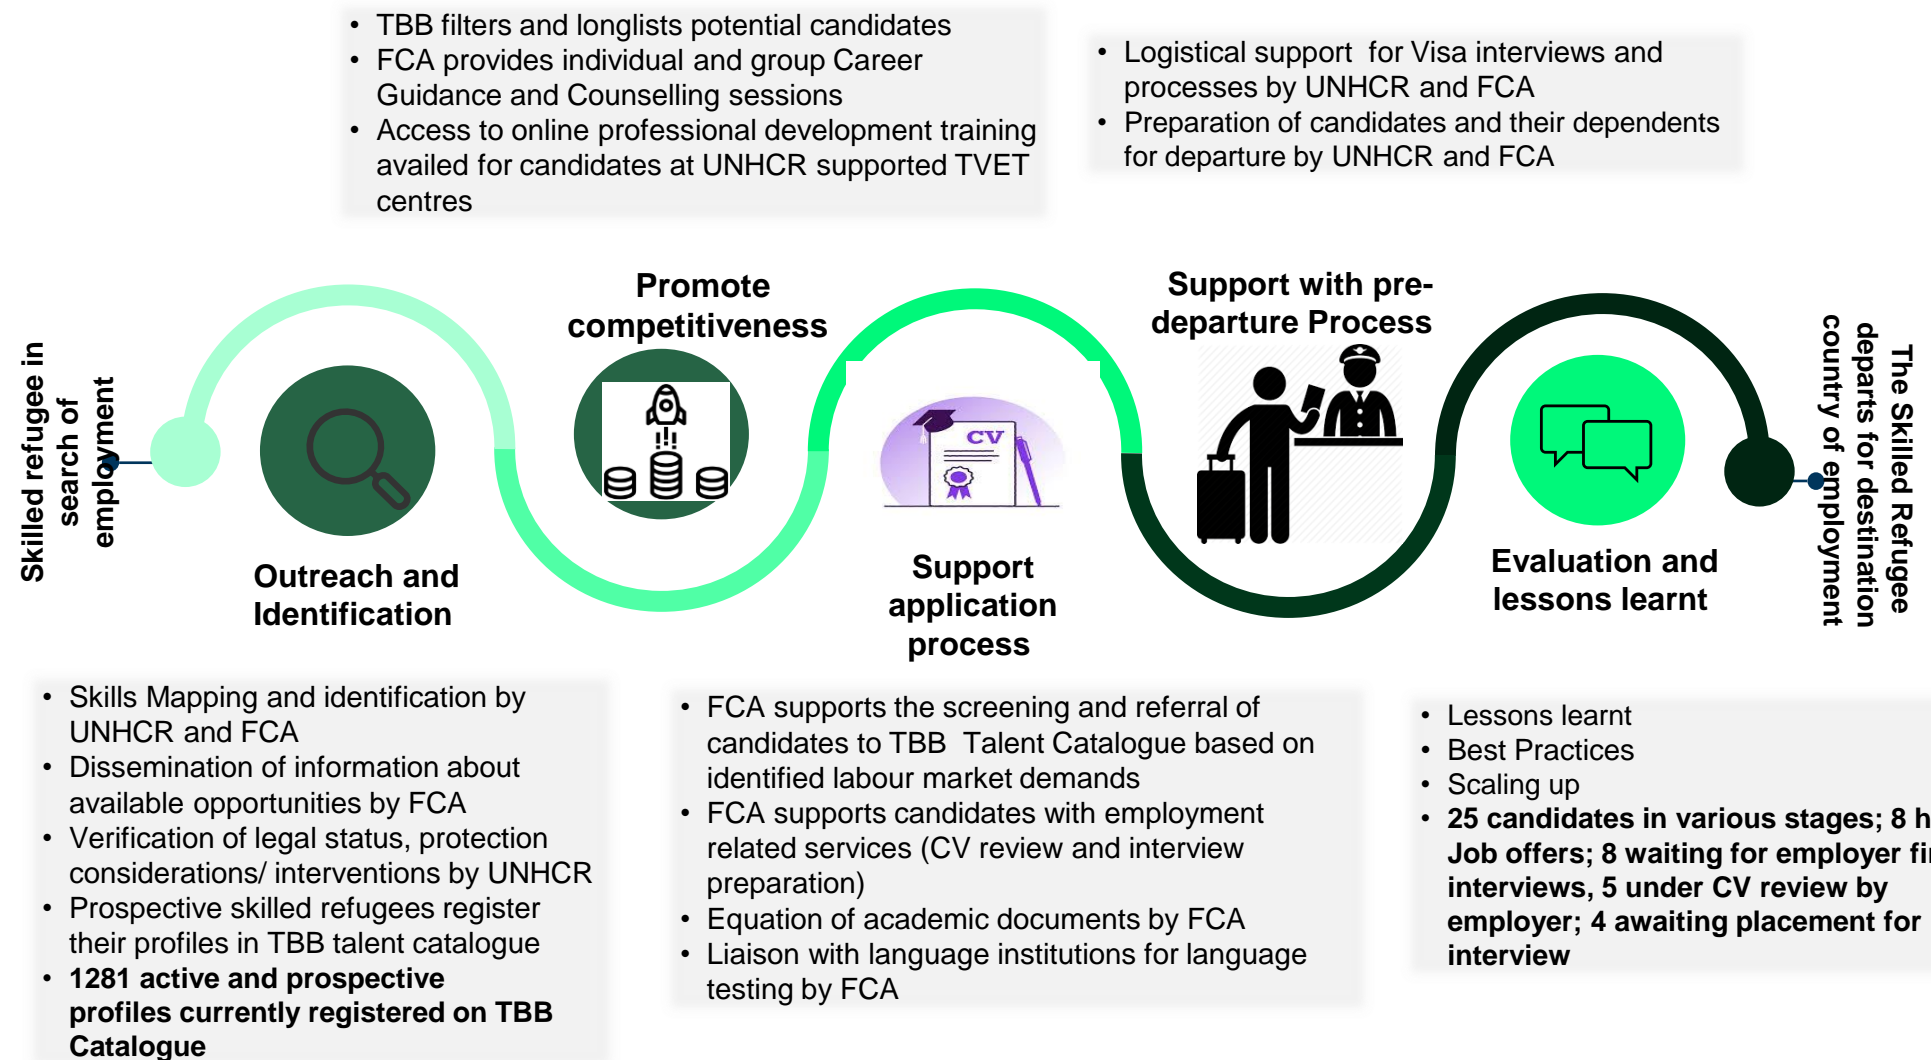

The TVET centers are equipped with ICT for connectivity thus digital learning and language classes for candidates that seek employment opportunities in Uganda and 3<sup>rd</sup> countries.

### Private Sector Collaboration

- 160 refugees were certified in digital competencies in 2022 and 05 are currently employed with NGO partners as ICT assistants. These among skilled refugees look out for employment opportunities in 3<sup>rd</sup> countries.
