

## Governing Body

325th Session, Geneva, 29 October–12 November 2015

GB.325/INS/10(Add.)

Institutional Section

INS

Date: 9 November 2015

Original: English

### TENTH ITEM ON THE AGENDA

## Complaint concerning non-observance by Qatar of the Forced Labour Convention, 1930 (No. 29), and the Labour Inspection Convention, 1947 (No. 81), made by delegates to the 103rd Session (2014) of the International Labour Conference under article 26 of the ILO Constitution

### *Addendum*

### Financial implications

1. In reference to document GB.325/INS/10(Rev.), should the Governing Body decide to approve the proposed decision to arrange a high-level tripartite visit to Qatar to prepare a report for its 326th Session in March 2016, financial arrangements will need to be made to enable the visit to go ahead.
2. The tripartite visit will be comprised of one member from each group of the Governing Body, accompanied by three officials, over a period of five days. It is estimated that the total costs of the visit will amount to some US\$25,550, comprising:

	US\$
Airfares	5 500
DSA	18 900
Miscellaneous	1 150
<b>Total</b>	<b>25 550</b>

3. It is proposed that the costs expected to be incurred for this visit would, in the first instance, be financed from savings that might arise under Part I of the budget or, failing that, through the use of the provision for unforeseen expenditure, Part II. Should this

subsequently prove impossible, the Director-General would propose alternative methods of financing at a later stage in the biennium.

**Draft decision**

4. *Should the Governing Body decide to arrange a high-level tripartite visit to Qatar, as indicated in the draft decision of document GB.325/INS/10(Rev.), it further decides that the cost of the high-level visit, which is estimated at US\$25,550, be financed from savings that might arise under Part I of the budget or, failing that, through the use of the provision for unforeseen expenditure, Part II. Should this subsequently prove impossible, the Director-General would propose alternative methods of financing at a later stage in the biennium.*
