Record vote on the resolutions concerning the arrears of contributions of Sierra Leone and Somalia: Results

The President

I declare open the 12th plenary sitting of the 108th Session of the International Labour Conference.

It is my great honour to announce the results of the record votes held this morning on the resolutions concerning the arrears of contributions of Sierra Leone and Somalia. As you recall, the texts of the resolutions appear in *Provisional Record* No. 4A.

The result of the vote on the resolution concerning the arrears of contributions of Sierra Leone is as follows: 293 votes in favour, 10 against and 7 abstentions. Considering that the quorum is 302, and that the required two-thirds majority is 202, the resolution is adopted.

(The resolution is adopted.)

The result of the vote on the resolution concerning the arrears of contributions of Somalia is as follows: 291 votes in favour, 13 against and 6 abstentions. Considering that the quorum is 302, and that the required two-thirds majority is 203, the resolution is adopted.

(The resolution is adopted.)

Therefore, Sierra Leone and Somalia are now permitted to vote in accordance with paragraph 4 of article 13 of the ILO Constitution.

Ms Myat (Government, Myanmar)

I would like to inform the Conference that one of the members of my delegation cast votes against the resolutions concerning the arrears of contributions of Sierra Leone and Somalia in error, whereas our intention was to have voted in favour. We would like to request that the voting position of Myanmar be accurately reflected as being in favour of both resolutions and we apologize for any inconvenience caused.

(The detailed results of the votes as announced may be found at the end of this record.)

Second report of the Finance Committee of Government Representatives: Submission and approval

The President

We shall now turn our attention to the second report of the Finance Committee of Government Representatives, which can be found in *Provisional Record No. 4B*.

The report contains the following six resolutions: a resolution concerning the adoption of the Programme and Budget for 2020–21 and the allocation of the budget of income among member States; a resolution concerning the scale of assessments of contributions to the budget for 2020–21; a resolution concerning the status of the judges of the Administrative Tribunal of the International Labour Organization; a resolution concerning the composition of the Administrative Tribunal of the International Labour Organization; a resolution concerning the appointments to the ILO Staff Pension Committee (United Nations Joint Staff Pension Board); and a resolution concerning the financial report and audited consolidated financial statements for the year ended 31 December 2018.

I would like to invite the Chairperson and Reporter of the Committee, Mr Vargas Juárez of Mexico, to present the report.

Mr Vargas Juárez Chairperson and Reporter of the Finance Committee of Government Representatives

Mr. President, ladies and gentlemen, I have the honour to submit to the Conference the Second Report of the Finance Committee of Government Representatives. This report is published in *Provisional Record No. 4B* and contains the recommendations of the Committee on the matters it considered. The six resolutions proposed by the Committee for adoption by the Conference appear at the end of the report.

A key item on the agenda of the Finance Committee was the Programme and Budget proposal for 2020–21, which had been recommended to the Conference by the 335th Session of the Governing Body in March 2019.

In recognition of the unprecedented circumstances of the ILO Centenary, a modified programme and budget process was agreed upon by the Governing Body which addresses only the level of the budget. Decisions on the results framework comprising policy outcomes, indicators, baselines and targets are proposed to the Conference for delegation to the Governing Body for consideration at its 337th Session (October–November 2019), within the appropriation amount adopted by this Conference.

The expenditure budget for the biennium 2020–21 includes a modest real increase, which will be used to fund a number of institutional investments including building and accommodation, information technology and security, all of which are important for the organization to function on a sustainable basis.

Having considered the views expressed by a number of Members on their normal policies of zero real growth or zero nominal growth as well as requests made by the Office to make further efficiency gains and expand its resource mobilization efforts, the Committee decided to approve the programme and budget as recommended by the Governing Body.

Following the execution of forward purchase transactions, the final budget totals are determined in the amount of US\$790,640,000, which is presented in the resolution to be adopted by the Conference.

I make a special appeal to you all, Governments, Employers and Workers alike, to give your full support to the resolution concerning the Programme and Budget for 2020–21.

The Committee went on to consider the proposed scale of assessments of contributions to the ILO regular budget for 2020–21 and recommended that the ILO scale of assessments for 2020–21, based on the United Nations scale, be adopted by the Conference.

The Committee also considered the Governing Body's recommendations concerning the status of judges and the composition of the ILO Administrative Tribunal. It decided unanimously to recommend that the Conference adopt the proposed resolution.

The Committee also considered a proposal on appointments of Conference representatives to the ILO Staff Pension Committee (United Nations Joint Staff Pension Board), and decided to recommend that the Conference adopt the proposed resolution authorizing the Governing Body to provisionally appoint new members at its 337th Session (October–November 2019) on the understanding that confirmation would be sought from the Conference at its 109th Session (June 2020).

The Committee also had before it the Financial Report and Audited Consolidated Financial Statements for the year ended 31 December 2018. The Committee noted that the Office's External Auditor, the Commission on Audit of the Philippines, had issued an unmodified audit opinion on these financial statements and found them fully compliant with International Public Sector Accounting Standards (IPSAS). The Committee reviewed the minutes of the Governing Body at its 335th bis Session, which commended the Office for issuing a statement of internal control for the second year and made suggestions for the improvement of its content and also drew attention to the continuing unfunded After Service Health Insurance (ASHI) liability, despite a decrease owing to increasing international interest rates.

Based on the positive recommendation made by the Governing Body, as well as its own review, the Committee had no hesitation in proposing that the Financial Report and Audited Consolidated Financial Statements for the year ended 31 December 2018 be adopted in accordance with article 29 of the Financial Regulations.

The Committee also considered two requests for permission to vote from the Governments of Sierra Leone and Somalia. The Committee's recommendations were communicated to the Conference in *Provisional Record* No. 4A.

I would like to express my thanks to the members of the Committee and also to the members of the secretariat. I would also like to recognize the work of the interpreters, report writers and translators, who ensured the accuracy of the texts used during the Committee's regular work and, of course, finalized this report for your consideration today.

With these remarks, I commend the report and its resolutions to the Conference for adoption.

The President

If there are no objections, may I take it that the Conference approves the second report of the Finance Committee of Government Representatives, paragraphs 1–61 and its Appendices I–V?

(The report – paragraphs 1–61 and Appendices I–V – is approved.)

We shall now proceed with the adoption without a vote of five of the six resolutions contained in the report. The first resolution, concerning the adoption of the Programme and Budget for 2020–21 and the allocation of the budget of income among member States, will not be adopted today, as under the Constitution it is to be adopted by a two-thirds majority in a record vote. The vote will be held in the morning of Tuesday, 18 June and the results of the vote will be announced on Tuesday afternoon.

Record vote on the resolution concerning the adoption of the Programme and Budget for 2020–21 and the allocation of the budget of income among member States: Results

The President

I declare open the 14th plenary sitting of the 108th Session of the International Labour Conference.

I shall begin by announcing the results of the vote on the Programme and Budget for 2020–21, which was held this morning.

The result of the final record vote on the Programme and Budget for 2020–21 is as follows: 328 votes in favour, 9 against and 1 abstention. Considering that the quorum of 318 was reached, as was the required two-thirds majority of 225, the resolution is adopted.

(The resolution is adopted.)

(The detailed results of the vote can be found at the end of this record.)

On behalf of the Conference, I wish to express my sincere gratitude to the members of the Finance Committee and to the secretariat. I am aware that a great deal of effort and negotiation has taken place to ensure the adoption of this programme and budget. The Conference thanks you for your hard work and dedication.

Ms Newton

Government (United States)

The United States acknowledges that the Programme and Budget proposals for 2020–21 are being considered at a significant moment in the life of the ILO. We continue to value and support the important work of the ILO to improve working lives around the globe, and we believe that its experience and its expertise can make an important contribution to the efforts of governments, employers and workers to address the opportunities and challenges of the future of work that we will all face.

The United States notes with appreciation the Director-General's development of the budget and his and the Office's efforts to contain the budget increase that departs from six years of zero growth. But the budget proposal retains an increase. The United States continues to maintain a zero nominal growth policy for international organization budgets, so despite our strong support for the mandate, mission and work of the ILO, we are unable to support the budget proposal before us.

My delegation would like to underscore that this should not be seen as a lack of support for the ILO. Indeed, we continue to highly value and support the important work of this Organization. We commend the Director-General's leadership and his vision for the ILO, and we look forward to working with him and the rest of the Office as well as our tripartite partners to improve the lives of workers around the globe.

(The Conference continued its discussion of the Reports of the Chairperson of the Governing Body and of the Director-General.)
